Do as alert bankers are doing—use air mail.  
 To quote the "Bankers Magazine":  
 "It seems quite certain that banking . . . in the near future, will utilize air mail and air express for all of its transportation needs. . . The cash letter taking more than 24 hours to

reach its destination will become a rarity. . ."  
 "Air mail is being adopted as an economy measure by an increasing number of banks as a substitute for the telegraph. . . Banks have found it practical to use the Clippers with a marked saving over cable expense. . . Also International Air Express can be used to materially cut costs."

## FOREIGN AIR MAIL NOTES

Air Mail Service to Greece is available despite the war with Italy, being routed via Germany as per schedule shown.

Weekly Service to Tunisia, via Marceille, is now operating though we have so far been unable to determine the exact scheduled day, if any.

The Pan American Airways System announces that improved equipment will make it possible to inaugurate a daily trans-Atlantic clipper service next spring and to cut down greatly the time of flights from New York to Rio de Janeiro.

The improved South American service will include 24-hour service between New York and Puerto Rico, and will mean the trip to the South American capital can be made from New York in two days. It now takes three days out of Miami.

With the new equipment, the stop at Horta in the trans-oceanic service will be eliminated, the giant craft going from New York to Bermuda to Lisbon. This elimination is regarded as a vast improvement in the voyage.

The new equipment includes long-range tanks which increase the fuel capacity of the clippers, and a new type of engine which not only provides increased horsepower but which also reduces fuel consumption. New propellers will be fitted to the plane as well.

These improvements will increase the cruising range of the clippers by 1000 miles, bringing the total range to well over 4000 miles. In addition, they will cut the takeoff time on the 84,450-pound load approximately in half, to 31 seconds.

## FOREIGN AIR MAIL AND THE NEUTRALITY ACT

In order to effect compliance with the Neutrality Act of 1939 the Post Office Department has ruled that articles or materials of material value sent via Air Mail are now subject to certain restrictions.

No articles or materials of material value (either with or without a foreign ownership declaration) shall be accepted in the air mails for dispatch by the trans-Atlantic air service, except any that may be offered for the Azores, Portugal, Spain, Spanish Morocco, Canary Islands, and Madeira Islands. Articles or materials for these countries may be sent by air mail without the declaration.

**Clarification:** Since the above regulations were first published the Department has issued the following clarifying instructions:

1. The term "article or materials which are not of material value" may be taken as including articles or materials the loss of which would not result in some financial loss.

2. Postmasters may, without requiring the declaration of transfer of title, accept for mailing to all destinations in the regular mails, checks, drafts, securities, documents, and other evidences of indebtedness or

interest, which at the time of mailing require an endorsement or signature of a definite person for transfer or are collectible only by a definite person or his agent. This may be identified as "Dept. Ruling No. 2." For the purpose of administration mailing postmasters shall require senders of such mail articles to certify on the address side of the cover "Dept. Ruling No. 2 Complied With," in order that the articles may not be held for inquiry by the dispatching exchange office.

3. Revenue strip stamps sent abroad by importers to facilitate importation of alcoholic beverages, may be accepted for mailing to all destinations in the regular mails without requiring the declaration. They should be certified on the address side of the cover "Revenue Strip Stamps" to avoid delays.

(Matter acceptable under paragraphs 2 and 3 above may be sent by the trans-Atlantic air service to the countries listed above.)

**Ed. Note:** Complete Department Regulations on the Neutrality Act as affecting Foreign Mail sent by surface means as well as via air mail, will be sent to Subscribers upon request.

## FOREIGN AIR MAIL CLOSING TIME

All Foreign Air Mail closing days are shown in this Guide as one day earlier than the departure day scheduled from the United States at International Airports; New York, Miami, Brownsville, and San Francisco.—Likewise, days of inbound mail arrival in principal United States cities are shown as one day later than the days of arrival at the above International Airports.

Planes carrying air mail from the United States for Latin American destinations listed in Part I, leave either from Miami, Fla., or Brownsville, Texas.—Planes carrying air mail for all destinations listed in Part 2, leave either from New York via the trans-Atlantic, or from San Francisco via the trans-Pacific, as indicated.

The air mail closing days at the principal United States Cities, for all destinations, are found in the third column.—For the actual closing time in your particular city for the corresponding days, consult your local Post Office.

FOOTNOTE: Articles to be dispatched by air within any foreign country should have affixed to the address side a blue "Par Avion/By Air Mail" label, which may be obtained without charge at post offices. Alternatively, the indication "By Air Mail" may be written in the same position, but the absence of an Air Mail label may lead to delay. The appropriate special markings should be placed below the label. Mark mail indicated (A) in last column—"Trans-Atlantic Air Mail" (P) "Trans-Pacific Air Mail."

