Consolidation (1868) of the Virginia Central and the Covington and Ohio RR. Companies. The Virginia Central RR. was opened to Covington, at the base of the Alleghany range, 208.50 miles from Richmond, in 1867. Included in this line was the Blue Ridge RR., of 17 miles, a State work, involving an expensive tunnel. The Covington and Ohio RR. was undertaken, with means supplied chiefly by the State, for the purpose of extending its railroad system to the Ohio River. Upon the latter road a large amount of money was expended. The work on the extension was abandoned in 1861; resumed in 1868, and the whole line completed March 1, 1873. The company having made default on its coupons maturing November, 1873, a receiver was appointed October 9, 1875. On the 2d of April, 1878, the road

was sold, and under a plan of reorganization on behalf of all parties interested, the present company was organized, to which the property was conveyed July 1, 1878.

The new company having expended large sums in the reconstruction of its line, speedily took steps for its extension and connections—on the east to the Chesapeake Bay, at a point which can be reached by ships of the largest draught; and on the west to the Mississippi River at Memphis, the whole making a line of about 1,100 miles, made up of the Chesapeake and Ohio, 503.30 miles; the Elizabethtown, Lexington and Big Sandy, extending from Big Sandy to Louisville, 139.42 miles (trackage rights being secured over the intermediate link between Lexington and Louisville, 94 miles, pending the construction of the line between Lexington and Elizabethtown); and the Chesapeake, Ohio and Southwestern, extending from Louisville to Memphis, Tenn., by way of Paducah, 392.48 miles. At Memphis connection is made with the Louisville, New Orleans and Texas RR., extending south to New Orleans, 455.70 miles. The whole line from Newport News to New Orleans is to be operated as one road. From New Orleans westward to the Pacific Coast the Southern Pacific system forms a continuation of this line, thus placing substantially under the same ownership and control an unbroken line of railroad from Newport News to San Francisco.

This company guarantees the bonds of the Chesapeake and Ohio Elevator Co. to the amount of \$700,000. The property of the Elevator Co. is mortgaged to secure the bonds, and is to revert to this company in 20 years, upon payment of the bonds. The Elizabethtown, Lexington and Big Sandy RR. is operated by this company under an agreement which gives to that company the net earnings of its road.

Arrangements have been made with the Old Dominion Steamship Co. for a daily line of first-class steamers between Newport News and New York. From Big Sandy to Louisville, and from Richmond to Newport News, the lines came into full operation in the spring; and the Chesapeake, Ohio and Southwestern in the summer of 1882; the extension to Old Point Comfort was completed during the same year, and the Louisville, New Orleans and Texas in the fall of 1884. To provide the means for the construction of Old Point Comfort Extension, and for the erection of wharves, warehouses, and terminal facilities at Newport News and Old Point Comfort, and also for the construction of the proposed branch from a point west of Scary to the mouth of the Kanawha River, provision has been made for an issue of \$3,000,000 bonds, secured by mortgage upon the branches and other property above referred to, not covered by previously existing mortgages.

The Elizabeth, Lexington and Big Sandy RR. Co. operates 8.77 miles of this company's road extending from Huntington to the Big Sandy River. Length of line operated by Chesapeake and Ohio Co., 502.30 miles.

Rolling Stock, December 31, 1884.—Locomotive engines, 165. Cars—passenger, 50; baggage, mail, and express, 26; freight (box, 1,342; stock, 216; coal, 2,891; coke, 321; flat, 205; caboose, 98), 5,073—total, 5,149. Also, 43 other cars. Of the above, 8 passenger cars are leased, and 20 locomotives, 5 passenger cars, 500 box, 100 stock and 1,000 coal cars were purchased through equipment trusts. In addition to its rolling stock the company owns 1 steam collier, 2 steam tugs, 1 freight transfer, and 3 barges.

Less Issued for and Guaranteed by E., L. & B. S. RR. Co....		(43,000)			

The Purchase Money Funding bonds were issued in exchange of purchase money obligations, and are secured by a mortgage upon the property and franchises of the company, The first mortgage sixes (Series A and B) of 1908 are secured by a mortgage on the entire property and franchises of the company subject to the prior lien of the Purchase Money bonds. The bonds of Series A are limited to \$2,000,000, and were issued to provide means for the extension of the road from Richmond to Newport News, and provide terminal facilities, etc., at that point. They were issued under the same mortgage as the Series B bonds; have equality of security with that issue, and in addition are specially secured by a lien, in common with the \$2,000,000 6s of 1911, on the Newport News extension and the terminal facilities at that place. The 3d mtge. 6s of 1918 are, subject to prior liens as stated, secured on main line and property.

Interest on the "Series B" bonds was made payable for 3 years from November 1, 1878, in first preferred stock; for the fourth year, 3 per cent. in first preferred stock and 3 per cent. in gold coin; for the fifth year, 2 per cent. in first preferred stock and 4 per cent. in gold coin; thereafter wholly in gold coin.

The interest on the currency bonds, due 1918, was made payable for the first 6 years from July 1, 1878, in 2d preferred stock; for 7th year, 4 per cent. in 2d preferred stock, and 2 per cent. in lawful money; for 8th year, 2 per cent. in 2d preferred stock, and 4 per cent. in money; and thereafter wholly in money, provided the revenues are sufficient; if not, then in 2d preferred stock.

Of the preferred stock, \$8,447,803 is first preferred and \$8,075,715 second preferred. The 1st preferred stock is entitled to 7 per cent., and the 2d preferred to 6 per cent. dividends, non-cumulative.

"There has been no increase of the funded debt during the year; and \$107,000 of the Equipment Bonds have been retired. Rather than part with any of the bonds of the year 1922, authorized for the Old Point Comfort and other branches, at less than their face value, the directors have borrowed, on shorter time, such sums as have, from time to time, been needed. All supply bills, pay-rolls, and current purchases have been met at maturity with the same promptness as heretofore. The Treasurer's Report will show the condition of the stock, bonded debt and assets on hand at the close of the year.

"Under the plan of reorganization of 1875, with a desire to ultimately save to the investors every dollar of their outlay, and in order to allow the developing business time to overtake the requirements of the funded debt, the company undertook to pay the full six per cent. interest upon the Series B bonds of 1908, from and after November 1st, 1883.

"The event shows that, from the causes above mentioned, the net earnings have not quite kept pace with the increase in annual interest requirements, and that none too much time was taken. The wisdom of postponing the payment of cash interest on the currency bonds of 1918, until the net earnings sufficed, will be obvious to all. A prostration of trade has immediately followed each large outlay of the company, so as to deprive it of the immediate returns; but our original expectations of the road as an earning property, and of the final outcome as an important trunk line, with mineral tonnage and resources of its own, are none the less firmly held."

On May 1st, 1885, one half of the interest then due upon Class B bonds was paid in scrip redeemable at the convenience of the company from future net earnings; the remainder was paid in cash.

New River Division: New River, Va., to Pocahontas, W. Va. 75

Total length of line operated January 1, 1885. 510 miles.
 Sidings, etc., 83 miles. Gauge, 5 ft. Rail (steel, 490 miles), 56 lbs.

This company was formed May 9 1882, by the consolidation and merger of the New River RR. Co. (of Virginia), the New River RR. Co. of West Virginia and the East River RR. Co. (of West Virginia) into the Norfolk and Western RR. Co. The latter corporation was a reorganization of the Atlantic, Mississippi and Ohio RR. Co., and the several companies merged into it had been previously organized with the object of building extensions and branches of its line. (For further particulars see MANUAL for 1884, pp. 391 and 392.)

By the terms of this consolidation the preferred stock of the Norfolk and Western RR. Co. was exchanged, share for share, for the preferred stock of the New River RR. Co. (of Virginia), and the common stock for the common stock, share for share, of the same company, and for the ordinary stock of the other companies. Under this plan the company issued 30,000 shares of its preferred stock during the year, in exchange for a like amount of New River preferred. The stocks of these companies having been wholly owned by the Norfolk and Western RR. Co., the preferred stock so issued is held in that company's treasury for future use.

During 1883 and 1884 the company acquired 30,571 shares out of a total issue of 36,962 shares, of Shenandoah Valley RR. Co. stock, which were received in payment of subscriptions for 40,571 shares of the common stock of this company, in accordance with the terms of a

traffic contract entered into between the two companies on December 29, 1882. (See MANUAL for 1883, page 422.)

The New River Division was completed and opened for business May 21, 1883. The company has under construction the Cripple Creek Extension, 50 miles in length, on 30 miles of which the grading is nearly finished and the bridge work well advanced. At the close of 1884 seven miles of this had been completed but had not then been fully opened for business.

In 1882 the Norfolk Terminal Co. was organized, controlled and owned in the interest of this company, the charter of which authorizes the ownership of land, the construction and operation of a line of railroad, the building and operating of wharves, storehouses, cotton presses, and grain elevators; the chartering of vessels, etc., and gives power to consolidate with this company. The Terminal Company has purchased 438 acres of wharf property and $1\frac{1}{2}$ miles of water front at Lambert's Point, below Norfolk, and an extension of the road to connect with this property has been built. A large coal wharf has also been completed, and other wharves are in progress. The company also owns stock in the Old Dominion Steamship Co., and barges for the transportation of cotton and coal. A mortgage of \$1,000,000 has been created, and bonds will be issued from time to time, as improvements are required.

Rolling Stock, December 31, 1884.—Locomotive engines, 120. The first preferred consolidated bonds of the Southside RR. which fell due January 1, 1885, amounting to \$191,000, of which \$93,000 were 8 per cent. bonds, have been extended to July 1, 1900, at 6 per cent. The enlarged mortgage 6 per cent. bonds of the Virginia and Tennessee RR. Co. were extended for sixteen years from June 30, 1884, at 5 per cent. The improvement and extension bonds (\$5,000,000 authorized, with the power, under certain restrictions, to increase, for the purpose of double-tracking the lines when necessary, to \$8,000,000), were issued to the amount of \$2,500,000, of which \$1,500,000 have been sold for the construction of the Cripple Creek Extension of the New River Division, for building a short branch to new coal mines, on the Bluestone River, near Pocahontas, for new terminal facilities at Norfolk, and for additional sidings, stations, and other improvements on the main line. The remaining \$2,500,000, under the terms of the mortgage, can be issued only when the stockholders so vote, and only for improvements on the main line, for increased terminal facilities, new rolling stock, and for new branches or extensions. For the latter purpose the amount is limited to \$25,000 per mile, and for double tracking the line to \$10,000 per mile. No bonds are to be issued for the latter purpose until at least fifty (50) miles of double track, of standard quality, has been constructed. Under the terms of this mortgage, the issue of bonds secured by the New River Division first mortgage is limited to \$2,000,000, the amount now outstanding.

The convertible debenture bonds were issued to take up an equal amount of scrip issued for dividend on preferred stock, and may be converted into preferred stock, at the rate of one \$500 bond for five shares stock, after increase in preferred stock shall have been authorized.

Interest payable in Philadelphia and New York. Five dividends have been paid on preferred stock to date; four in cash, March, June, September and December, 1882, each 1 per cent., and one of 3½ per cent. in scrip convertible into convertible debenture bonds, January 1, 1884. Annual meeting, first Wednesday in May. Books close for annual meeting about two weeks prior thereto, and remain closed about sixteen days. Preferred stock and general mortgage bonds listed on the Philadelphia, New York and London Stock Exchanges; common stock, New River Division bonds and convertible debenture bonds on Philadelphia and New York Exchanges. Trustees of bonds and registrar of stock, Fidelity Insurance, Trust and Safe Deposit Company, Philadelphia; registrar of stock in New York, Union Trust Company.

Total length of railroad owned, leased, and controlled..... 2,669.58 miles.

The Richmond and Danville RR. Co. was chartered March 9, 1847; main line opened May 16, 1856; branches 1871-74. The Piedmont RR., though nominally leased, is owned and operated in connection with the main line of the company's road. The Northwestern North Carolina RR. is owned. The Richmond, York River and Chesapeake RR. Co. is leased in perpetuity from July 1, 1881, for \$85,850 per annum.

The North Carolina RR. was leased September 11, 1871, for 30 years from October 1, 1871, at a rental of \$260,000 a year. The Atlanta and Charlotte Air-Line Ry. was leased March 26, 1881, for \$464,500 per annum, being interest on the funded debt and 5 per cent. on the stock, the R. & D. Co. agreeing to expend in addition \$100,000 yearly for 10 years for betterments, and to provide for the first year \$3,000 and thereafter a sum not exceeding \$2,000 yearly for organization expenses. The Milton and Sutherlin RR. has been operated since July, 1882. It is practically owned by this company, which holds 364 out of a total of 712½ shares of its capital stock. The State University RR. was built partly by contributions from this company, for which it holds 168 shares of the capital stock of S. U. RR. Co. It has been operated under lease since February, 1882.

The Richmond and West Point Terminal Railway and Warehouse Co. (which see) is an auxiliary organization to the R. & D. RR. Co., and controlled by it, and was formed for the purpose of acquiring roads not directly connecting with the R. & D. RR. Co.—the charter of the latter company debarring it from owning stock in any but connecting lines. The capital stock of the Terminal Company is \$15,000,000, of which the R. & D. RR. Co. owns \$7,510,000.

Rolling Stock, all divisions, September 30, 1884.—Locomotive engines, 126. Cars—passenger, 68; baggage, mail and express, 32; freight (box, 1,595; stock, 30; platform, 468; coal, 25; gondola, 233), 2,351; other cars, 100—total cars, 2,551. Also, 192 pairs transfer trucks.

The guaranteed stock consists of \$481,100 7 per cent. and \$19,300 6 per cent. At the annual meeting for 1881, the company decided to issue dividend certificates entitled to equal dividends with the common stock, to holders of common stock for the amount of net earnings which had been previously expended in improvements and credited to profit and loss account, being \$755,039.10, or about 70 per cent. of amount of common stock. On April 17, 1884, the Supreme Court of Virginia ordered the company to pay similar dividend obligations to holders of guaranteed stock, and the same cash dividend thereon as had been previously paid on those issued to common stockholders. Since then a preliminary injunction has been granted by the United States Court restraining the company from so doing.

SHENANDOAH VALLEY RAILROAD.

Line of Road.—Hagerstown, Md., to Roanoke, Va. 238.11

Branches to connecting RRs. and to Iron and Manganese Mines. 17.24—255.35 miles.
 Sidings, etc., 18.07 miles. Gauge, 4 ft. 9 in. Rail (steel, 165 miles), 50 and 56 lbs.

Chartered February 23, 1867. Road opened to Riverton, 42 miles, December, 1879; to
 Hagerstown, 73 miles, August, 1880; to Milford, 76 miles, September, 1880; to Waynesboro,
 April 18, 1881, and to Roanoke, June 19, 1882.

The Shenandoah Valley RR. Co., on September 27, 1881. entered into an agreement with the Norfolk and Western RR. Co. (with which its road connects at Roanoke), and the East Tennessee, Virginia and Georgia RR. Co. (which connects with the N. & W. RR. at Bristol), consolidating the through traffic of the three lines, and constituting the Virginia, Tennessee and Georgia Air-Line, which, immediately on the completion of the Shenandoah Valley RR., established an all-rail passenger and freight line between New York, Memphis, New Orleans, and all other points in the North, East and West, and Southwest.

On the 29th of December, 1882, the Shenandoah Valley and the Norfolk and Western RR. Companies entered into a traffic contract, under the terms of which the Shenandoah Valley RR. Co. agreed to issue income bonds to the amount of \$2,500,000—\$1,500,000 of which, it was provided, should be sold at not less than 60 per cent., the proceeds to be used in completing and equipping the road, and to provide for its floating indebtedness; the remaining \$1,000,000 to be reserved for future use. These bonds will receive interest at the rate of 4 per cent. per annum in each year when the gross earnings of the Shenandoah Valley RR. shall amount to \$1,200,000, and for each additional \$100,000 of gross earnings an additional one per cent. To provide increased security for the payment of this interest the Norfolk and Western RR. Co. agrees to set apart out of the gross earnings received by it from its traffic with that road, in each year when the gross earnings of the Shenandoah Valley RR. shall have reached \$1,200,000, a sum equal to 4 per cent. on the amount of income bonds then outstanding, and for each additional \$100,000 of gross earnings a sum equal to an additional one per cent., but in no case is such sum to exceed 6 per cent. Out of the fund thus created the Norfolk and Western RR. Co. agrees to advance to the Shenandoah Valley RR. Co., in the event of the latter failing to pay its interest on such income bonds as stipulated, a sum which shall be equal to the interest accruing and in default in such year.

During 1883, the Norfolk and Western RR. Co. acquired a controlling interest in this company, by the purchase of 30,571 shares of its stock, for which it issued in exchange 40,571 shares of its own (Norfolk and Western RR. Co.) common stock.

On the 31st of March, 1885, this road was placed in the hands of a receiver in anticipation of the impending default in the payment of interest on the company's general mortgage bonds, which occurred on the succeeding day. On April 10, 1885, the receiver was authorized to borrow \$300,000 with which to pay off interest, wages, and the floating debt. Plans for the reorganization of the company are now under consideration.

Rolling Stock, December 31, 1884.—Locomotive engines, 40. Cars—passenger, 18; baggage, mail, and express, 12; freight (box, 279; gondola, 249; flat, 25; stock, 249), 802—total, 832. Also, 9 caboose and 86 service cars and 426 transfer trucks.

Operations for year ending December 31, 1884.—Trains run (passenger, 367,216; freight 357,472), 724,688 miles. Total engine service, 759,468 miles. Passengers carried, 180,372; carried one mile, 7,998,718. Freight moved, 394,710; moved one mile, 37,949,530 tons.

The company uses the tracks of the Alexandria and Fredericksburg Railway, and the Baltimore and Potomac Railroad, including depot privileges in Washington, paying for such privilege 70 per cent. of the revenues derived from same. This percentage is not included in earnings, being paid directly to the A. & F. Company.

The Orange and Alexandria RR. Co. (chartered March 22, 1848; road opened to Gordonsville, 88½ miles, in 1854, and from Charlottesville to Lynchburg, 60 miles, in 1859), and the Manassas Gap RR. Co.; chartered March 9, 1850, and road (63 miles) opened in 1854, were consolidated under the name Orange, Alexandria and Manassas RR. Co., April 24, 1867. Between Gordonsville and Charlottesville, 22 miles, the track of the Chesapeake and Ohio RR. (Virginia Central) was used at a rental of \$30,000 a year. The Lynchburg and Danville RR., 65½ miles (company chartered February 21, 1866, and road completed in 1874), became a part of the consolidated line October 15, 1872, the company then taking the name of Virginia and North Carolina RR. Co., which name was changed April 8, 1873, to Washington City, Virginia Midland and Great Southern RR. Co. The Harrisonburg Branch, 51 miles, opened January 15, 1869, was leased to the Baltimore and Ohio RR. Co. for the term of 99 years from September 1, 1873, at a rental of \$89,250 gold per annum. The road and all property of the company were placed in the hands of a receiver July 13, 1876; sold December 20, 1880; purchased by the trustees of the associated bondholders and creditors for \$5,600,000; sale confirmed December 30, 1880; property transferred to the purchasers January 1, 1881, and the present company formed February 1, 1881. The Pittsville Branch is operated in connection with the F. & P. N. G. RR., making the total length of narrow-gauge line operated 39.3 miles. The Madison Run Branch was built in 1882.

At the annual meeting November 29, 1881, the directors were empowered to increase the common stock from \$800,000 to \$6,000,000, and to issue income bonds limited in amount to \$4,000,000, and to exchange such new issues for the \$4,000,000 (1st and 2d) preferred capital stock then outstanding, in the proportion of ten shares of new common stock and one income bond for each ten shares of preferred stock. Holders of old common stock were to receive two shares of new stock for each share of old stock held by them. Under this plan there had been issued at the date of the above general account \$3,659,102.44 of income bonds, and

nearly all of the old common stock had been retired. The road is now managed in the interest of the Richmond and West Point Terminal Railway and Warehouse Company, which owned, December 1, 1883, \$3,577,333 of stock and \$1,603,553 of income bonds of this company.

The six series of mortgage bonds are all dated March 1, 1881. The first series of bonds is secured by a first lien on all lines between Alexandria and Gordonsville, including the lease of Charlottesville and Rapidan RR.; the second series by a second lien on the same

line, and a first lien on the line between Charlottesville and Lynchburg; the third series by a third lien on lines between Alexandria and Gordonsville, and a second lien between Charlottesville and Lynchburg; the fourth series by a fourth lien on lines between Alexandria and Gordonsville, and a third lien between Charlottesville and Lynchburg; the fifth series by a fifth lien on lines between Alexandria and Gordonsville, a fourth lien between Charlottesville and Lynchburg, and a first lien on the road from Manassas Junction to Harrisonburg, and on the lease of the Strasburg and Harrisonburg RR. to B. & O. RR. Co.; the sixth series by a first lien on road between Lynchburg and Danville, including Pittsville Branch and lease of Franklin and Pittsylvania RR., and a sixth lien on the lease of the Charlottesville and Rapidan RR.

The income bonds are dated November 29, 1881, payable January 1, 1927, and bear interest at the rate of 6 per cent. cumulative, payable January 1 and July 1, the amount to be paid each year to be determined by the Board of Directors within 60 days after the close of each fiscal year, any amount unpaid to be carried forward as a debt (not bearing interest) against the company.

At the annual meeting, December 20, 1884, a committee was appointed to consider the advisability of issuing general mortgage 5 per cent. bonds to an amount not exceeding \$12,500,000, the proceeds to be used in retiring the entire bonded obligations of the company, including its income bonds.

Annual meeting third Wednesday in December; books close 15 days prior thereto.

CHARLOTTESVILLE AND RAPIDAN RAILROAD.—Orange C. H. to Charlottesville, Va. (steel), 28.20 miles. Chartered February 12, 1876; amended February 6, 1878. Leased in perpetuity from January 1, 1880, date of completion, to the W. C., V. M. & G. S. RR. Co., and now to its successor, the Virginia Midland Ry. Co., at a rental of \$36,000 a year, payable quarterly, for 34 years. Part of this rental is annually applied to the reduction of the (originally \$500,000) mortgage debt of the company. At the expiration of the 34 years this debt will have been paid in full and the Charlottesville and Rapidan Railroad will then be merged into and become the absolute property of the V. M. Ry. Co. Although in the form of a lease the contract is substantially a conditional purchase. *Income Account, 1883-84.*—Balance on hand October 1, 1883, \$3,022.29; rental, \$35,250—total, \$38,272.29. ATLANTIC AND NORTH CAROLINA RAILROAD.

Line of Road.—Morehead City, N. C., Goldsboro', N. C..... 95 miles.
 Operated: Midland North Carolina Ry., Goldsboro', N. C., to Smithfield, N. C..... 22 miles.

Total length of railroad operated117 miles.

Chartered in 1853; road opened in 1858. Stock chiefly owned by the State of North Carolina. All information has been refused by this company for several years past. On the 1st of July, 1881, this road was leased to the Midland Ry. Co. of North Carolina, at an annual rental of \$40,000. On the 10th of November, 1882, the stockbrokers declared this lease to have been forfeited, and subsequently procured an order of the court for the appointment of a receiver, pending the trial of the suit for the abrogation of the lease. In December, 1883, the stockholders voted to lease the road for 30 years to an organization known as the *Eastern North Carolina RR. Co.*, a corporation formed for that purpose, and composed of residents along the line. The rental is said to be \$36,000 for first ten years; \$54,000 for second period of ten years, and \$72,000 for remaining ten years. The lease also provided that the lessee should deposit \$75,000 in bonds of the State of North Carolina as security for the faithful performance of its part of the contract.

Financial Statement.—Capital stock, \$1,800,000; funded debt, 1st mortgage 8 per cent. 20-year bonds, due 1880, \$195,500—total, \$1,995,500. Later information refused.

MIDLAND NORTH CAROLINA RAILWAY.—Goldsboro', N. C., to Smithfield, N. C., 23 miles. Gauge, 5 ft. Rail (steel), 56 lbs. Chartered in February, 1873, for the purpose of forming a continuous line of railway from the Atlantic coast to the western portion of the State, and to a connection with the system of railroads of Tennessee and Kentucky; the whole length of line contemplated being about 561 miles. A branch from Kingston to Wilson, on the line of the Wilmington and Weldon RR., 64 miles; one from Lagrange to Clinton, on the W. & W. RR., 40 miles; and one from Cave Creek to Jacksonville, 33 miles, are projected. In September, 1882, the line was opened from Goldsboro' to Smithfield, 22 miles. On the 1st of April, 1884, the road was sold at sheriff's sale, and purchased for \$23,000 by Charles F. Smith, of Boston, Mass. The road is operated by the Atlantic and North Carolina RR. Co., under an arrangement which may be terminated at pleasure. CHARLES F. SMITH, *Owner*, Boston, Mass.

CAPE FEAR AND YADKIN VALLEY RAILWAY.

Line of Road.—Greensboro', N. C., to South Carolina State Line.....142.5

Cape Fear River Branch: Fayetteville, N. C., to Cape Fear River..... 2.0—144.5 miles.

Leased: South Carolina Pacific Ry.: State Line to Bennettsville, S. C..... 10.5 miles.

Total length of road operated February 28, 1885.....155.0 miles.
Sidings, etc., 6.5 miles. Gauge, 4 ft. 8½ in. Rail—iron, 56; steel (107.5 miles), 50 lbs.

Reorganization, April 3, 1879, of the Western RR. Co. of North Carolina, chartered December 24, 1852. On the 3d of April, 1883, the control of this line became vested in the existing company by purchase of the stock (\$550,000) and bonds (\$30,000) formerly owned by the State of North Carolina, under the authority of an act of the North Carolina Assembly, ratified February 27, 1883. Road opened between Fayetteville and Greensboro', June 19, 1884; completed from Fayetteville south to Shoe Heel, August 1, 1884. Opened through from Greensboro' *via* Fayetteville to Bennettsville, S. C., including South Carolina Pacific Ry., leased, on December 5, 1884. The road is being constructed by the North State Improvement Co., a corporation organized for this purpose, and composed of substantially the same parties as form the railway company. The road as projected extends from Wilmington, N. C., to Mount Airy, N. C., about 245 miles; from Fayetteville, N. C., to Bennettsville, S. C. (including South Carolina Pacific Ry.), 57 miles; with a branch up Yadkin Valley to Patterson, 85 miles, and branches to Danbury and Deep River, about 24 miles—in all, about 411 miles. From Greensboro' northwest to Mount Airy, the grading is completed and track laying is now in progress. Early in the present year (1885) the North Carolina Legislature passed an act allowing the city of Wilmington to subscribe for \$250,000 of the stock of this company to aid in extending the road from Fayetteville to Wilmington, about 89 miles.

Rolling Stock.—Locomotive engines, 9. Cars—passenger, 8; baggage, mail, etc., 3; freight (box, 25; stock, 4; platform, 43), 72—total, 83. Also, 1 caboose car.

Operations for year ending February 28, 1885.—Not reported. Earnings—passenger, \$31,766.75; freight, \$78,520.44; mail, express, etc., \$95,141.51—total, \$205,429.70. Expenses—maintenance of way, \$33,244.67; rolling stock, \$15,873.06; transportation, taxes, etc., \$47,272.93—total, \$96,390.66. Net earnings, \$109,038.04.

Financial Statement, March 1, 1883 (latest furnished).—Capital stock (State, \$550,000; individual, \$68,200; town and county, \$100,000), \$718,200; funded debt, 1st mortgage 7 per cent. bonds, interest January and July, \$52,550; bills payable, \$150,000; due State of North Carolina for convict work, \$96,269.07—total, \$885,148.80. Cost of road, etc., as reorganized, \$744,565.36.

The above is the latest statement of financial condition furnished. All the new work

done has been with means provided by the construction company, which has also paid off all former liabilities of the railroad company. In addition to the amount of stock issued as above (of which the Improvement Company owns \$550,000), there were issued \$65,000 to subscribers who had not paid in full, and \$43,000 for the franchise and property of the Fayetteville and Florence RR. Co., with 36 miles of graded road, from Fayetteville to Shoe Heel. Provision was made for an issue of 6 per cent. 30-year 1st mortgage bonds, at \$10,000 per mile, interest payable at Fourth National Bank, New York, January and July; also 2d mortgage income bonds, interest non-cumulative, at \$5,000 per mile, on the completion of the road in sections of five miles.

SOUTH CAROLINA PACIFIC RAILWAY.—North Carolina State Line to Bennettsville, S. C., 10.50 miles. Sidings, etc., 0.75 mile. Rail (steel, 10.50 miles), 50 lbs. Chartered February 9, 1882; road opened December 5, 1884. Leased to Cape Fear and Yadkin Valley Ry. Co. for 30 years from date of completion: rental interest on bonds. Capital stock, \$100,000; funded debt, \$104,600 1st mortgage 6 per cent. 30-year bonds, due October 1, 1914, interest April and October, first coupon payable April 1, 1886—total stock and bonds, representing cost of road, \$204,600. Until 6 per cent. is paid on 2d mortgage income, no interest is payable on 3d mortgage income bonds. All securities are payable, principal and interest, in gold coin, in the city of New York. Capital stock is to be held by Reconstruction Committee for five years from November 1, 1879, in trust for holders of new 2d mortgage bonds (10 shares to each \$1,000 bond); but same may be distributed sooner when full interest upon 2d mortgage bonds shall have been paid, upon request, in writing, of two thirds in amount of the 2d mortgage bondholders. The term *Income*, as used on 2d and 3d mortgages, shall be construed to mean such surplus earnings of the railroad as shall remain after paying all expenses of operating the road and carrying on its business, including all taxes, assessments and interest on prior liens, cost of repairs of road and equipment, so that the efficiency be maintained in high condition; also the cost of such additional equipment as may be deemed necessary for the business of the road. All questions of expenditures within discretion of Board of Directors.

The company guarantees the Wilmington Ry. Bridge Company's 1st mortgage 7 per cent. bonds, \$400,000, to the extent of one-half principal and interest. These bonds are payable by instalments in 1881 to 1897.

Sidings, etc., 12 miles. Gauge, 5 ft. Rail (steel, 26 miles), 50 and 56 lbs.

Chartered as Port Royal RR. Co. in December, 1856; road opened March 1, 1873. Default November 1, 1873; receiver, May 9, 1875. Sold under foreclosure June 6, 1878, and re-organized October 1, 1878. A controlling interest in the road was purchased in June, 1881, by parties in the interest of the Central RR. and Banking Co. of Georgia. In September, 1883, the Augusta and Knoxville RR., from Augusta, Ga., to Greenwood, S. C., 68 miles, was leased for 99 years; this company assuming the bonded debt and guaranteeing 4 per cent. yearly dividends on the stock (\$129,305) of the A. & K. RR. Co. Operations, earnings, etc., of that road are separately rendered.

Rolling Stock.—Locomotive engines, 13. Cars—passenger, 6; cab, 7; baggage, mail, etc., 3; freight (box, 195; stock, 2; platform, 67), 264—total, 280. Also, 1 pile-driver.

Operations for year ending June 30, 1884.—Trains run (passenger, 94,092; freight, 146,463), 240,558 miles. Total engine service, 280,347 miles. Passengers carried, 76,620; carried one mile, 1,759,148. Freight moved (cotton, 14,443 tons, or 57,772 bales), 150,650 tons. Earnings—passenger, \$51,382.01; freight, \$233,082.73; other, \$23,175.59—total, \$307,640.33. Operating expenses and taxes, \$282,050.25. Net earnings, \$25,590.08. Interest on bonds, \$24,000. Balance to profit and loss, \$1,590.08. Balance to debit profit and loss, July 1, 1883, \$58,289.37; cotton ventures, \$5,486.34; Augusta and Knoxville dividend, \$1,350.38—total, \$62,425.33. SOUTH CAROLINA RAILWAY.

Line of Road.—Charleston, S. C., to Augusta, Ga.....137 miles.
Columbia Division: Branchville to Columbia, S. C.....68
Camden Branch: Kingsville to Camden, S. C.....38
Mine Branch: 10 m. Station to Mining Co.'s Works.....3—109 miles.

Total length of lines operated January 1, 1884.....246 miles.

Sidings, etc., 38.52 miles. Gauge, 5 ft. Rail (steel, 158.43 miles), 56 and 60 lbs.

This company was chartered as the Charleston and Hamburg RR. Co. December 19, 1827; the main line was completed October 1, 1833. The Columbia Branch, opened November 1, 1840, and the Camden Branch, opened June 26, 1848, were constructed under separate charters. In 1844 the three roads were consolidated under title of South Carolina RR. The expense of rebuilding the road after the war, together with the accumulations of its liabilities, necessitated a heavy floating debt, the pressure of which forced it to default in 1878; and in October of that year it was placed in the hands of a receiver, sold under foreclosure July 28, 1881, and reorganized November 1, 1881, under present title.

The securities issued under the reorganization are as follows: 1st consolidated mortgage 6 per cent. gold bonds, due October 1, 1920, \$5,000,000; 2d mortgage 6 per cent. bonds, due January 1, 1931, \$1,500,000; 3d mortgage 6 per cent. non-accumulative income bonds, due January 1, 1931, interest annually, February 1st—\$3,000,000. Capital stock, \$5,822,200.

Of the 1st consolidated mortgage bonds, \$607,000, and of the 2d mortgage bonds, \$170,000, are held by the trustees of the 1st consolidated mortgage to provide for prior liens outstanding. The company has in its treasury—2d mortgage bonds, \$200,000; 3d mortgage

income bonds, \$462,000. Of the stock originally issued, \$1,618,040 has been cancelled, and the remainder (\$1,204,160) constitutes the capital stock of the company. The company has no car-trusts or other liabilities not shown in its balance sheet. It is owner of the New York and Charleston Warehouse and Steam Navigation Co., which has constructed 930 feet of wharf on Cooper River, two fertilizer warehouses, with a capacity of 16,000 tons, and five freight sheds, all of which are being used to their full capacity.

Rolling Stock.—Locomotive engines, 46. Cars—passenger, 34; sleeping, 1; baggage, mail and express, 5; freight (box, 604; stock, 14; conductors', 23; shanty, 4; platform, 158), 803—total, 843. Also, 1 commissary, 1 derrick, and 2 officers' and pay cars.

Operations, year ending December 31, 1884.—Trains run (passenger, 392,970; freight, 544,063), 937,033 miles. Total engine service, 1,254,528 miles. Passengers carried, 276,655. Freight moved, 390,257; one mile, 42,881,613 tons.

Total length of line (owned, 302.7) operated.....306.7 miles.
Sidings, etc., 39 miles. Gauge, 5 ft. Rail (steel, 172.53 miles) 56 lbs.

The Georgia RR. Co. was chartered December 21, 1833; name changed to Georgia RR. and Banking Co. by Act of December, 18, 1835. Main line and branches completed in 1845. The Macon and Augusta RR. Co. was chartered in 1859, road opened in 1872, and became the property of this company. On the 1st day of April, 1881, the Georgia RR. was leased for a period of 99 years to William M. Wadley, at an annual rental of \$600,000. As security for a faithful compliance with the terms of the lease, the lessee was required to deposit \$1,000,000 in bonds, the deposit to be kept good in the hands of a Trust Company. By the provisions of the lease, the lessee is to pay interest on the bonds of the Western RR. Co. of Alabama, the lessor to pay the principal and interest on all the rest of its bonds.

The Ga. RR. and Banking Co. owns one half interest in the Western Railway of Alabama, running from West Point, Ga., through Montgomery to Selma, Ala., 138 miles; five eighths

of the Rome RR., running from Kingston, Ga., to Rome, 20 miles; one fifth of the Port Royal and Augusta Railroad, running from Augusta, Ga., to Port Royal, S. C., 112 miles; and $\frac{3}{10}$ of the Atlanta and West Point RR., running from Atlanta to West Point, 87 miles.

During the year 1883, the lessee of this road acquired a controlling interest in the Gainesville, Jefferson and Southern RR., from Gainesville, on the Richmond and Danville RR., to a connection with the Walton RR. at Monroe, 42 miles, with a branch from Florence to Jefferson, 13 miles—total, 55 miles. A majority of the stock of the Walton RR., from Social Circle to Monroe, 10 miles, was also acquired. The two roads were consolidated, and the line from Social Circle, Ga., to Gainesville, Ga., opened March 11, 1884.

Rolling Stock, March 31, 1885.—Locomotive engines, 44. Cars—passenger (including 6 sleeping), 35; baggage, mail, etc., 13; combination, 4; freight (box, 479; caboose, 19; shanty, 20; flat, 168; stock, 28; green line, 152; coal, 113), 979—total, 1,031. Also, 1 pay and 3 commissary cars.

Operations for year ending March 31, 1885 (Lessee's Accounts).—Trains run (passenger, 308,393; mixed, 372,302; freight, 500,274), 1,180,969 miles. Total engine service, 1,374,638 miles. Tons freight moved, 417,705; moved one mile, 56,132,771; average rate, 1.62 cents.

This road is being built by the Richmond and Danville Extension Co., which is controlled by the Richmond and West Point Terminal Co. The narrow-gauge division, formerly the Greenville, Columbus and Birmingham RR., was purchased by this company toward the close of 1881. A traffic contract has been made with the Richmond and Danville RR. Co., by which that company lays aside 20 per cent. of the gross earnings received from an interchange of business with the Georgia Pacific Ry. Co., as a guarantee fund for the payment of any deficiency in first mortgage bond interest.

SAVANNAH, FLORIDA AND WESTERN RAILWAY.

Line of Road.—Savannah, Ga., to Junction Pens. and Atlantic RR., Fla...258.60 miles.
Jacksonville Branch: Waycross, Ga., to Jacksonville, Fla.....75.50 miles.
Gainesville Branch: Dupont, Ga., to Gainesville,118.60 miles.
Albany Branch: Thomasville, Ga., to East Albany, Ga.....58.10 miles.
Bainbridge Branch: Bainbridge Junction to Bainbridge, Ga.....8.50 miles.
Savannah Branch: Extension to Wharves.....2.00 miles.
Junction Branch: Savannah to Central RR. of Ga.....4.10 miles.

Total length of lines owned December 31, 1884.....525.40 miles.
Sidings, etc., 50.5 miles. Gauge, 5 ft. Rail (steel, 387.40 miles), 50 and 60 lbs.

On the 7th of March, 1884, the present company was formed by the consolidation of the Waycross and Florida, the East Florida, the Live Oak and Rowland's Bluff, the Chattahoochee and East Pass, and the Live Oak, Tampa and Charlotte's Harbor RR. Co's., with the Savannah, Florida and Western Ry. Co. The stock of the latter was exchanged share for share for the stock of the branch lines, and an issue of 6 per cent. 50-year consolidated mortgage bonds was made and exchanged for their several bond issues.

The Savannah and Albany RR. Co. was chartered December 25, 1847; company organized in August, 1853; name changed in the following year to Savannah, Albany, and Gulf RR. Co., and the road opened from Savannah to Screven, 69 miles, in 1858. The Atlantic and Gulf RR. Co. was incorporated in 1856, and the road opened from Screven to Thomasville, 131 miles, in April, 1861. In May, 1863, those two companies were consolidated under the name of the latter, and the road extended from Thomasville to Bainbridge, 36 miles; opened in 1867. In 1866, the company completed the Florida Branch, from Dupont, Ga., to Live Oak, Fla., 49 miles. In 1869, the South Georgia and Florida RR. Co. (Albany branch, of which 24 miles, from Thomasville to Pelham, were then completed) was merged in the Atlantic and Gulf system, the latter company issuing its 7 per cent. guaranteed stock in exchange for the stock (\$549,100) of the former, and also assuming its bonded debt of \$664,000. In June, 1870, the Albany branch was completed to East Albany, its present terminus. The company defaulted on the consolidated bond coupons January 1, 1877, and two receivers were appointed in February, 1877. Sold under foreclosure November 4, 1879, and purchased for \$300,000 subject to mortgages amounting to \$2,710,000. On November 26, 1879, the purchasers organized the Savannah, Florida, and Western Ry. Co. with a capital of \$2,000,000, and possession was taken of the property December 9, 1879.

