## REDUCTION OF POSTAGE RATES ON MAIL MATTER FOR CERTAIN COUNTRIES FOREIGN TO THE UNIVERSAL POSTAL UNION.

Attention is called to the following extract from an order of the Postmaster-General, reducing the postage rates and modifying the conditions applicable in the United States, on and after July 1, 1892, to articles of mail matter addressed to the destinations not embraced in the Universal Postal Union therein named, viz.:
"Ordered, That on and after the ist of July, 1892, the postage rates of io cents per one-half ounce or fraction of one-half ounce for letters, and 2 cents for each two ounces or fraction of two ounces for 'printed matter' of all kinds, ' commercial papers' and 'samples of merchandise,' shall be applicable in the United States to articles addressed to the Islands of Ascension and Saint Helena; places in China, Madagascar and Morocco at which Postal Union post-offices have not been established; Bechuanaland and Cape Colony, including Basutoland, Caffraria and Griqualand; Orange Free State ; and the Transvaal or South African Republic.
" Prepayment of at least one full rate of postage shall be 'compulsory ;' the conditions relative to size, weight and wrapping, applicable to similar articles in mails exchanged between countries of the Postal Union, shall apply likewise to 'printed matter,' 'commercial papers' and 'samples' for the non-Union destinations named herein; and the minimum charge for packages of 'commercial papers' shall be 5 cents."

The Malden Pbilatelist is a new one and very fair for a small-sized paper.
A boy publishes the Pbilatelic Sun, and he evidently is a green one. The effort consists of 8 pages.

The Postal Card is always neatly printed. While small, it devotes its attention to post cards solely and thus has an exclusive field for this branch of our hobby.

The Worcester Pbilatelist has some very good articles occasionally of great benefit to the collector.

The Detroit Pbilatelist presents a very neat appearance for an 8 -page paper.

## THE CANADIAN NATIONAL CONVENTION.

The Annual Convention of the Philatelic Society of Canada was held in Ottawa, Ont., August 18, 19 and 20. The attendance was very large, making it the best ever held in the Dominion. The arrangements by the two local branches for the reception and entertainment of the visitors was complete and excellent throughout. The business meetings were held in the hall of the Institut Canadien-Français, the stamp auction and exhibit in St. Joseph's Hall, and the banquet and entertainment at the "Central."

Among those present were Fred. N. Wood, St. Catharines, Ont.; W. Wright, Hull, Que.; W. J. Beatty, F. C. Anderson, Jos. Aube, F. J. Andet, Louis Gauthier, Ottawa; H. F. Mooers, Kingston, Ont.; A. C. Rogers, Mt. Sherwood, Ont. ; E. H. Jaques, Montreal ; Jos. Mals, Quebec; J. R. Hooper, W. Renwick, F. R. E. Campean, Ottawa, and about forty others.

The following officers were elected for the ensuing year:
President-J. R. Hooper, Ottawa.
Vice-Presidents-McMahon, Ontario; Lionais, Quebec; Hanson, N. B. ; DeWolf, N. S. ; Graves, Prince Edward Islands; Pauley, Newfoundland; C. A. Allen, Manitoba; Harding, B. C.; Beardsley, U. S.

Secretary-Treasurer-H. F. Mooers, Kingston, Ont.
Librarian-E. H. Jaques, Montreal.
Exchange Superintendent-J. S. Robertson, St. Thomas.
Counterfeit Detector-R. F. McRae, Montreal.
Official Collector-E. J. Phillips, Toronto.
Executive-W. J. Beatty, F. J. Andet and Jos. Aube, Ottawa.
Purcbasing Agents-R. P. Spooner, New York, and E. W. Stanton, Montreal.

The appointment of an official organ was left over, and tenders will be invited from publishers. Next Convention will be held in Montreal in 1893. Dues will be 25 cents half-yearly, instead of yearly as before, by a unanimous vote of 103 .

The banquet was a huge affair and the following was the menu:

$$
\begin{gathered}
\text { Soupe d'Bouillion. } \\
\text { Braised Cold Lamb with Mint (unsevered). } \\
\text { Jambou } a \text { a } \text { Suisse (perce-en-scie). } \\
\text { Haricot of Beef (grilled), Mulready Sauce. }
\end{gathered}
$$

President Hooper occupied the chair; on his right and left were seated the branch delegates from Montreal, Quebec, Kingston and St. Catharines.