## FOREIGN AIR MAIL NOTES

Air Mail Service is now available to Greece via the trans-Pacific route as far as Cairo, Egypt and thence by ordinary means. The postage required is 70 cents per half ounce. This additional routing has been made available because of interruption of through service to Greece via the trans-Atlantic route. However, articles mailed with postage at the 30 cents per half ounce trans-Atlantic rate will continue to be sent via Lisbon for possible onward forwarding.

Effective January 28th, the Pan American Airways added another trip to its service to, Port au Prince, Haiti; San Pedro, Dominican Republic and San Juan, Puerto Rico; leaving Miami, Fla., at 7:15 A.M. each Tuesday and arriving San Juan 5:30 P.M. The additional return trip is made on Wednesdays, leaving 9:00 A.M. and arriving Miami 5:00 P.M.

An additional trip is now also being made to Kingston, Jamaica, leaving Miami 7:15 A.M. each Sunday and arriving 12:20 P.M. The return trip is also made on Sunday leaving at 12:40 P.M. and arriving Miami 5:45 P.M.

We are informed, by the K.L.M. Royal Dutch Air Line, that the daily air mail service between Trinidad and Barbados, as announced by the Post Office Department on January 14, 1941, as being resumed, is not yet in operation and no definite date for the resumption of this service was available at the time we went to press on January 25.

When and if this service is resumed it will connect with the present Pan American Service to Trinidad, arriving in Barbados the following day. The present air mail rate of .15 per half ounce to Barbados will at the same time be increased to .25 per one-half ounce.

## FOREIGN AIR MAIL NOTES

As already announced in the special bulletin mailed to all our Subscribers, the trans-Atlantic Air Mail Service now departs from New York twice-weekly on Wednesdays and Saturdays instead of Tuesdays, Thursdays and Saturdays as formerly, with the stop at Horta, Azores depending on weather conditions. The return trip from Lisbon is also now twice instead of thrice-weekly and is made via Bolama, Portuguese Guinea and South America. The resultant numerous schedule changes will be found incorporated in this issue.

Effective March 1st, 1941, the Pan American Airways begin a daily service on the route from Brownsville, Texas to and from Christobal, Canal Zone. A daily service will also be inaugurated on the same day

from Christobal to Barranquilla, Colombia and Maracaibo Venezuela, thus making a daily service now available between Christobal and Port of Spain Trinidad as well as all the intermediate stops on this route.

Connecting Air Mail Service between Trinidad and Barbados is now in operation daily except Sundays. Attention is called to the fact that as a result of the resumption of this connecting service the air mail rate to Barbados has been increased from 15 cents to 25 cents per one-half ounce.

Air Mail Service, suspended via the trans-Atlantic to some countries on account of conditions brought about by the war, will be found available via the trans-Pacific to several additional points.

FOOTNOTE: Articles to be dispatched by air within any foreign country should have affixed to the address side a blue "Par Avion/By Air Mail" label, which may be obtained without charge at post offices. Alternatively, the indication "By Air Mail" may be written in the same position; but the absence of an Air Mail label may lead to delay. The appropriate special markings should be placed below the label. Mark mail indicated (A) in last column—"Trans-Atlantic Air Mail" (P) "Trans-Pacific Air Mail."

## A NEW SALES COURSE

► Pan American Airways' Service to 55 countries and colonies — plus its connecting domestic and foreign air services — enables the charting of clear courses to new business opportunities. All who are concerned with international travel, trade and correspondence find foreign points whole days and weeks closer than ever before. The Flying Clipper Ships are literally making neighborhoods of nations. For complete information on passenger service consult your travel agent or any Pan American office; for express information, any office of Railway Express Agency; for mail service, this guide or your post office.

## FOREIGN AIR MAIL NOTES

Effective April 1, 1941 the Sunday flight between Miami, Florida and Kingston, Jamaica will be discontinued.

As a result of the trans-Atlantic westbound route via Bolama, Portuguese Guinea, Belem, Brazil and Port of Spain Trinidad, air mail is now being accepted for Portuguese Guinea prepaid at the rate of 50 cents per half ounce. This service is not to be continued, however, after April 30, 1941.

It is still impossible to obtain definite information on air mail service to other points on the African west coast though we understand there

is a Sunday service from Lourenco Marques in Mozambique to Johannesburg, Union of South Africa which connects with the South African Airways to Loanda, Angola and a weekly mail service from Loanda to Point Noir.

The German Lufthansa Airways has announced new commercial routes touching 10 foreign nations and providing connections with 15. The new schedules are arranged so that all Balkan countries can be reached from Berlin via Prague and Vienna, in one day. The Berlin-to-Lisbon flight now makes its overnight stop at Madrid instead of Barcelona as formerly.