The Waycross and Florida RR. Co. was chartered in 1879; road opened from Waycross, Ga., to St. Mary's River, 33.2 miles, in 1881. The East Florida RR. Co. was chartered in 1880, and road opened from Georgia State Line to Jacksonville, Fla., 43 miles, in 1881. These lines were built by the Savannah, Florida, and Western Ry. Co., and operated as its Jacksonville branch. The Live Oak and Rowland's Bluff RR. Co. was chartered in 1881, and road opened from Live Oak to New Branford, 23.33 miles, in 1882. This line was also built by the Savannah, Florida, and Western Ry. Co., and was operated in connection with the Florida branch. The Savannah, Florida, and Western Ry. Co. paid as rental for the use of the above three lines, interest on their bonds and dividends at the same rate as those paid on its own shares. In 1883 the Savannah, Florida and Western Co. extended its line from Bainbridge Junction to the Florida State line, and in the same year the Chattahoochee and East Pass RR. Co. (chartered in 1882) built an extension of that line in Florida, from the State line to Chattahoochee. The Live Oak, Tampa, and Charlotte's Harbor RR. Co. was chartered to build an extension of the Live Oak and Rowland's Bluff RR. from Rowland's Bluff to Tampa, of which 32 miles, from Rowland's Bluff to Newnansville, were completed at the time of the consolidation. The line was opened to Gainesville, 16 miles beyond Newnansville, May 6, 1884. All these companies were controlled and substantially owned by the Savannah, Florida, and Western Ry. Co.

Rolling Stock.—Locomotive engines, 57. Cars—passenger, 43; baggage, mail, and express, 42; freight box, 614; stock, 27; platform, 330, 971—total, 1,056. Also, 6 service cars.

MOBILE AND OHIO RAILROAD.

Line of Road.—Mobile, Ala., to East Cairo, Ill.....493 miles.

Branches: { *Columbus*: Artesia, Miss., to Columbus, Miss.....14
Starkville: Artesia, Miss., to Starkville, Miss.....11
Aberdeen: Muldon, Miss., to Aberdeen, Miss.....9— 34 miles.

Total length of road.....527 miles.

Sidings and other tracks, 51.09 miles. Gauge, 5 ft. Rail (steel, 339 miles), 56 and 60 lbs.

Chartered in Alabama February 8, 1848, and subsequently in Mississippi, Tennessee, and Kentucky. Land grant acquired under Act of Congress, Sept. 20, 1850, being the first grant for railroad purposes authorized by the national legislature. Main line from Mobile to Columbus opened in September, 1859; Cairo Extension (Columbus to East Cairo, 21 miles), on December 1, 1881.

On May 1, 1875, company made default in payment of interest, and its road was placed in the hands of a receiver. Its affairs were reorganized without a sale of the road, by funding its various kinds of indebtedness into the following securities :

New first mortgage 6 per cent. gold bonds (in place of old).....	\$7,000,000
1st preferred income and sinking fund debentures, issued in extension of balance due on 1st mortgage liens.....	5,300,000
2d preferred income and s. f. debentures, in extension of 2d mortgage liens.....	1,850,000
3d preferred income and s. f. debentures, in extension of 3d mortgage liens.....	600,000
4th pref. inc. and s. f. debentures, in extension of unsecured indebtedness.....	900,000

The debentures are secured by a deed of trust to the Farmers' Loan and Trust Co. of New York, covering specifically 1,143,342 acres of land, and other property not necessary for operation of the road, and providing a sinking fund into which the proceeds from the sales of lands and from other sources are to be paid and applied to the extinguishment of the principal of the debentures in the order of their priority.

Interest at the rate of 7 per cent. per annum, or in multiples of 1 per cent., but not exceeding 7, is payable annually upon each series in the order of their priority, if earned, and is non-cumulative—payable out of the net earnings of the preceding fiscal year after providing for the previous charges (\$456,000). The income debentures are redeemable by a sinking fund, which, as it accrues, is invested in income debentures, the same being stamped "not negotiable," and deposited with the Farmers' Loan and Trust Co., trustees, and the interest thereon is paid and collected for account of said fund, and reinvested in like manner for account of the sinking fund. On the first day of July, 1884, they amounted to \$350,000.

RENEWAL FUND.—Under the plan of reorganization of October 1, 1876, it was provided that the balance of the securities created under said plan, after providing for the previously outstanding obligations of the company, should be appropriated to the payment of the expenses of the reorganization, etc. In view of the low prices prevailing for said securities when it became necessary to provide for these payments, the court authorized, with the assent of the company and of the committee of reorganization, the appropriation of so much of the surplus revenue as was necessary to meet said expenses, all of which was done prior to the date at which the net earnings of the road were, by the plan of reorganization, appropriated to the payment of the interest upon the new securities.

The receiver upon accounting to the court, and the committee of reorganization upon terminating its trust, turned over the balance of the new securities remaining in their hands respectively, to the M. & O. RR. Co., and the company placed the same with other assets so received to the credit of a renewal fund. Against this fund has been charged certain outlay not strictly connected with the operating of the road, and among others was charged the \$100,000 expenditure entailed in the construction of the Kentucky and Tennessee RR. (Cairo Extension), over and above the amount provided by the Cairo extension bonds. On the creation of the \$1,000,000 first mortgage extension bonds, the balance (\$400,000) of said bonds not necessary for the exchange of the Cairo extension bonds, was appropriated to reimburse the above mentioned \$100,000 by sale of \$100,000 of said bonds at par, and the remaining \$300,-

000 bonds are held in the renewal fund, to be disposed in like manner to meet the future requirements of the road.

The securities held in the renewal fund at this date are as follows: \$300,000 first mortgage extension bonds, \$106,300 second preferred debentures, \$7,200 third preferred debentures, \$317,700 fourth preferred debentures, and 835 shares of the capital stock.

CAR TRUSTS.—The several car trusts are: Car Trust, Series A, covering 3 passenger coaches and 67 freight cars, original issue \$44,000, of which has been paid in monthly installments \$16,000, leaving outstanding June 30, 1884, \$28,000; Car Trust, Series B, covering 8 Mogul engines, original issue \$84,000, of which has been paid in monthly installments \$26,000, leaving outstanding June 30, 1884, \$58,000. The payments as made have been charged to the current operating expenses of the road.

Land Department.—Lands in Alabama, 490,210.10; in Mississippi, 579,844.08, and in Kentucky, 1,258.50—total, 1,071,312.68 acres. Value of lands, \$518,177.62. Town lots, etc., in Alabama, \$19,844.88, and in Mississippi, \$11,235.04—total, \$31,079.92. Value of lands, lots, etc., \$549,257.54.

Cash balance July 1, 1883, \$1,777.54; contracts on hand same date, \$25,998.93; sold during 1883-4, lands, \$52,367.83, and lots, \$4,597.79; collections from land rents, \$7,317.96, and from timber sales, etc., \$19,386.96; interest, exchange, etc., \$981.36; dividend on debentures, \$16,665—total cash debits, \$129,093.37. *Contra*: Expenses of office, etc., \$14,823.54; of local agents, \$3,016.80; land contracts cancelled, \$6,123.53; 1st pref. debts. purchased for account of sinking fund, \$61,522.25; balances, June 30, 1884 (land contracts, \$40,412.27; cash on hand, \$3,194.98), \$43,607.25.

The sinking fund, June 30, 1884, consisted of \$350,000 of the 1st preferred income and sinking fund debentures.

WESTERN RAILWAY OF ALABAMA.

Line of Road.—Selma, Ala., to West Point, Ga..... 138 miles.
Sidings, 11 miles. Gauge, 5 ft. Rail (steel, 59 miles), 50 and 56 lbs.

The Western Railroad of Alabama was formed by the consolidation, September 1, 1870, of the Montgomery and West Point (chartered in 1834; road opened in 1854) and the Western Ry. of Alabama (opened in 1870). Its line extended from Selma, Ala., to West Point, Ga., 138 miles, with a branch from Opelika, Ala., to Columbus, Ga., 29 miles. On the 10th of May, 1875, the road was sold under foreclosure and purchased for the joint account of the Georgia RR. and Banking Co., and the Central RR. and Banking Co. of Georgia. On the 1st of May, 1880, the purchasers leased the portion of the road extending from Montgomery to Selma, 50 miles, to the Louisville and Nashville RR. Co., at an annual rental of \$52,000, and on September 1, 1881, transferred the Columbus Branch to the Columbus and Western RR. Co. In 1883, this branch was formally deeded to the Columbus and Western Co., the consideration being that the Central of Georgia should assume bonds of the Western of Alabama to the amount of \$269,000, redeemed by it in 1880 and held for settlement. The existing corporation (Western Ry. Co. of Alabama) was chartered March 15, 1883, and took formal possession of the road April 1, 1863. The Georgia RR. and the Central of Georgia are each equally interested in its control.

Rolling Stock, August 31, 1884.—Locomotive engines, 15. Cars—passenger, 11; baggage, mail, and express, 61; freight (box, 149; coal, 35; platform, 35), 219—total, 236. Also, 9 service and 2 caboose cars.

Operations for the year ending June 30, 1884 (88 miles).—Trains run, 133,775; freight, 57,389; mixed, 49,253; 240,417 miles. Total engine service, 259,229 miles. For year ending August 31, 1884 (company's fiscal year), earnings and expenses were as follows:

LOUISIANA CENTRAL RAILROAD.

Line of Road.—East Baton Rouge, La., to Musson, La.....26 miles.
Gauge, 5 ft. 6 in. Weight of rail per yard, 56 lbs.

This company is successor to the Baton Rouge, Gros Tête and Opelousas RR. Co. by foreclosure sale, April 7, 1883. The present company has no bonded debt. Capital stock, \$150,000. The City of Baton Rouge issues \$35,000 compromise bonds to this company. Surveys have been made and work begun for the extension, above the level of inundation, between Vermilionville and Rosedale, 36 miles, where it intersects the New Orleans Pacific RR. The completion of this link will establish a "cut-off" between the Southern Pacific system and the Louisville, New Orleans and Texas division of the Chesapeake and Ohio System.

LOUISIANA WESTERN RAILROAD.

Line of Road.—Lafayette, La., to Orange, Tex.....112.03 miles.
Sidings, etc., 11.65 miles. Gauge, 4 ft. 8½ in. Rail (steel 112.03 miles), 52 lbs.

The route of this road originally formed the western extension of what is now known as the New Orleans, and Mobile RR. (which see). Some preliminary work had been done in the way of grading, etc., when, in 1876, it was sold under foreclosure and this portion purchased by Morgan's Louisiana and Texas RR. Co., which subsequently transferred it to the Louisiana Western RR. Co. The construction of the road was commenced in 1879, and the whole line

put in operation in August, 1880, completing a direct line from New Orleans, La., to Houston, Tex., as follows:

1. The Texas and New Orleans RR. Co. of 1874, extending from Houston to the Sabine River at Orange, 106 miles.—2. The Louisiana Western RR. from Orange to Vermillionville, La., 112 miles.—3. Morgan's Louisiana and Texas RR. from Vermillionville to New Orleans, 144 miles. Distance from New Orleans to Houston, 362 miles. Since the close of the fiscal year the line has been leased to the SOUTHERN PACIFIC COMPANY, to statement for which reference should be made.

The entire line between Houston and Vermillionville is operated under one management, a contract to that effect having been made for a long term of years.

Rolling Stock.—Locomotive engines, 9. Cars—passenger, 4; sleeping, 3; baggage, etc., 2; freight (box, 122; stock, 50; flat, 125; caboose, 6), 303—total, 312.

The New Orleans, Opelousas and Great Western RR. Co. was chartered in April, 1852, to build a line from Algiers, opposite New Orleans, La., by way of Thibodeaux, Berwick's Bay and Washington, to the Sabine River, with a branch through the northwestern parishes of Louisiana to the southern boundary of Arkansas. Capital stock by charter (par value \$25), \$3,000,000, subsequently increased to \$6,000,000, with power to increase par value of shares to \$100. On June 21, 1852, the City of New Orleans voted to impose a tax on itself of \$1,-

500,000, to aid in the construction of the road. In 1853 the State agreed to subscribe for one-fifth of the stock of the company, payable proportionately as the remaining four-fifths were paid in. In 1854, application was made to the City of New Orleans, to substitute its corporate subscription for the tax previously authorized. This was granted, and the company received bonds of the city, bearing 7 per cent. interest and due in 20 years, to the amount of \$1,500,000, in exchange for which it issued a corresponding amount of stock. Congress donated alternate sections of public lands for six miles in width on each side of the line, and where the lands were already occupied within those limits permission was given to make like entries within a width of 15 miles. The location of the road was commenced in August, 1852, and on November 6th, 1854, the road was opened from Algiers to Lafourche Crossing, 52 miles; on October 15, 1855, to Tigerville, 14 miles additional; on March 1st, 1856, to Bayou Boenf, 7 miles, and on April 12th, 1857, to Berwick's Bay, 7 miles—total length, 80 miles. During the civil war it was in the possession of the Federal Government, which returned it to the company February 1, 1866. On May 25th, 1869, the road was sold at public auction and purchased by Charles Morgan, of New York City, for \$2,050,000. Under his ownership the Houma branch, 15 miles, was built in 1871, and in the years 1879 and 1880 the extension from the old terminus at Berwick's Bay (Morgan City), to Cheneyville, 124 miles, and the Thibodeaux branch, 6 miles. The Salt Mine, St. Martinsville and Cypremont branches have been added during the past four years.

In October 1884, the Southern Development Company completed its purchase of the entire capital stock of this company. On March 1, 1885, the ownership of 40,627 shares out of a total of 50,000 was transferred to the SOUTHERN PACIFIC COMPANY (which see), a new corporation which controls through ownership or lease all of the lines forming what is known as the "Sunset Route" between New Orleans and San Francisco.

Rolling Stock.—Locomotive engines, 44. Cars—passenger, 36; baggage, 13; freight (box, 511; stock, 92; flat, 243), 836—total, 885.

Operations for year ending March 31, 1884.—Trains run (passenger, 1,359,880; freight 9,484,517), 10,844,397 miles. Passenger and freight movement not reported. Net earnings, \$1,281,564.37.

Financial Statement.—Capital stock, \$5,000,000; funded debt (1st mortgage 7 per cent. 40-year gold bonds, due April 1, 1918, interest April and October, \$5,000,000; 1st mortgage 6 per cent. 40-year gold bonds, due July 1, 1920, interest January and July, \$1,494,000), \$6,494,000—total, representing cost of road, ships, etc., etc., \$11,494,000.

The authorized issue of the 1st mortgage 6 per cent. gold bonds was \$1,800,000, but the road having been built no further than Cheneyville only \$1,494,000 were issued.

Annual meeting, first Monday in April; books close for annual meeting twenty days prior thereto. Stock and bonds listed on New York Stock Exchange.

The company owns four large ferry-boats, and a number of tugs and dredge boats, in addition to seventeen iron steamships, six of which ply between the ports of New York and New Orleans, nine between Morgan City, La., and the various Texas and Mexican ports, and two between New Orleans, Florida, and Havana ports. These steamers are run in connection with Morgan's Louisiana and Texas RR., and their earnings are included in statement given above.

The company also owns nearly the entire capital stock of the Gulf, Western and Pacific RR., Texas Transportation Co., Buffalo Bayou Ship Channel Co., and a majority of interest in the capital stock of the Houston and Texas Central Ry. Co., etc.

This company was formed by a consolidation, November 20, 1869, of the East Tennessee and Virginia RR., chartered March 6, 1849, opened July 10, 1855; and the East Tennessee and Georgia RR., chartered February 4, 1848, opened October 8, 1856.

The Selma, Rome and Dalton RR., Selma to Georgia State Line, 171 miles, was purchased at foreclosure sale on June 14, 1881. The Georgia Southern RR., which continued that line to Dalton, Ga., 65 miles, had been previously acquired. The Knoxville and Ohio RR. was acquired by the purchase of its outstanding bonds and capital stock in June, 1881. The Morristown Branch (formerly the Cincinnati, Cumberland Gap and Charleston RR.) was acquired by purchase. The Macon and Brunswick RR., extending from Macon to Brunswick, with branches, was purchased July 18, 1881, by the Cincinnati and Georgia RR. Co., and the Cincinnati and Georgia RR., then under contract for its extension from Macon to Atlanta and Rome, was acquired by purchase about the same time. The Alabama Central RR. was acquired by purchase of all the bonds and all but a small portion of the capital stock. Included in mileage of Meridian Subdivision as above, is a section of the Mobile and Ohio RR., from Lauderdale, Miss., to Meridian, Miss., 18 miles, which is under trackage contract. Of the Atlanta Division, 17.6 miles, from Anstell to Atlanta, Ga., are owned conjointly by this company and the Georgia Pacific Co.

Rolling Stock.—Locomotive engines, 158. Cars—passenger, 87; baggage, mail, and express, 33; freight (box, 1,366; stock, 164; coal, 1,218; flat, 707; crank and lever, 130; dump, 161), 3,746; caboose, 66; other, 16—total, 3,948.

Operations for year ending June 30, 1884.—Trains run (passenger, 1,258,127; freight, 2,347,041), 3,605,168 miles. Total engine service, 4,855,027 miles. * Five per cent. of principal to be paid each six months, beginning (with last number) on June 1, 1885.

On December 30, 1884, a committee of the directors, which had been instructed to report on the financial condition of the company, recommended—

That the holders of the consolidated 5s be asked to fund four coupons (those of 1885-86) by depositing them with the Central Trust Co. of New York, as trustee, and receiving instead funded coupon 6 per cent. bonds, dated July 1, 1885, interest payable January and July, bonds to run ten years; be redeemable at the pleasure of the company at par and accrued interest, after three years, on three months' notice, and to be secured by the coupons so deposited, the lien of which will be in all respects preserved.

That the holders of the Cincinnati and Georgia Division 1st mortgage 6s be asked to fund four coupons (those of 1885-86), by depositing with the Central Trust Co. of New York, as trustee, and accepting in lieu thereof a funded coupon bond of the same character as that provided for exchange of the consolidated bond-coupons; bonds to be dated September 1, 1885.

That the holders of the debentures be asked to extend for ten years such of the de-

bentures as fall due during the years 1885 and 1886, and to accept, for interest in same period, similar debentures, running from five to ten years.

That an arrangement be made with the holders of the Car Trust Certificates of the company, Series A, for an extension of ten years of all payments of principal falling due in 1885 and 1886, being \$100,000 in each year.

The total amount of interest, etc., which would be extended under these recommendations is, \$2,280,600—\$1,467,400 coupons 5s, \$240,000 coupons C. and G. Division, \$873,200 debentures, and \$200,000 car trusts.

In consonance with these recommendations the interest due January 1, 1885, on consolidated 5s was not paid pending the action of the bondholders.

On January 6, 1885, the road and property were placed in the hands of Henry Fink, as receiver, by the United States Circuit Court at Knoxville, Tenn. On January 8, 1885, on application of certain holders of Cincinnati and Georgia Division bonds, R. T. Dorsey and E. P. Alexander were appointed receivers of the road and property within that State. Subsequently the State court appointed R. T. Dorsey as sole receiver in that State. The litigation resulting from this conflict of jurisdiction between the State and Federal Courts had not been settled at the time of going to press. It is stated that the funding scheme is progressing satisfactorily.

LOUISVILLE, NEW ORLEANS AND TEXAS RAILROAD.

Line of Road.—Memphis, Tenn., to New Orleans, La. 455 miles.
Leland Branch: Leland, Miss., to Huntington, Miss. 22 m.
Washington Br.: Main Line Junc. to South. Boundary, Wash'gt'n Co., Miss. 34 m.—56 miles.
 Leased: *Clinton and Port Hudson RR:* Clinton, La., to Port Hudson, La. 22 miles.

Total length of lines owned and operated. 533 miles.
 Sidings, etc., 15 miles. Gauge, 4 ft. 8½ in. Rail (steel), 56 lbs.

This company was formed by the consolidation, August 12, 1884, of certain companies which had been organized to build the several sections in the States through which the consolidated line runs (see MANUAL for 1884, page 478). The main line was completed in October, 1884, and opened for business November 1st. Construction on the Leland branch was begun in 1884, and practically completed May 1, 1885. At Huntington (on the Mississippi River) that branch connects by ferry with Little Rock and Fort Smith RR. The Clinton and Port Hudson RR. is leased for five years from October 1, 1884; its operations are separately reported. The main line forms the connecting link between the Chesapeake and Ohio System in the North and that of the Southern Pacific in the South. A cut-off now under construction will furnish shorter and more direct connection, by way of Baton Rouge, with the latter system. The company owns 51 locomotive engines, 41 passenger cars, and 810 freight cars. The road had been in operation for only two months at the close of the fiscal year. In that period its gross earnings were reported to be \$213,853.05; operating expenses, \$146,230.26; net earnings, \$67,622.79.

Financial Statement, December 31, 1884.—Capital stock, \$5,110,000; funded debt, \$22,260,000—total, \$27,370,000. The funded debt consists of \$12,040,000 (\$14,770,000 authorized) first mortgage 5 per cent. 50-year bonds, due September, 1934, interest March and September, and \$10,220,000 income 6 per cent. (non-cumulative) 50-year bonds, due September, 1934. The first mortgage bonds are issued at the rate of \$24,000 per mile, for construction, equipment, and real estate, \$6,000 per mile of same being retained in treasury for future improvements, etc. For the construction of branches bonds of the same series are limited to \$20,000 per mile. The bonds of this issue are a first lien on the entire property and franchises of the company except the lands of the company, upon which the income bonds are a prior lien. These lands, situated in the Yazoo Delta, were forfeited to the Levee Board, and by the latter sold to the Memphis and Vicksburg RR. Co., one of the original organizations included in the present company.

Annual meeting, first Monday in October. Interest on bonds payable in New York.

Directors (elected September 5, 1884).—R. T. Wilson, I. E. Gates, Wm. M. Johnston, E. H. Pardee, Wm. Mahl, J. F. Van Name, New York, N. Y.; A. C. Hutchison, J. G. Schriever, New Orleans, La.; James M. Edwards, Memphis, Tenn.

* NOTE.—Since the last Annual Report, the accounts for Construction, Equipment and Real Estate have been consolidated under the head of "Cost of Road, Real Estate and Equipment." The following accounts have been charged off to Profit and Loss:—"Stock in Shelby County Turnpike Co.," "Stock in International Exhibition," "Ripley Railroad," "Material and Fuel" (except a small balance); "Steel Rails and Fastenings;" "Cost of Sleepers;" also \$65,500 of the value of the South and North Alabama Railroad Company stock. The Profit and Loss account has been charged to "Cost of Road, Real Estate and Equipment," except the credit on this year's business. This Company held 50 shares of stock in The National Bank of Huntsville. It was reduced to 40 shares by reduction of the bank capital, and \$4,000 the proceeds arising therefrom, paid into the treasury. The remaining 40 shares were sold in April, 1882, and realized, with accumulated dividends, \$4,800. By resolution of the Board, dated April 1, 1882, this amount was paid out for salaries, on orders of the President. Since the last Annual Report, the bonded indebtedness of the Company has been increased by the sale and issuing of 300 bonds that were in the treasury. 200 of these bonds were sold at par, and the proceeds paid to the New York Agency. 72 of these bonds are held by the New York Agency, subject to the order of the Board. 34 of these bonds were sold at par, and the proceeds used to pay the expenses incurred by the former Board of Directors, for officers, agents, attorneys' fees, and expenses of litigation with the East Tennessee, Virginia and Georgia Railroad Company.

Chartered as Selma, Marion and Memphis RR. Co., November 23, 1859, but no road built by that company. Sold under foreclosure and a company organized under the present title April 13, 1881, with an authorized capital of \$3,000,000. First mortgage 6 per cent. 40-year bonds to the sum of \$3,500,000, and \$2,500,000 income bonds were also provided for. Of the first mortgage bonds \$1,000,000 in amount were issued, part of which was in payment of the old road, and the remainder was expended in new construction. In 1883 the road was completed 21.5 miles. On January 22, 1884, judgment was entered against this company for \$311,000 due contractors, etc., and the road was ordered to be sold August 11, 1884. At the sale there were no bidders, and on the 18th of August a receiver was appointed on application of the judgment creditors, and the work of completing the road from Memphis to Holly

Springs, Miss., reëntered upon. At this date, May 25, 1885, the road is completed to Holly Springs. Of the road completed, 1.7 miles in the city of Memphis are owned jointly by this company and the Kansas City, Springfield and Memphis RR. Co.

Rolling Stock.—Locomotive engines, 2. Cars—passenger, 4; baggage, etc., 2; freight (box, 20; platform, 20), 40—total, 46. Of the above, 20 box cars, and 10 platform cars are owned through car trusts, and 10 platform cars are leased.

The Nashville and Chattanooga RR. Co. was chartered December 11, 1845; organized January 24, 1848; road completed and opened from Nashville to Chattanooga, 151 miles, in February 1854. In its incipency it was aided by the State of Tennessee, which also aided the Nashville and Northwestern RR. Co., a corporation chartered January 22, 1852, and which constructed and opened in 1869 a line from Nashville to Hickman, 170 miles. The latter company becoming unable to pay the interest on its State loan, a State receiver was appointed, and under his direction the road was operated until 1869, when it was leased by the Nashville and Chattanooga RR. Co. In November, 1871, the Nashville and Northwestern line was sold under foreclosure by the State and purchased by the Nashville and Chattanooga RR. Co., which in 1873, on the formal consolidation of the N. & N. W. RR., adopted the name Nashville, Chattanooga and St. Louis Railway Co.

The branch lines built by the company were opened as follows: Jasper branch, 12 miles, in 1867, 7.5 miles in 1877, and 5.5 miles in 1883; Fayetteville branch, 40 miles, in 1859; McMinnville branch, 34.2 miles in 1856; 12.2 miles in 1881, and 14 miles (to Sparta, 5.4 miles Doyle) in 1884; Shelbyville branch, 8 miles, in 1853; Centreville, 21 miles, in 1880, 3.5 miles in 1881, 5.5 miles in 1882, 4 miles in 1883, 13 miles in 1884; Lebanon branch, 30 miles, in 1870.

On October 1, 1880, a new agreement was made with the Memphis and Charleston RR. Co., to continue for eight years, for the joint use of this company's line between Stevenson and Chattanooga, 38 miles, at an annual rental of \$60,000. An agreement was also entered into with the Alabama Great Southern RR. Co., for 33 years from January 18, 1881, for the use of track between Wauhatchie and Chattanooga, 5 miles, upon payment of \$14,400 per annum, in monthly instalments.

Rolling Stock.—Locomotive engines, 79. Cars—passenger, 42; baggage and mail, 18; freight (box, 1,282; stock, 52; platform, 550), 1,884—total, 1,944. Also, 1 pay, 2 wrecking cars, and 1 pile-driver.

Operations for year ending June 30, 1884 (554 miles).—Trains run (passenger, 596,078; freight, 880,854), 1,476,932 miles. Total engine service, 1,914,138 miles. Passengers carried (west, 223,289; east, 219,020), 442,309. Freight moved—not reported. Net earnings (43.23 per cent.), \$524,638.38. Payments—interest on bonds, \$318,655; taxes, \$24,276.52; improvements, \$39,435.25—total, \$382,366.77. Balance, surplus, \$142,271.61.

NASHVILLE AND TUSCALOOSA RAILROAD (Centreville Branch).—Dickson to Lewis County line, Tenn., 47 miles. Chartered June 6, 1877. Road opened to Graham, 21 miles, in 1879. Operated since January 1, 1880, by N. C. & St. L. Ry. Co., which extended it to Centreville, 34 miles, in 1882, and to the Lewis County line, 47 miles, during the past year. The latter extension was made in accordance with contracts entered into December 16, 1882 (see MANUAL for 1884, page 496). The cost of this extension was \$148,096.87. This whole line is now owned in fee simple by N. C. & St. L. Ry. Co.

DUCK RIVER VALLEY RAILROAD.—Columbia to Fayetteville, 48 miles. Total track, 49.50 miles. Gauge, 3 feet. Rail, 31 lbs. Chartered in September, 1872. Opened 20 miles in 1877; to Petersburg, 35 miles, in 1879; to Fayetteville in 1882. The company own 2 locomotive engines, 2 passenger, 1 baggage, and 26 freight cars. Leased for forty years, October 9, 1879, to N. C. & St. L. Ry. Co., and extended by that company to Fayetteville, at a cost to June 30, 1882, of \$115,815.70. By the terms of the lease the D. R. V. RR. Co. issued its bonds to the N. C. & St. L. Ry. Co. to the amount of \$190,000, with which the lessee was to provide for the completion of the road and the liquidation of the D. R. V. Co.'s floating debt, which has been done. The rental paid is interest on \$250,000 1st mortgage 20-year bonds (\$124,000 8 per cent. and \$126,000 6 per cent.), due January 1, 1896, and \$140,000 2d mortgage 6 per cent. 30-year bonds, due November 1, 1909. Capital Stock, \$189,700; bonds, \$390,000; unfunded debt, \$26,000; income balance, \$13,104.20—total, \$618,804.20. Cost of road, etc., \$616,239.08; other assets, \$2,565.12. HENRY B. TALLEY, President; Jo. J. S. Gill, Secretary, and Treasurer, Petersburg, Tenn.

McMINNVILLE AND MANCHESTER RAILROAD (McMinnville Branch).—Tullahoma, Tenn., to Doyle, Tenn., 55 miles. Chartered February 4, 1850. Road opened 34.2 miles in November, 1856. Purchased after foreclosure, in 1871, by the Memphis and Charleston RR. Co.; road and equipment sold to N., C. & St. L. RR. Co. March 26, 1877, which paid therefor \$160,000 6 per cent. 40-year bonds, dated January 1, 1878, interest January and July, secured by a mortgage on the road. Since that time the company has expended \$335,522.85 on extending and improving the road. This amount, however, includes \$78,000 Fayetteville and McMinnville Branch 6 per cent. bonds, being an issue of \$6,000 per mile on the extension of 13 miles beyond McMinnville, as authorized by the original mortgage, leaving the amount expended by this company out of its earnings, in addition to the proceeds of the bonds, in extending and improving the McMinnville branch to July 1, 1884, \$257,522.85.

TENNESSEE AND PACIFIC RAILROAD (Lebanon Branch).—Nashville, Tenn., to Lebanon, Tenn., 30 miles. Chartered May, 1866; road opened 1870. Failing to pay interest on State bonds issued in aid of its construction, the road was taken possession of by the State of Tennessee, and sold January 16, 1877, to the N., C. & St. L. Ry. Co. for \$140,000 cash, and in addition the N. C. & S. L. Ry. Co. issued \$300,000 6 per cent. 40-year bonds, secured by a first mortgage on the Tennessee and Pacific RR., dated Jan. 1, 1878, interest January and July.

WINCHESTER AND ALABAMA RAILROAD (Fayetteville Branch).—Decherd, Tenn., to Fayetteville, Tenn., 40 miles. Built on State loans. Foreclosed in 1871; purchased by Memphis and Charleston RR. Co., which resold it to the N., C. & St. L. RR. Co. for \$160,000 6 per cent. 40-year bonds.

Line of Road.—Cincinnati, O., to Chattanooga, Tenn.....335.80 miles.
 Sidings, 71.04 miles. Gauge, 5 ft. Rail (steel, 274 miles), 53 and 60; iron, 60 lbs.

Organized under the laws of the State of Ohio, October 8, 1881, as lessee of the Cincinnati Southern Ry., which was incorporated by an act of the Legislature of Ohio, May 4, 1869. The road was projected and built for the purpose of enlarging the trade of the City of Cincinnati in a southerly direction. Construction was begun in December, 1873; road opened from Cincinnati to Somerset, Ky., 158.3 miles, July 21, 1877; and to Chattanooga, Tenn., February 12, 1880. The City of Cincinnati supplied the means for construction by an issue of bonds as follows:

1st series, July 1, 1872–1902, interest 7 per cent. January and July (\$700,000 authorized), \$587,000; 2d series, July 1, 1872–1902, interest 7.3 per cent. January and July (\$9,300,000 authorized), \$8,362,000; 3d series, May 1, 1876–1906, interest 7.3 per cent. May and November (\$2,800,000 authorized), \$2,032,000; 4th series, May 1, 1876–1906 interest 6 per cent. May and November (\$3,200,000 authorized), \$2,954,000; 5th series, November 1, 1878–1908, in-

terest 7 per cent. May and November (\$1,000,000 authorized), \$1,000,000; 6th series, August 1, 1879-1909, interest 6 per cent. February and August (\$1,000,000 authorized), \$1,000,000.

On the 12th of October, 1881, the road was leased to the C. N. O. & T. P. Ry., at a rental, payable quarterly, of \$812,000 a year for a period of 5 years; \$912,000 a year for a second period of 5 years; \$1,012,000 a year for a third period of 5 years; \$1,102,000 a year for a fourth period of 5 years, and \$1,262,000 yearly for a fifth period of 5 years. The rental is the only fixed charge upon the road.

CHESAPEAKE, OHIO AND SOUTHWESTERN RAILROAD.

Line of Road.—Louisville, Ky., to Memphis, Tenn. 392.48

Branch Line: Elizabethtown, Ky., to Cecilia. 6.00—398.48 miles.

Sidings, etc., 43.43 miles. Gauge, 4 ft. 9 in. Rail (steel, 221.58 miles), 50–56 lbs.

The Chesapeake, Ohio and Southwestern RR. Co. was organized in Tennessee in 1877, under the general law of that State; and in Kentucky by a special act passed January 18, 1882, as successor to the Memphis, Paducah and Northern RR. (See MANUAL for 1884, page 504), purchased under a foreclosure sale July 30, 1881, which, by the last-named act, was merged with the Paducah and Elizabethtown RR. Co., January 26, 1882. The main line was opened September 6, 1872. The extension from Cecilia into Louisville, 46.7 miles, was completed September 1, 1874. This branch was sold to the Louisville and Nashville RR. Co. January 19, 1877, and by it operated until January 1, 1882. The line of the Chesapeake, Ohio and Southwestern RR. extends from Elizabethtown, Ky. (46 miles southwest of Louisville), *via* Paducah to Memphis, Tenn. It leased in perpetuity, January 1, 1882, from the Louisville and Nashville RR. Co., at the rate of \$60,000 per annum, the Cecilian Branch, previously sold to that company, and operates the same as a part of its main through line to Memphis. In 1882 the gauge of the road was changed from 5 feet to 4 feet 9 inches, to correspond with that of the roads entering Louisville from the north and east. Arrangements have been made for using the line between Louisville and Lexington (owned by the Louisville and Nashville), standard gauge, so as to admit the trains of the C. & O. RR. of Virginia to Louisville, and to an exchange there of the through business between the two systems. It is proposed to construct a cut-off south of Paducah, so as to reduce the distance from Louisville to Memphis about 20 miles; also to extend the line to Cairo, so as to connect with the roads diverging thence in the direction of St. Louis and Arkansas. The length of road and branches, when completed, it is estimated will be 450 miles.

Rolling Stock.—Locomotive engines, 64. Cars—passenger, 23; baggage, mail, and express, 8; freight (box, 432; stock, 95; platform, 100; coal, 563), 1,190—total, 1,221. Also 37 cabooses and 86 other cars of this equipment; 33 engines, 6 passenger, 2 baggage, etc., 400 box, 50 stock and 200 coal cars are owned through car trust.

Operations for year ending December 31, 1884.—Trains run (passenger, 456,618; freight, 871,017), 1,327,635 miles. Passengers carried, 444,006; carried one mile, 12,734,715; average mile-rate, 2,551 cents. Tons freight moved, 561,529; moved one mile, 89,505,903; average mile-rate, 1,093 cents.

Sidings, etc., 26.96 miles. Gauge, 4 ft. 9 in. Rail (steel, 179.78 miles), 56 and 60 lbs.

The Covington and Lexington RR. Co., chartered February 28, 1849, was opened between Covington and Lexington May 9, 1856, and the Maysville and Lexington RR., between Paris and Lexington, February 10, 1859. These two roads, forming together a line of 100 miles, were sold under foreclosure in 1865, the purchasing bondholders organizing subsequently under the name of the Kentucky Central Association. The existing company, successor to this latter, was chartered March 20, 1875, and took possession of the property May 1st of the same year. In 1883 the construction of the Livingston Extension of this company's line was begun. The company had previously (January 1, 1884) obtained control, through lease, for 99 years (with privilege of purchasing at any time at a fixed price of \$400,000), of the Richmond branch of the Louisville and Nashville RR. During 1883 the Livingston extension was completed to a connection with the latter line, and on the remainder of the road the work was practically finished. In the prosecution of this work a net floating debt of \$863,840 had been accumulated to December 31, 1883. To offset this there remained in the treasury \$341,000 of unsold 6 per cent. consolidated bonds. To provide the means for liquidating this indebtedness, as well as to thoroughly complete and equip the new line and provide it with proper terminal facilities, etc., a plan was agreed upon early in 1884, under which the stockholders voluntarily contributed amounts equal to ten per cent. of the par value of their holdings, and the holders of consolidated bonds assented to a reduction of their interest from 6 to 4 per cent. for a period of three years from January 1, 1884.

On July 21, 1884, the first through train was run over the Lexington Extension, and on August 19, 1884, it was formally opened for general business throughout its entire length. Under the terms of a traffic and trackage contract with the Louisville and Nashville RR. Co. this company uses the Knoxville branch from Livingston to Jellico, 65 miles, connecting at the latter point with East Tennessee, Virginia and Georgia RR.

The Maysville and Lexington (Northern Division) RR. is leased in perpetuity (and practically owned) at an annual rental of \$28,000, being 7 per cent. interest on \$400,000 bonds, due 1906. The rental charge of Richmond branch is \$24,000 per annum.

Rolling Stock, December 31, 1884.—Locomotive engines, 27. Cars—passenger, 26; baggage, mail, and express, 10; freight (box, 314; coal, 50; stock, 94; flat, 144), 602—total, 638. Also 14 caboose and 3 other cars.

Operations for year ending December 31, 1884 (average, 231.16 miles).—Trains run (passenger, 406,842; freight, 273,701), 680,543 miles. Passengers carried, 428,857; carried one mile, 14,470,859; average mile rate, 2.335 cents. Tons of freight moved, 340,349; moved one mile, 23,497,161; average mile-rate, 2.217 cents.

Net earnings (34.54 per cent.), \$318,487.47. Payments: Interest on bonds, \$256,880; on floating debt, \$22,667.80; taxes, \$15,544.47; general expenses, New York office, \$1,805.52; rentals, leased lines, \$62,074.37; old claims, \$10,384.10—total, \$369,356.26. Net deficit for year, \$50,868.79. Surplus income from 1883, \$260,147.83—surplus income December 31, 1884, \$209,279.04. Add amount of contribution by stockholders, \$510,048.24—total to credit of profit and loss, \$719,327.28.