One of the proxies sent in read as follows:
"To the P. S. of C., Greeting:
"Know all men by these presents, That I, _ farmer, aged 56, of ——, being in sane mind and in possession of all my faculties, do hereby, without malice aforethought, bequeath and vote as follows:
(Here followed a long list of officers.)
"Wishing you a fruitful and harmonious session and regretting my absence, and hoping you can get along without me, I am, philatelically,
"P. S.-Be not weary in well doing, for in due time ye shall reap if we faint not."
That proxy held the floor, the Committee on Credentials deciding it was eligible.
Four new members to the P. S. of C. were obtained at the Convention. The Association now numbers 310. Henri Lionais, the new Vice-President, of Quebec, and II. F. Mooers, the newly-elected Secretary-Treasurer, are both hustlers.

Postal cards of foreign origin, posted in the United States, addressed to the Universal Postal Union, cannot be forwarded except as letters; but the reply half of a double postal card is mailable in the United States when addressed to a person in the country which issued the double card.

The United States 2-cent postal cards should be used for card correspondence with foreign countries (except Canada and Mexico, to which countries the I-cent card is transmissible); but where 2 -cent cards cannot be obtained, it is allowable to use a United States I-cent card with a I-cent United States postage stamp affixed.

## CONSOLIDATION.

Dear Sir:- Since the former letter sent you in regard to "Consolidation," many important things have happened of which you should be advised, and thus enable you to cast your vote intelligently on this matter.

Mr. Hosmer has stated in print that the A. P. A. wished to bolster up its finances by getting the treasury of the W. P. U.

At the convention of the A. P. A. just held at Niagara Falls, the Treasurer of that association was found to have a balance of $\$ 384.00$ on hand. Has any other society a like amount? This shows that Mr. Hosmer's statement is false, and simply made to scare you from voting for consolidation.

The finances of the A. P. A. are in such a condition that the yearly dues were reduced from $\$ 2.50$ to $\$ 1.50$, this sum including subscription to The American Pbilatelist.

The Exchange Department was organized into two divisions, in one of which you can take stamps on credit, and in the other you pay cash. Members can use one or both departments.

A collecting agent was ordered to be appointed, to collect either stamps or"money owing to the members, and this office will no doubt be in charge of a lawyer. aws

In view of the great interest manifested in the consolidation idea, the A. P. A. passed a resolution that any society desiring to consolidate would be welcomed, and the members of such societies after disbanding could come into the A. P. A. on the payment of 50 cents for subscription to the Official Journal, and the taking of one share of stock. The \$I paid for the stock is simply a deposit, and can be withdrawn on leaving the association.

No dues would be required of members thus joining, but the property of the disbanding society would be turned over to the A. P. A. in lieu of such dues.

The American Philatelic Association undoubtedly gives far more benefits than any other society, while now its dues are 50 cents below the W. P. U. Applications have been coming in at the rate of fifteen a month, but with the dues reduced, and the many new benefits added at the recent convention, the applications will probably be doubled, as all members are enthusiastic over the outlook for the oldest, and yet, under the incorporation, the newest society in the country.

The W. P. U., it is claimed, is composed of Western collectors, although members are obtained wherever they can be had. Will you vote to perpetuate sectionalism in our favorite pursuit?

The AMERICAN Association knows no section, and a vote from the West counts as one from the East.

Look at its purchasing department, its counterfeit detectors, its auction agents to be in every large city, its official organ, its two departments of exchange, where if a hundred dollars worth of stamps are lost in the mail, the association reimburses you. Its collection department under a competent lawyer, its literary board, who are now having an index compiled of all philatelic literature in the various papers, and say it these things at $\$ 1.50$ a year are not immeasurably better under the AMERICAN Association than the benefits you now receive for $\$ 2$ in the W. P. U.

We leave it for your good sense to answer, and if you have already cast a vote against consolidation and desire to change in favor, a vote dated later than the other will effect the purpose, as the polls do not close until September 10 .

With the sincere wish that you may favor the " Greater Society," and that we may meet in Chicago in 1893 in a convention long to be remembered, we remain,

Very truly yours,
Alvah Davison, A. P. A.

Thus far I have received but three responses to Mr. Aldrich's call for expressions concerning consolidation-Messrs. Wolsieffer, Doeblin and Tuthill. I am heartily in favor of it myself, believing it to be the best thing for every collector to be identified with a great and grand association, than to be engaged in the fruitless task of keeping up a dozen tottering institutions. Let me hear from the rest.