# The Official FOREIGN AIR MAIL GUIDE

## FOREIGN AIR MAIL NOTES

Beginning May 3, 1941, the Pan American Airways resumes its tri-weekly trans-Atlantic Air Mail Service and coinciding with this change the westbound trip is now made direct via Bermuda instead of via Bolama, Portuguese Guinea, Belem, Brazil and Port of Spain Trinidad. Also, Horta, Azores is now a flag stop to be made only by special advance arrangement and subject to the discretion of the carrier according to operating conditions. The departures from New York are now made at 9:30 A.M. Eastern Standard Time on Tuesdays, Thursdays and Saturdays instead of Wednesdays and Saturdays while the return trip leaves Lisbon at 9:00 A.M. on Mondays, Thursdays and Saturdays instead of on Mondays and Fridays. The conforming schedule changes have been made in this issue of the Guide.

Though no schedules are available, definite information has been received that air mail service is now available to the following additional points in Africa which were suspended after the French Armistice: Algeria, Dahomey, French Guinea, French Sudan, French Togoland, Ivory Coast, Mauritania, Niger and Senegal.

Air Mail is still being accepted for dispatch via the trans-Atlantic to Europe for onward dispatch as opportunity may afford to Eritrea, Ethiopia, Italian Somaliland, and Libya. Air Mail destined to the Aegean Islands, however, is no longer being dispatched via the trans-Atlantic but may be sent via the trans-Pacific service if prepaid at the rate of 70c per 1/2 ounce.

## FOREIGN AIR MAIL NOTES

Though the effective date has not as yet been announced, it is expected that an additional flight on the trans-Atlantic Route to leave New York on Sundays and Lisbon on Tuesdays, will be inaugurated by the Pan American Airways System sometime this month.

An important change has been made in the trans-Pacific air mail service making the former weekly service between Manila and Hong Kong a fortnightly service, alternating each week with a fortnightly service between Manila and Singapore, Straits Settlements. The first June flight to Singapore is scheduled to leave San Francisco on Tuesday June 3 and the first June flight to Hong Kong is scheduled to leave San Francisco on June 10th.

On flights operated to Hong Kong; mails for Singapore and connections

will be discharged at Manila for onward dispatch by steamship, there being an average of 2 sailings a week with transit time of approximately 5 days. On flights operated to Singapore; mails for Hong Kong and connections will be discharged at Manila for onward dispatch by steamship, there being an average of 4 sailings a week with transit time of 1½ to 2 days.

Air Mail Service to Alaska has been greatly expedited and additional service has been provided to Nassau, Bahamas; Dominican Republic; Haiti; Leeward Islands; Virgin Islands; and to several points in Ecuador.

Air mail to Greece, excepting Crete, is now dispatched via the trans-Atlantic and air mail for Madagascar and reunion is also no longer dispatched via the trans-Pacific route.

FOOTNOTE: Articles to be dispatched by air within any foreign country should have affixed to the address side a blue "Par Avion/By Air Mail" label, which may be obtained without charge at post offices. Alternatively, the indication "By Air Mail" may be written in the same position; but the absence of an Air Mail label may lead to delay. The appropriate special markings should be placed below the label. Mark mail indicated (A) in last column—"Trans-Atlantic Air Mail" (P) "Trans-Pacific Air Mail."

## FOREIGN AIR MAIL NOTES

Effective July 14, 1941, the flight from Miami to Barranquilla, Colombia, with stops at Cienfuegos, Cuba and Kingston, Jamaica, known as No. 321, which now operates from Miami on Mondays and Thursdays will operate on Mondays, Wednesdays, and Fridays. The return flight, known as No. 320, will operate from Barranquilla on Tuesdays, Thursdays, and Saturdays, instead of Tuesdays and Fridays as at present.

A new connecting service has been instituted on the Amazon River by Panair do Brazil, S.A. from Belem (Para) Brazil to Manaus, Brazil thence west via the Solimoes, a tributary of the Amazon, to Tabatinga, and

Benjamin Constant, Brazil. These latter points are located close to the junction point of Colombia, Brazil and Peru. In combination with the existing once weekly flight up the Amazon River this provides a twice weekly service between Belem and Manaus and a once weekly service southwest to Porto Velho, Brazil and west to Tabatinga and Benjamin Constant, Brazil.

It should be noted that Air Mail for Crete (Greece) is now being dispatched via the trans-Atlantic air mail route at the 30 cents per half ounce rate instead of via the trans-Pacific at the 70 cent rate.

MAIL BY AIR SERVICE

# The Official FOREIGN AIR MAIL GUIDE

## FOREIGN AIR MAIL NOTES

Attention is called to the extension of Air Mail Service to three additional points in Bolivia, namely, Cochabamba, Santa Cruz and Puerto Suarez, according to the schedules shown below.

The changes in service to Barranquilla, Colombia and Kingston, Jamaica which became effective July 14, 1941 as mentioned under the above heading in the July Guide and the extension of service to Tabatinga and Porto Velho, Brazil are also shown in this issue.