The contribution by stockholders, noted above, \$510,048.24, was made in pursuance of a plan agreed upon early in 1884 to provide means for liquidating the floating debt incurred through the construction of the Lexington Extension. In addition to that sum there were received \$15,000 from sale of common stock, making a total of \$525,048.24, which was applied and is represented as follows: On account of construction, Lexington Extension, \$103,805.60; construction and improvement, main line, \$44,532.56; construction and improve-

ment, Richmond branch, \$1,137.52—total construction, etc., \$148,475.68 ; decrease in liabilities, \$213,846.43 ; increase in assets, \$111,857.34—total, \$474,179.45. Excess of receipts, corresponding with net deficit for year, \$50,868.79.

The amount of capital stock authorized is \$6,600,000, the unissued amount to be reserved for extensions and new equipment. The consolidated mortgage bonds (\$6,600,000 authorized, or at the rate of \$30,000 per mile) were issued to provide the means for constructing the Livingston Extension, for rebuilding the road, and for retiring the previous issues of bonds and \$500,000 of preferred stock. These bonds run 30 years, to July 1, 1911, with the option of paying in five years ; bear interest at the rate of 6 per cent. per annum, payable January and July ; numbered consecutively 1 to 6,600, each \$1,000, coupon, and are secured by a mortgage on the entire line subject to prior liens. Trustees, George T. Bliss and Isaac E. Gates. As previously noted, interest on these bonds for 1885 and 1886 will be at rate of 4 per cent.

Annual meeting third Tuesday in March ; books close 30 days prior thereto. Registrar of stock, Central Trust Co., New York, N. Y. Common stock, \$5,500,000, and consolidated mortgage bonds, \$6,380,000—\$5,600,000 "stamped 4 per cents.," and \$780,000, unstamped, are listed on the New York Stock Exchange.

The general mortgage was created to secure an issue of \$20,000,000 6 per cent. 40-year gold bonds, due June 1, 1930, interest June and December, free of U. S. income tax. The bonds are secured by a mortgage on 840 miles of railroad, as follows: Main line, 185 miles; Bardstown, Knoxville, Richmond and Memphis Branches, 207 miles, subject to prior mortgage on the above lines, amounting to \$9,716,000, for the funding or discharge of which an equal amount of general mortgage bonds are reserved; 214 miles from Guthrie to Memphis, subject to prior liens of \$5,770,000; Cecilian Branch, 45 miles, subject to lien of \$1,000,000; Evansville, Henderson and Nashville Division, 189 miles, subject to a prior mortgage of \$2,400,000. Also upon all the property, franchises, etc., of these lines, so that upon the cancellation of prior bonds this mortgage will be a first lien on the main line and branches, 392 miles, and a second mortgage on the other lines above specified.

During 1881-82 the company, finding it impossible to market at satisfactory rates certain bonds held by it, negotiated an issue of \$10,000,000 trust bonds, pledging as security bonds and stocks (for details see MANUAL for 1883, pp. 537, 538, and 539), the par value of which equalled \$28,162,700.

The \$1,000,000 2d mortgage New Orleans and Mobile Division bonds were issued in lieu of \$3,000,000 debenture scrip of the New Orleans, Mobile and Texas RR., retired during 1882.

The company is also liable for one half of guaranteed rental of Georgia RR., \$300,000, and for guaranteed interest on Pensacola and Atlantic RR., \$180,000. The latter when paid becomes an advance to the Pensacola and Atlantic RR. Co.

Annual meeting, first Wednesday in October. Books close ten days prior thereto. Interest and dividends payable in New York and Louisville. Books close for dividend payments ten days prior thereto. Stock (\$30,000,000) and bonds listed on New York Stock Exchange. Registrars of stock, National Bank of Commerce, New York, and Bank of Commerce, Louisville, Ky.

Recapitulation of fixed charges against income for fiscal year 1884-85: Total interest charges, L. & N., \$3,831,990; total interest and guaranteed dividends, \$736,135; total fixed rentals, \$75,000—total, \$4,643,125. Subject to the following credits: Rent of Cecilia Branch, leased to C., O. & S. W. Ry. Co., \$60,000; rent of Richmond Branch, leased to Kentucky Central R. Co., \$24,000; rental Knoxville Branch, \$50,000; interest on account of U. S. bonds, \$34,000; interest on company's bonds in treasury, \$85,600—total, \$253,600. Balance, \$4,389,525.

In the above the general interest account is not reckoned, as the balances due this company, carrying interest, more than offset the amounts bearing interest which the company owes.

On June 30, 1884, the net floating debt of the company amounted to \$4,835,078.57. To provide for this the company has since the close of the fiscal year, under authority of a

resolution passed at the annual meeting in Louisville, October 1, 1884, issued the \$5,000,000 of stock in its treasury at the close of the last fiscal year, and made a new issue of adjustment mortgage 10-40-year gold bonds to the amount of \$5,000,000. The bonds are dated October 2, 1884; due November 1, 1924 (or, at the option of the company, at any time after November 1, 1894); \$1,000 each; coupon with privilege of registration; bear interest at rate of 6 per cent. per annum; gold, payable semi-annually May 1 and November 1; are secured by a mortgage to Central Trust Co., trustee, on Main Stem, Bardstown, Lebanon-Knoxville, Memphis, Henderson, and Madison branches (aggregate mileage, 783.29 miles), by a second mortgage upon the bonds and stocks covered by the Trust Deed of March 1, 1882, and further secured by a lien on the equipment covered by the car-trust agreement of March 30, 1882.

The bonds and stock so issued were offered to stockholders of record October 11, 1884, as follows: Stock—10 shares for 50 owned, at 26 per cent. each; bonds—\$1,000 for each, 50 shares stock owned, at 66 per cent.

BIRMINGHAM MINERAL RAILROAD.—May-Ella, Ala., to Sloss, Ala., 7.76 miles; Grace, Ala., to Redding, Ala., 2.71 miles—total, 10.42 miles. Gauge, 5 feet. Rail (steel), 58 lbs. Chartered March 19, 1884; road opened June 1, 1884. Operated by L. & N. RR. Co. in connection with its South and North Alabama Division. No financial statement furnished. G. D. FITZHUGH, *President*; R. W. A. Wilda, *Secretary and Treasurer*, Birmingham, Ala.

MOBILE AND MONTGOMERY RAILWAY.—Mobile to Montgomery, Ala., 178.80 miles. Sidings, etc., 18 miles. Gauge, 5 ft. Rail (steel, 92.51 miles), 50, 56, 60 lbs. Consolidation in 1868 of the Mobile and Great Northern and the Florida RR. Cos. under the name of the Mobile and Montgomery RR. Co. Purchased at decretal sale by the bondholders, who reorganized under the present name in 1874. Leased for 20 years from January 1, 1881, to the Louisville and Nashville RR. Co., the rental being net earnings. Locomotive engines, 14. Cars—passenger, 7; baggage, etc., 8; freight, 241; other, 15—total, 271. Capital stock, \$2,950,800; funded debt, \$2,950,000; bills payable, \$12,000—total, \$5,912,800. *Contra*: Cost of road, \$3,646,931.42. JOSIAH MORRIS, *President*; G. W. Craik, *Secretary*, Montgomery, Ala.

NASHVILLE AND DECATUR RAILROAD.—Nashville, Tenn., to Decatur, Ala., 119.09 miles. Sidings, etc., 12.81 miles. Gauge, 5 ft. Rail (steel, 104.75 m.), 50 to 60 lbs. Consolidation, January 1, 1868, of the Tennessee and Alabama, the Central Southern, and the Tennessee and Alabama Central RR. Cos. The two roads in Tennessee were chartered in 1852; the road in Alabama in 1854. These roads (forming a line from Nashville Tenn., to Decatur, Ala., with a branch from Columbia to Mount Pleasant, Tenn., 11.5 miles) were completed in 1859 and 1860. The branch line was abandoned by the consolidated company. Road leased March 4, 1871, to the Louisville and Nashville RR. Co. for 30 years from July 1, 1872, the lessees assuming all funded and floating debts not exceeding \$2,450,000, and agreeing to pay, two years after the completion of the S. & N. Alabama RR., 6 per cent. on the capital stock. The first dividend under the lease was paid April 1, 1875. Capital stock (par, \$25), \$1,642,557.33; funded debt (1st mortgage 7 per cent. bonds, due January 1, 1900, interest January and July, \$1,900,000; 2d mortgage 6 per cent. bonds, due April 1, 1887, interest April and October, \$178,000; U. S. Government bonds, due 1882, \$64,900), \$2,142,000—total, \$3,784,557.33. Cost of road, etc., \$4,186,196.25. The 1st mortgage was made for \$2,100,000, but only \$1,900,000 were issued, and of this amount \$83,000 has been redeemed by the sinking fund. The second mortgage was for \$500,000, of which only \$205,000 were issued. The 1st mortgage bonds were issued for the purpose of taking up the Tennessee State loans to the original companies. J. W. SLOSS, *President*, Birmingham, Ala.; G. W. Seay, *Secretary and Treasurer*, Nashville, Tenn.

NEW ORLEANS AND MOBILE RAILROAD.—New Orleans, La., to Mobile, Ala., 141 miles. Sidings, etc., 22.45 miles. Gauge, 5 ft. Rail (steel, 133.67 miles). 50 to 60 lbs. The New Orleans, Mobile and Chattanooga RR. Co. was chartered in Alabama November 24, 1866; in Mississippi, February 7, 1867; in Louisiana, August 9, 1869, and in Texas, January 19, 1869. Under these charters it was designed to build roads from Mobile to New Orleans, 140 miles; from New Orleans to the Sabine River, 227 miles, and from the Sabine River to Houston, Texas, 108 miles, with branch lines from Vermilionville, La., to Shreveport, La., 195 miles, and from Vermilionville to Brashaer City, La., 65 miles—total length of projected lines, 735 miles. In 1867 the company acquired the rights of the Wills Valley Railroad Co., the projected and partially graded line of which extended from Chattanooga, Tenn., to Gadsden, Ala., 84 miles. It being part of the plan to continue the line in a north-easterly direction from Mobile to Chattanooga, the latter charter was acquired in order to overcome

objections made by the Governor of Georgia to the construction of any portion of the line in the southeast corner of the State.

The State of Louisiana subscribed to stock of this company to the amount of \$2,500,000, issuing in payment therefor 8 per cent. bonds, and also granted a subsidy of \$3,000,000 payable in four installments, of \$750,000 each on the completion of the road to Donaldsonville, to Vermilionville, to Sabine River, and to Houston, Texas. The City of New Orleans granted valuable terminal facilities, and the States of Mississippi and Alabama passed acts exempting the company from all taxes other than a tax upon dividend.

In 1869 the work of construction was commenced on the two divisions of the road between Mobile and New Orleans and New Orleans and the Sabine River. On the 29th of October, 1870, the last rail was laid on the former of these. In the same year track-laying was completed on the latter division to a point about 25 miles west of New Orleans, and in 1871 further extended 39 miles to Donaldsonville.

In 1871, the franchises, property, etc., were sold under foreclosure, and the company reorganized under the name of the New Orleans, Mobile and Texas RR. Co. This latter corporation acquired title to the Texas and New Orleans RR. (which see) with a view to reconstructing and operating it as its Texas Division.

On November 18, 1874, after much litigation, the road, etc., west of Mississippi River were sold under decree of U. S. Circuit Court and purchased for account of bondholders, in whom title was finally confirmed on June 5, 1875. In April, 1878, a re-sale was ordered of the Western Division, and under this order the completed road from Westwego to Bayou Goula, 65 miles, and the partly graded road from the latter point to Vermilionville were sold on the 31st of May, same year, to a committee of bondholders. In this sale the graded road-bed and right of way west of Vermilionville were excepted on the petition of Morgan's Louisiana and Texas Company, which proposed to condemn it for purchase. The property, right of way, etc., thus acquired by Morgan's Company were transferred to the Louisiana Western RR. Co. (which see).

On October 10, 1879, a sale of the other portions of the line, *i. e.*, from Westwego to Bayou Goula, and thence to Vermilionville, was made to Morgan's Louisiana and Texas RR. Co., the consideration being \$300,000, payable in five years. Early in the following year this portion of the line was sold to the New Orleans Pacific RR. Co., which some years previously had acquired the partially graded road-bed of the projected branch of this company to Shreveport.

On July 1, 1874, default was made in the payment of interest on the first mortgage bonds of the Eastern Division, extending from New Orleans to Mobile, and that road was placed in the hands of trustees of said mortgage.

On April 24, 1880, the latter division was sold under foreclosure and reorganized under its present name. On May 8, 1880, the road was leased to Louisville and Nashville RR. Co. for 50 years, and operated by that company, which owns all of its capital stock. Locomotives, 24. Cars—passenger, 31; baggage, etc., 8; freight, 336; other, 16—total, 391. Capital stock, \$4,000,000; funded debt (\$5,000,000 1st mortgage 6 per cent. gold bonds, dated May 8, 1880, due January 1, 1930, interest January and July; \$1,000,000 2d mortgage 6 per cent. gold bonds, dated October 5, 1881, due January 1, 1930, interest January and July), \$6,000,000—total stock and bonds, \$10,000,000. Cost of road and equipment, \$10,282,714. The \$5,000,000 1st mortgage bonds are deposited in trust with the Farmers' Loan and Trust Co. of New York, to secure an equal issue of bonds by the L. & N. RR. Co., and known as N. O. & M. Division bonds. E. H. GREEN, *President*; D. Thomson, *Secretary*, New York, N. Y.

PONTCHARTRAIN RAILROAD.—New Orleans to Lake End, La., 5 miles. Owned by Louisville and Nashville RR. Co., and operated in connection with the New Orleans and Mobile RR. Locomotives, 2. Passenger cars, 10. No financial statement furnished.

SOUTH AND NORTH ALABAMA RAILROAD.—Decatur, Ala., to Montgomery, Ala., 182.88 miles; Watumpka Branch, Elmore to Watumpka, Ala., 6.00—total, 188.88 miles. Sidings, etc., 31.91 miles. Gauge, 5 ft. Rail (steel, 152.98 miles), 56 to 60 lbs. Main line opened October 1, 1872; the Watumpka Branch, July 1, 1878. Operated by the Louisville and Nashville RR. Co., which owns a controlling interest in the capital stock, and guarantees the 1st mortgage sterling bonds. Capital stock (common, \$1,469,082.03; preferred, \$2,000,000), \$3,469,082.03; funded debt (1st mortgage State-indorsed 8 per cent. bonds, due 1890, \$391,000; sterling sinking fund 6 per cent. 30-year bonds, due 1903, interest May and November, \$4,793,740; 2d mortgage 6 per cent. bonds, due 1910, for advances by L. & N. SLOSS, *President*, Birmingham, Ala.; H. M. Bush, *Secretary and Treasurer*, Montgomery, Ala.

SOUTHEAST AND ST. LOUIS RAILWAY.—East St. Louis, Ill., to Evansville, Ind., 160.60 miles; Shawneetown Branch, Shawnee Junction to Shawneetown, Ill., 41.50 miles; O'Fallon Branch, O'Fallon Junction to O'Fallon, Ill., 5.90 miles—total, 208 miles. This road is practically owned by the Louisville and Nashville RR. Co. The existing organization (Southeast and St. Louis Ry. Co.) acquired title to the property subsequent to its foreclosure sale on the 18th of November, 1880, and leased it to the L. & N. RR. Co., which issued its bonds in part payment, the price paid being \$6,500,000 in L. & N. bonds—\$3,500,000 in 40-year 6 per cent. 1st mortgage gold bonds, \$3,000,000 in 99 year 3 per cent. 2d mortgage gold bonds—and \$1,000,000 in Southeast and St. Louis Ry. Company's stock. The bonds are known as St. Louis Division bonds (see L. & N. statement), and are secured by mortgages on all the road, property, franchises, etc., executed by the Southeast and St. Louis Ry. Co., and also by the Louisville and Nashville Co. The capital stock of this company is \$1,000,000, all but \$13,500 of which is owned by the L. & N. Co. Its corporate existence, as well as the lease to the L. & N. (49 years from January 27, 1881), are merely formal. For full history of this road see MANUAL for 1884, pp. 516 and 517.

GLASGOW RAILROAD.—Glasgow Junction to Glasgow, Ky., 10.5 miles; sidings, 0.86 mile. Chartered in 1868; road opened March 1, 1869. Leased for ten years to Louisville and Nashville RR. Co. on September 26, 1871. On expiration of lease it was not renewed, but the road is now operated by L. & N. RR. Co., net earnings going to lessors. Rental year ending December 31, 1884, \$23,624.62; expenses and taxes, \$14,575.08; net earnings, \$9,049.54. Payments to sinking fund, etc., \$7,685.41. Surplus, \$1,364.13. Capital stock, \$246,000; funded debt, \$5,000 7 per cent. bonds. Cost of road, \$139,314.49. H. C. TRIGG, *President*; Joseph W. Smith, *Treasurer*; C. L. Hill, *Secretary*, Glasgow, Ky.

LOUISVILLE RAILWAY TRANSFER.—L., C. & L. RR. to L. & N. RR., 4.13 miles, with 0.83 mile sidings. Double gauge, 5 ft. and 4 ft. 8½ in. Constructed in 1872 as connection between the Louisville, Cincinnati and Lexington, and the Louisville and Nashville RRs., and operated under lease by the former company until June, 1881, since which time it has been operated by the latter. Rental, 8 per cent. on capital stock and bonds, and \$3,000 to sinking fund. Capital stock, \$20,308.95; and funded debt; 1st mortgage 8 per cent. gold bonds, \$292,000—total (representing cost), \$312,308.95. M. H. SMITH, *President*; R. K. Warren, *Secretary*, Louisville, Ky.

SHELBY RAILROAD.—Shelby Junction (12.5 m. e. Louisville), Ky., to Shelbyville, Ky., 18.6 miles—total track, 19.23 miles. Opened in 1871. Leased for 30 years from August 1, 1879, to the L., C. & L. Ry. Co., at an annual rental of \$15,000 and all taxes. In June, 1881, the lease was transferred to the Louisville and Nashville RR. Co., by which it has since been operated. Capital stock, \$700,000; 1st mortgage 6 per cent. 10-20 bonds, dated June 1, 1881, interest January and July, \$50,000. Cost of road and equipment, \$483,453. A. P. CARRITHERS, *President*; S. S. SHORT ROUTE RAILWAY TRANSFER.

Line of Road.—In Louisville, Ky.....1.60 miles.
2d track, 1.6 miles. Gauge, 4 ft. 9 in. Rail (steel), 62 lbs.

Chartered March 7, 1873. This connecting railway supplies the shortest and most direct connection between the depots of the railroads located at the eastern end of the city of Louisville, and those entering the city by the Louisville Bridge in the western part of the city. It is a double track road, extending along the Ohio River front of the city, from Preston Street to 14th Street (the approach to the Louisville Bridge), a distance of 1.60 miles, the quarter part of which is a double track, iron viaducts crossing all the streets in the business portion of the city, overhead. The structure is of the most substantial character, and the rails are 62 lbs., steel. Work was commenced in the spring of 1883, and the line opened for business on May 14, 1884, and has since been operated for its owners by the Chesapeake, Ohio and Southwestern RR. Co. At 14th Street it connects directly with the Louisville and Nashville, Chesapeake, Ohio and Southwestern, Pennsylvania, Ohio and Mississippi, Louisville, New Albany and Chicago, and Louisville, Evansville and St. Louis Railroads.

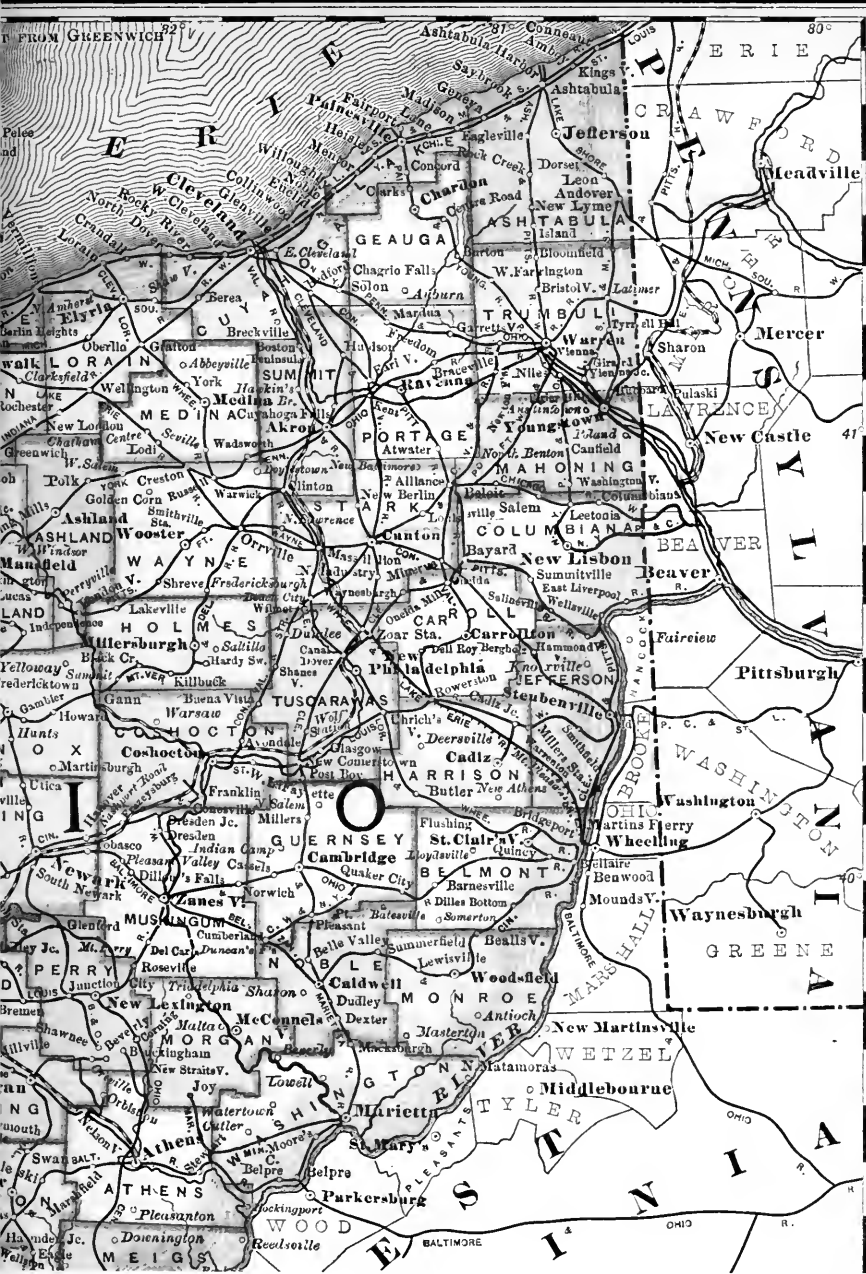

The only rail connection prior to the opening of this line between the depots in the eastern and western sections of the city, but little over a mile apart, was by a circuitous route of nearly 10 miles around the city, attended with very great delay. To obtain a more direct connection, and rapid transit between the Chesapeake and Ohio RR. and its western system this connecting railway was built, affording to it and all the other roads entering Louisville a much more desirable transfer than heretofore.

Financial Statement, December 31, 1884.—Capital stock, \$500,000; funded debt, 1st mortgage 6 per cent. 30-year bonds, due August 1, 1912, interest February and August, \$500,000—total, \$1,000,000.

Funded debt consists of first mortgage 6 per cent. gold bonds, dated May, 1880; due November, 1920; interest May and November. Capital stock authorized, \$10,000,000.

During the year 1883 the company made provision for an issue of \$5,000,000 6 per cent. bonds, secured by a second mortgage on the road and property. Bonds dated September 15, 1883; mature August 1, 1923; interest payable February 1 and August 1. The proceeds of these bonds are to be used in paying off the floating debt, and to provide means for additional equipment, etc. The first mortgage bonds and \$2,500,000 of the seconds are listed on the New York Stock Exchange. Annual meeting, first Thursday in September. Under an agreement entered into by the purchasers of the first mortgage bonds, with a view to securing adequate security for the payment of interest, it was stipulated that in the event of net earnings being insufficient to provide therefor, then the New York, Lake Erie and Western and the New York, Pennsylvania and Ohio RR. Companies shall set apart from the earnings realized by them out of the business to or from this company's road an amount sufficient to make good any such deficit. (See MANUAL for 1883, p. 174). Of the \$10,000,000 stock \$9,000,000 are held in trust with an irrevocable proxy to vote during the life of the first mortgage bonds. Default of first mortgage bond-interest occurred November 1, 1884. None of the second mortgage bonds have been sold. See statement of New York, Lake Erie and Western RR. Co., page 162.

On June 20, 1881, a contract for 20 years was entered into with the Home Avenue Ry. Co., by the terms of which this company secured the right of operating that line in its interests, thereby obtaining almost entire control of the business of the Soldier's Home at Dayton. During the year 1883 an organization, under the control of this company, was completed, for the purpose of building a branch from Troy to Piqua, 8.58 miles, and eventually to a connection with the D. & M. road near Sidney, 18 miles. The cost of building from Troy to Piqua, it is estimated, will be \$102,000.

Under the provision of the consolidated mortgage, 1 per cent. per annum on the amount outstanding is to be invested in any of the bonds of this company, same to be cancelled by the trustee and returned to the company.

CINCINNATI, HAMILTON AND INDIANAPOLIS RAILROAD.—Hamilton, O., to Indianapolis, Ind., 98.90 miles; total track (steel, 35 miles), 114.30 miles. Chartered as Junction RR. in Indiana, February 18, 1848; in Ohio, March 8, 1849. Opened August 9, 1867. Sold under foreclosure November 26, 1872, and reorganized under present name. The C., H. & D. RR. Company owns the whole of its capital stock (\$2,500,009), and \$700,000 of its bonded debt. The road has never earned interest on its bonds, and up to January 1, 1880, about \$350,000 was due, for which the C., H. & D. RR. Co., as lessees, are liable. On January 23, 1880, arbitrators agreed upon by the lessees and bondholders awarded that the bondholders should exchange their coupons for a new 7 per cent. (non-cumulative) preferred stock, and that thereafter the accruing coupons should be paid by the C., H. & D. RR. Co.; annual interest charge, \$126,000. *Financial Statement.*—Capital stock (preferred), \$281,679.30; 1st mortgage 7 per cent. 20-year bonds, dated Jan. 1, 1882, interest January and July, \$2,500,000; C., H. & D. Total length of lines December 31, 1884. 280.80 miles.
 2d track, 9.2; sidings, 49.5 miles. Gauge, 4 ft. 8½ in. Rail (steel, 192.9 miles), 60 lbs.

The Marietta and Cincinnati RR., to which this company is successor, was a consolidation in 1851 of the Belpre and Cincinnati and the Franklin and Ohio River RR. Cos.; road opened April 20, 1857, the Little Miami RR. being used from Loveland to Cincinnati. The Hillsboro' and Cincinnati RR. was subsequently made a part of the system. In December, 1863, the company purchased the Scioto and Hocking Valley RR. The extension from Loveland to the Cincinnati, Hamilton and Dayton RR. was completed February 17, 1866. The Cincinnati and Baltimore Ry., which continues the line into Cincinnati (opened June 1, 1872), and the Baltimore Short Line Ry. (opened November 15, 1874), extending from main line to Belpre, O., 30.3 miles, were leased, the M. C. Co. guaranteeing their stocks and bonds.

The company defaulting in the payment of interest on its fourth mortgage bonds, a suit for the foreclosure of that mortgage and sale of the railroad and other property was begun by the trustees June 26, 1877. To this suit the trustees of the first, second, and third mortgages were made parties. On June 29, 1877, the road was placed in the hands of a receiver.

On the 31st of January, 1882, a plan was submitted, by a committee representing the stock and bondholders, for a reorganization of the company, for text of which see **MANUAL** for 1884, page 536.

On December 9, 1882, the road was sold under foreclosure and purchased by a committee of purchasing trustees under the provisions of a plan for the reorganization of the affairs of the company outlined in **MANUAL** for 1884, pages 536 and 537; sale confirmed December 20, 1882; deed of conveyance executed and delivered December 30, 1882, and possession of the road assumed by said trustees December 31, 1882, by whom it was operated for account of the parties in interest until April 1, 1883. On February 7, 1883, at a meeting of the parties to the agreement, resolutions were adopted changing the name to Cincinnati, Washington and Baltimore RR. Co., and fixing the capital stock at \$21,000,000—\$13,750,000 preferred and \$7,250,000 common, the latter to be entitled to dividends, at a rate not to exceed 6 per cent., from any excess of net earnings after the payment of a dividend of 6 per cent. upon the preferred stock, and the two stocks to share alike in any surplus after payment of both dividends. Authority was also given the directors to issue:

The Cleveland, Columbus and Cincinnati RR. Co. was chartered March 12, 1845; road opened from Cleveland to Columbus February 22, 1851. In 1861 the company purchased that portion of the Springfield, Mount Vernon and Pittsburgh RR. between Delaware and Springfield, 50 miles. The Bellefontaine RR., a consolidation (1864) of the Indianapolis, Pittsburgh and Cleveland RR. (84 miles) and the Bellefontaine and Indiana RR. (119 miles), was consolidated in April, 1868, with the C., C. & C. RR. Co., under the existing title. The Cincinnati and Springfield Ry. was leased January 24, 1871, and the Mount Gilead Short Line RR. April 13, 1880.

On July 28, 1882, the interest of the Pennsylvania Company in the Indianapolis and St. Louis RR. and its leased line, the St. Louis, Alton and Terre Haute RR., was acquired by this company, and a modified lease of the St. Louis, Alton and Terre Haute to the Indianapolis and St. Louis agreed upon, by the terms of which this company becomes joint lessee with the latter company and jointly liable for the rent to be paid—\$450,000 a year and 20 per cent. of any excess of gross earnings over \$1,750,000.

Rolling Stock.—Locomotive engines, 166. Cars—passenger, 93; baggage, mail, and express, 24; caboose, 63; freight (box, 2,649; stock, 570; platform, 580; coal, 1,340), 5,139—total, 5,319. Also 1 pay, 1 director's and 19 service cars.

In addition the company holds under lease the equipment of the Cincinnati and Springfield Ry. Co., consisting of 16 locomotives, 15 passenger, 8 baggage, mail, and express and 268 freight cars.

Operations for year ending December 31, 1884 (391.15 miles).—Trains run (passenger, 1,188,323; freight, 1,943,226; switching, 1,367,887), 4,499,436 miles. Total engine service, 4,567,950 miles. CLEVELAND, MOUNT VERNON AND DELAWARE RAILROAD.

Line of Road.—Hudson, O., to Columbus, O.....143.85 miles.
 Sidings, etc., 23.25 miles. Gauge, 4 ft. 9 in. Rail—iron, 56; steel (58.29 miles), 60 lbs.

Chartered May 17, 1851, as the Akron Branch of the Cleveland and Pittsburgh RR.; road opened to Millersburg, 61 miles, March 17, 1853, about which time the company was reorganized as the Cleveland, Zanesville and Cincinnati RR. Co. Placed in the hands of a receiver August 27, 1861, and sold under foreclosure November 3, 1864, to the P., Ft. W. & C. RR. Co., which company leased it July 1, 1869, to the Pennsylvania RR. Co. On November 4, 1869, the Pittsburgh, Mt. Vernon, Columbus and New London RR. Co. (operating 65 miles) purchased the road, the present name being taken December 20, 1869, on the consolidation of the two companies. A branch from Kilbuck to Dresden, 34 miles, is under construction. The road as now operated was opened September, 1873. Default having been made in the payment of interest, proceedings in foreclosure under the first mortgage were begun September 27, 1880. On December 1, 1881, the road was sold under a decree of foreclosure, and was operated until April 23, 1882, by the Cleveland, Akron and Columbus RR. Co., which was formed by the purchasers at that sale. Subsequently this sale was set aside, and a receiver was appointed April 24, 1882.

On the 9th of June, 1882, the road was again sold, and repurchased by the parties who had formed the Cleveland, Akron and Columbus RR. Co. The company is to be reorganized with a probable share capital of \$4,000,000 to represent the mortgage bonds, which, with accrued interest, amount to about \$3,500,000. It is proposed to place on the road a new mortgage to secure bonds to the amount of \$1,000,000 or \$1,500,000 for the purpose of improving the property of the company.

CONNOTTON VALLEY RAILWAY.

Line of Road.—Cleveland to Coshocton, O.....115.13 miles.
Sharrodsville Branch: Canton, O., to Sharrodsville, O.....42.76
Minerva Branch: Oneida, O., to Minerva, O.....2.70—45.46 miles.

Total length of lines built and in operation.....160.59 miles.
Sidings, 15 miles. Gauge, 3 ft. Rail (steel), 40 lbs.

The Youngstown and Connotton Valley RR. Co. was organized August 29, 1877, to build a line of railroad from Bowerstown to Youngstown, O. In 1878 it purchased at judicial sale the old Ohio and Toledo RR., extending from Carrollton to Oneida, 12 miles, originally opened in 1854, and known successively as the Carroll County RR., the Carrollton and Oneida RR. and the Ohio and Toledo RR. On October 16, 1879, northern terminus changed from Youngstown to Canton; November 20, 1879, name changed to Connotton Valley RR. Co. by decree of court. By this company the line was built from Minerva to Dell Roy, including the entire reconstruction of the section from Carrollton to Oneida. On May 15, 1880, the line was completed and opened from Canton to Dell Roy, 36 miles, and on October 25, same year, consolidated with the Connotton Valley Northern RR. Co., whose proposed route was from Canton to Cleveland, the consolidated corporation taking the name of the Connotton Valley Ry. Co. In 1881, as the owner of the share capital of the Connotton Valley and Straitsville RR. Co., the Connotton Valley Ry. Co. undertook the construction of the railroad of the latter, to extend from Canton to Straitsville, 127 miles. The share capital of the Connotton Valley was \$5,000,000; of the Straitsville Company, \$2,000,000, all of the latter being owned by the Connotton Valley Ry. Co. The bonded debt of the Connotton Valley was \$2,600,000; of the Straitsville \$2,720,000, less \$570,000 unsold. To relieve the Connotton Valley Ry. Co. from embarrassment, and provide the amounts necessary to complete the road from Canton to Coshocton, to pay the debts of the Straitsville Company and complete its road from Canton to Coshocton, an agreement was effected by which the Connotton Valley Ry. Co. purchased all the property of the Straitsville Company, and executed a mortgage on the consolidated properties, securing three series of bonds. For description and terms of exchange, etc., see MANUAL for 1884, page 554.

Subsequent to the formulation of this plan the company acquired possession of the property and franchise of the Connotton Valley and Straitsville RR., a formal transfer of which was made about June 1, 1882. Since that time that road has been extended to Coshocton, 55 miles, and is now operated as the Straitsville Division of the Connotton Valley Ry.

In October, 1882, the directors voted to pay the interest due on the 1st of November then following in 6 per cent. scrip, convertible into bonds in amounts of \$1,000. On the 19th of January, on the petition of the New England Trust Co., the road was placed in the hands of a receiver as a preliminary step to the foreclosure of the mortgage of which that company is trustee. On the 9th of May, 1885, the road was sold under foreclosure and purchased by a committee of the bondholders under the terms of a plan of reorganization adopted at a meeting of holders of the bonds and stocks of the company, held in Boston, February 20 and 21, 1884, and ratified and confirmed at the annual meeting May 14, 1885, which plan provides for an issue of 80,000 shares of preferred and 40,000 shares of common stock, the former to be entitled to 6 per cent. cumulative dividends; the board of directors to consist of fifteen members—twelve to be elected by the holders of preferred stock and three by the holders of common stock; no mortgage or other encumbrance to be put upon the franchise or property of the company unless authorized by holders of two thirds in interest of preferred stock; holders of existing mortgage indebtedness, including coupons due May 1, 1884, and interest at 6 per cent. on prior unpaid coupons, to receive in exchange preferred stock to an equal amount, provided coupons under the mortgages to Frank Morrison, trustee, and the Farmers' L. & T. Co., trustee, be deemed to bear 5 per cent. instead of 7 per cent. interest, and that outstanding "Assessment Scrip" and "Interest Scrip" be convertible into preferred scrip in like manner as the bonds into which such scrip is convertible; unsecured indebtedness of the company for repairs and running expenses to be paid by the new company in money; for all other unsecured indebtedness, the holders thereof to be entitled to common stock of the new company to an equal amount; holders of preferred stock of the existing company to be entitled to convert it into common stock of the new company, at the rate of ten shares of said preferred (par, \$50) for three of the new common (par, \$100); holders of common stock of the existing company to be entitled to convert it into common stock of the new company at the rate of four shares of the old (par value, \$50) for one of the new (par value, \$100).

Rolling Stock.—Locomotive engines, 25. Cars—passenger, 30; baggage, mail, and ex-

press, 4; freight (box, 51; stock, 5; platform, 197; coal, 700), 953—total, 987. Also, 10 service cars.

DAYTON AND IRONTON RAILROAD.

Line of Road.—Dayton, O., to Dean, O. 156 miles.
Buckeye Branch. 2 miles.
Trackage: *Iron Railway*, Dean, O., to Ironton, O. 12 miles.

Total length of line operated 170 miles.
Sidings, etc., 14.47 miles. Gauge, 3 ft. Rail (steel, 24 miles), 35, 40 and 60 lbs.

The Dayton and Southeastern RR. Co., chartered December 16, 1871, whose road was completed and opened from Dayton to Wellston, 115 miles, in 1879, was merged in 1881 into the Toledo, Delphos and Burlington RR., afterward known as the Toledo, Cincinnati and St. Louis RR. Co. (see MANUAL for 1884, page 585). Subsequent to that consolidation the line was extended from Wellston to Dean, 39 miles, and opened in 1882. On first of October, in latter year, default was made on the divisional mortgage covering the consolidated Toledo, Cincinnati and St. Louis RR.; mortgage foreclosed and property sold June 28, 1884, and purchased by a committee representing first mortgage bondholders. Road operated by that committee until January 1, 1885. Preparations are now being made to convert the gauge of the road to standard width.

Rolling Stock.—Locomotive engines (owned, 7; leased, 6), 13. Cars—box, 40; coal (owned, 175; leased, 600), 775—total cars, 815.

Operations from July 23, 1884, to December 31, 1884.—Train mileage not reported. Passengers carried, 28,247; carried one mile, 660,117; average mile-rate, 2.58 cents. Tons freight moved, 119,470; moved one mile, 10,351,628; average mile-rate 1.001 cents. Expenses—maintenance of way, \$41,915.07; maintenance of cars, \$5,958.84; motive power, \$36,358.35; transportation, \$33,855.12; miscellaneous, \$6,969.36—total, \$125,056.74. Net earnings, \$989.25. Payments: Rental leased lines, \$2,661.29; sundries, \$1,050—total, \$3,711.29. Deficit, \$2,722.04. Included in operating expenses are amounts expended on account of new construction, etc.

Financial Statement, December 31, 1884.—Capital stock (common, \$2,500,000; preferred, \$2,600,000), \$5,100,000; funded debt, \$1,714,600, consisting of \$1,700,000 1st mortgage 6 per cent. 40-year bonds, due January 1, 1925, interest January and July, and \$14,600 1st mortgage D. & S. E. RR. 7 per cent. 20-year bonds, due July 1, 1896—total, stock and bonds, \$6,914,600. Under the plan of reorganization the first mortgage bonds are limited to \$11,000 per mile, and are held in trust by the purchasing committee, to be used only for discharging prior liens upon the property and for purpose of changing road to standard gauge and providing proper equipment. The preferred stock was issued in exchange for old first mortgage bonds and interest, and has priority of common to extent of 6 per cent. Common stock scrip was issued in exchange for income bonds of the Toledo, Delphos and Burlington RR. Co., Southeastern Division, and will be convertible into common stock after dividends of 6 per cent. per annum shall have been paid for 5 years on the preferred stock. Annual meeting, second Tuesday in November; books close ten days prior thereto. Trustee of bonds, International Trust Co., Boston, Mass.