## EXCHANGE DEPARTMENT.

> Report No. 12.
> The delinquent list this month is as follows:
> C. E. Stewart, Peabody, Kans . . . . . . . . . . . . . . . . . . . . . . . . . . . . \$2 99
> E. C. Biggar, Fremont, Neb . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . 6 81
> Lon R. Conner, Connersville, Ind. . . . . . . . . . . . . . . . . . . . . . . . . . ${ }_{76}$
> T. C. Kurtz, Moorehead, Minn................................... . . . 470
> \$15 26

The item of $\$ 4.70$ against Mr. Kurtz represents a fine for willfully detaining Lot 7 for forty-seven days, not even volunteering an excuse or apology. I carried this charge on my books since February 1.

I would request the members not to send me any more filled sheets; my successor will, no doubr, be soon announced and will attend to future circuits. All business or circuits that are not completed will be attended to in due course, but new business must be sent to him.

My resignation has been in the hands of President Aldrich for some little time and will be announced and acted on when he sees fit.

If amalgamation is favorably received by the members and they so vote, my resignation will not be required; but if it is otherwise, or it takes too long a time to decide the subject, President Aldrich will accept it at the earliest moment.

Besides being very busy with other matters, I desire to remain loyal to the A. P. A., and what little time I have to spare I wish to devote to the interests of that association.

My one year's connection with the Philatelic Society of North America, as an officer, has been a most pleasant one, and I have made a number of friends from its membership. I desire to thank one and all for their courteous and kind relations through correspondence. If I dunned any member more than he thought I ought to, why he must blame the rules of the Department, which I tried my very best to live up to.

Following is the record of the lots that have completed their circuits :
Lot 5.-Eight books, priced at $\$ 90.29$.
First circuit of 12 members sold . . . . . . . . . . . . . . . . . . . . . . . . $\$ 1286$
Second " 11 " " .................................... 1562
$\$ 2848$
Although this was a very poor lot, the sales were over 25 per cent.
Lot 6.-Seven books, priced at $\$ 149.09$.
First circuit of 8 members sold ................................... \$2I 35
Second " 7 " " ................................... 2278
Third " 8 " " ................................... 594
Fourth " 8 " " ................................... 1357
$\$ 6364$
This lot went to more members than Lot 5 and sold over 40 per cent.
Lot 7.-Five books, priced at $\$ 73.93$.
First circuit of 8 members sold . . . . . . . . . . . . . . . . . . . . . . . . $\$ 1492$
Second " 8 " " ................................. 408
Third " 8 " " .................................. 828
Fourth " 8 " " .. ............................ 80

A poor lot, but the sales were over 35 per cent.
Lot 8.-Eight books, priced at $\$ 122.06$.
First circuit of 9 members sold ................................. . $\$ 1764$
Second " 8 " " .................................... 1225
Third " 8 " " ..................................... 1203
Fourth " 10 " " ................................. 774
$\$ 4966$
This lot sold over 40 per cent., but contained many common and cheap stamps.
Lot 9.-Four books, priced at $\$ 56.93$.
First circuit of 8 members sold ......... ...................... . $\$ 1243$
Second " 8 " " ................................. 406
Third " 9 " " ............................... 500
\$21 49
The smallest and poorest lot of any, one book selling only ten cents worth, but the sales were over 35 per cent.

These lots have finished their circuits, most of the books returned to owners, although a few have been included with other lots and sent out again. In every lot there were books that sold over 50 per cent., some over 75 per cent., and one nearly 90 per cent. The sales depended largely on the price and quality of stamps, which as a whole was very poor. The fact of two or three poor books being in a lot brought down the average of the entire lot. Considering these drawbacks, the sales have been fair. Lots 10, 11, 12, 13, 14, 15, 16 and 17 are still unfinished and circulating, and will be reported on in a future report. I have some filled sheets on hand which can go to make up Lot 18 , if the Department is continued. I will finish up all lots that I have out and my successor can begin with a clean start.
P. M. Wolsieffer,

Ex-Superintendent Exchange Department P. S. of A., Drawer 707.
Chicago, Ill., September I, 1892.

The Micbigan Pbilatelist is only doing harm to stamp collecting, as it makes little of our hobby. It had better take a tumble into the "bottomless pit."

The American Pbilatelist and Collector is not a very good attempt, and papers putting in stamp stories are only wasting their space.

The Royal Pbilatelist is a small sheet at io cents per year. It may grow bigger and better.

One of the papers which go in for fiction instead of solid stamp news is the International Pbilateiic Montbly. It is in its first volume.