As air-mail service on the local route (F. A. M. 17) between New York and Bermuda has been temporarily suspended, air mail for Bermuda is

now being forwarded only via the regular tri-weekly trans-Atlantic Clipper Service.

Air-mail service to the U.S.S.R. is now available only via the trans-Pacific as far as Hong Kong. It is thence carried by surface transportation via the trans-Siberian railroad.

Air Mail to Erietra, Ethiopia, French Somaliland and Italian Somaliland is also now being routed via the trans-Pacific.

It will be noted that the trans-Pacific air mail postage rate has been increased to \$1.10 per ½ ounce for 12 different points.

## FOREIGN AIR MAIL NOTES

It will be noted that the fortnightly flight to Auckland, New Zealand (F.A.M. 19), now leaves San Francisco and Los Angeles on Thursday instead of Saturday as formerly. The return trip is also made on every other Thursday instead of Saturday with arrivals at Los Angeles and San Francisco on Monday instead of Wednesday.

Improved service between the United States and Hawaii now provides for a departure from the Pacific Coast for Honolulu, Hawaii every Sunday, Tuesday and Thursday. Returning there are now regular weekly departures from Honolulu on Mondays and Tuesdays with a third weekly

departure alternately on Friday or Sunday. Pacific Coast arrivals being, of course, on the day following.

Air Mail Service has also been improved to Haiti and Dominican Republic by another trip both ways, making the Service to these points now daily except Sunday (from Miami) and returning daily except Friday. This same change adds another trip on the return service from San Juan, Puerto Rico which now also becomes daily except Friday.

Changes and improvements have also been made in the service to: Bolivia, Chile, Ecuador, and Peru effective August 26, which have been incorporated in this issue.

FOOTNOTE: Articles to be dispatched by air within any foreign country should have affixed to the address side a blue "Par Avion/By Air Mail" label, which may be obtained without charge at post offices. Alternatively, the indication "By Air Mail" may be written in the same position; but the absence of an Air Mail label may lead to delay. The appropriate special markings should be placed below the label. Mark mail indicated (A) in last column—"Trans-Atlantic" (P) "Trans-Pacific".

## FOREIGN AIR MAIL NOTES

By the new weekly shuttle service between Manila and Hong Kong and Manila and Singapore, to be inaugurated by the Pan American Airways System, effective October 5th and 7th respectively, to connect with the regular trans-Pacific service, both Hong Kong and Singapore will have a weekly air mail service to and from the United States, instead of the present alternating fortnightly service.

Thru connection with Panagra's new local trans-Bolivian service a new service to Corumba, Brazil is now operating with intermediate local Bolivian stops at Concepcion, San Ignacio, San Jose, Robore, and Puerto Suarez, according to the schedules shown below.

Air Mail for Turkey is now being routed via the trans-Pacific instead of the trans-Atlantic as formerly. The rate is 70 cents per 1/2 ounce.

Subscribers will doubtless be interested to know that the Pan American Airways System is to carry Air Express between New York and Lisbon thrice weekly. The regular service is scheduled to leave New York at 9:30 a.m. S.T. each Tuesday, Thursday, and Saturday beginning Tuesday, September 30th, and leave Lisbon at 9:00 a.m. L.T. each Monday, Thursday, and Saturday beginning Monday September 29. Tariff-Schedules and instructions can be obtained by applying to the Pan American Airways System, Air Express Department, Chrysler Building, New York, N. Y.

# The Official FOREIGN AIR MAIL GUIDE

## FOREIGN AIR MAIL NOTES

Attention is called to a number of changes which have been made in the air mail service to and from Alaska shown on page 3. Effective November 1, 1941 and to April 30, 1942, stops will be made at Hot Springs, Tanana, Nulato, and Golovin on the route from Fairbanks to Nome.

Effective November 15, 1941 planes for Juneau, Alaska, Whitehorse, Yukon Territory, and Fairbanks, Alaska will leave Seattle, Washington on Sundays, Tuesdays, Wednesdays, Fridays and Saturdays instead of on Sundays, Mondays, Wednesdays and Fridays as formerly and an overnight stop will be made at Whitehorse, Y. T.

On the return flights from Fairbanks, also effective November 15, 1941

the planes will leave Fairbanks on Mondays, Wednesdays, Thursdays, Saturdays and Sundays instead of on Mondays, Tuesdays, Thursdays and Saturdays as formerly with an overnight stop at Juneau, Alaska.

Though the November 15, changes mentioned above have been incorporated in this issue, Subscribers should be guided by the departure days shown in the October issue until November 15, 1941 the day on which these changes become effective.

In regard to the new air mail service to the Near East via the South Atlantic and Africa, about which inquiries have been received, present indications are that this service will begin sometime in December.