The Lake Shore and Michigan Southern Railway Company was formed by a consolidation, in 1869, of the—

1. Michigan Southern and Northern Indiana—Chicago to Toledo, with branches :—
2. Cleveland and Toledo—Toledo to Cleveland :—
3. Cleveland, Painesville and Ashtabula—Cleveland to Erie :—
4. Buffalo and Erie—Erie to Buffalo.

Each of the companies were consolidations as follows :

1. The Michigan Southern and Northern Indiana RR. Co., May 1, 1855, of the Michigan Southern of Michigan, and the Northern Indiana of Indiana, organized under the laws of these States respectively for the purpose of building a RR. from Monroe, on Lake Erie, to Chicago, on Lake Michigan :—
2. The Cleveland and Toledo RR. Co., September 1, 1853, of the Toledo, Norwalk and Cleveland and the Junction RRs. (the latter following the shore of the lake) from Elyria to Toledo :—
3. The Cleveland, Painesville and Ashtabula RR. Co., in 1854, of the Cleveland and Toledo RR. Co., and the Franklin Canal Co. of Pennsylvania under the charter of which the section from Erie to the boundary line of Ohio was built :
4. The Buffalo and Erie, May 15, 1867, of the Erie and North-East of Pennsylvania, extending from Erie to the boundary line of New York, and the Buffalo and Erie, extending from Buffalo to the boundary line of Pennsylvania.

The Michigan Southern Railroad, designed to form a line from Monroe, on Lake Erie, to New Buffalo, on Lake Michigan, running through its southern tier of counties, was originally undertaken by the State of Michigan. Of this work 18 miles, laid with a strap rail, were opened from Monroe to Petersburg in 1839 ; 15 miles from Petersburg to Adrian in 1840, and 33 miles from Adrian to Hillsdale in 1843. When this point was reached, the State having become unable to raise means for its further prosecution, the work was sold in 1846 to the Michigan Southern Railroad Company, chartered in May of that year. The route to be followed by the new company was from the city of Monroe through the towns of Petersburg, Adrian, Hillsdale, Jonesville, and Coldwater, to Lake Michigan.

The Northern Indiana RR. Co. was chartered by the State of Indiana, in 1835, as the Buffalo and Mississippi RR. Co. The company was organized in 1837. The road was speedily put under contract, but all operations on it were suspended in 1838, owing to the financial disasters of that and the preceding year. Nothing further was done by way of construction until 1847, when a new board of directors was chosen. In 1849, very little work having been done, the company passed under the control of the purchaser of the Michigan Southern RR., which then decided to make Chicago, instead of New Buffalo, the Lake Michigan terminus of the line. As soon as this determination was adopted the work of construction was begun and pushed with vigor to the completion of the road from lake to lake, a distance of 243 miles, on May 22, 1852.

The line proper, of the Michigan Southern RR., began at Monroe. To form a connection with the direct line from Buffalo following the southern shore of the lake, the Michigan Southern and Northern Indiana, in 1849, took a perpetual lease at a rental of \$30,000 a year, of the Erie and Kalamazoo, extending from Toledo to Adrian, 33 miles. The latter road, chartered in 1833 and opened in 1837, was built with a strap rail. When first opened it was worked by horse-power. On the 20th of June, 1837, the first locomotive used on the road, No. 80, Baldwin's manufacture, was placed upon it.

In 1838 the Palmyra and Jacksonburg RR. (Jackson branch, a private enterprise built in the interest of the Erie and Kalamazoo RR.) was opened to Tecumseh, 13 miles. This road, in 1844, was sold to the State of Michigan for \$22,000, and was included in the sale of the State road to the Michigan Southern RR. Co., the purchasers subsequently completing it to Jackson.

The Toledo, Norwalk and Cleveland RR., chartered in 1850, was opened January 24,

1853. It was the link last constructed in the line of railroad between New York and Chicago. The Junction Railroad was chartered in 1850. The two were consolidated September 1, 1853 (before the latter was fully opened), under the name of the Cleveland and Toledo RR. The two lines are parallel to each other for the greater part of the distance between Cleveland and Toledo.

The Cleveland, Painesville and Ashtabula RR. was chartered in 1849, and opened November 20, 1852. The portion of the line between the eastern boundary of Ohio and Erie was built under a charter granted by the State of Pennsylvania to the Franklin Canal Co., which was authorized to construct a railroad as well as a canal.

The Erie and North-East RR. was incorporated April 12, 1842; the contracts were made for its construction in 1849. The road, with a gauge 6 feet, was opened January 19, 1852. The Buffalo and State Line RR. was chartered April 12, 1848. The work of construction was begun in 1850, and the road opened to the boundary line of Pennsylvania February 22, 1852. The first train ran over a uniform gauge from Buffalo to Erie and to Chicago, February 1, 1854.

The length of the several lines acquired by the consolidation of 1869, including the Detroit, Monroe and Toledo RR., 62.36 miles, was 927.23 miles. The share capital of the consolidated company was \$34,938,000; funded debt, \$22,283,000; floating debt, \$416,557—total stock and debt, \$57,637,557. The mileage acquired since the consolidation has been: The Kalamazoo and White Pigeon, 36.57 miles, by purchase; the Northern Central of Michigan, 61.14 miles, and Ashtabula Branch, by construction; and the Kalamazoo, Allegan and Grand Rapids, 58.42; the Jamestown and Franklin, 50.91; the Mahoning Coal, 43.05 miles; the Detroit, Hillsdale and Southwestern, 64.80 miles; and the Fort Wayne and Jackson, 97.42 miles—314.60 miles in all, by lease.

The consolidated first mortgage bonds are both coupon and registered ; the coupons are paid January and July, and the registered quarterly (January, April, July, and October).

Of the bonds of the Lake Shore and Michigan Southern Ry. Co. proper, \$21,250,000 are covered by the consolidated 1st mortgage.

During the year the funded debt increased \$3,250,000, caused by the sale of \$3,500,000 2d consolidated mortgage bonds, less the regular annual contribution of \$250,000 to the sinking fund. Since the close of the fiscal year a new issue of first mortgage consolidated 7 per cent. bonds of 1900, to the amount of \$5,685,000, has been made to retire the Michigan Southern and Northern Indiana RR. and the Cleveland and Toledo RR. bonds maturing May 1, 1885.

The Detroit, Monroe and Toledo RR., Air-Line Junction, O., to Detroit, Mich., 62.36

miles; the Kalamazoo and White Pigeon RR., White Pigeon to Kalamazoo, Mich., 36.57 miles, and the Northern Central Michigan RR., Jonesville to North Lansing, Mich., 61.14 miles, are wholly owned by the L. S. & M. S. Ry. Co., and all their accounts are included in those of that company.

DETROIT, HILLSDALE AND SOUTHWESTERN RAILROAD.—Ypsilanti, Mich., to Banker's, Mich., 64.8 miles. Organized July, 1871, as Detroit, Hillsdale and Indiana RR.; sold under foreclosure December 28, 1874, and reorganized under present title January 30, 1875. Road bought by 1st mortgage bondholders for \$16,000 over the mortgage of \$1,152,000. Leased in perpetuity from July 1, 1881, at a rental (\$40,500) for first two years, equalling 3 per cent. on stock, and for each year thereafter equalling 4 per cent. (\$54,000). Capital stock, \$1,350,000. Construction and equipment, \$1,340,587.04. **ELIJAH SMITH, President, Prosper W. Smith, Secretary and Treasurer, Boston, Mass.**

OHIO CENTRAL RAILROAD.

Line of Road.—Toledo, O., to Junction C. H. & V. RR. 241.45 miles.
Kanawha Division: Point Pleasant to Charleston, W. Va. 57.60 miles.
Columbia Branch: Hadley Junction, O., to Alum Creek, O. 24.37 miles.
Trackage: *P., C. & St. L. Ry.*: Alum Creek to Columbus, O. 4.70 miles.
Buckingham Branch: Sedalia Junction to Buckingham and Mine 21. 11.20 miles.

Total length of lines operated (owned, 322.36) 339.32 miles.
Sidings, etc., 50 miles. Gauge, 4 ft. 8½ in. Rail (steel, 211 miles), 52–56 lbs.

Included in main line as above is a section (11.60 miles) of the C. & M. V. Ry., from Bremen to New Lexington, and 0.66 mile of the Lake Shore and Michigan Southern track, which are used under trackage contract.

Originally chartered June 12, 1869, as the Atlantic and Lake Erie Railway Company to build a road from Toledo to Pomeroy, Ohio, 235 miles. Authorized capital stock \$5,000,000. By this company considerable grading was done and 7.3 miles of track laid in 1875, between New Lexington and Moxahala. On March 26, 1875, the capital stock was increased by vote of the stockholders to \$12,000,000. In 1876 the name was changed to Ohio Central Railway Company, without change of organization. It had then about 150 miles of graded road in addition to 7.3 miles completed, as above, on which there had been expended about \$1,372,067. In 1877, placed in the hands of receiver and in March, 1878, sold at judicial sale to a trustee representing principal creditors. In November, 1878, that portion of the road between Bush's

Station (now Hadley Junction) and Corning was sold to parties who organized the Columbus and Sunday Creek Valley Railroad Co., on November 22, 1878.

On May 17, 1879, this latter company increased its capital stock \$750,000 to \$1,500,000, and on the 19th of the same month filed articles for a branch road from Bush's Station to Columbus. On December 20, 1879, the Columbus and Sunday Creek Valley RR. Co., and the Ohio Central Ry. Co. (the latter corporation having been organized on the 19th of December, 1879, by the purchasers of the remainder of the old Atlantic and Lake Erie Ry., under the name of the Ohio Central RR. Co. Construction had meantime progressed steadily. On January 1, 1880, there had been completed the Columbus Branch and 36 miles of the main line from Hadley Junction south to Corning. On November 1, same year, the main line was completed and opened to Toledo, 183.7 miles from Corning.

The capital stock at this time was \$4,000,000, and there were outstanding \$3,000,000 first mortgage 6s, and \$3,000,000 income bonds, both of which issues were listed on the New York Stock Exchange February 11, 1880. Shortly thereafter an issue of \$600,000 first mortgage terminal trust bonds (listed October 27, 1880) was made to provide means for improving terminal facilities at Toledo. In November, 1880, under authority conferred at a special meeting of the holders of stock and registered bonds on October 18th, preceding, the company filed certificates of an increase in stock to \$4,400,000, and of a branch line from Corning to Shawnee. At the same time provision was made for two issues of bonds of \$300,000 each—first mortgage and incomes, both listed November 28, 1881—to be secured on the branch named. In 1881 this branch (Mineral Division) was completed and opened for business from Corning to Buckingham by way of Sedalia, a distance of 17 miles.

On January 5, 1881, the stockholders unanimously voted to increase the capital stock from \$4,400,000 to \$12,000,000, the new stock to be applied to purchase of the entire capital stock of the Ohio Central Coal Co.

On June 23, 1881, a consolidation was effected with the Richmond and Allegheny RR. Co. of Virginia and the Atlantic and Northwestern RR. Co. of West Virginia, under the name of the Richmond, Allegheny and Ohio Central RR. Co. The purpose of this consolidation was the completion of a through line between the Atlantic and the great lakes, the Ohio Central to be extended to the Ohio River, and the connecting link in West Virginia to be supplied by the construction of a line under the charter of Atlantic and Northwestern Co.

This scheme was subsequently defeated and the consolidation rendered void by adverse action on the part of the Legislature of Virginia, and on the 27th of January, 1882, a new consolidation was effected with the Atlantic and Northwestern Co., without change of name. In this consolidation the capital stock was made \$35,000,000 of which \$20,000,000 were issued—\$15,000,000 to holders of old Ohio Central Railroad at rate of \$125 for \$100 and \$5,000,000 in exchange for Atlantic and Northwestern stock. At about the same time provision was made for two issues of bonds secured by mortgage on the River Division, and with the proceeds of these and of an additional issue of \$2,000,000 stock the company completed during 1882 the extension of its line from Sedalia to the Ohio River, and from Point Pleasant to Charleston, with a bridge over the river at Point Pleasant; and also purchased \$2,000,000 second mortgage bonds of the Richmond and Allegheny RR. Co. On September 1, 1883, default was made in payment of interest on River Division bonds. Default on main line bonds followed on January 1, 1884. On September 27, 1883, the road in Ohio was placed in the hands of John E. Martin of Toledo as temporary receiver, and on January 7, 1884, as permanent receiver of the railroad and coal property within that State. On the 21st of November, 1883, Thomas R. Sharp of New York was appointed receiver for the road in West Virginia, his authority also extending over the bridge at Point Pleasant and the \$2,000,000 Richmond and Allegheny second mortgage bonds.

On the 15th of April, 1885, the main line and Columbus branch, and the terminal property at Toledo and Columbus were sold in two parcels; the former for \$1,000,000 to C. J. Canda, representing the first mortgage (main line) bondholders, and the latter for \$75,000 to the holders of terminal bonds. This sale was made in furtherance of a scheme of reorganization agreed upon by the holders of the first mortgage main line (the sections marked "A" in

appended tabular statement) bonds, which provides for the formation of a new company to be known as the Toledo and Ohio Central Ry. Co., and for the creation of a new mortgage to secure an issue of \$5,000,000 first mortgage 40-year 5 per cent. bonds (interest January and July), secured on the main line and Columbus branch, as well as all terminal and other property acquired by the company for railway purposes; and \$3,750,000 preferred and \$7,250,000 common stock, preferred stock having priority of common to extent of five per cent., and after the payment of dividends at an equal rate on common, additional priority of two per cent., both issues to share alike in any excess over seven per cent. on the two classes. Of the bonds \$2,000,000 are set apart to provide rolling stock and terminals. Holders of old main line first mortgage bonds will receive new bonds, dollar for dollar, and preferred stock to the amount of 25 per cent. of their holdings. Holders of second mortgage income bonds will receive on payment of an assessment of five per cent., in cash, preferred stock equal to par value of bonds. Holders of stock will receive common stock in the new corporation to the amount of 30 per cent. of par value of their holdings on payment of a cash assessment of one per cent.

Since the sale was effected a new proposition for the consolidation of this company with the Columbus, Hocking Valley and Toledo Ry. Co. has been submitted to the holders of stock and bonds of the Ohio Central Company, but at the time of preparing this statement no final action had been taken.

A plan for the reorganization of the River Division, comprising the lines marked "B" in appended tabular statement, is under consideration at this date, June, 1885. On May 25th, 1885, a decree of sale was granted by the United States District and Circuit Court for the District of West Virginia, ordering the sale of that property in 120 days from that date.

Of the preferred stock, \$2,929,200 is 1st preferred and \$3,000,000 is 2d preferred.

The company during years 1881 to 1885 built a tunnel at Gould's Station, four miles west of Steubenville, at a cost of \$332,103.97.

In 1877 the Pennsylvania Company restored to the P., C. & St. L. Ry. Co. and cancelled, \$2,500,000 of bonds and \$3,279,221 of bills payable (received for advances), and thus enabled the latter company to reduce its capital account and floating debt, and consequently its fixed charges against revenue.

Consolidation of the Ohio and Pennsylvania RR. Co. (chartered in Ohio February 24, 1848; in Pennsylvania April 11, 1848), the Ohio and Indiana RR. Co. (chartered in Ohio March 20, 1850; in Indiana January 15, 1851), and the Fort Wayne and Chicago RR. Co. (organized in Indiana September 22, 1852; in Illinois February 5, 1853). Consolidation completed August 1, 1856, and the whole line put in operation January 1, 1859. On the 1st July, 1859, the company made default in the payment of interest on its bonds, and its road was sold under foreclosure October 24, 1861. A reorganization was effected February 26, 1862, under existing title. On the 27th of June, 1869, its road was leased in perpetuity to the Pennsylvania RR. Co. It is now operated by the Pennsylvania Company. The lessees assumed all the obligations of the lessors, and agree to pay dividends quarterly (January, April, July, and October), on the share capital of the lessors, at the rate of 7 per cent. annually.

The New Castle and Beaver Valley and the Lawrence RRs. are leased to this company and operated by the Pennsylvania Co. at rentals equivalent to 40 per cent. of gross earnings of the respective lines. Operations of these roads are separately reported.

* Includes net profits made on leased lines, and † joint earnings paid over to C. and P. RR. Co.

Funded Debt: \$5,250,000 1st mortgage 7 per cent. 50-year bonds in 6 series of \$875,000 each (interest, Series A, January and July; B, February and August; C, March and September; D, April and October; E, May and November; F, June and De-

ember); \$5,160,000 2d mortgage ditto, in 6 series of \$860,000 each (interest, Series G, January and July; Series H, I, K, L, M, same as B, C, etc.); \$2,000,000 3d mortgage 7 per cent. 50-year bonds, dated March 1, 1862 interest April and October; \$100,000 7 per cent. construction 30-year bonds, dated January 1, 1857, interest January and July.

The guaranteed special stock (\$8,400,000) was issued to the lessee under the terms of the lease, which provides that for betterments made by lessee (with approval of lessor), as required by increased business, payments should be made in issues of stock or bonds, such issues to be agreed upon by both parties. In view of the steadily increasing voting power of the lessee through the ownership of such stock, a plan was proposed during 1884 which provided for an issue of bonds to the amount of \$22,000,000 bearing 7 per cent. interest, payable quarterly, and to become due at the option of the company after the year 2868, such bonds to be known as betterment bonds, and to be issued to the Pennsylvania RR. Co. in payment for betterments as same shall hereafter be made. The plan further provided for the purchase of the ordinary stock of the company by the lessee, the latter making payment therefor with the betterment bonds, as the same shall be issued to it, the Pennsylvania RR. Co. guaranteeing the principal and interest thereon. The effect of this arrangement would be to give the ownership of the road to the Pennsylvania RR. Co., and at the same time secure to the stockholders substantially the same results as were contemplated in the lease.

This plan was submitted to the stockholders, but failed to receive popular assent. Suits were then instituted by the lessee against the lessor company, under which an order was granted by the Court of Common Pleas of Allegheny County, directing the lessee to withhold net earnings until guaranteed special stock shall have been issued to lessee in settlement of certain balances due by lessor. The total amount of expenditures for improvements and additions to December 31, 1884, was \$10,776,816.14; guaranteed special stock issued to same date, \$8,400,000; issued January 23, 1885, \$1,226,700; balance, \$1,150,116.14, ready in listed stock for delivery on withdrawal of suit as agreed.

Line of Road.—Port Huron, Mich., to 26th St., Chicago, Ill.....330.5 miles.
Sidings, 67.50 miles. Gauge, 4 ft. 8½ in. Rail—iron, 56; steel (327.5 miles), 60, 65, 67 lbs.

In addition to the line as above, the company uses 4.86 miles of the Chicago and Western Indiana RR., between 49th Street and Polk Street in Chicago, and 3.9 miles of the Grand Trunk Junction Ry. in the same city, making the total length operated 339.26 miles.

The Chicago and Grand Trunk Railway, as now constituted is a consolidation of various lines of railroad between Port Huron and Chicago. The line is controlled by and operated in the interest of the Grand Trunk Ry. Co. of Canada, and forms the Chicago extension of that company's system. The complete history of its organization and progress of construction is as follows :

On January 30, 1847, the Port Huron and Lake Michigan RR. Co. was chartered to build a line from Port Huron to a point on Lake Michigan near the mouth of the Grand River. On February 12, 1855, the Port Huron and Milwaukee RR. Co. was organized to construct a road over practically the same route. Upon this latter line some preliminary work was done, but finally the road was purchased by and merged into the Port Huron and Lake Michigan RR. In November, 1865, the corporation began the location of its line from Port Huron to Flint, 66 miles, and to provide the means for its construction executed a first mortgage to the Union Trust Company of New York to secure an issue of \$1,800,000 bonds. On December, 1871, the line was completed to Flint and formally operated for business.

On the 17th of February, 1868, a consolidation was effected under the name of the Peninsular Ry. Co., of the Peninsular Ry. Co. which had been chartered October 3, 1865, to build from Lansing to Battle Creek, and the Peninsular Ry. Extension Co. which had been chartered January 3, 1868, for an extension of the former road from Battle Creek to the Indiana State Line. In May, 1870, this consolidated company and the Peninsular RR. Co. of Indiana (chartered October 14, 1859, to build through that State) and the Peninsular Ry. Co. of Illinois were consolidated, the new corporation taking the name of Peninsular Railway Company. On this line the work of construction was rapidly carried forward, and in the autumn of 1872 the road was opened for business from Lansing, Mich., to South Bend, Ind., a distance of 120 miles.

In August, 1873, the Port Huron and Lake Michigan and the Peninsular Railway Companies were consolidated under the name of Chicago and Lake Huron RR. Co. and in October of same year the line was opened to Valparaiso, 45 miles beyond South Bend. Shortly after this consolidation default was made in payment on the bonds of the Peninsular division, and a receiver was appointed for that division. Subsequently, on April 6, 1876, the receiver's authority was extended over the whole Chicago and Lake Huron road.

To complete the gap between the two sections of the road the Chicago and Northeastern RR. Co. was chartered July 1, 1874, and on January 1, 1877, the road was opened between Flint and Lansing, 49 miles.

In 1879 the several sections of the Chicago and Lake Huron RR. were sold under foreclosure of their respective mortgages—the old Port Huron and Lake Michigan, 66 miles, June 21; the old Peninsular (in Michigan), 109 miles, August 25, and the Indiana portion of the old Peninsular Ry., November 20. Reorganizations having been effected under the names of the Northwestern Grand Trunk Ry. Co. in Michigan, the Michigan Ry. Co. and the Indiana Ry. Co., the sections thus sold were conveyed to the new corporations.

On February 1, 1880, an extension of the line from its terminus at Valparaiso to Chicago was completed and opened for business. This line was built under charter granted to the Chicago and State Line Ry. Co. in Illinois (incorporated in June, 1878, and acquired the road of the Chicago and Southern RR. Co., Chicago to Dolton, 20 miles, which was sold under foreclosure April 23, 1878), and the Chicago and State Line Extension Ry. Co. in Indiana, which companies were consolidated under the name of the Northwestern Grand Trunk Ry. Co. (in Illinois and Indiana).

On the 7th of April, 1880, a final consolidation of all the organizations then in existence and named below, was consummated under the corporate name of the Chicago and Grand Trunk Railway Company. The following are the names of roads so consolidated, their termini and length :

Consolidation, October 1, 1881, of the Chicago and West Michigan RR., the Grand Rapids, Newaygo and Lake Shore RR., the Grand Haven RR., and the Indiana and Michigan RR. of Indiana. See MANUAL for 1884, page 593.

During the year 1882 the Indiana and Michigan Ry., which is the Southern Extension of the old C. & W. M. RR., was opened from New Buffalo to La Porte, 15 miles, about May 1, and to La Crosse, 22 miles farther south, in December; the Bluffton Branch was extended from Bluffton to Port Sherman, 1.3 miles, and the White River RR. from Crooked Lake to West Troy, 4 miles. The Baldwin Extension of the White River RR. was completed and opened for business December 9, 1883.

In 1882 the stock of the White River RR. Company was exchanged for bonds of this company, and during the past year that company was dissolved, and the accounts representing its cost to this company closed by transfer to construction account.

The stock of the consolidated company shows an increase over that of the C. & W. M. RR. Co. of \$645,800, which amount was issued for consolidation purposes. Of this increase \$582,760 are held in trust for the benefit of this company, and the balance, \$63,040, will be issued and held in the same way when the outstanding stock of the old companies is presented for exchange.

During the past year the tracks on 2.46 miles of the Woodville branch, formerly used for logging purposes, were taken up.

Rolling Stock, December 31, 1884.—Locomotive engines, 46. Cars—passenger, 15; mail, etc., 11; freight (caboose, 7; box, 286; platform, 562), 855—total, 882. Also, 4 service cars. No statement of the rolling stock owned by the present company has been furnished.

Operations for year ending December 31, 1884.—Trains run (passenger, 634,838; freight, 564,786), 1,199,624 miles. Total engine service, 1,650,438 miles. Passengers carried, 616,514; carried one mile, 16,230,371; average distance per passenger, 26.29 miles; average rate per passenger, 73.35 cents; per passenger per mile, 2.78 cents. DETROIT, GRAND HAVEN AND MILWAUKEE RAILWAY.

Line of Road.—Detroit, Mich., to Grand Haven, Mich. 189 miles.
 Sidings, etc., 53.42 miles. Gauge, 4 ft. 8½ in. Rail (steel, 189 miles), 50 to 65 lbs.

The Detroit and Pontiac RR. Co., chartered March 7, 1834, and the Oakland and Ottawa RR. Co., chartered in 1848, were consolidated April 21, 1855, under the name of Detroit and Milwaukee Ry. The Detroit and Pontiac RR. was opened throughout in 1844. The line west of Pontiac was completed by the consolidated company November 22, 1858. In 1860 the property was sold under foreclosure, and a reorganization effected under the name of Detroit and Milwaukee RR. Co. The interest on the bonds in default was funded in bonds, and the interest on other debts in preferred stock. In November, 1873, the D. & M. RR. Co. made default in the interest on its bonds, and the road passed into the hands of a receiver April 10, 1875. On September 4, 1878, it was sold to the bondholders, who organized the present company, and assumed possession of the road October 18, 1878. The road is controlled by and operated in the interest of the Grand Trunk Railway Company of Canada.

DETROIT, MACKINAC AND MARQUETTE RAILROAD.

Line of Road.—Marquette, Mich., to Point St. Ignace, Mich.....151.90 miles.
 Sidings, 15.81 miles. Gauge, 4 ft. 8½ in. Rail (steel, 122 miles), 56 lbs.

Chartered September 3, 1879. Entire line opened December 19, 1881. The object of this road is to form, in connection with other roads, a line along the whole extent of the southern coast of Lake Superior, to a connection at Mackinaw with railroads already constructed from Detroit to that point. A branch from the main line to Sault Ste. Marie, where connection will be made with projected Canadian roads, is in contemplation. On the west connection will shortly be perfected with the Northern Pacific RR. When these connections are completed, this road will form a link in a new trans-continental line.

Sidings and spurs, 178.89 miles. Gauge, 4 ft. 8½ in. Rail (steel, 369.91 miles), 56 and 62 lbs.

Organized June 22, 1857, and consolidated June 4, 1872, with the Bay City and East Saginaw, the Holly, Wayne and Monroe, and the Cass River and Flint River RR. Companies. Road opened in December, 1874.

The portion of the main line from Monroe to Holly, 65.60 miles, was built by the Flint and P. M. RR. Co., under the charter of the Holly, Wayne and Monroe RR. Co.; the branch from Bay City to East Saginaw, under charter of Bay City and East Saginaw RR. Co.; and from Flint to Otter Lake, under Flint River RR. charter. On December 16, 1881, the Otter Lake Branch was opened to Fostoria, a distance of about 5 miles from its former terminus at Otter Lake. The cost of this extension was \$40,704.94. In 1880 the company purchased the Saginaw and Mt. Pleasant RR., and now operate it as the Mt. Pleasant Branch.

The road was placed in the hands of a receiver July 1, 1879, in default of payment of interest on the consolidated mortgage. Proceedings in foreclosure were commenced June 27, 1879, and the road sold August 18, 1880, to a committee of the consolidated mortgage bondholders, who reorganized the company under the present name August 31, 1880, and assumed possession of the road and property October 1, 1880. For terms of reorganization see MANUAL for 1884, page 601. Of the 4,470 consolidated bonds outstanding at the date of foreclosure, all except one have been surrendered to the company, and preferred stock issued in exchange.

This company was organized under general railroad law of State of Michigan, January 1, 1854; consolidated with Grand Rapids and Southern RR. Co., without change of name, September 1, 1855. On July 30, 1857, the Grand Rapids and Mackinaw and the Grand Rapids and Fort Wayne RR. Companies were also consolidated with it. The first section of road from Grand Rapids north to Cedar Springs was completed in December, 1867. It was opened to Petosky in 1874, and to Bay View in May, 1876. The southern extension from Fort Wayne to Grand Rapids was completed in October, 1870. On October 1, 1884, the Grand Rapids, Indiana and Mackinaw RR. Co., under whose charter, dated February 18, 1881, an extension of this line was built from Bay View to Mackinaw City, 34.31 miles was consolidated with this company. The appended statements of operations, earnings, etc., cover both roads for the entire year 1884. The Grand Rapids and Indiana RR. Co. is controlled by the Pennsylvania RR. Co. through advances and guarantees. During 1884 the company executed a new (second) mortgage to secure an issue of \$3,000,000 6 per cent. 15-year bonds, which were applied to the liquidation of floating debt incurred in building Mackinaw extension and in payment of amounts due the Pennsylvania RR. Co. for advances, etc. A new issue of consolidated mortgage 5 per cent. bonds to the amount of \$13,000,000 was also provided for, \$3,217,000 of which were outstanding December 31, 1884, \$2,500,000 of which were issued in exchange for the income bonds. Of this issue of bonds \$3,000,000 are reserved to retire the new second mortgage bonds referred to above, and \$5,500,000 to redeem the seven per cent. prior issues, \$484,000 were applied to repayment of advances made by Pennsylvania RR. Co., and \$1,516,000 will be reserved for the future requirements of the company.

For traffic returns, earnings, etc., of operated lines and terms of contracts with Grand Rapids and Indiana RR. Co. reference should be made to the statements of the respective companies. See GENERAL INDEX.

 Sidings, etc., 53.42 miles. Gauge, 4 ft. 8½ in. Rail (steel, 189 miles), 50 to 65 lbs.

The Detroit and Pontiac RR. Co., chartered March 7, 1834, and the Oakland and Ottawa RR. Co., chartered in 1848, were consolidated April 21, 1855, under the name of Detroit and Milwaukee Ry. The Detroit and Pontiac RR. was opened throughout in 1844. The line west of Pontiac was completed by the consolidated company November 22, 1858. In 1860 the property was sold under foreclosure, and a reorganization effected under the name of Detroit and Milwaukee RR. Co. The interest on the bonds in default was funded in bonds, and the interest on other debts in preferred stock. In November, 1873, the D. & M. RR. Co. made default in the interest on its bonds, and the road passed into the hands of a receiver April 10, 1875. On September 4, 1878, it was sold to the bondholders, who organized the present company, and assumed possession of the road October 18, 1878. The road is controlled by and operated in the interest of the Grand Trunk Railway Company of Canada.

Consolidation, August 22, 1872, of the Marquette and Ontonagon, chartered February 9, 1857, and the Houghton and Ontonagon, chartered January 17, 1870. Road opened to Ishpeming in 1857, to Champion in 1865, to L'Anse in December, 1872, and to Houghton in

November, 1883. The latter extension was built under the authority acquired by the consolidation on the 16th of April, 1883, with the Houghton and L'Anse RR. Co., which was organized on July 4, 1881, for the purpose of building a line from Houghton to L'Anse, a distance of 31 miles. By this extension the company acquired a land grant of about 80,000 acres. In the consolidation the stock was increased \$491,500, and provision was made for an issue of bonds to the amount of \$988,000. Holders of M., H. & O. stock were offered the privilege of subscribing for these new securities in blocks at the rate of 5 shares of stock at par and one \$1,000 bond at 50 per cent. on payment of \$1,000 cash.

MICHIGAN AIR-LINE RAILWAY.

Line of Road.—Ridgeway, Mich., to Jackson, Mich. 105.59 miles.
Sidings, etc., 5.36 miles. Gauge, 4 ft. 8½ in. Rail (steel, 72.75 miles), 60 lbs.

The Michigan Air-Line Ry. Co. was organized August 28, 1868, to build a road from Ridgeway to South Bend, Ind. Road opened from Ridgeway to Romeo, December, 1869; to Rochester, March, 1879; to Pontiac, October, 1880; to Jackson, January 1, 1884. The portion from Jackson, Mich., to South Bend was completed and is operated by the Michigan Central RR. Co. The line from Ridgeway to Shelby was sold to the St. Clair and Chicago Air-Line RR. Co.; but, through the failure of that organization, has since been operated by the present company, which bought the road at foreclosure sale, November, 1875. In November, 1878, traffic agreements were entered into with the Grand Trunk Ry. Co., by which that company contributes toward the interest liabilities.

2d track, 120.93; sidings, 514.85 m. Gauge, 4 ft. 8½ in. Rail (steel, 1,839.02 m.), 56–60 lbs.

The construction of the Michigan Central RR. was begun in 1836 by the Detroit and St. Joseph RR. Co., chartered June 29, 1832; but, before completing any portion of the line, that company sold its property and franchises to the State of Michigan, April 22, 1837. Under the auspices of the State the road was opened from Detroit to Ypsilanti, 30 miles, February 3, 1838; to Ann Arbor, 8 miles, October 17, 1839; to Dexter, 9 miles, June 30, 1841; to Jackson, 29 miles, December 30, 1841; to Marshall, 32 miles, August 12, 1844; to Battle Creek, 13 miles, November 25, 1845; and to Kalamazoo, 23 miles, February 2, 1846—in all, 144 miles. The Legislature then refused to make any further appropriations for the work. In 1846 the Michigan Central RR. Co. was chartered, and purchased the road and property from the State, taking possession September 24, 1846. The new company paid to the State \$2,000,000 for the property, which cost \$2,500,000. It completed the road to Niles, 47 miles, in 1848; to Michigan City, 37 miles, in 1850; and to Kensington, 43 miles, completing the line, in May, 1852. At Kensington it connects with the Illinois Central RR., using 14 miles of that line to reach Chicago. For terms under which the leased and operated lines were acquired, see the statements for the several companies.

TOLEDO, ANN ARBOR AND NORTH MICHIGAN RY.

Line of Road.—Toledo, O., to South Lyons, Mich61 miles.
St. Louis Extension: Owosso, Mich., to St. Louis, Mich.....41 miles.
Quarry Branch: Macon to Stone Quarry 2 miles.

Total line owned.....104 miles.
 Sidings, 8 miles. Gauge, 4 ft. 8½ in. Rail, iron, 50 and 56; steel (51 miles), 67 lbs.

This company was formed by the consolidation, June 24, 1884, of the Toledo, Ann Arbor and Grand Trunk, and the Toledo, Ann Arbor and North Michigan Ry. Companies. The former of these completed and opened in August, 1881, a line of railroad from Toledo to South Lyons. In October, 1882, the last named company was organized to build an extension of that road northwardly from South Lyons to St. Louis, a distance of 91 miles. Of this the section from Owosso to St. Louis was opened for local business by the contractors in October, 1884. The construction of the remaining link from South Lyons to Owosso, 50 miles, is now under contract to be completed during the current year. Pending its completion the intervening connection is supplied by the Grand Trunk Ry. Upon the final completion of this gap the company will have a continuous line of 152 miles in length, connecting with the Saginaw Valley and St. Louis Ry. at St. Louis, and forming the most direct route between Toledo and the Michigan lumber region. From South Lyons this road affords to the Grand Trunk Ry. of Canada its outlet to Toledo and connection with all the railroads centering at that point.

Rolling Stock.—Locomotives, 12. Cars—passenger, 9; baggage, etc., 2; freight (box, 80; platform, 95), 175—total, 186. Also, 2 service cars.

Consolidation (1866) of the Indianapolis and Cincinnati and the Lafayette and Indianapolis RR. Cos. The company the same year, for the purpose of securing an entrance into Cincinnati, took a perpetual lease of the Cincinnati and Indiana RR., the lessees assuming its bonded debt, and becoming virtual owners of its line. In October, 1870, the road, in default of the payment of interest on its bonds, was placed in the hands of a receiver. In 1876 the Hardentown Cut-off was constructed. On the 1st of August, 1876, the road was again placed in the hands of a receiver. It was sold under process for foreclosure February 2, 1880, and purchased on behalf of those previously interested in it, who organized a new company with a share capital of \$4,000,000 (afterward increased to \$7,000,000), and assumed the bonded debt of the old company to the amount of \$7,500,000. The new company took possession of the road March 6, 1880. The Harrison Branch RR. was leased in 1876, nominally by the Cincinnati and Indiana RR. Co.; the Fairland, Franklin and Martinsville RR., March 1, 1880; the Cincinnati, Lafayette and Chicago RR., September 1, 1880; and the Vernon, Greensburg and Rushville RR., July 1, 1881. The Cincinnati Street Connection is the joint property of this and the Little Miami RR. Co. The Kankakee and Seneca RR., which is owned conjointly by this company and the Chicago, Rock Island and Pacific company, was opened for traffic in March, 1882. This company advanced one half the cost, \$325,000, and agreed to operate the road for the Kankakee and Seneca Co. The terms of leases of the above lines are given in the statements for the several companies.

EVANSVILLE AND INDIANAPOLIS RAILROAD.

Line of Road.—Evansville, Ind., to Washington, Ind.....57.50 miles.
Gauge, 4 ft. 8½ in.

The Evansville, Washington and Worthington RR. Co. was organized May, 1878, to build a road from Evansville to Washington, Ind., 57 miles. The city of Evansville subscribed \$150,000 to the stock of the company. In March, 1880, the Indianapolis and Evansville Ry. Co. was organized to acquire the property and franchises of the Evansville, Washington and Worthington RR. Co., and having power to extend the line to Indianapolis. In December, 1881, the road was completed from Washington to Petersburg, 18 miles; completed December 31, 1883, to a junction with the Evansville and Terre Haute RR., 3½ miles north of Evansville. Placed in the hands of a receiver March, 1883. Sold under foreclosure June 7, 1884, and purchased for \$500,000 by parties who organized the present company June 14, 1884. The road is operated by the Evansville and Terre Haute RR. Co., which supplies rolling stock.

Financial Statement, August 31, 1884.—Capital stock, \$500,000; funded debt, first mortgage 6 per cent. 40-year coupon (\$1,000) bonds, due July 1, 1924, interest January and July, \$1,000,000—total, \$1,500,000. Trustees of bonds, Farmers' Loan and Trust Company, New York, and Josephus Collett. Bonds guaranteed by Evansville and Terre Haute RR. Co. Annual meeting, third Monday in October.

Directors (elected October 20, 1884).—Edwin Taylor, William Heilman, S. M. Archer, W. D. Ewing, E. P. Huston, D. J. Mackey, E. E. Law, Evansville, Ind.

Consolidation of the Crawfordsville and Illinois RR. Co. (chartered in 1849) and the Terre Haute and Vincennes RR. Co. (chartered in 1851) under the name of Evansville and Crawfordsville RR. Co. Whole line opened November 24, 1854. Present name adopted April 1, 1877. The Rockville Extension was opened in 1862, and leased July 1, 1872, to the Logans-

port, Crawfordsville and Southwestern RR. Co. On the reorganization of the latter, under the name of the Terre Haute and Logansport RR. Co., a new lease was taken for 99 years from November 1, 1879. In July, 1881, the Chicago and E. Illinois RR. Co., having purchased 40 per cent. of the capital stock of this company, secured a lease of its line, and operated it as its Evansville and Terre Haute Division; but this lease was shortly afterward abrogated. The Owensville Branch was extended from Cynthiana to Mt. Vernon, 25 miles, July 1, 1882.

Rolling Stock, August 31, 1884.—Locomotive engines, 26. INDIANAPOLIS AND ST. LOUIS RAILWAY.

Line of Road.—Indianapolis, Ind., to Terre Haute, Ind. 72

Leased: *St. Louis, Alton and Terre Haute RR.* 193—265 miles.

Sidings, etc., 76 miles. Gauge, 4 ft. 8½ in. Rail (steel, 240 miles), 60 and 65 lbs.

The Indianapolis and St. Louis RR. Co. was chartered August 31, 1867; road opened July 11, 1870. The St. Louis, Alton and Terre Haute RR. Company's main line, extending from East St. Louis, Ill., to Terre Haute, Ind., 189 miles, together with its Alton Branch, 4 miles, were leased for 99 years from June 1, 1867, at a minimum rental of \$450,000 a year.

Early in 1882 the road was placed in the hands of a receiver, J. H. Devereux, of Cleveland, O., in consequence of default in the payment of interest on its 2d and 3d mortgage bonds. A decree of sale was entered May 22, 1882. The road was sold July 28, 1882, and the present company (in the interest of the Cleveland, Columbus, Cincinnati and Indianapolis RR. Co.) was organized October 1, 1882. The C., C., C. & I. Co. purchased the Pennsylvania Co.'s interest, and agreed to indemnify that company and the Pennsylvania RR. Co. against any liability arising out of their former ownership, or in connection with the lease of the St. L., A. & T. H. RR.

Air-Line Division: Indianapolis, Ind., to Chicago, Ill. 183.28—476.68 miles.

Sidings, etc., 59 miles. Gauge, 4 ft. 8½ in. Rail (steel, 247.97 miles), 56 lbs.

Consolidation, May 5, 1881, of the Louisville, New Albany and Chicago Ry. Co. and the Chicago and Indianapolis Air-Line Ry. Co., the consolidated company issuing \$5,000,000 stock and \$2,300,000 bonds in exchange for the stock and bonds of the Chicago and Indianapolis Air-Line Ry. Co., and also declaring a scrip dividend of 15 per cent. on the \$3,000,000 stock of the original Louisville, New Albany and Chicago Ry. Co.

The New Albany and Salem RR. Co. was organized July 8, 1847, and road opened from New Albany to Michigan City, 288.26 miles, July 4, 1852. Name changed to Louisville, New Albany and Chicago RR. Co. October 4, 1859. Sold under foreclosure of first mortgage December 27, 1872, and purchased by the bondholders, who organized a new company under the present name with a capital stock of \$3,000,000.

The Indianapolis, Delphi and Chicago RR. Co. was organized September 3, 1872, to build a narrow-gauge line from Indianapolis to Chicago. Road opened from Rensselaer to Delphi, Ind., 40 miles, September 4, 1879. Sold under foreclosure in 1880 and reorganized as Chicago and Indianapolis Air-Line Ry. Co. The road was changed to standard gauge and completed between Hammond, Ind., and a point 4.15 miles west of Indianapolis, a distance of 158.02 miles, by the consolidated company.

The company uses 2.35 miles of the Wabash, St. Louis and Pacific, at a rental of \$5,978.78 per annum, and 1.81 miles of the Cleveland, Columbus, Cincinnati and Indianapolis, at a yearly rental of \$791.23, to reach Indianapolis; in reaching Chicago, 19.53 miles of the Chicago and Western Indiana (rental, \$127,200 per annum), and in reaching the Louisville bridge, 4 miles of the Jeffersonville, Madison and Indianapolis, at a yearly rental of \$4,521.47—total, 27.69 miles—(total rental, \$138,291.48 per annum); all of which is included above, leaving the mileage owned by the company 448.99 miles.

This company is interested in the Chicago and Western Indiana RR. and the Belt Ry. of Chicago to the extent of ownership of one fifth of those properties.

Chartered February 27, 1847, as the Chicago and Mississippi RR. Co.; road opened, Joliet to Alton in 1855; reorganized as the St. Louis, Alton and Chicago RR. in 1857; sold in 1862 under foreclosure of its mortgage. Present company organized February 16, 1861. Road opened from Alton to East St. Louis in 1859. The Chicago and Illinois River RR. was sold to the Chicago and Alton RR. Co. in 1879, and now forms the Coal City Branch. The Upper Alton Line, from Godfrey to Milton, 7.40 miles, was opened on July 15, 1882. The St. Louis, Jacksonville and Chicago RR. Co. was chartered February 15, 1851; road opened from Godfrey, Ill., to Bloomington, Ill., 150.60 miles, January 1, 1866; leased in perpetuity May 1, 1868; consolidated with the C. & A. RR. Co. April 14, 1884. By the terms of the consolidation, the Chicago and Alton RR. Co. issued its preferred and common stock in exchange share for share, for stock of the same classes of the St. L., J. & C. RR. Co. On December 31, 1884, there had been issued 10,541 shares of preferred stock and 15,328 shares of common stock in exchange for an equal number of shares of preferred and common stock of the St. Louis, Jacksonville and Chicago RR. Co.

The first section of this line, extending from a junction with the Galena and Chicago Union RR. 30 miles west of Chicago to Mendota, a distance of 37 miles, was built under a

charter granted June 22, 1852, to the Chicago and Aurora RR. Co., and was completed in 1853. In 1855 the name of that company was changed by Act of the Illinois Legislature to the Chicago, Burlington and Quincy Railroad Company. By its first report under the latter name its capital stock was \$1,476,442, first mortgage bonds, \$640,000, and second mortgage bonds, \$600,000—total, \$2,716,442. At the same time there had been expended on construction about an equal amount. From Mendota to Galesburg, 80 miles, was built by the Central Military Track RR. Co., whose charter bore date of February 15, 1851. The latter line was completed in 1854, and two years later (July 9, 1856) the two corporations were consolidated the new organization retaining the name of the Chicago, Burlington and Quincy RR. Co.

Previous to this consolidation the two corporations forming the consolidated company had extended much aid to the Peoria and Oquawka, and the Northern Cross RR. Companies whose lines forming respectively extensions of this road from Galesburg to a point on the Mississippi River opposite Burlington, Iowa, and to Quincy, Missouri, were then in progress of construction. In March, 1855, the former line was completed and shortly thereafter the Northern Cross road was opened for business. Both roads being controlled by the associated companies were operated in connection with their lines and, after the consolidation, by the consolidated company.

In 1857 the name of the Northern Cross Company was changed to the Quincy and Chicago RR. Co. In 1860 its railroad and other property were sold under foreclosure of its first mortgage bonds and purchased by the Chicago, Burlington and Quincy RR. Co., which at that time was the largest holder of those bonds. In 1862 the company acquired title to the partially constructed road from Yates to Lewiston, and on June 2, 1862, that branch was completed and opened for business. In 1863, under authority of an Act of the Legislature the Peoria and Oquawka RR. (which meantime had been extended on the east from Galesburg to Peoria, making its total length 96 miles) was purchased, and after its formal reorganization under the name of the Peoria and Burlington RR. Co. was consolidated with the Chicago, Burlington and Quincy Company.

To secure entrance into Chicago the company was dependent up to 1863 upon the Galena and Chicago Union RR., whose track was used from Galena Junction under trackage contract. In 1863 the company located and began the construction of an extension of its road from Aurora, 13 miles south of its former eastern terminus, to Chicago and in June, 1864, that road, 37 miles in length, was opened for traffic.

In 1868 the company began the construction of numerous branch lines which are nominally leased but really owned by the Chicago, Burlington and Quincy RR. Co. and are wholly incorporated into its system. The roads thus built, in the order in which they were added to the Chicago, Burlington and Quincy system are :

American Central, Keokuk and St. Paul, Peoria and Hannibal, Dixon, Peoria and Hannibal, Carthage and Burlington, Quincy and Warsaw, Ottawa, Oswego and Fox River Valley, Illinois Grand Trunk, Quincy, Alton and St. Louis, and St. Louis, Rock Island and Chicago. (For "Contingent Liabilities" of the Chicago, Burlington and Quincy RR. Co., for branch roads, reference should be made to General Balance Sheet; for termini and lengths of lines, see Mileage Statement preceding.)

The Chicago and Rock River RR. was acquired in 1871 by purchase of all its bonds and a majority of its stock, and in 1872 control was secured (nominally through a perpetual lease) of the Burlington and Missouri River RR. in Iowa. Through this latter contract, virtually a consolidation, 444 miles of road were added to the company's system. In like manner the company acquired, in 1880, the Burlington and Missouri River RR. in Nebraska, whose completed mileage was 836 with about 109 miles additional under construction. It was through the consolidation of these two companies that the Chicago, Burlington and Quincy RR. Co. acquired its lands.

The other lines added from time to time are wholly owned and were built substantially in the same manner as the American Central, the Keokuk and St. Paul and the several branches named above.

In addition to the mileage above the company controls and practically owns 993.22 miles

of road, consisting of the Hannibal and St. Joseph RR., 292.35 miles; the St. Louis, Keokuk and Northwestern RR., 181.5 miles; the Chicago, Burlington and Kansas City RR., 152.6 miles; the Kansas City, St. Joseph and Council Bluffs RR., 313.17 miles; the St. Joseph and Des Moines RR. (N. G.), 50 miles; and a half interest with the Wabash, St. Louis and Pacific Co. in the Humeston and Shenandoah RR., 113 miles.

"The properties controlled by this company, whose operations are not embraced in this Report, show a falling off in net surplus for the year of about \$300,000, having earned about \$700,000 in 1884, as against \$1,000,000 in 1883, after paying their own operating expenses and interest on their outstanding liabilities not owned by the C. B. & Q. Company. The Kansas City, St. Joseph & Council Bluffs Company paid during the year dividends amounting to 5 per cent. on its capital stock, yielding to this company the sum of \$263,040."

Rolling Stock, December 31, 1884.—Locomotive engines, 587. Cars—passenger and combination, 271; baggage, mail, and express, 109; freight (box and stock, 15,635; platform and coal, 4,565), 20,200—total revenue cars, 20,580. Also, 277 way, 9 officers', 1 state-room, 5 dining, 8 wrecking, 14 boarding, 5 pile-drivers, 1,022 hand, 1 painters', and 725 rubble cars—total service cars, 2,067. Total of all cars, 22,647.

Contracts: { <i>Ind., Bloom. & Western RR.</i> : Danville, Ill., to Covington, Ind.....	13.00 miles.

Total length of road operated, (owned, 149.59 ; leased, 67.42 ; trackage, 29.20), 246.21 miles. Sidings, 69 miles. Gauge, 4 ft. 8½ in. Rail (steel, 215.7 miles), 50, 56 and 60 lbs.

The main line of this road from Dolton to Danville, with a branch from Bismarck Junction to Coal Creek, Ind., was built by the Chicago, Danville and Vincennes RR. Co., which was chartered February 16, 1865 ; main line completed in November 1, 1871, and branch into Indiana in July, 1873. That company having defaulted in payment of interest October, 1873, its road was sold under foreclosure—the Illinois division on February 7, 1877, and the Indiana division on February 9, 1877. The former was reorganized on the 12th of February, 1877, as the Chicago and Nashville RR. Co., and the Indiana division on the 9th of August, same year, as the State Line and Covington RR. Co. On August 29, 1877, these two companies were consolidated under the name of the Chicago and Eastern Illinois RR. Co., and on March 8, 1881, the latter corporation was consolidated with the Danville and Grape Creek RR. Co. (chartered March 16, 1880 ; road opened from Danville to Grape Creek, 5.90 miles, November, 1880) forming the present corporation. During 1880 that portion of the branch line extending from Bismarck Junction to Covington, Ind., 15.62 miles, was abandoned and the rails removed.

This company owns one fifth interest in the Chicago and Western Indiana RR. By contract with that company its line from Dolton, Ill., is used to secure an entrance into Chicago. Annual rental, \$99,450, the additional rental (\$43,200 over previous years) carrying the ownership. The contract with the I., B. & W. Ry. provided for the running of freight trains over the tracks from Danville, Ill., to Covington, Ind., at a rental of \$6,000 per annum, but has recently (February 1, 1885) been reduced to \$3,000 per annum.

The Evansville, Terre Haute and Chicago RR. (which see) is leased by this company and operated as its Terre Haute Division. By the terms of this lease the company acquired control of the Evansville and Terre Haute RR. Co.'s Rockville extension, 6.10 miles, and of the Indiana Block Coal RR., 12.72 miles, the C. & E. I. RR. Co. assuming all rentals and taxes on those roads, as paid by the E., T. H. & C. Ry. Co. prior to the transfer of the lease.

During the year 1881 the Grape Creek Division was extended from Grape Creek to Sidell's Grove, 15.5 miles, and opened January, 1882. This company also assisted the Strawn and Indiana State Line RR. in building 11.36 miles of road from Cissna Park to Wellington Junction, which was opened about January 25, 1882, and is now operated by this company as its Wellington Branch.

The first mortgage bonds are a first lien on all the property of the Chicago and Eastern Illinois RR. Co., wherever situated, both in Illinois and Indiana, together with all its equipment appurtenances, franchises and income. Trustee, Franklin H. Story, Boston, Mass. Bonds may be registered at office of the Central Trust Co., New York. Provision was made for the accumulation, after 1885, of a sinking fund of \$20,000 per year for the redemption of these bonds. Denominations, \$100, \$500, \$1,000. The income bonds are a lien upon the net income of the C. & E. I. RR. Co., and are a second mortgage on all the property; interest limited to 7 per cent. and non-cumulative. Denominations, \$100, \$500, \$1,000. Principal and interest payable by Central Trust Co., New York. George Blagden, Trustee, New York City. Trustee of D. & G. C. RR. bonds and extension bonds is Franklin H. Story, Boston, Mass.; denomination, \$1,000. The new consolidated mortgage bonds are a lien on all property of whatever description. Of the amount authorized, \$4,500,000 were deposited with Central Trust Co. to retire prior lien bonds. Trustee, Central Trust Co.; denomination, \$1,000. First mortgage sinking fund bonds carry voting privilege.

By the terms of the lease the C. & E. Ill. RR. Co. guarantees the interest on the following bonds of the E., T. H. & C. Ry. and the Indiana Block Coal RR.: 1st mortgage 30-year bonds (E., T. Of the above mileage 176.6 miles were added during the fiscal year, to wit: Aurora Branch (Batavia to Aurora), 6.20; Toledo and Northwestern Ry. (Hawarden to Dakota line), 0.63; Dakota Central Ry. (Iroquois to Iowa line, 125.49; Castlewood to Watertown, 13.28), 138.77; Maple River RR. (Holstein to Kingsley), 26.36; Sycamore to Cortland, Ill. (purchased from Sycamore, Cortland and Chicago RR.), 4.64.

On the 12th of February, 1851, the Illinois and Wisconsin RR. Co. was chartered in Illinois to construct a line of railroad from Chicago northwardly to the State line of Wisconsin, and on the 11th of March in the same year the Rock River Valley Union RR. Co. was chartered in Wisconsin to construct, within that State, a continuation of the former line by way of Janesville to Fond du Lac, with power to extend northwardly from

Janesville to a point on the Wisconsin line near St. Paul, and northwardly from Fond du Lac to the Michigan line. Of the line between Chicago and Fond du Lac the Illinois and Wisconsin had completed the section to Cary, a point 38.5 miles from Chicago, and the Rock River Valley Union the section from Fond du Lac to Minnesota Junction, 29 miles (both opened in 1854), when on the 31st of March, 1855, a consolidation of the two companies was effected under the corporate title of Chicago, St. Paul and Fond du Lac RR. Co. In 1857 this company consolidated with itself under distinct acts the following companies: March 5, 1857, Wisconsin and Superior RR. Co., chartered October 11, 1856, to build from Fond du Lac, Wis., to the north line of Wisconsin; March 21, 1857, Marquette and State Line RR. Co., chartered in 1856 to build from Marquette, Mich., to State Line of Wisconsin; March 27, 1857, Ontonagon and State Line RR. Co., chartered in 1856 to build from Ontonagon, Mich., to State Line of Wisconsin. By these several consolidations the Chicago, St. Paul and Fond du Lac RR. Co. secured the land grants that were donated to the companies named to aid in the construction of their respective roads. In the financial depression of 1857 the consolidated company became embarrassed, and as a result the consolidation with the Ontonagon and State Line RR. Co. was defeated, its lands reverting to the State of Michigan. Later in the same year default was made in the payment of interest on the C., St. P. & F. du L. bonds, and under an agreement for the reorganization of the company the road was sold under foreclosure on the 2d of June, 1859, the Chicago and Northwestern Ry. Co., its successor, being organized June 6, 1859. Upon the formation of the new company its share capital was about \$2,650,000; funded debt, \$7,300,000; floating debt, \$330,000—in all \$10,280,000. Immediately following the completion of its organization the new company entered vigorously upon the work of extending and completing its lines, and on October 6, 1859, ran its first train over the completed road from Chicago to Oshkosh. In 1862 the line was completed to Fort Howard, 242 miles from Chicago.

In 1863 the Kenosha, Rockford and Rock Island RR. Co. becoming embarrassed, its road was sold under foreclosure, and a new company, under the name of the Dixon, Rockford and Kenosha, organized and subsequently consolidated with the Chicago and Northwestern Ry. Co., the latter issuing \$1,400,000 common stock in exchange for securities of that company. On June 2, 1864, the Galena and Chicago Union RR. Co., owner of 278 miles of road, and the Chicago and Northwestern Ry. Co. were consolidated, the new company retaining the name of the latter. In this consolidation the holders of stock in the G. & C. U. Co. received a dividend of 3 per cent., and two shares of C. & N. W. stock (one common and one preferred) in exchange for the shares held by them. In addition to the railroad absolutely acquired by this consolidation the C. & N. W. Ry. Co. became lessee (in perpetuity) of the franchise of the Albany Bridge Company, and of the Chicago, Iowa and Nebraska and the Cedar Rapids and Missouri River Railroads. The Bridge Co. was authorized to maintain a bridge or ferry over the Mississippi River from Fulton to Clinton, and in pursuance of this right the G. & C. U. Co. had commenced the construction of a bridge, at that point, which was completed by the consolidated C. & N. W. Ry. Co. The C., I. & N. RR. was at the date of consolidation completed its entire length, but the C., R. & M. RR. had only been built to Marshall, 70 miles. These two roads, together forming the extension of the Galena and Chicago Union RR. to the Missouri River at Omaha, and to a junction at that place with the Union Pacific, had been acquired in 1863 by lease by the Galena and Chicago Company, previous to the consolidation of that company with the Northwestern. The rental agreed to be paid for the C., I. & N. RR. was 47½ per cent. of its gross earnings, afterward reduced, January 1, 1871, to 37½ per cent. That of the C., R. & M. RR. was to be \$1,750 per mile up to January 1, 1871, after which it was to be \$700 per mile out of the \$1,500 per mile first earned; 33½ per cent. of the gross earnings from \$1,500 to \$4,500 per mile, and 20 per cent. of all earnings per mile in excess of the last named sum. The company's system was further extended by the line from Beloit to Madison, which was virtually an extension of the G. & C. U. Company's Beloit Branch, and the line from Elgin to Genoa, practically a branch of the Madison and Beloit RR. Co.; the Elgin-Genoa line as the Fox River Valley RR. Co., and reorganized as the Elgin and State Line RR. Co. The Galena and Chicago Union Co. aided largely in the construction of both roads, and thus became owner of a majority interest in the two companies. By the consolidation with the C. & N. W. Co. this ownership became vested in the consolidated company, which subsequently acquired most of the outstanding stock of the first-named road by an exchange of its preferred stock at par for Beloit and Madison stock at 80. In October, 1864, shortly after the consolidation of the G. & C. U. with the C. & N. W. Co., a consolidation was effected with the Peninsula RR. Co. of Michigan, having a mileage of 71 miles, on the basis of one-half share of common and one-half share preferred stocks of C. & N. W. Ry. Co. in exchange for one share of the Peninsula stock. This road had a land grant of 10 sections to the mile. A similar grant had been previously made by the general government to the State of Wisconsin for that portion of the State between the northern boundary of the State and Escanaba, 64 miles. This land grant was transferred by the State to the Northwest Company, as the condition of filling up this link, which was opened from Fort Howard to Marinette, 49.45 miles, in 1871, and from Marinette to Escanaba, 64.65 miles, in 1872.

The Chicago and Milwaukee RR. extending along the shore of Lake Michigan and connecting the cities named in its title was added to the system about close of the year 1864, a controlling interest (22.74½ shares out of 23,500) being purchased by an issue of \$1,372,000 preferred stock of the C. & N. W. Co. This ownership was afterward increased so as to include nearly all the stock of the C. & M. Ry. Co.

In October, 1867, the company purchased control of the Winona and St. Peter RR., extending from Winona west 105 miles, and of the La Crosse, Trempealeau and Prescott RR. then under construction between Winona Junction and Winona, 30 miles. The latter line was completed in 1870, and connected with the Chicago and Northwestern in 1872 by the construction of the C. & N. W. Ry. Co.'s Madison Extension, which was built under the charter of the Baraboo Air-Line Ry. Co. The extension of the W. & St. P. RR. to Lake Kampeska near Watertown, Dak., was completed in 1874. Attached to the W. & St. P. RR. is a land grant of 10 sections to the mile, under which there had been certified to June 30, 1884, 1,668,787.90 acres.

In 1873, under the charter of the Northwestern Union RR. Co., the C. & N. W. Ry. Co. built a line from Milwaukee to Fond du Lac, completing a new short line from Chicago to Fond du Lac and the mining districts of Michigan.

LEASED LINES.—The terms under which the C., I. & N. RR., and the C., R. & M. RR. were leased are stated in the preceding pages; rental of the M. R. RR. is stated on page 770 of MANUAL for 1884. At the annual meeting of the C. & N. W. Ry. Co. June 5, 1884, an arrangement (based upon actual results of operating) for the purchase of those leased lines and their tributaries was unanimously approved, such transfer having previously (May 21, 1884) been sanctioned by the stockholders of the three lessor companies. Under this arrangement there has been issued by the C. & N. W. Ry. Co. common stock to the amount of \$14,757,500 of which \$5,874,300 will be exchanged for C., I. & N. stock, share for share; \$6,850,400 for C., R. & M. R. common stock at rate of 1½ shares of latter for one share C. & N. W. common stock; \$2,032,800 in exchange, share for share, for all the stock of the Maple River RR. Co., of which only \$918,200 were outstanding March 31, 1884. The C. & N. W. Ry. Co. also guarantees an issue of 7 per cent. 25-year bonds of the C., R. & M. R. RR. Co. which are secured by mortgage on the road between Cedar Rapids and Boone, and are to be exchanged for the preferred stock of the C. R. & M. R. RR. Co. in multiples of 10 shares—shares less than 10 to be paid for in cash at market price by the C. & N. W. Ry. Co.

In addition to the above the C. & N. W. Ry. Co. issued \$1,968,000 5 per cent. debenture bonds in purchase of the stock of the Fremont, Elkhorn and Missouri Valley RR. Co., and assumes all indebtedness and receives all assets of that corporation. It also assumes all bonds and obligations of the C., I. & N. RR., the C. R. & M. R., and the M. R. RR. Companies—the aggregate of all bonds and obligations assumed being \$11,149,000. Total costs of lines purchased, \$27,875,100.

In the appended tabulated statement is given the terminal points of all lines now (May 31, 1884) forming the

system of the Chicago and Northwestern Ry. Co. with the names of the companies by which they were constructed or which had title to them at the time they passed under control of the C. & N. W. Ry. Co.

In the above statement the sections or roads set opposite the names of companies printed in *SMALL CAPITALS* were either built by the C. & N. W. Ry. Co., or were acquired absolutely by that company in the years given (for details see former numbers of MANUAL); those set opposite names printed in *italics* were leased in the years mentioned, as noted below, and those set opposite names printed in *roman*, formed what has been known as the proprietary system of railroads of the C. & N. W. Ry. Co. The figures following the terminal correspond with the figures on page 656. Asterisks (*) are prefixed to those roads which have been formally consolidated with the Chicago and Northwestern Ry. Co. since the date of their original acquirement.

PROPRIETARY ROADS.—As will be seen by the tabulated statement above, the greater part of the extensions and additions to the company's system during the past twenty years has been through the medium of what is known as the proprietary roads—roads which were built by companies wholly controlled by the C. & N. W. Ry. Co. In 1881, with a view of diminishing the number of corporations controlled, the following companies were consolidated: The Elgin and State Line RR. Co., the St. Charles RR. Co., and the State Line and Union RR. Co., in Illinois and Wisconsin, under the name of the *Elgin and State Line RR. Co.*; the Chicago and Milwaukee Ry. Co., the Northwestern Union Ry. Co., the Milwaukee and Madison Ry. Co., the Chicago and Tomah RR. Co., and the Sheboygan and Western Ry. Co., in Illinois and Wisconsin, under the name of the *Chicago, Milwaukee and Northwestern Ry. Co.*; the Menominee River RR. Co. in Michigan, and the Menominee Ry. Co., in Wisconsin, in both these States, under the name of the *Menominee River RR. Co.*; the Winona and St. Peter RR. Co., the Plainview RR. Co., the Chatfield RR. Co., the Rochester and Northern Minnesota Ry. Co., the Minnesota Valley Ry. Co., and the Chicago and Dakota Ry. Co. in Minnesota, under the name of the *Winona and St. Peter RR. Co.* By this, eighteen distinct organizations were combined into four separate companies, mostly situated in Illinois, Wisconsin, Michigan, and Minnesota. As a further result these changes required a consolidation of accounts of the successor companies.

This step was preliminary to a final consolidation of all the controlled companies into the Chicago and Northwestern Ry. Co. On the 14th of September, 1882, the Menominee River and the Escanaba and Lake Superior (the latter organized November 19, 1880) RR. Cos. of Michigan, were consolidated into the Northwestern Co., the latter issuing 11,880 and 4,320 shares of its common stock, in exchange for the stocks of these companies respectively. On the 7th of June, 1883, the Elgin and State Line, and the Chicago, Milwaukee and Northwestern RR. Cos., were also merged into the Northwestern Co.

In November, 1882, the company purchased a majority of the stock of the Chicago, St. Paul, Minneapolis and Omaha Ry. Co. (which see), the price paid being \$10,503,959.90, part of which was provided for by an issue of \$10,000,000 5 per cent. 50-year debenture bonds, the balance being derived from sale of common stock. These debenture bonds are provided with a sinking fund of \$200,000 per annum after 1885, and are further secured by an agreement of the company to create no additional mortgage debt, excepting for the extension or improvement of its property, without making provision to give to the holders of bonds of this issue equal security with any additional bonds secured on the same property.

Live Bonds in Sinking Funds							712,500			
Total as per Balance Sheet							80,891,000			

On the 5th day of April, 1879, the company made provision for the issue of sinking fund bonds, not to exceed \$15,000,000 in all, payable October, 1929, to bear interest at a rate not exceeding six per cent., payable April 1st and October 1st of each year; the bonds to be used in the construction of branches or feeders, at a rate not exceeding \$15,000 per mile. In addition to their being an obligation to the company, these bonds are in all cases to be secured by a deposit in the Farmers' Loan and Trust Co. of New York, as trustees, of 1st mortgage bonds of such branch lines, corresponding in amount and interest to those of the company. The total amount of bonds of this class issued to May 31, 1883, was \$14,090,000 (\$6,305,000 six per cents., and \$7,785,000 five per cents.) on 966 miles of new road—886 miles at \$15,000 per mile, and 80 miles at \$10,000 per mile. (See preceding MANUAL.) During the fiscal year 1884 there were issued on account of new road \$370,000 five per cents. at the rate of \$15,000 per mile on account of Menominee River RR., \$115,000; on account of Dakota Central RR., \$255,000.

The consolidated sinking fund bonds are secured by a mortgage lien on all the different lines of road, and the equipment of the company (except the Milwaukee Division) in Illinois, Wisconsin, and Michigan, subject to prior liens. The mortgage trust deed provides that the

company may at any time make further issues for the purpose of exchanging them for such prior liens.

The amount of bonds provided for under the general consolidated gold mortgage was \$48,000,000, of which \$35,349,000 were to retire outstanding prior lien bonds, as follows : C. & N. W. currency bonds of various issues, \$8,812,500 ; C. & N. W. gold bonds, \$5,850,000 ; Peninsula RR. currency bonds, \$695,000 ; G. & C. U. currency bonds, \$3,068,000 ; B. & M. currency bonds, \$324,000 ; C. & M. RR. currency bonds, \$1,724,500 ; I. M. Ry. currency bonds, \$1,350,000 ; W. & St. P. RR. currency bonds, \$4,400,000 ; W. & St. P. RR. Extension gold bonds, \$4,625,000 ; La C., T. & P. RR. bonds, \$1,000,000 ; N. W. U. Ry. gold bonds, \$3,500,000—total, \$35,349,000. The remainder of the issue (\$12,651,000) was to be used for the improvement of the road, etc. These bonds are a mortgage on all the roads, land grants, and other property of the company, subject to prior liens, as above. A sinking fund of one per cent. per annum has accrued since June 1, 1874.

The sinking fund debentures of 1933 were issued, as previously stated, to provide means for purchase of controlling interest in Chicago, St. Paul, Minneapolis and Omaha Ry. Co., and are provided with a sinking fund by which \$200,000 are to be purchased and cancelled each year from and after 1888, whenever bonds can be purchased at or below 105 and accrued interest in any one year. The C. & N. W. Ry. Co. guarantees that no increased mortgage debt, except for improvements, extensions, etc., shall be created without providing equal security for these bonds with any additional bonds secured on same property. In case of default for six months trustee (Union Trust Co.) is empowered to declare principal due and enforce payment.

The *Chicago and Tomah RR. bonds* are secured on the lines of the Galena and Wisconsin and Chicago and Tomah RR., as given in statement on page 658, aggregating 153.72 miles.

The Chicago and Rock Island RR. Co. was chartered in Illinois February 7, 1851; road opened from Chicago to the Mississippi River July 10, 1854. The company for the extension of the line from the Mississippi to the Missouri River was chartered in 1852, under the name of the Mississippi and Missouri RR. Co. The two were consolidated August 22, 1866, as the C., R. I. & P. RR. Co. At that time only 130 miles of the main line in Iowa, and the Washington Branch, 50 miles, had been constructed. The extension to the Missouri River, and to a junction with the Union Pacific, was completed in June, 1869. The Kansas City Extension was constructed by the Iowa Southern and Missouri Northern Ry. Co., and was purchased by the C., R. I. & P., under foreclosure of a mortgage to secure the payment of \$5,000,000 of bonds, guaranteed by the latter. In 1878 the Keokuk and Des Moines RR. was leased for 45 years, at a rental equalling 25 per cent. of its gross earnings, the rental in no case to be less than the interest, or 5 per cent. on the funded debt (\$2,750,000) of the leased line. The Peoria and Bureau Valley Branch is leased in perpetuity at an annual rental of \$125,000. In 1879 a contract was concluded for the joint use of the Hannibal and St. Joseph RR. between Cameron and Kansas City, on the payment of 7 per cent. on one half of a valuation of the line, and half the expenses of maintenance. The lease is for 25 years. An agreement was also made with the Union Passenger Depot Co., under which this company is entitled to equal privileges with other lines coming into Kansas City. On the 4th of June, 1880, the Chicago, Rock Island and Pacific Railroad Co. was consolidated with the South Chicago Branch, the Washington Branch, the Iowa Southern and Missouri Northern Railroad, the Atchison Branch, the Indianola Branch, the Newton and Monroe Railroad, the Atlantic Southern Railroad, the Avoca, Macedonia and South-

western Railroad, and the Atlantic and Audubon Railroad, forming the Chicago, Rock Island and Pacific Railway Co. By the terms of consolidation, the holders of shares of the C., R. I. & P. were entitled to receive two shares of stock in the consolidated company for every one held by them in the old. The authorized share capital of the new company is \$50,000,000. The amount of stock issued under the consolidation was \$41,960,000. The branch from Wilton to the Lime Kilns was built during the past fiscal year.

CHICAGO AND WESTERN INDIANA RAILROAD.

Line of Road. —Polk Street (Chicago), to Dolton, Ill.....	16.69 miles.
Hammond Extension: Pullman Junction to State Line.....	10.23 miles.
Belt Division: C., M. & St. P. RR. to South Chicago, Ill.....	22.20 miles.

Total length of lines owned.....49.17 miles.

Second track, 39.27 miles. Sidings, 43.90 miles. Gauge, 4 ft. 8½ in. Rail (steel), 60 lbs.

Organized June 6, 1879. Road opened in May, 1880. In 1881 consolidated with the South Chicago and Western Indiana Railroad Company and the Chicago and Western Indiana Belt Railway Company, under the name of the present company.

The Chicago and Western Indiana RR. Co. was organized for the purpose of leasing its road and terminal facilities in the city of Chicago and its vicinity to other companies; the South Chicago and Western Indiana RR. Co. for the purpose of giving to lessees of the Chicago and Western Indiana RR. a connection with the iron and lumber interests at South Chicago; and the Chicago and Western Indiana Belt Ry. Co. for the purpose of building a road to connect the various railroads entering Chicago outside of the city, and transferring cars without entering the city.

The real estate (including wharf property on the Chicago River), which is owned in fee simple, covered by the general mortgage, consists of 61 acres of land within the city limits, upon which are passenger and freight depots leased to various companies; 78 acres for right of way and switch yards adjoining the city leased to the same companies; 202 acres for transfer yard for the Belt Division, and 28 acres for yard grounds at junction of Hammond Extension and Belt Division. The elevator (capacity, 1,500,000 bushels) of the company is situated on the Chicago River, near 18th Street, on the main line.

The Chicago and Eastern Illinois RR. Co., the Wabash, St. Louis and Pacific Railway Co., the Chicago and Grand Trunk Railway Co., the Chicago and Atlantic Railway Co., and the Louisville, New Albany and Chicago Railway Co. lease the right to use the main line in order to enter the city; and, in addition, freight houses, freight yards, and the right to use the passenger depot. The leases are all covered by the mortgage as additional security.

The lessees agree to pay a monthly rental sufficient to pay the interest on the bonds issued against their respective leases, and in addition, after January 1, 1885, to pay monthly an amount sufficient to retire the principal of such bonds before maturity. These rentals are paid to the trustees. After paying the interest on the outstanding bonds the remainder of the rentals are paid by them to the company. The sinking fund will be held by the trustees for the purpose of retiring the outstanding bonds which they are required to draw at 105 and interest. The present leases yield a rental of over \$400,000 in addition to which the company will derive a revenue from its elevator and from the operations of the Belt Line.

Rolling Stock.—Locomotive engines, 12. Cars (platform, 100; stone, 50), 150.

Financial Statement, December 31, 1884.—Capital stock, \$5,000,000; funded debt, \$2,500,000 sinking fund 40-year 6 per cent. gold bonds, dated November 1, 1879, interest May and November; \$6,396,666.67 (authorized, \$10,500,000), general mortgage sinking fund 6 per cent. 50-year gold bonds, dated December 1, 1882, interest quarterly, Feb., May, August, and Nov.—total stock and bonds, \$13,896,666.67. Cost of property, \$14,297,790.21.

Of the general mortgage bonds \$2,500,000 are reserved to retire an equal amount of Chicago and Western Indiana old 1st mortgage bonds.

There is on hand, from the sale of bonds, an amount sufficient to complete the new passenger depot in Chicago, now under construction, and other contemplated improvements.

By the terms of the trust deed the company can only issue bonds either as improvements, to the extent of \$500,000, are made upon the Belt Railway Division, or as leases, satisfactory to the trustees, are made giving to other companies the right of user of the main line into Chicago, and furnishing depot and yard facilities, sufficient to pay interest and sinking fund of bonds; and the amount of bonds which can be issued under any such lease not to exceed 80 per cent. of the capitalized principal in said lease.

Annual meeting, first Tuesday in June. Books close for annual meeting ten days prior thereto; for dividends ten days prior to payment of same. General mortgage bonds listed on New York Stock Exchange.

DANVILLE, OLNEY AND OHIO RIVER. (In Progress.)

Line of Road.—Danville, Ill., to Ohio River.....243 miles.

In operation: Danville, Ill., to Olney (O. & Miss. RR.), Ill.....110 miles.

Sidings, 7.38 miles. Gauge, 4 ft. 8½ in. Rail, 45 lbs.

Chartered March 10, 1869; road opened from Kansas to Westfield June 1, 1878; to West Liberty February 21, 1881. During the year 1881 the gauge was changed from 3 ft. to 4 ft. 8½ in. The road was completed and put in operation between Sidells and Olney, 86.1 miles, in 1883. The company uses 22.9 miles of the Chicago and Eastern Illinois RR. Co.'s road, from Sidells, through its coal mines, south to Danville, and the terminal facilities of that company at Danville. Placed in the hands of a receiver in 1883.

A plan for the reorganization of this company is now under consideration. It provides for the sale of the property under foreclosure, and its purchase by a committee of the bondholders. Also that there be issued \$500,000 first mortgage 6 per cent. 30-year bonds, to be applied to settlement of all liabilities as shall be decreed to take precedence of present bonded debt; income mortgage 30-year bonds, interest 6 per cent., non-cumulative, and payable, if earned, from net earnings, to be issued to holders of old bonds in the proportion of 75 per cent. of their holdings, and \$1,500,000 stock, to be distributed to holders of bonds at par, in the proportion of 25 per cent. of their holdings, and for the full face value of all accrued interest to the date from which said income bonds shall commence to run. The plan further provides that the holders of income bonds shall have the right at all meetings of stockholders to cast one vote for each \$100 thereof; also that in the event of net earnings being insufficient during the first five years from date of such bonds to pay the interest thereon, in whole or in part, then scrip shall be issued therefor, convertible into stock at any time within one year of its issue.

In furtherance of this plan a decree of foreclosure was granted on the 16th of May, 1884.

Rolling Stock.—Locomotive engines, 4. Cars—passenger, 2; mail, 1; freight (box, 10; stock, 10; caboose, 1; platform, 10), 31—total, 34.

Operations for 13 weeks ending June 30, 1884.—Earnings—passenger, \$4,331.61; freight, \$6,903.18—total, \$11,234.79. Operating expenses, \$14,717.33. Deficit, \$3,482.54.

Financial Statement (latest).—Capital stock (authorized, \$2,000,000), \$1,519,400. Funded debt, \$776,000 1st mortgage 30-year 7 per cent. bonds, due 1920; receiver's certificates, \$500,000. The bonded debt is limited to \$12,000 per mile. The receiver's certificates (3-year, 7 per cent.) were issued to purchase equipment and build the road from Fairfield to Olney, 30 miles.

Financial Statement (Receiver's).—Vouchers and accounts, \$5,508.24; vouchers prior to March 25, \$2,439.97; pay rolls, \$6,664.82; due other railroads, \$1,269.44; Chas. Howard, account, \$120,000—total, \$135,882.47. *Contra*: Danville, Olney & O. R.R. Co., \$21,058.32; Chas. Howard, receiver, \$92,808.66; J. H. Total owned and leased, December 31, 1884. 2,066.35 miles.

2d, 3d, and 4th tracks, 73.07 miles. Sidings, 328.89 miles. Gauge, 4 ft. 8½ in. Rail (steel, 1,661.85 miles), 60 lbs.

Included in the above mileage are the following lines which are virtually owned but nominally operated under lease: the Chicago, St. Louis and New Orleans RR. (547.30 miles), the Chicago and Springfield (111.44 miles), the Kankakee and Southwestern RR. (131.26 miles), the South Chicago Ry. (4.76 miles), the West and East RR. (12.40 miles), the Canton, Aberdeen and Nashville RR. and Kosciusko branch (106.26 miles), the Yazoo and Mississippi Valley (45.24 miles)—a total of 958.66 miles. Add the leased lines in Iowa, 402.16 miles—total of all leased lines, 1,360.82 miles.

The Illinois Central RR. Co. was chartered February 10, 1851, by the State of Illinois, which conveyed to it the lands granted to the State by an act of Congress, approved September 20, 1850, "Granting the right of way and making a grant of lands to the States of Illinois, Mississippi, and Alabama in aid of the construction of a railroad from Chicago to Mobile." Under its charter the company must pay to the State, in lieu of all other taxes, seven per cent. of the gross earnings of the original line. The whole of the original road was completed and opened September 26, 1856.

The Gilman, Clinton and Springfield RR. Co. was reorganized in 1877 under the title of Chicago and Springfield, with a capital stock of \$25,000, and leased to the Illinois Central RR. Co. for 50 years. Operations by the lessees were commenced January 1, 1878; rental, 6 per cent. on \$1,600,000 bonds. The road is virtually the property of the lessees.

The Illinois Central Company leases the Dubuque and Sioux City RR. for 20 years from October 1, 1867, paying as rental 36 per cent. of the gross earnings and all taxes and assessments upon the property. The lessee may elect, at the expiration of the 20 years, to continue the lease in perpetuity at this rate. In case it does not avail itself of the privilege it is to be paid for necessary additional side-tracks, new buildings, and improvements, properly chargeable to construction, at the appraised value thereof, at the end of the term, and for real estate furnished by it, at its first cost. The Illinois Central Company also leases the Iowa Falls and Sioux City RR. at a rental of 36 per cent. of its gross earnings, for the same term and upon the same conditions as it leases the Dubuque and Sioux City RR. The Cedar Falls and Minnesota was leased for 40 years to the Dubuque and Sioux City (and assumed until October 1, 1887, by the Illinois Central Company), at a rental of \$1,500 per mile; and, in addition, 35 per cent. of the gross earnings between \$3,500 and \$7,000 per mile, and 30 per cent. on all earnings over \$7,000 per mile. (See GENERAL INDEX for statements of those companies.)

The Yazoo and Mississippi Valley RR. was opened May 1, 1884, and the Canton, Aberdeen and Nashville RR., August 1, 1884.

Total length of lines (owned, 341.70 ; leased, 342.53 ; trackage, 12.80) op'd. 697.03 miles.
 Sidings, etc., 97.70 miles. Gauge, 4 ft. 9 in. Rail (steel, 442.50 miles), 60 lbs.

Included in main line are 12.80 miles of line, used under trackage contracts, of which 9.2 miles are the Peoria and Pekin Union RR., between Pekin and Peoria.

The Indianapolis, Bloomington and Western RR. Co. was formed by the consolidation, July 20, 1869, of the Indianapolis, Crawfordsville and Danville and the Danville, Urbana, Bloomington and Pekin Railroad Companies. Road opened from Indianapolis to Pekin October 1, 1869. Default made October 1, 1874 ; receiver appointed December 1, 1874 ; and property sold under foreclosure February 6, 1879. Re-organization effected under the name of the Indiana, Bloomington and Western Ry Co., the new company taking possession August 9, 1879. In the reorganization, provision was made for \$3,300,000 stock and \$7,500,000 bonds.

On March 23, 1881, this latter corporation was consolidated with the Ohio, Indiana and Pacific Ry. Co., forming the present company. Under the rights thus secured, the company built an extension of its road from Indianapolis, Ind. to Springfield, Ill., 142 miles, which was completed and opened for business in 1883. In the consolidation, the stockholders received two shares of new company for one of the old, and holders of convertible income bonds in the same proportion.

On May 1, 1881, the company made a perpetual lease of the Cincinnati, Sandusky and Cleveland, and the Columbus, Springfield and Cincinnati RRs., 190.03 miles, at an annual rental of one-third of their gross earnings, the minimum rental being \$300,000 ; maximum, \$550,000 ; all in excess of the latter sum to go to lessees. Connection is made through this road with the Ohio Southern RR. On January 1, 1882, the company took possession of the Indianapolis, Decatur and Springfield Ry. under a perpetual lease ; rental, 30 per cent. of gross earnings, guaranteed to be at least \$200,000. On March 16, 1885, this latter property was surrendered to the lessor company.

CINCINNATI, SANDUSKY AND CLEVELAND RAILROAD.—Sandusky, O., to Dayton, O., 154 miles, with branch—Carey, O., to Findlay, O., 15.51 miles—total (less Springfield, O., to Dayton, O., 24.10 miles, leased to Cincinnati and Springfield Ry.), 145.66 miles. Total track (steel, 70 miles), 160.92 miles. This company is successor to the Mad River and Lake Erie RR. Co. (chartered January 5, 1832; opened from Dayton to Sandusky May 10, 1848), which changed its name February 23, 1858, to Sandusky, Dayton and Cincinnati RR. Co. Sold under foreclosure January 5, 1866, and on July 2d a new company organized under the name of Sandusky City and Cincinnati RR. Co. The Columbus, Springfield and Cincinnati RR. (successor to the Springfield and Columbus) was leased in perpetuity June 28, 1870, and the stock of the lessor exchanged for that of the lessee. That portion of the main line of the C., S. & C. RR. between Springfield and Dayton (24.1 miles) is leased to the Cincinnati and Springfield Ry. Co. at a rental of 35 per cent. of the gross earnings. On May 1, 1881, the I., B. & W. Ry. Co. leased this road in perpetuity. It is now operated by that company as its Ohio Division. The rental paid is 33½ per cent. of gross earnings, with a guarantee that it shall never be less than \$220,000. It was also stipulated that the lessee should build a new line from Springfield to Indianapolis, 140 miles, by January 1, 1882, which was subsequently changed to May 1, 1882. It was fully three months later than that, however, before it was opened. Receipts year ending June 30, 1884: Rentals (from I., B. & W. Ry. Co., \$239,122.91; on account Sloane and other properties, \$3,264.16), \$242,387.07; sale Sloane property, \$24,062.50; interest on loans, \$1,607.68; notes receivable collected, \$21,500; collections on account old earnings, \$18.83; cash from last year, \$35,471.68—total, \$325,047.76. Total length of all lines.....252.89 miles.

Sidings, 21.70 miles. Gauge, 4 ft. 8½ in. Rail (steel, 147.2 miles), 50 and 56 lbs.

This company was formed by the consolidation October 5, 1881, of the Louisville, New Albany and St. Louis and the Evansville, Rockport and Eastern Ry. Cos. The former was organized in Indiana February 24, 1869; in Illinois, July 14, 1869; road opened from Princeton to Wabash River, 10 miles, January 1, 1871; from Mt. Carmel to Albion, 18 miles, January 1, 1873; from Princeton to Ingleton, Ind., January 1, 1880. The Indiana portion of that line was sold under foreclosure June 20, 1876, for \$18,000, and transferred to the old L., N. A. & St. L. Co., for \$1,280,665 in bonds and coupons. The Illinois division was sold for

\$5,000, and reorganized (January 3, 1878) as the St. Louis, Mt. Carmel and New Albany RR. Co. These two companies were consolidated August 15, 1878, forming the first-named company of the present consolidation. The Evansville, Rockport and Eastern Ry. was a consolidation of several companies which owned a line from Evansville, Ind., to Jasper, Ind., 55 miles, with a branch from Gentryville to Rockport, 17 miles.

By the terms of consolidation, bonds of the existing consolidated company to the extent of \$900,000 were issued to holders of old bonds of the E., R. & E. Ry. Co. During the year 1882 the line was completed between New Albany and Mt. Vernon, and opened for through business on the 9th of October, 1882.

ST. LOUIS, ALTON AND TERRE HAUTE RAILROAD.

Line of Road. —East St. Louis, Ill., to Terre Haute, Ind.	189.00 miles.
<i>Alton Branch</i> : Alton Junction, Ill., to Alton, Ill.	4.20 miles.
<i>Belleville Branch RR.</i> (owned): E. St. Louis, Ill., to Belleville.	14.40
Leased: { <i>Belleville and Southern Illinois RR</i>	56.40
{ <i>Belleville and Eldorado RR</i>	50.20
{ <i>Belleville and Carondelet RR</i>	17.30—138.30 miles.

Total length of lines owned and leased. 331.50 miles.
 Sidings, etc., 62.71 miles. Gauge, 4 ft. 8½ in. Rail, iron, 50, and steel (113.89 m.), 53 lbs.

The main line and Alton Branch, together 193.20 miles, are leased to the Indianapolis and St. Louis Ry. Co. for 99 years from November 1, 1882. The Belleville Branch RR. is operated by the owning company in connection with the Belleville and Southern Illinois, the Belleville and Eldorado, and the Belleville and Carondelet Railroads, forming together a line of 138 miles, extending from East St. Louis to Du Quoin and Eldorado, with a branch to East Carondelet, and known as the Cairo Short Line Division.

The St. L., A. & T. H. RR. Co. is a reorganization (February 18, 1861) of the Terre Haute, Alton and St. Louis RR. Co., which was chartered January 28, 1851, and road completed in 1856. On June 1, 1867, the main line and Alton Branch were leased for 99 years to the I. & St. L. RR. Co., a minimum rental of \$450,000 a year being guaranteed; but on gross earnings up to \$2,000,000 a year, 30 per cent.; on gross earnings above \$2,000,000 and up to \$3,000,000 a year, 25 per cent.; and on all sums above \$3,000,000, 20 per cent. The lease was guaranteed by the P., F. W. & C. Ry. Co., the C., C., C. & I. Ry. Co., the I. S. & M. S. Ry. Co., and the L., C. & Laf. RR. Co. The latter company having become insolvent, withdrew, leaving the others to guarantee the provisions of the lease, which they did until April 1, 1878, when the Indianapolis and St. Louis RR. Co. refused to pay the monthly rental unless the St. Louis, Alton and Terre Haute Co. consented to a reduction of the rental to \$300,000, the guarantors having for some years been compelled to make up the deficiency between the earnings and the minimum rental, under the lease. Suit was begun in the United States Court at Indianapolis to compel a performance of the guarantee, and on July 26, 1882, a decision was rendered in favor of this company for back rental amounting to \$664,874.70. The I. & St. L. RR. was sold under foreclosure (see statement for that Co.) and a new company organized. A new lease of the main line and Alton Branch was executed to the I. & St. L. Ry. Co. and the C., C., C. & I. Ry. Co. as joint lessees, those companies to pay a fixed yearly rental of \$450,000, together with 20 per cent. of gross earnings over \$1,750,000.

The claims of the preferred stockholders for arrears of dividends up to the 1st day of January, 1881, were paid in dividend bonds bearing 6 per cent. interest, when earned, not cumulative. The total due on this account was 55 per cent. of the capital sum.

Rolling Stock.—Locomotive engines, 18. Cars—passenger, 12; baggage and mail, 4; freight (box, 210; stock, 25; refrigerator, 15; coal, 600; flat, 41), 882—total cars, 893. This equipment is in use on the Cairo Short Line Division.

Operations, etc. (Cairo Short Line Division, 138.3 m.), for the year ending December 31, 1884.—Passengers carried, 255,611; carried one mile, 7,007,196; average mile-rate, 2.41 cents. Coal, tons moved, 380,334; tons moved one mile, 10,912,453; average mile-rate, 1.48 cents. General freight, tons moved, 372,632; tons moved one mile, 23,329,109; average mile-rate, 1.54 cents. Gross earnings—passenger, \$168,721.40; coal, \$161,183.21; general freight, \$359,192.09; mail, \$15,498.24; express, \$14,512.16; other, \$22,043.34—total (\$5,359.00 p. m.), \$741,150.44. Operating expenses and taxes (\$2,936.81 p. m. and 54.8 p. c.), \$406,160.47. Net earnings (\$2,422.19 p. m.), \$334,989.97. Paid rentals of leased lines, \$203,971.08. Net revenue, \$131,018.89.

Operations, etc. (Main Line and A. Branch, 193.2 m.), for 1884, as reported by lessees.—Gross earnings—passenger, \$338,440.54; freight, \$886,249.77; mail, \$21,288.18; express, \$27,307.86; and miscellaneous, \$50,638.47—total, \$1,323,924.82. Net earnings—not stated. This shows a decrease in gross earnings from 1883 of \$160,144.67, or 10.7 per cent. In addi-

tion to the minimum rental, \$450,000, the company has received \$12,867.77 from the receiver of the I. & S. L. RR. Co. during the year.

Lines in Wisconsin, 1,229.52 miles; lines in Illinois, 312.68 miles; lines in Iowa, 1,409.66 miles; lines in Minnesota, 1,057.72 miles; lines in Dakota, 794.42 miles.

This company was organized May 5, 1863, under the name of the Milwaukee and St. Paul Ry. Co., by the purchasers, at foreclosure sale, April 25, 1863, of a portion of the La Crosse and Milwaukee RR. Subsequently it acquired by purchase the Milwaukee and Western, the Milwaukee and Horicon, and the Ripon and Wolf River RRs., and the Eastern Division of the La Crosse and Milwaukee RR. On February 14, 1874, under author-

ity of an act of the Legislature of the State of Wisconsin, the name was changed to the Chicago, Milwaukee and St. Paul Ry. Co. At that time the mileage had been increased by the absorption of various lines and the construction of sundry links until the total length of completed roads owned equalled 1,399 miles. In addition to this the company owned a majority interest in the Western Union RR., having a total mileage of 212.75 miles. In the succeeding years there was no considerable increase of mileage until 1876, when it increased to 1,539 miles.

During the year 1879 the company acquired 535 miles of line by construction and purchase, of which 143 miles were in Dakota. A full title was acquired of the Western Union RR. by an exchange of the 7 per cent. bonds of that company for an equal amount of the 6 per cents. of the C., M. & St. P. Co. The Viroqua Branch was completed in September, 1879; the Davenport and Northwestern RR., 162 miles of which were completed and 60 miles graded, was purchased August 1 of the same year and paid for by an issue of \$1,750,000 of five per cent. bonds. In May of the same year the Minnesota Southern Ry. and the Minnesota Extension were purchased.

In 1880 the company purchased the Hastings and Dakota Extension, 128 miles; the Southern Minnesota Railway, 347 miles; the Chicago, Clinton, Dubuque and Minnesota RR. (now Dubuque Division), 324 miles; the Wisconsin Valley RR., 109 miles; the Mineral Point RR., 51 miles; the Pine River Valley and Stevens Point RR., 16 miles; the Chicago and Pacific Ry., 89 miles, and the Sioux City and Dakota RR., 131 miles. There were constructed during the same year 349 miles of road.

During the year 1881 the company constructed 442 miles of road, of which 17 miles were in Illinois, 44 miles in Wisconsin, 168 miles in Dakota, and 213 miles in Iowa. This brought the company's mileage up to 4,217 miles at the close of that year.

During the year 1882 the company purchased the narrow-gauge road running from Beulah, Ia., to Stulta, Ia., 15 miles, formerly belonging to the Iowa Eastern RR. Co., and changed it to standard gauge; and also the Chippewa Valley and Superior Ry., from Wabasha, Minn., to Eau Claire, Wis., 50 miles, including a bridge over the Mississippi River, with a branch from Red Cedar Junction to Cedar Falls, 21 miles—total purchased, 37 miles. During the same period there were constructed 119 miles of road in Iowa, 12 miles in Wisconsin, 3 miles in Illinois, 57 miles in Minnesota, and 41 miles in Dakota, making the total mileage at the close of 1882, 4,520 miles.

In 1883 the company purchased the line of road extending from Iron Ridge to Fond du Lac, 28 miles, and constructed 212 miles, as follows: In Dakota, 146 miles; in Iowa, 50 miles; and in Wisconsin, 16 miles; making the total mileage owned by the company at the close of the year 4,760 miles.

In 1884 the company constructed 40 miles of road in Iowa, from Amana to Sigourney, completing the line from Cedar Rapids to Ottumwa; and also constructed in Wisconsin a branch from Fox Lake Junction to Fox Lake, 3 miles, and built 1 mile on the line from Eau Claire to Chippewa Falls—total constructed in 1884, 44 miles.

A.—Secured on all the property of the company, real and personal, and on the income of the road; provided with a sinking fund of one per cent. per annum; principal and interest payable in gold if at any time the U. S. legal tender currency be increased beyond \$400,000,000.

B.—Milwaukee to La Crosse, Wisconsin, 136.83 miles; North Milwaukee to Portage, 97.16 miles; Horton to Berlin, 42.30 miles; Watertown to Madison, 86.55 miles; Rush Lake Junction to Winneconne, 14.80 miles. Total, 387.53 miles.

C.—Glencoe, Minn., to Ortonville, Minn., 123 miles, \$20,000 per mile, \$2,460,000; Ortonville Junction to Ipswich, Dak., 136 miles, and Ashton, Dak., to Ellendale, Dak., 73 miles—total, 308 miles, at \$15,000 per mile, \$4,620,000. Total of all, \$6,080,000.

D.—Farley to Farata, 43 miles; Sioux City to Yankton, 61 miles; Elk Point to Sioux City, 69 miles; Eden Junction to Rock Valley, 9 miles; Marton Junction to Council Bluffs, 423 miles; Cedar Rapids to Ottumwa, 89 miles; Yankton to Scotland, 37 miles—total about 727 miles, at \$20,000 per mile, \$14,540,000. Secured on rolling stock, \$4,000,000. Total of all, \$18,540,000.

E.—La Crosse to Flandreau, Flandreau to Sioux Falls, and Wells to Mankato—in all, 366.35 miles.

Stock and all the bonds (except land grant incomes, \$1,838,000; Dubuque Div., \$6,710,000; and Wisconsin Valley Div., \$1,700,000) are listed on the New York Stock Exchange. Annual meeting in June—day appointed by directors; books close for annual meeting about 16 days prior thereto, and remain closed about 31 days; books close for dividends about March 24 and September 24, and reopen about April 17 and October 17. Most of the Wisconsin Valley Div. and Dubuque Div. bonds are held in Boston; they are therefore probably listed on the Exchange of that city.

Land Department, December 31, 1882.—On December 31, 1881, there were remaining unsold 500,958.46 acres of land. On December 31, 1882, there remained 100,000 acres. The

net receipts from land sales during 1881 and 1882 were \$1,224,864.88. Due on contracts and mortgages, \$1,787,508.90. In addition the sum of \$210,000 is held in trust to abide the decision of a suit brought by this company in the United States Circuit Court, against the Sioux City and St. Paul RR. Co., decided in this company's favor and now pending an appeal in the Supreme Court of the United States.

 Sidings, 28 miles. Gauge, 4 ft. 8½ in. Rail—steel (200.2 miles), 56 and 60 lbs.; iron, 56 lbs.

Chartered June 5, 1880, as successor to the Milwaukee and Northern Ry. Co., whose road was opened from Schwartzburg to Green Bay and Fort Howard in 1873-74, and was sold under foreclosure June 5, 1880. Extensions of the Appleton and Neenah branches were built by the present company in 1880 and 1881. Leased from completion to August 1, 1882, by Wisconsin Central RR. Co.; since operated by own company. During 1884 this company purchased and consolidated with its own lines, the Wisconsin and Michigan RR. extending from the northern terminus of its main line to Pike with a branch to Menominee, a total length of 98.2 miles. This road was built by and wholly owned by the Milwaukee and Northern RR. Co., the consolidation of the past year being merely formal. This latter line is projected to the northern boundary of the State a further distance, 21 miles. In addition to this the company has entered into contracts of consolidation with the Iron River RR. Co. of Wisconsin, the Republic Branch and the Ontonagon and Brule River RR. Cos. of Michigan (20 miles of latter completed), whose proposed lines when built will complete, in conjunction with this company's road, a through line from Milwaukee to Ontonagon and Republic, Mich.

Total length of line operated. 450.23 miles.

Sidings, etc., 5 miles. Gauge, 4 ft. 8½ in. Rail (steel, 11 miles), 60 lbs.

Chartered in 1853; main line opened in 1871; Portage branch in 1875 and 1876; completed to Ashland December 17, 1877. During the year 1880 the Wisconsin and Minnesota RR., an auxiliary line running from Abbotsford to Chippewa Falls, 55 miles, was opened. In 1884 a further extension of this road from Chippewa Falls to St. Paul was built under the corporate name of Minnesota, St. Croix and Wisconsin RR. Co.

The company having been embarrassed almost from the outset, a plan for reorganizing its affairs was submitted under date of May 20, 1879, by the stockholders to the bondholders. The details of this plan of reorganization are given in the MANUAL of 1883—which see.

On July 31, 1882, the company surrendered the lease of the Milwaukee and Northern RR. A new organization was formed to build the Milwaukee and Lake Winnebago RR., which on its completion was leased in perpetuity to this company. To provide the means necessary for its construction, the following securities of the new company were issued: 1st mortgage bonds 6 per cent. at \$22,000 per mile, income bonds 5 per cent. at \$8,000 per mile, preferred stock 6 per cent. at \$12,000 per mile, and common stock at \$8,000 per mile.

The rental paid for the use of the Chicago, Milwaukee and St. Paul into Milwaukee was \$21,837 in 1879; \$23,882 in 1880; \$21,623 in 1881; \$15,096.49 in 1882; \$43,266.11 in 1883; amount paid in 1884 not stated.

Land Department.—This company has a land grant under which it has received 577,035.16 acres. Of this amount there were sold, to December 31, 1884, 149,304.81 acres for \$471,579.04, an average of \$3.16 per acre; 1,589 town lots and 19 blocks for \$56,261; and 424,883 M. pine stumpage for \$680,554.93—total receipts, \$1,208,394.97. Face value of outstanding contracts, January 1, 1885, exclusive of interest due and accrued, \$106,078.23.

Rolling Stock.—Locomotive engines, 48. Cars—passenger, 30; sleeping, 7; chair, 5; passenger and baggage, 2; business, 1; pay, 1; baggage, mail, and express, 17; freight (box, 918; stock, 20; platform and coal, 739), 1,677—total, 1,740. Also 3 snow plows, 3 pile-driver and steam-shovel, 2 boarding and 26 caboose cars. Included in foregoing is the following leased equipment: Locomotive engines, 25. Cars—passenger, 16; sleeping, 7; chair, 5; baggage, mail, and express, 10; combination passenger and baggage, 1; caboose, 4; freight (box, 739; platform and coal, 488), 1,227—total, 1,270.

MILWAUKEE AND LAKE WINNEBAGO RAILROAD.—Schleisingerville to Neenah, Wis., 63.80 miles. Rail (steel), 56 lbs. Chartered March 24, 1882; road opened Dec. 18, 1882, and leased from that date, for 99 years, to the Wisconsin Central RR., in the interest of which it was built, the lessees paying as rental $37\frac{1}{2}$ per cent. of the gross earnings, until the annual rental amounts to \$175,000, any surplus over which sum is to be equally divided between the two companies. The company has running arrangements over the Chicago, Milwaukee and St. Paul Ry., between Schleisingerville and Milwaukee, a distance of 33 miles. Capital stock—preferred, \$780,000; common, \$520,000—\$1,300,000; funded debt (1st mortgage 6 per cent. 30-year gold coupon or registered bonds, due July 1, 1912, interest January and July, \$1,430,000; income gold coupon or registered cumulative 5 per cent. 30-year bonds, due July 1, 1912, interest January and July, \$520,000), \$1,950,000—total, \$3,250,000. On April 1, 1884, a new issue of \$100,000 20-year 6 per cent. (interest payable April and October) debentures was made to pay for additions to and improvements upon the demised property. Preferred stock has priority of common to extent of six per cent. cumulative dividends, and shares equally with common in larger dividends declared on whole stock. Lessee pays the interest on the \$100,000 debentures of 1884 for first ten years, and lessor pays all subsequent interest and the principal, and gives option to holder to convert into stock at any time coupon matures. John A. Stewart, Edwin H. Abbot and George Hoffman, Trustees, New York transfer office, Farmers' Loan and Trust Co.; Boston transfer office, 5 Pemberton Square. Annual meeting, last Tuesday in May. Stocks and all bonds (except debentures of 1884) are listed on the New York Stock Exchange. CHARLES L. COLBY, *President and Treasurer*, Milwaukee, Wis.

MINNESOTA, ST. CROIX AND WISCONSIN RAILROAD.—St. Croix Junction (near Chippewa Falls), Wis., to Lake Phelan Junction, Minn., 99 miles. This company was formed by the consolidation, June 30, 1884, of the St. Croix and Chippewa Falls Ry. Co. and the St. Paul and St. Croix RR. Co. These latter corporations were merely formal organizations to secure the legal right to build the line in the two States through which it runs. The road was constructed by the consolidated company, and was opened for traffic January 26, 1885. Between Lake Phelan Junction and St. Paul, about 4.5 miles, the track of the St. Paul and Duluth RR. is used under lease running for five years from January 1, 1885, the rental being \$1,250 per month. It has been stated that the charter of the St. Paul, Four Lakes and White Beaver Ry. Co., authorizing the construction of a double-track line from St. Paul *via* Four Lakes to White Bear Lake, has recently been acquired in the interest of this company with a view to securing for it an independent entrance into St. Paul. The road is a subsidiary link in the system of the Wisconsin Central RR. Co., forming, in conjunction with the Wisconsin and Minnesota RR. Co., the St. Paul outlet for that company's lines. Capital stock—preferred \$1,248,000; common, \$832,000—total stock, \$2,080,000. Funded debt consists of \$2,600,000 30-year 6 per cent. bonds and \$728,000 cumulative interest 5 per cent. bonds. Interest on both classes payable May 1 and November 1. This company was organized June 1, 1880, by the consolidation of the Chicago, St. Paul and Minneapolis, and the North Wisconsin Railway Companies. By the terms of consolidation the company was authorized to issue bonds, not exceeding \$15,000 per mile, preferred stock, not exceeding \$10,000 per mile, and common stock, not exceeding \$15-

000 per mile, for any railroad thereafter acquired. Under these conditions the St. Paul and Sioux City and Sioux City and St. Paul Railroads were bought, and an issue of consolidated bonds to the amount of \$5,000 per mile was made on the 608 miles thus acquired, in addition to the \$10,000 per mile St. Paul and Sioux City bonds already outstanding. In the consolidation the lines of the Covington, Columbus and Black Hills and the Omaha and Northern Nebraska Railroads were acquired, and are now a part of the system. The company also acquired the St. Paul, Stillwater and Taylor's Falls RR., from Minnesota State Line to St. Paul. Included in the main line are 5.20 miles from St. Paul to Mendota, which are owned jointly with the Chicago, Milwaukee and St. Paul Ry. Co. Of the mileage as given, 25.20 miles of the Illinois Central RR., from Le Mars to Sioux City, 27 miles of the Minneapolis and St. Louis, from Minneapolis to Merriam Junction, and 10.1 miles of the St. Paul, Minneapolis and Manitoba Ry., from East Minneapolis to St. Paul, are leased or operated under traffic contracts.

The consolidated mortgage is for \$30,000,000, to be used, in part, in retiring all the outstanding issues. The bonds are limited to \$15,000 per mile of completed road. \$7,700,000 of these bonds are to be used to retire the mortgage debts of the companies forming the consolidated company, and \$6,080,000 to retire an equal amount of St. Paul and Sioux City issues.

In February, 1882, the Legislature of the State of Wisconsin transferred to this company the land grant of the CHICAGO, PORTAGE AND SUPERIOR RR. Co., to the extent of 453,000 acres (granted March 4, 1874, by the Legislature to the Chicago and Northern Pacific Ry. Co., afterward C., P. & S. RR. Co.), conditioned upon the completion of the extension to Superior by the 1st of December, 1883, which provision was duly complied with.

Originally chartered March 3, 1853, as Minnesota Western RR. Co. Name changed in May, 1870, to Minneapolis and St. Louis Ry. Co. Road opened from Minneapolis to Merriam Junction in 1871, and extended to Albert Lea in November, 1877. In 1879 the company purchased the Fort Dodge and Fort Ridgeley RR., running north from Fort Dodge, Iowa, 13 miles, and in November of same year completed an extension of its main line from Albert Lea to the Iowa State line. In June, 1880, the construction of the gap between the two lines was finished, completing a line between Minneapolis and Fort Dodge. On May 24, 1881, the Minneapolis and St. Louis, the Minneapolis and Duluth, the Minnesota and Iowa Southern, and the Fort Dodge and Fort Ridgeley RR. Companies were consolidated, forming the present corporation. Subsequent to that consolidation the main line was extended from Fort Dodge to Angus, Ia., and opened for business to that point in January, 1882. The Pacific Division was opened from Hopkins to Winthrop in February, 1882, and completed to Morton in November same year. The White Bear branch (the old Minneapolis and Duluth RR.) is operated by the St. Paul and Duluth RR. Co., under lease. Of the leased road, 66 miles were operated under lease for first six months of 1884; its earnings and expenses are included in the appended statements for that period only. Average length of road operated by this company during 1884, 388.5 miles.

The line between N. P. Junction and Duluth, 23.2 miles, is owned jointly by this company and the St. Paul and Duluth RR. Co. Up to June 30, 1881, this section was jointly maintained; since that date the companies respectively pay according to the mileage of their trains.

Chartered by Act of Congress approved July 2, 1864, with power to construct a railroad from Lake Superior to Puget Sound with a branch to Portland, a total distance of about 2,000 miles. Under the provisions of the Act of Incorporation the capital stock of the company was placed at \$100,000,000, and there was granted to the company the right of way through the public lands of two hundred feet in width on each side of the railroad, as well as lands to the extent of forty sections per mile in the Territories and twenty sections per mile in the States through which the road runs. The date for completion of the whole road was set at July 4, 1876, but this was subsequently extended two years by Act of May 7, 1866, and an additional year by Act of July 1, 1868. On April 10, 1879, authority was granted for an extension of its branch line from Portland to Puget Sound. On the formal organization of the company December 6, 1867, its first president was Josiah Perham who had been largely instrumental in forwarding the project. On March 1, 1869, the company was authorized to issue mortgage bonds, such issue having previously been prohibited by the Act of Incorporation. Under this

authority the company in 1870 executed a mortgage to secure an issue of \$100,000,000 7 $\frac{3}{4}$ per cent. bonds, which was a first lien on the main road and telegraph line and the Portland branch. On May 21, 1870, by joint resolution further power was given to issue bonds secured by a mortgage on all the property of the company including its land grant and at the same time authorizing the relocation and construction of its main line by way of the Columbia River route, with a branch across the Cascade Mountains to Puget Sound.

The resolution also enlarged the indemnity limits of the land grant so as to practically increase its extent to thirty miles in the States, and fifty miles in the territories on each side of the line.

The construction of the road was commenced in July, 1870; the first map of a definite location of a part of the main line was filed November 21, 1871, and on the 5th of October same year that section, extending from a junction with the Lake Superior and Mississippi River (now St. Paul and Duluth) RR. to the Red River of the North, a distance of 228 miles, was completed. In the panic of 1873 the company became embarrassed, default ensuing on the 1st of January, 1874. At that time there had been completed 424.4 miles of the road from its junction with the Lake Superior and Mississippi River Railroad west to the Missouri River, and on the western end 65 miles from Kalama to Teniuo, and work was well under way on an extension of the latter line to Tacoma, 41.1 miles, which was completed early in that year.

On April 16, 1875, in pursuance of a plan for the reorganization of the company, proceedings in foreclosure were commenced in the United States Circuit Court for the Southern District of New York, and the property was placed in the hands of a receiver. On the 12th of August following the road was sold and purchased by a committee of the bondholders to whom was intrusted the carrying out of the reorganization scheme. The amount of first mortgage bonds issued under the original mortgage and then outstanding was \$30,625,330, upon which there was overdue interest for two years. Under the plan of reorganization the capital stock of the new company was made \$100,000,000—\$51,000,000 preferred and \$49,000,000 common. The preferred stock bears 8 per cent. non-cumulative dividends and was issued in exchange for the first mortgage bonds outstanding as above, dollar for dollar, and in addition thereto stock of the same class was issued for the interest for five years (two preceding and three following) computed at 8 per cent., making a total of \$1,400 preferred stock for each \$1,000 bonds, or in all about \$43,000,000 preferred stock, leaving about \$8,000,000 in the company's treasury for future use. Of the common stock there was issued to holders of old stock \$29,952,600, dollar for dollar, the remainder, \$19,047,400 being issued to the old "proprietary interest" which represented the interest of the originators of the scheme.

In 1877 a controlling interest in the Western RR. Co. of Minnesota (now St. Paul and Northern Pacific Ry. Co., which see) was acquired by parties acting in behalf of the Northern Pacific RR. Co.

In the spring of 1879 the work of construction was recommenced, the means being provided by an issue of bonds to the amount of \$2,500,000 known as Missouri Division Bonds (see bond statement). Later in the same year another issue of bonds to the amount of \$4,500,000 was made, secured by a mortgage on the Pend d'Oreille Division, with the proceeds of which the construction of that division was inaugurated.

In 1881 a general mortgage was executed to secure an issue of bonds to the amount of \$25,000 per mile of completed road.

In 1882 the Oregon and Transcontinental Co. was organized with a view to securing a union of interests of the Northern Pacific Ry. Co. and the Oregon Ry. and Navigation Co., and for other purposes whose objects are given in detail elsewhere.

On September 21, 1882, a scrip dividend to the amount of \$4,667,491 was declared at the rate of 11 $\frac{1}{10}$ per cent. on the preferred stock of the company, the scrip to be dated Jan. 1, 1883, payable in 5 years, and redeemable after one year at the pleasure of the company, and to bear interest at the rate of 6 per cent. per annum payable half yearly. The work of construction on the gap between the Eastern and Western Divisions was completed August 22, 1883, and the main line opened September 8, 1883.

 Dividend Certificates, 6 per cent., 5-years, due January 1, 1888..... 4,640,821 20

The above statement of the funded debt of the company does not include the outstanding bonds of the St. Paul and Northern Pacific RR. Co., amounting June 30, 1885, to \$5,000,000, and of which the interest is guaranteed by the Northern Pacific RR. Co. under the terms of the lease. The Northern Pacific has also guaranteed jointly and severally with the Oregon Ry. and Navigation Co., and the Oregon and California RR. Co. interest on the bonds of the Northern Pacific Terminal Company up to the amount of \$5,000,000 (\$3,000,000 now, June, 1885, outstanding) under the terms of the joint lease of that company's property. The company also agrees that the earnings shall be sufficient to pay the interest at 6 per cent. on the bonds to the amount of \$20,000 per mile of the several branch railroads built by the Oregon and Transcontinental Company, in two years after sections of them, of 10 miles each, are completed, and a sinking fund of 1 per cent. in three years after date of the mortgage.

The preferred stock is convertible, at par, into any lands of the company, east of the Missouri, in Minnesota or Dakota, and is also extinguished by the proceeds of all such lands

sold. This stock is entitled to 8 per cent. non-cumulative dividends from surplus earnings after payment of all interest and sinking fund charges, cost of betterment and new equipment. Of the original issue of preferred stock—\$51,000,000—\$11,192,931.60 have been exchanged for lands, etc., and cancelled.

The general mortgage bonds are issued at the rate of \$25,000 per mile of finished road only, secured by mortgage on the entire property, except the lands east of the Missouri River, which, until default shall occur in any of the provisions of the general bond, are pledged to the redemption of the preferred stock. Provision is also made for a reserve of these bonds sufficient to retire the issue of bonds under the Missouri and Pend d'Oreille Divisions mortgages.

A cumulative sinking fund of one per cent. per annum of their amount, commencing five years after the date of the bonds, payable to the trustees, is also provided. Redemptions for the sinking fund will be made by purchase at the current market price, not, however, exceeding 110 and interest, and if bonds cannot be purchased at that price, the trustees may designate by lot and call in bonds for redemption at 110 and interest. These bonds are receivable for lands at 110.

Land Grant.—This company obtained from Congress a land grant of 20 sections to the mile within the States, and 40 sections to the mile within the Territories. During the past year 1,993,911.23 acres were selected and certified to the company, making a total of 8,317,748.20 acres certified up to June 30, 1884. There were sold during the year 478,116.01 acres for \$2,184,041.69, an average price of \$4.57 per acre. Town lots sold, 1,399, for \$97,851. Reverted to the company and cancelled during the year, 27,255.77 acres, representing \$101,513.55 deferred payments; rebates for cultivation, \$9,943.30. Town lot contracts cancelled, \$8,150; rebates for improvements, \$409.50.

FARGO AND SOUTHWESTERN RAILROAD.—Fargo, Dak., to La Moure, Dak., 87.40 miles. Completed to La Moure, July 30, 1883. Projected to Fort Yates, 200 miles from Fargo. This road, the Helena and Jefferson County Railroad, the Jamestown and Northern Railroad, the Little Falls and Dakota Railroad, the Northern Pacific, Fergus and Black Hills Railroad, the Rocky Mountain Railroad of Montana, and the Sanborn, Cooperstown and Turtle Mountain Railroad constitute a system of branch roads constructed in the interest of the Northern Pacific RR. Co. by the Oregon and Transcontinental Co., and operated by the Northern Pacific Company, which agrees that, after the expiration of two years from the completion of each section of the branch roads, the net earnings thereof shall amount in each year to enough to pay the interest on the bonds issued for construction, and the sinking fund charges as they become payable, until the bonds are paid. The capital stock of each branch company is deposited in trust until the bonds of that company shall be paid, when its entire stock becomes the property of the Northern Pacific RR. Co., free from all charges, that

company in the meantime having the sole power of voting the stocks and receiving dividends thereon. Capital stock, \$20,000 per mile; funded debt, 1st mortgage 6 per cent. 40-year gold bonds, due October 1, 1922, interest April and October, \$20,000 per mile. **ROBERT HARRIS, President**; J. B. SANBORN, COOPERSTOWN AND TURTLE MOUNTAIN RAILROAD.—Sanborn, Dak., to Cooperstown, Dak., 36.50 miles. Chartered July 22, 1882; road opened September 22, 1883. Projected to run to Turtle Mountain, Dak., a distance of 200 miles from Sanborn. Capital stock, \$20,000 per mile; funded debt, 1st mortgage bonds, \$200,000 per mile. See FARGO AND SOUTHWESTERN RR. **ROBERT HARRIS, President**; James B. Williams, *Secretary*; Robt. Lenox Kennedy, *Treasurer*; New York, N. Y.

ST. PAUL AND NORTHERN PACIFIC RAILWAY.—Brainerd, Minn., to Minneapolis, Minn., 126.6 miles; total track (steel), June 1, 1885, 135.2 miles. Chartered as Western RR. of Minnesota January 29, 1874; road opened from Brainerd to Sauk Rapids, 60.5 miles, November 1, 1877. The company has a land grant located adjacent to the line between Brainerd and Sauk Rapids, of which about 220,000 acres remain unsold. On May 1, 1878, the road was leased for 99 years to the Northern Pacific RR. Co., at a rental of 35 per cent. of gross earnings for five years, and 40 per cent. thereafter. Early in 1883, the lessee acquired a majority of the capital stock of the company. On May 9, 1883, the company was reorganized under the present name, and the road re-leased for 999 years to the N. P. RR. Co., at a rental of 40 per cent. of gross earnings, guaranteed to be equal to bond interest. In 1882, the N. P. RR. Co. purchased, in the interest of this company, 43 feet of the right of way of the St. Paul, Minneapolis and Manitoba RR. Co., from Sauk Rapids, southeast to Manitoba Junction, and shortly after its reorganization this company began the construction of an extension of its line from Sauk Rapids via Manitoba Junction and Minneapolis to St. Paul, which was completed and opened to Minneapolis July 1, 1884. From Minneapolis to St. Paul, 11.36 miles, the company is now constructing its line, which will be completed by January, 1886. To pay for the construction of the extension to Minneapolis and St. Paul, for the purchase of real estate, and to provide terminal facilities in and between those cities, and for various other purposes authorized by the amended Articles of Incorporation, the company made provision for an issue of \$10,000,000 1st mortgage 6 per cent. 40-year gold bonds (coupon or registered), due February 1, 1923, interest payable, coupon, February and August, and registered, February, May, August, and November, at office of Winslow, Lanier & Co., New York. During 1883, \$5,000,000 of these bonds were issued to provide for the extension and improvements above mentioned. Of the prior lien Western Minnesota bonds (original issue \$740,000), \$302,000 have been redeemed and cancelled, leaving \$438,000 outstanding July 1,

1385; for the redemption of which an equal amount of general mortgage bonds is reserved by the trustee. The entire outstanding capital stock of the company (\$5,000,000) is held in trust by the Farmers' Loan and Trust Co., and power to vote it has been given to the Northern Pacific RR. Co. Since 1877, regular cash dividends have been paid, averaging over 6 per cent. per annum. ROBERT HARRIS, *President*; Edward D. Adams, *Vice-President*; George S. Jones, *Secretary and Treasurer*, New York, N. Y.

 { *Taylor's Falls and L. Superior RR.*: Wyoming to Taylor's Falls...21— 46 miles.

Total length of line operated.225 miles.

Sidings, etc., 55 miles. Gauge, 4 ft. 8½ in. Rail (steel, 130 miles), 56 lbs.

Chartered as Lake Superior and Mississippi RR. Co. May 23, 1857, and land grant accepted March 6, 1863. Construction completed August 1, 1870. Leased to Northern Pacific Ry. Co., and lease ended May 1, 1874. Default made January 1, 1875; property sold May 1, 1877, and company reorganized under present name June 27, 1877. Between N. P. Junction and Duluth, 23.2 miles, the line is owned jointly with the Northern Pacific RR. Co. The Stillwater and St. Paul RR. is operated under a 999-year lease dated January 1, 1871; the rental since January 1, 1878, being \$20,000 per annum. The Taylor's Falls and Lake Superior RR., extending from Wyoming to Taylor's Falls, a distance of 20.3 miles, was built jointly by this Co. and the Minneapolis and St. Louis RR. Co. It was leased and operated by the latter (which issued \$246,000 of its own bonds to pay for construction), at a rental of 30 per cent. of gross earnings. On August 1, 1883, the entire control, with a transfer of stock, was acquired by this company, and the \$246,000 M. & St. L. bonds were purchased and cancelled. To meet the liability thus incurred and to repay this company for expenditures made by it in the construction of a portion of the line, the Taylor's Falls and Lake Superior Co. issued \$210,000 6 per cent. 30-year bonds, due January 1, 1914, interest to be paid from rental (under a guarantee by this company), and the principal out of proceeds of sales of land, the T. F. & L. S. RR. Co. having a land grant of seven sections to the mile. The Minneapolis and Duluth RR., which was consolidated into the M. & St. L. RR. in May, 1881, is operated under lease from that company, the rental being a percentage of the gross earnings on the business local to that branch.

The 1st mortgage St. Paul and Pacific bonds (St. Anthony to Watab) are also secured by a 2d mortgage (now a first lien) on the line from St. Anthony to St. Paul. The company is empowered to call in the 1st mortgage land grant 7s, at 105 and interest, from the proceeds of land sales. The sinking fund from this source amounts (at date) to \$2,365,323.33; redemptions to \$2,250,000, costing \$2,362,500.

Of the total issue of consolidated mortgage bonds (\$50,000,000), \$10,000,000 were issued to stockholders in the nature of a scrip dividend at the rate of 10 per cent. of their par value, and the balance was reserved to retire prior lien bonds, and to be issued on new road, built or acquired, at the rate of \$15,000 per mile of main track and \$12,000 per mile of second track.

Annual meeting, August 15th, except when that day falls on Sunday, when it will be held on the following day. Books close for annual meeting at least 10 days before the meeting, and reopen two or three days after same. Books close about two weeks before dividends, and reopen about two or three days after payment of same. Stock and bonds listed on New York and Amsterdam, Holland, Stock Exchanges.

Land Department.—Total grant (10 sections per mile), 3,848,000 acres, of which certified to June 30, 1884, 2,796,755 acres. Sold to that date, 1,577,332 acres; less contracts cancelled, 64,443 acres; leaving unsold June 30, 1884, 2,335,111 acres. Minneapolis and St. Cloud RR. total grant (unsold), 395,242 acres. Sales during year 83,907.86 acres, for \$460,982.35, an average of \$5.50 per acre. There were also sold 243 town lots for \$16,988.75, and average of \$69.91 per lot. Cash receipts for year ending June 30, 1884: Cash sales and instalments on new contracts, \$163,581.68; received on former sales, \$304,581.99; for trespass, stumpage, etc., \$1,526.83; interest on sales, \$107,490.76; on sinking fund, \$4,118.16—total, \$581,299.42. The Burlington, Cedar Rapids and Minnesota RR. Co. was formed by the consolidation, June 30, 1868, of the Cedar Rapids and Burlington and Cedar Rapids and St. Paul RR. Companies; and road opened from Burlington to Plymouth, 218.5 miles, with 149 miles of branches in September, 1873. The company made default in November, 1873. Application for a

receiver was made May 18, 1875. Receiver appointed July 15, 1875. Sold under foreclosure June 22, 1876, and purchased by the present company, organized for that purpose June 19, 1876. In 1877 the new company extended the line to Manly Junction and to the Minnesota Line. The Iowa Central Ry., between Manly Junction and Northwood, 11 miles, and the Minneapolis and St. Louis RR. from Albert Lea to the Iowa line, 12.5 miles are used under contract. Total length of main line owned, 229.25 miles. In 1878 the company acquired the Chicago, Clinton and Western RR., extending from their main line at Elmira to Iowa City, 9.75 miles. It is now owned by the Cedar Rapids and Clinton Ry. Co. An extension has been built from Elmira to Clinton, 69.39 miles; also a branch of 2.74 miles from Cedar River to the Stone Quarries. Total length of this division, 81.88 miles. The Iowa City and Western RR. (Iowa City Division), completed in 1879, is leased in perpetuity. The Pacific division was extended from Traer to Holland, 24.5 miles, in 1878. The Cedar Rapids, Iowa Falls and Northwestern Ry., from Holland to Clarion, 55 miles, was leased in perpetuity in 1880. In 1881 it was extended from Clarion to Emmetsburg, 58 miles; from Emmetsburg to Worthington, Minn., 69 miles, in 1882; and from Spirit Lake, Minn., to Watertown, Dak., 164.12 miles, with a branch from Dows to Madison, Ia., 41.07 miles, in 1884. Total length of Iowa Falls division, from Holland, Ia., to Worthington, Dak., with branches from Lake Park, Ia., to Worthington, Minn., and from Dows to Madison, Ia., 387 miles. The debt certificates bear interest at 7 per cent., payable April and October, are dated 1880, and redeemable at the option of the company.

The old company defaulted on its first mortgage interest July 15, 1872; on its 2d mortgage April 15, 1873. By the terms of reorganization, the 1st preferred stock was issued in payment of the 1st mortgage coupons from July 15, 1872, to July 15, 1875, inclusive, and the coupon debt certificates for the coupons from that day to July 15, 1879, inclusive, at the rate of \$85 for \$500 bond, \$170 for \$1,000 bond. The 2d preferred stock was issued in exchange for the 2d mortgage bonds, principal and interest, to January 15, 1876. The common stock, of which there was \$4,925,200 authorized, was issued in exchange for the stock of the old company, at the rate of 33½ per cent. of its par value, and for the old floating debt dollar for dollar. The 1st mortgage bonds were issued in exchange for the old 1st mortgage bonds, bond for bond. Dividends on the 1st preferred stock are payable at such rate, limited at 7 per cent., as the earnings will allow after payment of interest on 1st mortgage bonds; on the 2d preferred after the 1st preferred, also limited to 7 per cent.

Default in interest occurred in October, 1884. Negotiations are in progress to secure the adoption of a funding plan recently proposed.

DUBUQUE AND SIOUX CITY RAILROAD.

Line of Road.—Dubuque, Ia., to Iowa Falls, Ia.....142.74 miles.
Sidings, 16.08 miles. Gauge, 4 ft. 8½ in. Rail, 60 lbs.

Chartered November 24, 1856, as Dubuque and Pacific RR. Co. Under act of July 15, 1856, it had received a land grant from the State. The road (80 miles completed) was sold under foreclosure August 21, 1860, and the present company organized. Opened to Cedar Falls, 100 miles, April 1, 1861; to the present terminus in 1866. Leased October 1, 1867, for 20 years by the Illinois Central RR. Co., at a rental of 35 per cent. of the gross earnings for the first 10 years, and 36 per cent. for the remainder of the term, all taxes and assessments to be paid by lessee. At the expiration of the lease the I. C. RR. Co. may take a lease in perpetuity, paying 36 per cent. of gross earnings. The Dubuque and Sioux City RR. Co. took a lease of the Cedar Falls and Minnesota RR. for 40 years, which lease has been assumed by the Illinois Central RR. Co.

Income Account, year ending December 31, 1884.—Rental from Illinois Central RR. Co.,

\$332,029.35; deduct drawback to Iowa Falls and Sioux City RR. Co., \$39,655.57—balance, \$292,273.78; interest on stock of Iowa Land and Loan Co., \$27,384; other receipts, \$4,254.10—total, \$324,011.88. *Payments*: Dividends (April and October), 4 per cent., \$199,976; coupons and interest, \$56,178; general expenses, \$6,145.32; taxes and land expenses, \$342.89—total, \$262,642.97. Surplus for year, \$61,368.91; surplus, December 31, 1883, \$95,311.28—total surplus, \$156,680.19.

Under an arrangement with the Dubuque and Sioux City RR. Co., the Illinois Central Company withholds from the rental due the former company, and pays to the I. F. & S. C. RR. Co., for account of the D. & S. Co., a drawback of ten per cent. on all business received by the D. & S. C. RR. from the I. F. & S. C. RR. During the term of the lease the gross earnings of the D. & S. C. RR. derived from the I. F. & S. C. RR. have been as follows:

IOWA FALLS AND SIOUX CITY RAILROAD.

Line of Road.—Iowa falls, Ia., to Sioux City, Ia. 183.84 miles.
Sidings, etc., 7.36 miles. Gauge, 4 ft. 8½ in. Rail, 56 lbs.

Organized October 1, 1867, to complete the line included in the charter of the Dubuque and Pacific RR. Co. from Iowa Falls to Sioux City. Whole line opened October 10, 1870, and leased to the Illinois Central RR. Co., the lease rental being 35 per cent. of the gross earnings for first 10 years, and 36 per cent. for remainder of the term, increased by a drawback of 10 per cent. on all business to and from the Dubuque and Sioux City RR. (See statement for Dubuque and Sioux City RR. Co.) At the annual meeting May 18, 1881, a resolution was adopted setting apart all surplus net income, over the interest on bonds and dividends not exceeding 6 per cent., as a fund to provide for the contingency of a termination of the lease to the Illinois Central RR. Co. at the expiration of the present term, October 1, 1887. See MANUAL for 1883, page 792. The sum set apart under this resolution now (March 31, 1885) amounts to \$1,400,000, which has been derived mainly from proceeds of land sales. At the meeting in 1882, the rate of dividends to be paid was increased to 7 per cent.

The Union Pacific Railway Co. is a consolidation (January 24, 1880) of the Union Pacific Co., the Kansas Pacific and the Denver Pacific Railroad Companies. The Union Pacific was chartered on the 1st of July, 1862, by the Congress of the United States, which granted to it the right of way over the public domain, 12,800 acres of the public lands per mile of road, and a subsidy in Government bonds, at the rate of \$16,000, \$32,000, and \$48,000 per mile of line, the object being to apportion the subsidy in ratio to the cost of the several sections. The amount of the subsidy for 1,033 miles was \$27,226,512. By the act of incorporation, the subsidy bonds were to be a first mortgage on the road. By a subsequent act, July 2, 1864, the company was allowed to issue an equal amount of its own bonds, which were to be a first lien on the road, the subsidy bonds being secured by a second mortgage. For the repayment of the subsidy bonds the company was required to pay annually to the Government 5 per cent. of its net earnings, and to allow the former to retain one half of the charges for transportation on its account. The time fixed for the opening of the road was July 1, 1876. It was opened May 10, 1869. The Kansas Pacific Ry. Co., first chartered by the Legislature of Kansas as the Leavenworth, Pawnee and Western, was recognized by the aforesaid acts of Congress in reference to the Union Pacific, and was made the recipient of a grant of public lands to the extent of 12,800 acres per mile, and subsidy bonds of the Government to the amount of \$16,000 per mile for a distance of 394 miles west from the Missouri River, the total amount of bonds being \$6,303,000. These grants were made on the

same conditions as those given to the Union Pacific. The name of this company was changed June 6, 1863, to the Eastern Division ; and by an act of Congress of May 31, 1868, to the Kansas Pacific. The road was completed from Kansas City to Denver, 688 miles, September 1, 1870. In 1873 the company made default in the payment of interest on its bonds, and was placed in the hands of a receiver. Its affairs were reorganized in 1879, and the receiver discharged. As a part of the proceedings of reorganization, the company created a mortgage to secure bonds to the amount of \$30,000,000, a portion of them being used to discharge the matured indebtedness of the company, an amount being reserved sufficient to discharge all its unmatured indebtedness. The Denver Pacific, connecting the Kansas with the Union Pacific, was constructed by the Kansas Pacific, under a charter dated November 19, 1867, and was opened January 1, 1871. By the terms of consolidation, the shareholders in each company were to receive shares in the new company, corresponding in number to those held in the old, the number of shares of Union Pacific being 367,623, Kansas Pacific 100,000, and Denver Pacific 40,000, the stock of the consolidated company being 507,623 shares, or \$50,762,300. On the 6th of February, 1881, \$10,000,000 additional stock was sold at *par*.

"NOTE.—Balance Sheet: Cost of Road and Fixtures shows an increase for year of \$1,288,490.98. This is in part accounted for by a debit of \$998,854.84, being the sum disallowed by the Court of Claims. Since 1880, the excess has been disposed of through the income account. The balance of increase is mainly due to charges for payments made in settlement of certain long pending litigations.

"There is an apparent net increase of interest debt to the United States, of \$1,456,697.05. This is deceptive, as, in fact, there was an actual increase of only \$1,915.38, and is due to the credits referred to above. The smallness of the increase is largely due to the payment made in the month of June, 1884, of \$718,814.60, in settlement of the amounts claimed for the year 1883.

"Debt, Funded and Floating.—The total outstanding funded debt, as above, shows a decrease for the year of \$333,047.50, though in reality larger. The company has for some years had in its treasury \$723,000 sinking fund eight per cent. bonds, which, although still in the company's treasury, have been taken on the books. If their face value be added to the decrease of \$333,047.50, as above, the decrease for the year is \$1,056,047.50. Their present market value is about 20 per cent. above their face value. The net unfunded floating debt of the company was \$3,237,696.53 on December 31, 1884, as compared with \$3,482,655.96 on December 31 of the previous year; showing a decrease of \$244,959.43. The amount due the United States, about \$900,000, under the decision of the Court of Claims rendered since the close of the year, is not included in this statement. The decrease of floating debt is, to a certain extent, apparent only; as in the item of company's bonds and stock in the statement of floating debt are included the \$723,000 sinking fund eight per cent. bonds taken upon the books December 31, 1884, as explained above. By treating these bonds as quick assets, the net floating debt is decreased by their face value. Had they not been entered in the books, the floating debt would show an increase for the year of \$478,040.57, and a decrease since June 30 of \$2,939,481.42. The net reduction of the entire debt, funded and floating, during the year, was \$578,006.93. The decrease of the funded debt was due to the purchase of bonds and the action of the sinking funds. Of the land grant bonds, \$1,229,000 were purchased by the trustees of the Union Pacific land grant mortgage, and cancelled. An annual saving in interest of \$86,030 is thereby effected. Of the Kansas Pacific subordinated income bonds, \$455,700 were purchased, at a total cost of \$342,519.50, and delivered at 30 per cent. of their par value to the trustees of the Kansas Pacific consolidated mortgage, in exchange for bonds secured by that mortgage. The outstanding Kansas Pacific subordinated income bonds have been reduced to \$360,050. In addition to the above, the following bonds have been cancelled, or passed into the hands of the trustees of the Kansas Pacific Consolidated Mortgage Trust or the Denver Extension Mortgage Trust of the Kansas Pacific: \$89,000, Omaha Bridge bonds; \$126,000, Union Pacific collateral trust six per cent. bonds; \$28,000, Kansas Pacific Denver extension bonds; \$3,000, Leavenworth branch bonds; \$32,000, Denver Pacific Railway and Telegraph Co. bonds; \$1,032.50, Kansas Pacific Denver extension coupon certificates; \$315, Leavenworth branch coupon certificates. There has been no increase in the outstanding bonds of the several issues, except in the case of the Union Pacific trust five per cents, the Kansas Pacific consolidated six per cents, and the Union Pacific sinking fund eight per cents. Of the Kansas Pacific consolidated six per cents, \$253,000 were purchased for cancellation with proceeds of sales of lands, and \$405,000 have been issued to the company in exchange for other bonds, under the terms of the mortgage—a net increase of \$152,000.

"In the early part of the year, \$334,000 collateral trust five per cents were issued; and, under the operation of the sinking fund, \$115,000 have been cancelled—a net increase of \$719,000.

"Union Pacific sinking fund eight per cents, if both registered and unregistered bonds are considered, show a net increase of \$760,000. As stated above, \$723,000 were entered upon the books of the company, December 31, 1884, in addition to \$170,000 previously entered during the year. Of the total issue, there have been cancelled \$133,000. The total amount of sinking fund eight cents outstanding December 31, 1884, was \$14,621,000; no more can be issued."

† Included in preceding statement.

The total cost according to its last balance sheet of the investments of the Union Pacific in lines outside its main or consolidated line of 1,831 miles was \$46,133,101.34. The report of the company does not give the cost in detail of the several classes of securities held, or of the amount of advances to each of the several auxiliary companies. The cost of the several investments as far as given, was taken from the report of the United States Commissioner of Railroads, made under date of June 30, 1884.

GOVERNMENT SINKING FUND.—Under the act incorporating the company, it was required to pay over to the government 5 per cent. of its net earnings; and also one half of the charges on account of the government transportation. By an act of Congress, known as the Thurman Bill, passed May 7, 1878, it was provided that

“There shall be carried to the credit of the said sinking fund, on the first day of February in each year, the one half of the compensation for services hereinbefore named, rendered for the government by the said Union Pacific RR. Co., not applied in liquidation of interest; and in addition thereto, the said company shall, on said day in each year, pay into the treasury, to the credit of said sinking fund, the sum of \$850,000, or as much thereof as shall be necessary to make the 5 per centum of the net earnings of its said road payable to the United States under said act of 1862, and the whole sum earned by it, as compensation for services rendered for the United States, together with the sum by this section required to be paid, amount in the aggregate to 25 per centum of the whole net earnings of Railroad Company, ascertained and defined as hereinbefore provided, for the year ending on the 31st day of December next preceding.”

Under the requirements of this act, the amount credited to the government for 1884 in the report of the company, was \$1,187,110.49.

Coal and Coal Mining.—The coal lands owned by the company extend along the line of the road from Carbon to Echo, a distance of 335 miles, and embrace an area greater than the entire anthracite area of Pennsylvania. Previous to 1875 the mines were worked by contractors. Since that year the company has worked them on its own account, with results of working the principal localities. The results for the past two years are shown in the following exhibit:

COMPANIES OTHER THAN RAILROAD COMPANIES IN WHICH THE UNION PACIFIC HAS A PROPRIETARY INTEREST.

In addition to the railroad companies already enumerated, in which the Union Pacific is interested, it also has investments in either the stocks or bonds of certain other companies, as follows:—

BAKERVILLE & LEADVILLE TOLL ROAD COMPANY.—Incorporated March 3, 1879. Capital stock, \$30,000, of which the Union Pacific owns \$8,000. The road covered by its franchise follows the proposed "High Line" between Georgetown and Leadville. It was built in the year 1879. It is of very little if any value.

BOZEMAN COAL COMPANY.—Incorporated October 20, 1883, for 20 years, for the purpose of mining and selling coal. The mine is at Bozeman, Montana, near the line of the Northern Pacific, and furnished coal for that company until supplies were obtained from other sources. It is not reached by the Union Pacific system. The purchase of the lands was made in 1883, as the deposit was reported to consist of good coking coal. Experiments since made have tended to confirm this report. The control of such a deposit would under certain circumstances be of great importance to your company. Meanwhile up to this time it has not been found necessary to incur the expense which the development of the deposit would call for. The Union Pacific owns \$96,000 stock, of a total of \$150,000. No funded debt. Net earnings, 1883, \$4,133.31, and in 1884 were \$10,474.58, after deduction of taxes. *Financial Statement*, December 31, 1884.—Capital stock, \$150,000; income account, \$11,415.44—total, \$161,415.44. *Contra*: Cost of coal lands, 360 acres, \$150,543.70; accounts receivable, \$3,151.34; cash on hand, \$7,730.40.

KANSAS & EASTERN RAILROAD CONSTRUCTION COMPANY.—Incorporated August 26, 1881, and constructed the Leavenworth, Topeka & Southwestern Railroad. The capital stock is \$460,000, of which \$230,000 are owned by the Union Pacific, and an equal amount by the Atchison, Topeka and Santa Fé. The affairs of this corporation will shortly be wound up.

The Atchison, Topeka and Santa Fé RR. Co. was incorporated March 3, 1863. Main line includes the Atchison and Topeka RR.; company incorporated February 11, 1859. By act of February 9, 1864, the company received the lands granted to the State for railroad pur-

poses by Congress. The road was put in operation from Topeka to Emporia August 1, 1870. The line between Topeka and Atchison was opened May 13, 1872. The whole line between Atchison and the Colorado State Line was opened December 23, 1872. The line from Topeka to Kansas City was acquired October 1, 1875. The extensions and branches are leased in perpetuity, and have been mostly built under the auspices of the lessee. The company pays by way of rentals the interest on the bonds of its leased lines. The New Mexico Division was opened to Santa Fé February 16, 1880; to Albuquerque April 15, 1880; to San Marcial October 1, 1880; and to Deming where the line connects with the Southern Pacific RR. of California, 1,135 miles from Atchison, on March 1, 1881. The extension of this line from Rincon to southern boundary of New Mexico was completed on July 1, 1881, and the Rio Grande and El Paso RR. (the Texas Division of the same line), 20.15 miles, was completed at the same time. The Marion and McPherson Extension, from Florence to Ellinwood, 98.61 miles, was completed September 1, 1881; the Florence, Eldorado and Walnut Valley RR., 53.59 miles, was completed to Douglas August 1, 1881; the extension from Sedgwick to Halstead, 8.89 miles, was completed December 31, 1881. In 1882 the following were completed: Kansas City and Olathe RR., Holliday to Olathe, 14.10 miles; New Mexican RR., San Antonio to San Pedro Coal Fields, 9.64 miles; Las Vegas to Hot Springs, 6.34, and Dillon to Blossburg, 5.93 miles—21.91 miles; New Mexico and Arizona RR., Benson Junction to Nogales, Mex. (boundary), 87.78 miles—total, 132.68 miles. An additional track was also laid between Kansas City and Argentine, 4.10 miles. In 1882 this company obtained absolute control of the Sonora Ry. In the same year an agreement was entered into between the Atchison Co. and the Southern Pacific Co., by the terms of which the Atchison Co. has the right to run its trains with the same rights as the Southern Pacific trains over the Southern Pacific Road from Deming to Benson, a distance of 174 miles.

To complete the construction of the New Mexico and Southern Pacific RR., 5 per cent. bonds to the amount of \$1,185,000 were issued; also \$3,743,000 5 per cents. to acquire the stock of the Kansas City, Lawrence and Southern Kansas RR., now known as the Southern Kansas Ry. In February, 1881, the company purchased the Kansas City, Burlington and Santa Fé RR., now a part of the Southern Kansas Ry.

The A., T. & S. F. RR. Company is equally interested with the St. Louis and San Francisco Ry. Co. in the control and ownership of the Atlantic and Pacific Railroad. A controlling proportion of the share capital of the Atlantic and Pacific RR. provided by the terms of its organization, \$20,000,000, is held (or \$19,559,100 of the same) in trust for the joint benefit of the two companies. For the construction of the Atlantic and Pacific RR. were paid 1st mortgage bonds to the amount of \$25,000 to the mile, payable July 1, 1910, with interest at the rate of 6 per cent., payable in New York January 1 and July 1; and \$18,750 per mile income non-cumulative bonds, bearing interest at the rate of 6 per cent. To provide means for the payment of interest on these bonds, both companies will allow a drawback of 25 per cent. of the receipts of all traffic coming from and going to the Atlantic and Pacific Railroad (See statement for ATLANTIC AND PACIFIC RR.).

During the year 1882, for convenience, the following leased roads were consolidated, namely: The Kansas City, Emporia and Southern and Elk and Chautauqua RR. Companies into the Kansas City, Emporia and Southern Ry. Co.; the Marion and McPherson and Marion and McPherson Extension Ry. Companies into the Marion and McPherson Ry. Co.; and the Cowley, Sumner and Fort Smith, the Harvey County, and the Wichita and Southwestern RR. Companies into the Wichita and Southwestern Ry. Co.

During the year 1884 the following new roads were completed and put in operation: Kansas City and Emporia RR., from Ottawa to Emporia, Kan., 56.42 miles; Kansas Southern Ry., from Chauute to Girard, Kan., 39.93 miles; Harper and Western RR., from Harper to Attica, Kan., 12 miles; Wichita and Western RR., from Wichita to Kingman, Kan. (½ interest), 22.46 miles; New Mexico RR., from Nutt to Lake Valley, N. M., 13.31 miles, and from Socorro to Magdalena, N. M., 30.58 miles—total, 174.70 miles. In addition the Silver City, Deming and Pacific RR., from Deming to Silver City, N. M., 48.29 miles was purchased. Total added during the year, 222.99 miles.

The Pleasant Hill and De Soto RR., from Cedar Junction, Kan., to Pleasant Hill, Mo.,

44.89 miles, was sold during the year for \$156,975 to the Kansas City, Clinton and Springfield RR. Co., the latter company also assuming \$120,000 first mortgage bonds outstanding.

On the 1st February, 1884, the Southern Kansas System was brought into direct connection with the main line of the Atchison at Emporia by the completion of the Kansas City and Emporia Railroad (56.42 miles); and the two systems became so interwoven with each other (as will be seen from the map of the company's roads in Kansas annexed to this report) that, for the year 1884, it was considered desirable to publish the monthly earnings and expenses of the two systems as one property, and the following statements relate to the two systems accordingly. For operations of other lines see statement for the several companies.

Bonds marked * are secured by mortgage bonds of leased and connecting roads.

The amount of funded debt of the Atchison, Topeka and Santa Fé and Southern Kansas companies outstanding at the close of 1883 was \$31,335,000. This amount was increased by an issue of \$3,348,000 Atchison, Topeka and Santa Fé RR. Co. 6 per cent. sinking fund secured bonds, \$2,500,000 of which were sold for cash, and \$848,000 issued for purchase of Silver City, Deming and Pacific RR. There were cancelled in 1884 \$28,000 5 per cent. bonds, \$37,000 sinking fund 5 per cent. bonds, \$78,000 4½ per cent. sinking fund bonds, and \$98,000 6 per cent. sinking fund secured bonds of the Atchison, Topeka and Santa Fé RR. Co., \$27,000 1st mortgage bonds of the Southern Kansas and Western RR. Co., and \$9,000 1st mortgage bonds of the Sumner County RR. Co., all purchased from the sinking fund; and \$80,500 Atchison, Topeka and Santa Fé RR. land grant bonds were redeemed and cancelled by trustees—total, \$357,500. Outstanding, December 31, 1884, \$34,325,500.

The \$2,500,000, 6 per cent. bonds issued in 1884, as above, were partly for indebtedness incurred in 1883, on account of construction, and to provide for similar expenditures in 1884. This amount and an additional issue of \$2,500,000 in 1885, have been successfully marketed.

"Although second mortgage bonds are included in the collaterals deposited in the hands of the trustee to secure the six per cent. bonds, the trust deed requires that they shall not exceed, with the first mortgages, \$25,000 per mile.

"The Atchison and its auxiliary roads were built without the intervention of construction companies, and the first mortgage bonds were placed at a rate per mile which represented the cash cost of the properties at the time they were turned over to the operating department, so that the first mortgages were placed at an unusually low rate per mile of road. It is well known that the first mortgage bonds of the original main road of the Atchison Company are limited to \$15,000 per mile, while the value of the rolling stock and engines alone is greater than the whole amount of its first mortgage bonds. The first mortgages of the P. & A. V. RR. Co. are also limited to \$14,000 per mile, and the N. M. & S. P. RR. Co. to \$15,000 per mile; and, considering the importance of these properties as part of the through line and the large sums of money spent in additions and improvements since the first mortgages were placed, their second mortgage bonds (limited to \$11,000 and \$10,000 per mile respectively) cannot but be regarded as first-class securities.

"In the case of the Kansas roads, some of the first mortgages were placed as low as \$7,000 and \$8,000 per mile; and, where second mortgages have been made, the second mortgage bonds issued together with the first mortgage have, with the exception of the Kansas City, Topeka & Western Railroad Company, not exceeded \$12,500 per mile.

"Including all the outstanding bonded indebtedness on Dec. 31, 1884, amounting in the aggregate to \$50,884,500, the rate per mile for 2,798.89 miles of road was \$18,181; and the rate for the entire capital stock and outstanding bonds on the same date was \$38,516 per mile."

Construction Expenditures.—During 1884 there were expended for additions and improvements to Atchison and Southern Kansas roads, and charged to their respective construction accounts, various sums aggregating \$1,253,724.76. For real estate and permanent improvements on auxiliary roads the following expenditures, amounting in all to \$563,066.04, were made and charged to accounts of the roads named:

Kansas City, Topeka & Western RR.....	\$77,959.42	Pleasant Hill & De Soto RR.....	\$26,214.10
Leavenworth, Topeka & South-western Ry...	3,644.95	Rio Grande, Mexico & Pacific RR.	15,885.51
New Mexican RR., branches built in 1882....	10,279.98	Rio Grande & El Paso RR.....	2,725.44
New Mexico & Arizona RR.....	5,187.78	Silver City, Deming & Pacific RR.....	15,604.22
New Mexico & Southern Pacific RR.....	223,706.66	Wichita & South-western Railway.....	60,170.91
Pueblo & Arkansas Valley RR.....	121,687.07		

The additions and permanent improvements on the Atchison and its auxiliary roads have been carried forward to such an extent the last few years that for 1885 the total expenditures chargeable to the various construction accounts have been estimated not to exceed \$600,000, which amount includes \$150,000 for new and additional rolling stock.

Construction expenditures during the year for building new roads commenced in 1883 and 1884, charged to the accounts of these roads:

Wichita & Western RR.	\$136,648.76	Harper & Western RR.....	\$104,784.97
Kansas City & Emporia RR.	123,915.60		
Kansas Southern Railway.....	75,224.18		\$842,849.97
New Mexican RR. (Socorro to Magdalena)..	289,284.46		
New Mexican RR. (Nutt to Lake Valley)....	112,992.00		
		Other expenditures:	
		Kansas City Belt Railway.....	\$265,000.00
		Las Vegas Hot Springs Hotel and	
		Bath-houses.....	164,502.06—\$429,502.06

"KANSAS CITY BELT LINE RAILWAY.—It will be seen that during the past year the company has invested \$265,000 in the Kansas City Belt Line Railway, making the total investment at the close of the year \$325,000, for which it has received first mortgage bonds. The Atchison Company, through the Kansas City, Topeka & Western Railroad Company, owns one-half of the capital stock of the enterprise, the remainder being owned by the Kansas City, Fort Scott & Gulf Railroad Company and the Kansas City Stock Yards Company. The rapid growth of Kansas City, and the limited area which is available for railroad facilities on the river side of the city where the various railroad companies enter, will render the use of the Belt Line before long an absolute necessity; and your Directors consider the investment one of great importance, not only on account of its future benefit to the Atchison Company in conducting its railroad business, but also as an investment which will be unusually profitable."

SILVER CITY, DEMING AND PACIFIC RAILROAD.—Deming, N. M., to Silver City, N. M., 48.29 miles. Gauge 3 ft. Rail, 40 lbs. Chartered March 23, 1882 ; road opened, May 10, 1883. In February, 1884, the Atchison, Topeka and Santa Fé RR. Co. purchased the entire amount of outstanding stock and bonds, and soon after took a nominal lease of the road, and now operates it as part of the Atchison System. Capital stock—not stated ; funded debt, 1st mortgage 6 per cent. 40-year bonds, due July 1, 1923, interest January and July, \$708,000. WM. B. STRONG, *President*, Boston, Mass.

SOUTHERN KANSAS RAILWAY.—Lines of Southern Kansas Ry., proper, as on page 765,398.58 miles ; auxiliary lines, 108.35 miles—total, 506.93 miles. On July 16, 1883, the Southern Kansas Ry. Co. was formed by the consolidation of the Kansas City, Lawrence and Southern Kansas RR. (see below), and its two leased roads—the Ottawa and Burlington, extending from near Ottawa, Kan., to Burlington, Kan., 46 miles (chartered as Kansas City, Burlington and Santa Fé, February 4, 1870 ; road opened March 28, 1878 ; sold under foreclosure January 17, 1881, and leased, after reorganization, to the Kansas City, Lawrence and Southern Kansas RR. Co., by which company its bonds were guaranteed, principal and interest), and the Kansas City and Olathe, from Ottawa to Waseca, Kan., 14.10 miles, opened in 1882, and also leased to the Kansas City, Lawrence and Southern Kansas RR. Co. The Kansas City, Lawrence and Southern Kansas RR. Co. was formed by the consolidation (December 16, 1880) of the Kansas City, Lawrence and Southern, the Southern Kansas and Western, and the Sumner County RR. Companies. The K. C., L. & Southern was chartered February 12, 1858 ; name changed February 24, 1866, to Leavenworth, Lawrence and Galveston RR. ; sold under foreclosure August 9, 1878 ; reorganized under name of Lawrence and Galveston RR. and consolidated with the Kansas City and Santa Fé and Southern Kansas RRs., making a line of 184.74 miles. The Southern Kansas and Western RR. Co. was organized in 1879 ; opened to Harper October 1, 1880, and leased to the K. C., L. & S. RR. Co. at a rental of 38 per cent. of gross earnings. The Sumner County RR., built in 1880, was leased in that year to the K. C., L. & S. RR. Co. on the same terms. The stock of the K. C., L. & So. Kan. Co., into which the above were consolidated, was purchased in December, 1880, at par, by the Kansas City, Topeka and Western RR. Co., which paid for it in the 5 per cent. 40-year bonds of the Atchison, Topeka and Santa Fé RR. Co., dated September 1, 1880, issued for that purpose in exchange for an equal amount of 6 per cent. bonds and stock of

the Kansas City, Topeka and Western RR. Co. By this purchase the Atchison, Topeka and Santa Fé RR. Co. became owner of the Kansas City, Lawrence and Southern Kansas Line, subject only to its funded debt. The Kansas and Emporia, Kansas Southern, and Harper and Western RRs. were built during the past year. Since the 1st of February, 1884, when the Atchison and Emporia RR., the connecting link between this company's roads and the Atchison, Topeka and Santa Fé RR., was completed, the two systems have been operated as one, and all the operations, etc., of this road for the past year are included in those of the Atchison Topeka and Santa Fé. All financial statements, traffic statistics, earnings, etc., are included in the preceding statements for the Atchison, Topeka and Santa Fé RR. Co., of whose system this road practically forms an integral part.

KANSAS CITY, CLINTON AND SPRINGFIELD RAILWAY.

This company was formed by the consolidation January 20, 1885, of the Kansas City, Clinton and Springfield RR. Co. (of Missouri) and the Pleasant Hill and De Soto RR. Co. (of Kansas). The proposed line of road extends from Cedar Junction, Kansas, to Ash Grove, Mo., 164 miles, with branch from Raymore Junction to Pleasant Hill, Mo., 10 miles, of which the section from Pleasant Hill to Cedar Junction (the old Pleasant Hill and De Soto RR.), 44.89 miles is in operation. The remainder of the line, from Raymore Junction to Ash Grove, 129.1 miles, is under construction. Capital stock, authorized, \$2,500,000; bonds (see below), \$2,000 per mile. The line is being built in the interest of the Kansas City, Fort Scott and Gulf RR. Co., to whose stockholders the subscription to the securities of this company were offered upon the following terms:

"Each holder of 25 shares of common stock or of contracts for preferred stock of the Kansas City, Fort Scott and Gulf Railroad Company, of record September 4, 1884, is entitled to subscribe to one block of the securities of the Kansas City, Clinton and Springfield Railroad Company, consisting of 6 shares of capital stock at par, \$600, and \$1,000 5 per cent. 40-year gold bond at 25 per cent., \$250—total, \$850.

"It is understood and agreed, however, between the Kansas City, Fort Scott and Gulf Railroad Company and the subscribers to the securities of the Kansas City, Clinton and Springfield Railroad Company—and it is one of the terms of the subscription—that the Kansas City, Fort Scott and Gulf Railroad Company is to guarantee the payment of the principal and interest of the bonds of the Kansas City, Clinton and Springfield Railroad Company; and the subscribers to the stock of the latter company, in consideration of said guaranty, are to transfer to the Kansas City, Fort Scott and Gulf Railroad Company one half of the shares subscribed and paid for as above; so that each subscriber to a block will obtain for the sum of \$850 three shares of capital stock and 1,000 5 per cent. 40-year gold bond, guaranteed, principal and interest, by the Kansas City, Fort Scott and Gulf Railroad Company; and the result of the arrangement will be that one half of the stock of the new company will be held by the subscribers and one half by the Kansas City, Fort Scott and Gulf Railroad Company.

"The bonds will not exceed \$20,000 per mile, and will be secured by a first mortgage of the entire property of the new corporation."

The Pleasant Hill and De Soto RR. was purchased from the Atchison, Topeka and Santa Fé RR. Co., the purchasers assuming the payment of principal and interest of the \$120,000 first mortgage bonds of that company, and paying to Atchison Co. \$156,975. Annual meeting, second Wednesday in March.

ST. JOSEPH AND WESTERN RAILROAD.

Line of Road.—St. Joseph, Mo., to Grand Island, Neb.....251.7 miles.
Sidings, 11.35 miles. Gauge, 4 ft. 8½ in.

The St. Joseph and Western RR. Co. was chartered as the Marysville, Palmetto and Roseport RR. Co., February 17, 1857; name changed to St. Joseph and Denver City April 17, 1862. That company built westward to Marysville, Kan. The Northern Kansas RR. Co. was authorized to build the extension from Marysville to the Nebraska line, and acquired the lands granted by act of Congress approved July 23, 1866. The above companies were consolidated August 11, 1866, under the name of St. Joseph and Denver City RR. Co., with a capital stock of \$10,000,000. Construction was begun in 1867, and the entire road opened in 1872. The portion of the road in Nebraska was built under the general railroad law of that State. The total amount expended in construction was \$5,449,620.77, of which \$1,400 was from stockholders, \$732,727.10 from the State and county subsidies, and \$4,665,493.67 from the sale of \$6,755,900 mortgage bonds. The property was placed in the hands of a receiver in 1874, and sold under foreclosure in November, 1875. Under the scheme of reorganization

two companies were formed—the St. Joseph and Pacific RR. Co., owning and operating the road from Elmwood, opposite St. Joseph, westward to Marysville, and the Kansas and Nebraska Ry. Co., owning and operating the road from Marysville, Kan., west to Hastings, Neb. On the 29th of March, 1877, those two companies were again consolidated under the present title. The Hastings and Grand Island RR. Co. was incorporated May 9, 1879; road opened October 1, 1879; purchased by the St. Joseph and Western RR. Co., February 18, 1880. By the terms of sale the stock was exchanged for an equal amount (\$800,000) of St. Joseph and Western stock. Of the land grant, 300,000 acres were placed in the hands of trustees for the benefit of the holders of land scrip, issued to the extent of \$2,250,000. In January, 1880, the road came under the control of the Union Pacific Ry. Co., which owns \$1,536,200 of the stock of the company and \$1,303,369 St. Joseph and Pacific RR. bonds, \$1,139,361.40 Kansas and Nebraska RR. bonds, and the entire issue of bonds of the Hastings and Grand Island RR. Co. From February, 1880, to January, 1884, the road was operated by the Union Pacific Ry. Co.; since the latter date it has been operated independently.

Included in the above mileage are the St. Joseph bridge and approaches, 4,640 feet, and the Hastings and Grand Island RR., from Hastings, Neb., to Grand Island, Neb., 25 miles, which are wholly owned by St. Joseph and Western RR. Co.

On June 11, 1885, this road was sold under foreclosure of its several mortgages, and purchased by a committee of the bondholders, in pursuance of plan of reorganization previously adopted, under which a new company with the title of the St. Joseph and Grand Island RR. Co. has been incorporated and succeeded to the rights of this company—the new corporation issuing \$7,000,000 first mortgage 6 per cent. bonds in exchange for the old divisional bonds and back coupons and for improvements; \$1,680,000 income 5 per cent. non-cumulative bonds in exchange for present second mortgage bonds at 70 per cent. of their par value, and \$4,100,000 stock which will be exchanged share for share for stocks of St. Joseph and Western RR. Co. and the St. Joseph Bridge Co.

Rolling Stock.—Locomotives, 21. Cars—passenger, 8; baggage, mail, and express, 6; way, 13; freight (box, 59; platform, 49; coal, 40), 148—total, 175.

Operations for year ending December 31, 1884.—Not reported. Earnings—passenger, \$204,808.34; freight, \$983,245.90; mail, \$3,648.90; express, \$21,720; miscellaneous, \$3,976.71—total, \$1,217,399.85. Expenses—maintenance of way, \$450,537.48; motive power, \$209,032.95; cars, \$44,116.30; transportation, \$230,518.59; general and taxes, \$77,862.12—total, \$1,012,067.44. Total length of lines owned and operated.....293.25 miles.
Second track, 1.29; sidings, etc., 62.55 miles. Gauge, 4 ft. 8½ in. Rail (steel [owned, 293.12; leased, 1.42], 294.54 miles), 56 and 66 lbs.

Company chartered February 16, 1847; construction commenced 1853; opened from Hannibal to Bevier, 75 miles, June 25, 1858; road completed to St. Joseph, February, 1859. The branches were built under separate charters—the Quincy, as the Quincy and Palmyra RR.; the Kansas City, as the Cameron and Kansas City RR.; and the line to Winthrop, opposite Atchison, under the provisions of the Co.'s charter authorizing it to build branches. The company received a land grant by act of Congress approved June 10, 1852, under which 603,506 acres have been certified; and loans from the State of Missouri to the extent of \$3,000,000 in bonds. For the purpose of making a consolidated mortgage as a first lien on its road, the company issued, in June, 1881, \$3,000,000 of consolidated mortgage bonds (part of a proposed \$8,000,000), and paid \$3,000,000 over to the State. The State claimed, in addition to this, the interest to maturity of its bonds. The company refused to pay the January, 1882, interest, and the State defaulted. The U. S. Circuit Court has decided a further sum of \$476,049 to be due to the State. The case is now on appeal to the U. S. Supreme Court. The bridge across the Missouri River at Kansas City is owned by this company, and makes a part of the Cameron and Kansas City Line. In 1880 a second track was laid between the bridge and the Union Depot, and is used jointly with the Chicago and Alton RR. Co., which pays for the use thereof a rental of \$9,500 a year. The Missouri Pacific Ry. Co. uses the road between St. Joseph and Atchison, together with the terminal facilities at both places. The Chicago, Rock Island and Pacific Ry. Co. pays rental for hauling its freight cars between Cameron and Atchison.

During 1882 a controlling interest in this road was purchased by the Chicago, Burlington and Quincy RR. Co., that company paying par for the preferred stock and \$48.66 per share for the common, in its 5 per cent. bonds.

Rolling Stock.—Locomotive engines, 73. Cars—passenger, 35; baggage, mail, etc., 14; freight (box, 1,089; stock, 172; platform, 45; coal, 437), 1,743. Total revenue cars, 1,792. Also, 34 caboose and 14 other cars.

Operations for year ending December 31, 1884.—Trains run (passenger, 465,634; freight, 1,160,475), 1,626,109 miles. Passengers carried, 393,943; carried one mile, 22,849,299; average fare, 2.75 cents. Freight moved, 814,114; moved one mile, 144,474,516 tons; average mile-rate, 1.15 cents.

Land Department.*—The company received a land grant under Act of Congress, June 10, 1852, of 603,506 acres. It has now 35,905.76 acres unsold, valued at \$134,646.60, and collections due on contracts in force, \$707,093.10. The latter represent the credit given for lands sold and partly paid for. The lands, improved since then by the occupants, still secure these deferred payments. The land grant contracts, outstanding January 1, 1878, were assigned on that date to the Farmers' Loan and Trust Co., to secure an issue of \$1,000,000 land grant bonds, due January 1, 1888, interest 7 per cent., payable January and July. These bonds were to be redeemed by a drawing in amounts of \$25,000, as often as the collections of the Land Department should, from time to time, reach that sum. On June 25, 1883, all of these bonds had been drawn. The total collections of the Land Department in 1882 amounted to \$235,598.75; expenses, etc., \$20,057.33; leaving net, \$215,541.42. There were sold during the year, 15,784.60 acres for \$87,030.06, an average of \$5.51 per acre.

* From MANUAL for 1883. No later statements received.

On May 1, 1881, a new land trust was created (subject to the old assignment for the redemption of the bonds of 1878), pledging the entire revenue for the redemption of the bonds of old mortgages in excess (\$633,000) of the new consolidated mortgage for \$8,000,000. Under this there had been received up to January 1, 1883, \$90,582.40, of which \$37,000 were invested in Hannibal Union Depot Co.'s 6 per cent. bonds, and \$42,000 used in purchasing \$40,000 8 per cent. bonds of the company.

KANSAS CITY BELT RAILWAY.

Line of Road.—Stock Yards, Kansas City, Mo., to Blue River.....10 miles.
 Track laid, 3 miles. Gauge, 4 ft. 8½ in. Rail, 56 lbs.

Chartered June 28, 1882. The road is graded its entire length. The track laid is for temporary use only; when completed the entire line will be laid with 60 lb. steel rails. The road is being built to furnish better facilities for the movement of freight for the railroads centering at Kansas City. It is owned by the Atchison, Topeka and Santa Fé RR. Co., the Kansas City, Fort Scott and Gulf RR. Co., and the Kansas City Stock Yards Co. One-half the capital stock is owned by the Atchison Co. and the balance by the Fort Scott Co. and the Stock Yards Co. Up to the close of 1884 the investments of the Atchison Co. and the Fort Scott Co. amounted respectively to \$325,000 and \$195,000, for which those companies received equal amounts of 1st mortgage 6 per cent. bonds of the Belt Ry. Co.

Financial Statement, January 1, 1885.—Capital stock, \$100,000; funded debt, 1st mortgage 6 per cent. 30-year coupon bonds, due January 1, 1914, interest January and July (authorized, \$2,500,000; issued, \$850,000), outstanding, \$650,000—total, \$750,000. Cost of road, etc., \$650,000; estimated cost to completion, \$1,100,000.

Funded debt consists of \$7,000,000 first mortgage, 6 per cent. 40-year bonds, due May 1, 1923, and \$500,000 6 per cent. 10-year plain bonds, due May 1, 1894. Interest on both issues of bonds payable May and November.

Under the terms of a traffic contract between this company and the Kansas City, Fort Scott and Gulf RR. Co., the latter sets aside 15 per cent. of its gross earnings from traffic going to or coming from this road for the term of 40 years. The amount so set aside is to be applied: 1st. To pay, if need be, any interest on the Kansas City, Springfield and Memphis RR. Co.'s 1st mortgage 6 per cent. bonds, not provided for by the earnings of said company's road; 2d. To the purchase, by advertisement, of the 1st mortgage bonds of the Kansas City, Springfield and Memphis RR. Co., at a price not exceeding 110 and interest, and in case no bonds are offered under the advertisement, then the bonds are to be drawn by lot for payment at 110 and interest. The bonds so purchased or drawn to be immediately cancelled, and one half the par thereof converted into stock of the Kansas City, Springfield and Memphis RR. Co. for the benefit of and delivered to the Kansas City, Fort Scott and Gulf RR. Co., in full satisfaction of the whole amount of bonds so cancelled.

On May 1, 1884, the company issued to complete the road six per cent. 10-year bonds, dated May 1, 1884, to the amount of \$500,000, principal and interest guaranteed by the Kansas City, Fort Scott and Gulf RR. Co.

The entire issue of plain bonds is redeemable at the option of the promissor at 105 and interest, at any time upon 6 months' notice of such intention.

KANSAS CITY AND SOUTHERN RAILWAY.

Line of Road (as projected).—Kansas City, Mo., to Bolivar, Mo. 158 miles.
Completed June 15, 1885.—Osceola to East Lynne, Mo 67 miles.
 Sidings, 4 miles. Gauge, 4 ft. 8½ in. Rail, 56 and 60 lbs.

Chartered June 10, 1880. Succeeded to the rights of the Iron Mountain and Helena RR. Co., the completed portion of which was sold and transferred to the St. Louis, Iron Mountain and Southern Ry. Co. Construction of the road was begun in 1882, and in 1883 the first section, Clinton south 15 miles, was completed. In 1884 an additional five miles was built, carrying the road to Lowry City, and during the current year the work of construction has been prosecuted at both ends of the line. The road is being constructed by the Blair syndicate, composed of John I. Blair of Blairstown, N. J., Wm. Bailey of St. Louis, and others. The completed road being in the hands of contractors, operations, earnings, etc., are not reported. From the northern terminus, East Lynne, on the Holden branch of the Missouri Pacific, to Kansas City, the line of this company is now almost wholly graded. Pending its completion, the track of the Missouri Pacific is used to reach Kansas City.

Rolling Stock.—Locomotive engines, 4. Cars—passenger, 1; baggage, etc., 1; freight (box, 5; platform, 21), 26. Additional equipment procured as required.

This company succeeded, by consolidation and otherwise, to the franchises and property of the Platte County, the Atchison and St. Joseph, the Weston and Atchison, the Missouri Valley, the St. Joseph and Council Bluffs, and the Council Bluffs and St. Joseph RR. Cos. The Platte County RR. Co. was chartered February 24, 1853, and by act of March 3, 1857, received aid from the State to the amount of \$700,000. The first four companies were consolidated March 6, 1867, with the Missouri Valley RR. Co., and by act of March 17, 1868, were released from their obligations to the State. The M. V., the St. J. & C. B., and the C. B. & St. J. RR. Cos. were consolidated under the present name July 11, 1870. During the year 1880 the leased lines were completed, and the capital stock and income bonds bought by the C., B. & Q. RR. Co. (*See MANUAL for 1880*).

 Sidings, etc., 136 miles. Gauges, 3 ft. and 4 ft. 8½ in. Rail (steel, 804 miles), 52 and 56 lbs.

Organized April 7, 1870, by the consolidation of the Union Pacific, Southern Branch, chartered September 20, 1865; the Tebo and Neosho, chartered June 18, 1870; the Labette and Sedalia, chartered May 7, 1870; and the Neosho Valley and Holden, opened in 1871. The St. Louis and Santa Fé RR., Holden, Mo., to Paola, Kan., chartered December 1, 1870, was purchased at foreclosure sale, April 29, 1872; and the Hannibal and Central Missouri, Hannibal to Moberly, 72.5 miles, chartered February 13, 1865, was purchased in 1873. The line from Junction City to the southern boundary of Kansas was opened June 1, 1870; from Sedalia to Parsons March 1, 1871; from southern boundary of Kansas to Denison January 1, 1873; and from Hannibal to Sedalia September 1, 1873.

The Fort Worth line, from Fort Worth to Whitesboro', 71 miles, is owned and was built by the Texas and Pacific RR. Co. It is operated jointly with that company by the M., K. and T. Ry. Co., which pays as rental 6 per cent. on \$10,000 per mile, and one half taxes, expenses, etc. The Osage Division of this line, 54 miles in length, is operated by the Missouri Pacific Ry. at an annual rental of \$40,000 and expenses. That division is not included in the statement given above.

This road was leased to the Missouri Pacific Ry. Co. December 1, 1880, the rental paid being its net earnings.

During the year 1881 the M., K. & T. Ry. Co. acquired the railroad and property of the International and Great Northern Railway of Texas, by an exchange of two shares of its own stock for one share of the I. & G. N.

The 1st mortgage Union Pacific Ry. S. Br. covers 182 miles, and land grant attached; the 1st mortgage Tebo and Neosho RR., covers 102 miles. The 1st and 2d mortgages, Han. and Central Missouri RR. cover 71 miles. The 1st mortgage, consolidated, covers all lines and lands, but is 2d after above-recited division mortgages. On the 2d mortgage income bonds interest is payable if earned, but if not paid is cumulative. In 1881 the general consolidated mortgage covered 786 miles of railway belonging to the company, together with the rights privileges, franchises, and property pertaining thereto, subject to four liens to the amount of \$28,217,000, and for which a corresponding amount of bonds is to be retained as follows :

Bonds: 1st. Nos. 1 to 2,296 inclusive, to retire U. P. Ry. Co. So. Br. bonds.....	\$2,296,000
2d. Nos. 2,297 to 2,645 inclusive, to retire Tebo & Neosho RR. Co. bonds	349,000
3d. Nos. 2,646 to 3,445 inclusive, to retire Han. & Cen. Mo. RR. Co. bonds	800,000
4th. Nos. 3,446 to 18,217 inclusive, to retire M., K. & T. 1st consol. bonds of Feb. 1, 1871; June 1 and Nov. 1, 1872; and June 1, 1873.....	14,772,000
	\$18,217,000
5th. Nos. 18,218 to 28,217 inclusive, when issued, are to be used for the purpose of retiring M., K. & T. 2d mortgage income bonds and coupons and scrip certificates for accrued interest on same, on terms to be hereafter arranged.....	\$10,000,000
	\$28,217,000

The remaining bonds (16,788) are to be applied as follows :

Nos. 28,218 to 30,217 inclusive to provide new equip., roll stock, etc.	\$2,000,000
Nos. 30,218 to 45,000 inclusive, to secure the construction and acquisition of such branches and extensions in Missouri, Kansas, Texas, the Indian Territory, and the Republic of Mexico, as are now or may be authorized by the charter, at a rate not exceeding \$20,000 per mile.....	14,783,000— 16,783,000
Total.....	\$45,000,000

The Boonville Bridge bonds, now outstanding, \$914,000, have also been assumed by the company, which, through the trustees, purchased the full amount of the Bridge Company's capital stock, and so became owners of the property.

Of the main line, 2 miles, between Atchison Union Depot and Central Branch Junction, Kan., are owned by the Central Branch Union Pacific RR., and 15 miles between Papillion and Omaha, Neb., are used jointly with the Union Pacific Ry. The tracks of the Hannibal and St. Joseph RR. (St. Joseph Extension) from Atchison, Kan., to St. Joseph, Mo., 21 miles, are used under contract. The Boonville Branch (Boonville, St. Louis and Southern Ry.) is leased at an annual rental of \$25,000. The company also uses the Osage Division of the M., K. & T. Ry., from Holden, Mo., to Paola, Kan., 54 miles (included in Kansas and Arizona Division above), paying therefor a rental of \$40,000 and all taxes and expenses.

In addition the company operates the following lines :

Owned : St. Louis, Iron Mountain and Southern RR. and branches.....	923 miles.
Leased : { Missouri, Kansas and Texas Ry. and branches.....	1,386 miles.
{ International and Great Northern RR. and branches.....	825 miles.
{ Central Branch Union Pacific Ry. and branches.....	388 miles.
Operated : Texas and Pacific Ry. and branches.....	1,487 miles.
Owned : Sedalia, Warsaw and Southern RR.....	42 miles.

Total length of all lines operated, including Missouri Pacific Ry. proper, December 31, 1884.....6,046 miles.

The financial condition and operations of the roads owned and leased are given under the heads of their respective companies. The earnings of the M. P. Ry., given below, are only from its own mileage.

The company to which the Missouri Pacific was successor was incorporated by charter

approved March 12, 1849, under the name of the Pacific Railroad Co., with a capital of \$10,000,000, to build a road from St. Louis to Jefferson City, and thence to the western boundary of the State. Construction was commenced July 4, 1851, and the road opened to Cheltenham, 5 miles, December 9, 1852; to Pacific, 37 miles, July, 1853; to Jefferson City, 125 miles, March, 1856; to Tipton, 163 miles, July, 1858; to Sedalia, 189 miles, February, 1861; and to Kansas City, 283.37 miles from St. Louis, October, 1865. The first engine was put upon the track in November, 1857.

The company received aid from the State to the amount of \$7,000,000 and unpaid interest, of which \$5,000,000 was repaid under the compromise act of March 31, 1868. By its charter the company was authorized to construct a railroad to the southwestern part of the State. To aid in the construction of this branch, Congress made a grant of land equal to 3,840 acres to the mile—in all, 1,161,204 acres. The Southwest Branch was taken possession of by the State in 1866, for non-payment of interest on the State subsidy, and sold, with the lands, in 1866, to the Atlantic and Pacific RR. Co., which company, in 1872, leased the line of the old company. The two roads were operated under one management until 1876, when the Pacific road was sold, September 6, 1876, under process of foreclosure of the 3d mortgages, and conveyed by the purchasers to the present company, incorporated October 21, 1876, with a share capital of \$3,000,000. The amount of old indebtedness prior to the 3d mortgage, and assumed by the new company, was \$13,700,000.

By articles of association, filed August 11, 1880, the Missouri Pacific was consolidated under the same name, with the St. Louis and Lexington, the Kansas City and Eastern, the Lexington and Southern, the St. Louis, Kansas and Arizona, the Missouri River, and the Leavenworth, Atchison and Northwestern Railroads. The authorized share capital of the consolidated company was \$30,000,000; amount issued to carry out consolidation, \$12,419,800. The funded debt of the new company, including three of the present lines, was \$19,259,000.

The Missouri, Kansas and Texas Ry. (which see) was leased to the M. P. Ry. Co., December 1, 1880, the rental being the net earnings of the leased line.

The M. P. Ry. operates the Central Branch U. P. Railroad, accounting to the Union Pacific Co. (which owns it) for the net earnings.

During the year 1881 the M. P. Ry. acquired the ownership of the railroad, branches, and property of the St. Louis, Iron Mountain and Southern RR. Co. by an exchange of three shares of its capital stock for four shares of that of the St. L., I. M. & S. RR.

The International and Great Northern RR. of Texas was acquired by the M., K. & T. Ry. of Missouri by an exchange of one share of the stock of the former for two shares of the stock of the latter.

ST. LOUIS BRIDGE.

Length of Bridge and approaches. 6,439 feet.
 Length of track (in St. Louis, 17; in East St. Louis, 14). 31 miles.
 Formerly the Illinois and St. Louis Bridge Co., which was sold out under foreclosure, and a new company formed under above title March 17, 1879.

The bridge has two roadways: the lower one for steam railway traffic alone; the upper one for wagons and foot passengers.

Rolling Stock.—Locomotive engines, 20. Cars—passenger, 8; working, 3.

On July 1, 1881, the bridge was leased to the Missouri Pacific and Wabash, St. Louis and Pacific Ry. Cos., at an annual rental equalling interest on bonds, semi-annual dividends on 1st preferred stock at the rate of 5 per cent. per annum for three years to and ending in July, 1885, and thereafter at the rate of 6 per cent.; and semi-annual dividends of 3 per cent. on 2d preferred stock, the first payment to be made July 1, 1884. Dividends payable in gold, free of all charges. The companies further agree to pay all taxes, assessments, and other charges; to pay \$2,500 a year for maintaining organization, and to provide and maintain offices for this company in St. Louis and New York. In addition it is provided that the bonds of the company as they mature shall be paid by the lessee companies.

The bridge and the tunnel (see Tunnel RR. of St. Louis, page of), with all their terminal properties, are operated by the above lessee for the accommodation of the local and interchanging freight and passenger traffic of the eleven roads on the east side, and the five roads on the west side, which centre at St. Louis.

Operations.—The operations in 1884 of the Bridge and Tunnel were as follows: Tons freight moved, 2,225,994. Passengers carried, 1,333,360. Cars moved—loaded freight cars, 172,730; empty freight cars, 128,545; construction cars, 16,648; passenger, baggage, express, and mail cars, 119,401—total cars, 472,334. Gross earnings, \$1,520,483; operating expenses, \$616,892; net earnings, \$903,591. Surplus after payment of rentals, interest and deficit of \$17,613 on ferry pool, \$7,866.

Financial Statement.—Funded debt, \$5,000,000 7 per cent. gold bonds, dated April 1,

1879, due 1928, interest payable April and October; 1st preferred stock, \$2,490,000; 2d preferred stock, \$3,000,000; common stock, \$2,500,000.

Annual meeting, first Tuesday in March. Books close for annual meeting on the 15th of February; for dividends, on the 15th of February and 15th of December. Preferred stock and bonds listed on the London Stock Exchange.

Directors.—Julius S. Walsh, J. Pierpont Morgan, New York; William Taussig, Gerard B. Allen, Edward Walsh, Jr., St. Louis, Mo.

The Cairo and Fulton 1st mortgage bonds will be retired and cancelled from the proceeds of sales of lands in Arkansas.

The general consolidated railway and land grant mortgage was intended to retire the divisional mortgage bonds at maturity, and the 1st and 2d income preferred bonds at once, and provided for an issue of bonds to an amount \$2,000,000 greater than the old outstanding indebtedness, the excess to be used in improving the road.

During the year 1881 the greater part of the stock of St. Louis, Iron Mountain and Southern RR. Co. was purchased by the Missouri Pacific RR. Co., three shares of the latter being exchanged for four of the former. The object and effect of the purchase is a consolidation of the two companies.

In addition to the several issues of bonds above enumerated, there are outstanding \$678,000 Iron Mountain Car Trust bonds (authorized amount, \$3,000,000; original issue, \$1,441,000), dated July, 1880; interest 6 per cent., payable quarterly on the 1st days of March, June, September and December, at the office of the Trustees, 195 Broadway, New York City; annual payments about \$200,000 and interest on outstanding certificates, until December 31, 1877, thereafter, \$19,000 and interest until September 1, 1891, at which time all outstanding certificates will be paid off and cancelled, and the St. Louis, Iron Mountain and Southern RR. Co. will become absolute owner of all rolling stock now owned by the Iron Mountain Car Trust. (See statement of Rolling Stock.)

Land Department.—Missouri Division: Original grant, 139,375 acres, of which 119,357 acres were unsold on January 1, 1883. During 1883 there were sold 4,159 acres, at an average

of \$3.47 per acre, leaving unsold December 31, 1883, 115,644 acres. Total sales, including town lot sales, during 1883, amounted to \$15,700.18. Cash received during 1883, \$17,739.02; notes received during same time, \$5,290.55; notes receivable outstanding, December 31, 1883, \$27,013.12. *Arkansas Division*: Original grant, 1,368,798 acres. Sales during 1883, 66,840 acres, at an average of \$2.88 per acre. Unsold December 31, 1883, 928,498 acres. In addition to the above mileage, the company operates the Central Division of the Atlantic and Pacific RR. from Seneca, Mo., to Red Fork, Ind. Ter., 102 miles. It also uses the tracks of the Atchison, Topeka and Santa Fé, from Wichita to Halstead, Kan., 24.87 miles. Total length of lines operated by the company, 941.75 miles. The Wichita and Western RR., completed during 1884, is owned by this company jointly with the Atchison, Topeka and Santa Fé RR. Co.

The St. Louis and San Francisco Ry. Co. is successor to the southwest branch of the Pacific RR. of Missouri, chartered December 25, 1852. For the construction of this branch that company received a grant of 1,621,244 acres of public lands. The State, in addition, loaned the company \$4,500,000 of its bonds, secured by a lien on the road and lands. The road was opened to Rolla, 113 miles from St. Louis, in December, 1860. The company failing to pay the interest on the State bonds, its southwest branch was sold in 1866 for \$1,800,000, and conveyed to a new company formed August 17, 1866. The new company failing to comply with its contract in the matter of construction, the road was again sold in 1868 for \$300,000, to purchasers who were incorporated as the South Pacific RR. Co., which company completed the road to Lebanon, 71 miles, in 1869; to Springfield, 56 miles, in May, and to Pierce City, 50 miles, in October, 1870. At this date the road was sold to the Atlantic and Pacific RR. Co., chartered by an Act of Congress July 27, 1866, and authorized to construct a railroad from Springfield, Mo., *via* Canadian River, Albuquerque, Agua Frio, and Colorado Chiquito, on the 35th parallel, to the Pacific Ocean. It was by this company that the road was completed to Vinita, where a connection is made with the Missouri, Kansas and Texas RR., 364 miles from St. Louis, and to its present terminus, 68.12 miles beyond Vinita. On the 1st of July, 1872, the Atlantic and Pacific RR. Co. leased the Pacific of Missouri, to which its line once belonged, and operated the same until November, 1875, when the A. & P. was placed in the hands of a receiver, having made default in the payment of interest on its bonds. Failing to pay the rental to the Pacific Co., a receiver was appointed for that company. On the 8th of September, 1876, the road and lands of the company were sold under foreclosure of its mortgages to the St. Louis and San Francisco Ry. Co., to which the property and lands of the old were conveyed, subject to an outstanding mortgage debt of \$7,194,500 issued by the former South Pacific RR. Co. The scheme for the reorganization of the company was as follows:

A first preferred stock to be created, to be entitled to dividends of 7 per cent. per annum, after the payment of all expenses, improvements, and interest on funded debt, and to be issued for \$4,500,000, or sufficient to provide for all past due coupons on land mortgage, 2d mortgage and income bonds, and unsecured bonds and scrip. A second preferred stock of \$10,000,000 to be created, entitled to dividends of 7 per cent. per annum, after all expenses, interest, dividend on 1st preferred stock, and to be exchanged for outstanding preferred stock of A. & P. RR. Co. The \$10,500,000 common stock to be exchanged for common stock of the A. & P. RR. Co.

Early in the year 1882 the companies owning the branch lines were consolidated, and on March 14 of that year the roads thus consolidated were acquired by this company, and consolidated with the main line. By this consolidation the company acquired the following lines: the Arkansas Division, Plymouth, Mo., to Fort Smith, Ark., 133 miles; St. Louis, Wichita and Western RR., Oswego to Wichita, Kan., 145 miles; and the Joplin Branches, Galena to Girard, Kan., 47 miles.

Arkansas Division and Joplin Railroad.—The line of the Arkansas Division, from Plymouth, Missouri, to Fayetteville, Arkansas (70 miles), was built by this company for the 1st mortgage 7 per cent. bonds and all of the capital stock of the companies formerly owning these franchises. These 1st mortgage bonds, and all those of the Joplin RR. Co. hereafter mentioned, are lodged with the United States Trust Co. of New York as security for the 6 per cent. trust bonds of this company. The difference in the interest on the two classes of bonds constitutes a sinking fund for the benefit of the trust bonds. The extension of the Arkansas Division to Fort Smith, Ark., was completed during the year 1882, by the St. L. & S. F. Ry. Co. A further extension southwestwardly from Van Buren or Fort Smith along

the border and through the lands of the Choctaw Nation in the Indian Territory to Paris or Dallas, Texas, is projected. By Act of Congress approved in August, 1882, the right of way through the lands of the Choctaw Nation (Indian Territory) was granted to this company.

In 1883 the company completed the extension of its main line from Pacific to St. Louis (32 miles), and began operating it on January 1, 1884. Construction of the Bolivar branch was begun in March, and it was opened in November, 1884.

A bridge across the Arkansas River at Van Buren is being built by the Fort Smith and Van Buren Bridge Co., the capital stock of which is owned by this company. First mortgage 6 per cent. bonds, due April 1, 1910, and guaranteed by this company, are to be issued on the bridge to an amount not exceeding \$500,000, sufficient to pay the cost of construction. It is expected the bridge will be completed by December, 1885.

Rolling Stock.—Locomotive engines, 103. Cars—passenger, 39, and $\frac{1}{2}$ interest in 3 Pullman sleeping; combination, 12; baggage, 18; postal, 6; caboose, 52; freight (box, 1,774; ore, 1,100; flat, 20; and stock, 700), 3,594. Total revenue cars, 3,722 $\frac{1}{2}$. Service cars—directors', 2; pay, 1; boarding, 6; tank, 2; wrecking, 2. Total cars, 3,735 $\frac{1}{2}$. During the year there were added to the equipment, 4 consolidation, 12 freight, and 2 passenger locomotives, 500 box, 3 caboose, 100 stock, 100 ore, 5 baggage, 1 combination, and 9 passenger cars.

Operations for year ending Dec. 31, 1884 (average, 786.23 miles).—Trains run (passenger, 908,611; freight, 2,032,256), 2,940,867 miles. Total engine service, 3,017,127 miles. Passengers carried (east, 302,573; west, 309,554), 612,127; carried one mile (east, 15,277,042; west, 17,519,139), 32,796,181; average rate per mile, 2.87 cents. The first preferred stock has preference for dividends up to 7 per cent. per annum, after which the preferred has preference up to same rate; then the common is entitled to dividends up to 7 per cent. per annum. When the three classes of stock shall have re-

ceived dividends at the uniform rate of 7 per cent. per annum, all classes are to share equally, pro rata, in any excess of surplus earnings more than sufficient to pay dividends, at the rates named.

Stock, general mortgage bonds (\$7,739,000), South Pacific bonds, equipment bonds, and "A," "B," and "C" 2d mortgage, and Missouri and Western bonds listed on New York Stock Exchange. Stock also listed in London and in Amsterdam. Some issues of bonds also listed abroad. Annual meeting second Tuesday in March; books close for annual meeting thirty days prior thereto, and remain closed thirty days; books close for dividends two weeks prior to payment of same and remain closed two weeks.

The St. Louis and San Francisco Railway Co. is equally interested with the Atchison, Topeka and Santa Fé RR. Co. in the Atlantic and Pacific RR. Co. The share capital of the Atlantic and Pacific provided by the terms of its organization is \$100,000,000, of which \$54,810,300 is issued and outstanding, and \$41,302,600 is held in trust for the joint benefit of the two companies. For the construction of the Atlantic and Pacific road 1st mortgage land grant bonds were issued to the amount of \$25,000 per mile, payable July 1, 1910, with interest at 6 per cent., payable January 1 and July 1, in New York; and \$18,750 income bonds, bearing interest at the rate of 6 per cent. For the purpose of providing means for the payment of interest on these bonds, both companies allow a drawback, if

necessary, equal to 25 per cent. of the receipts of all traffic coming from and delivered to the Atlantic and Pacific RR. (See Atlantic and Pacific.)

Land Department.—This company is the owner of two congressional land grants, that of 1852 through the South Pacific RR. Co., amounting originally to 1,161,244.47 acres, and on January 1, 1884, to 162,652.9 acres, and a grant of 1866 to the Atlantic and Pacific RR. Line of Road.—Little Rock, Ark., to Memphis, Tenn.....135 miles, Sidings, etc., 14 miles. Gauge, 5 ft. Rail (steel, 50 miles), 56, 60, and 72 lbs.

Chartered January 11, 1853; road completed January 5, 1874. The company made default on 1st mortgage land grant bonds November 1, 1872, and the road was sold in 1873, and company reorganized as M. & L. R. Ry. Co. This latter company also failed, and was in turn sold out in 1877. The purchasing bondholders organized a new company under the charter of 1853, and took possession September 29, 1877. On June 24, 1882, a decree was entered in the case of Russell Sage, placing the property in the hands of a receiver, E. K. Sibley, by whom it was operated until December 1, 1883, when that receiver was discharged and the property restored to the company. On April 21, 1884, an order was entered in the suit of R. K. Dow and others, appointing Rudolph Fink receiver. On August 25, 1884, the receiver was discharged and R. K. Dow, Watson Matthews, and Charles Moran, trustees of the general mortgage, took possession of the road and have since operated it. Payment of interest on the general mortgage was resumed January 1, 1885.

GALVESTON, HARRISBURG AND SAN ANTONIO RAILWAY.

Line of Road.—Houston, Tex., to El Paso, Tex. 853.13 miles.

Branches: { *Harrisburg*: Harrisburg to Pierce Junction, Tex. 8.00
La Grange: Columbus to La Grange, Tex. 28.00
Gonzales: Harwood to Gonzales. 12.03
Eagle Pass: Spofford Junction to Eagle Pass. 35.40— 83.43 miles.

Total length of line owned and operated. 936.56 miles.
 Sidings, 88.71 miles. Gauge, 4 ft. 8½ in. Rail (steel, 861.7 miles), 50, 52 and 60 lbs.

Of this road, the first section of 80 miles from Houston to Columbus, was built under the charter of the Buffalo Bayou, Brazos and Colorado Ry. Charter amended in 1870, and road since extended under new charter. The old company had acquired State lands for its line when the sale was made to the new company, and had disposed of them. The present company has received 1,443,000 acres between Columbus and San Antonio.

The extension of the line from San Antonio to El Paso established a through interoceanic line between the Gulf of Mexico and the Pacific Ocean, and through trains are now running between San Francisco and New Orleans. The branch from Spofford Junction to Eagle Pass connects at the latter point with the Mexican International RR. In order to facilitate the interchange of traffic, and particularly in view of the location of this branch, it being practically an extension of the Mexican International, the two forming a through line from Castano, Mex., to a junction with this company's main line at Spofford—arrangements were perfected with the Mexican International Co. under which its physical operation was transferred to that company, April 20, 1884, the Galveston, Harrisburg and San Antonio Ry. Co. receiving all earnings and reimbursing the International for cost of operating. This arrangement has resulted in large saving in cost of operating.

In 1883 the Texas and New Orleans RR., Houston to Orange, Texas, the Louisiana Western RR., Orange to Vermillionville, La., and Morgan's La. and Texas RR., Vermillionville to New Orleans, passed under the control of parties largely interested in the G., H. & S. A. Ry. These roads now form, in conjunction with the Galveston, Harrisburg and San Antonio and the Southern Pacific lines, the transcontinental route already referred to. Through Morgan's La. and Texas RR. control was acquired of that company's fleet of iron steamers plying between New York and Havana, Vera Cruz, and other Gulf ports.

The funded debt, outstanding December 31, 1884 \$25,883,000, consisted of—

1st mtge. Eastern Division, 6% gold bonds, dated Feb. 1, 1871, due Feb. 1, 1910, interest Feb. and Aug.	\$4,756,000
2d mtge. Eastern Division, 7% 25-year gold bonds, due June 1, 1905, interest June and Dec.	1,000,000
1st mtge. Western Division (M. & P. Ext.) 5% 50-year gold bonds, due May 1, 1931, interest May and Nov.	13,418,000
2d mtge. Western Division (M. & P. Ext.), 6% 50-year gold bonds, interest January and July.....	6,709,000

The \$4,756,000 1st mortgage 6 per cent. gold bonds, due 1910, are secured upon the entire main line east of San Antonio, on the La Grange Branch, and on the old land grant of 1,443,000 acres of land. The \$1,000,000, 2d mortgage 7s of 1905, are also secured upon the main line east of San Antonio and upon the land grant of 1,443,000 acres. The proceeds from the sale of the lands go to the trustees, to be used in the purchase of bonds. The 1st mortgage bonds are further secured by a sinking fund of one per cent., commencing in 1880, and for which bonds are drawn annually. It is optional with the holders, however, whether they surrender or retain their bonds. In case of their retention the interest continues and the bonds remain as if they had never been drawn.

The \$13,418,000, 1st mortgage Mexican and Pacific Extension 5 per cent. gold bonds, of \$20,000 per mile, due 1931, are secured upon the line from San Antonio to El Paso, and the Eagle Pass branch. The \$6,709,000 2d mortgage 6 per cent. gold bonds, due 1931, are secured upon the line from San Antonio to El Paso, subject to the 1st mortgage, and are also secured by the lands due from the State for construction of the M. & P. Division, by which the company became entitled to 110,750 sections of 640 acres each, equal to 6,880,000 acres.

GULF, COLORADO AND SANTA FÉ RAILWAY.

Line of Road.—Galveston, Texas, to Lampasas, Texas.....274 miles.
Houston Division: Alvin, Texas, to Houston, Texas..... 24 miles.
Eastern Division: Somerville, Texas, to Montgomery, Texas..... 56 miles.
Fort Worth Division: Temple, Texas, to Fort Worth, Texas.....128 miles.
Northeastern Division: Cleburne, Texas, to Dallas, Texas..... 54 miles.

Total length of road December 31, 1884.....536 miles.
 Sidings, etc., 39 miles. Gauge, 4 ft. 8½ in. Rail (steel, 60 miles), 56 and 60 lbs.

Chartered May 28, 1873. Construction commenced in May, 1875. Main line completed from Galveston to Arcola, 43 miles, in 1877, and to Richmond, 64 miles, in 1878. On April 15, 1879, the road was sold under foreclosure and the company reorganized. On August 1, 1880, the new company completed the line to Brenham, 126 miles, and to Belton in February, 1881. The Fort Worth branch was completed and opened for business on December 8, 1881, and the Lampasas branch on May 15, 1882. The Eastern branch, formerly the Central and Montgomery RR., was purchased and put in operation on June 15, 1882.

During the years 1883-84 106 miles of new road were opened as follows: Cleburne to Dallas (Chicago, Texas and Mexican Central RR., acquired), 54 miles, opened August 1, 1882; Alvin to Houston, 24 miles, opened May 1, 1883; Somerville to Navasota, 28 miles, opened June 1, 1883. This company has now under construction 44 miles of road, as follows: Montgomery to I. & G. N. Ry., 18; main line, from Lampasas, west, 26 miles.

The company is entitled to the State land grant of 16 sections (640 acres each) for each mile of road built and equipped. At the date of this report there were owing by the State 400,000 acres. The company also had 20,000 acres along the line of its road, together with town sites at each station, estimated to be worth at least \$150,000 more than cost.

Total length of road operated January 1, 1885..... 825 miles.
Sidings, etc. (owned, 83; leased, 25), 108 miles. Gauge, 4 ft. 8½ in. Rail, (steel [owned, 440; leased, 28], 468 miles), 56 lbs.

At Laredo a connection is opened with the line of road now in progress from the Rio Grande to the City of Mexico.

This company is a consolidation, September 22, 1873, of the International RR. Co., chartered August 17, 1870; road opened to Longview in December, 1872, and the Houston and Great Northern RR. Co., chartered October 22, 1876, and main line opened to Palestine in 1872. The Huntsville branch of the latter line was chartered April 4, 1871, and completed in 1873. The line from Houston to Columbia was chartered as the Houston, Tap and Brazoria RR. Co., September 1, 1856; completed in 1860, and purchased by the H. & G. N. RR. Co. in 1871. In January, 1874, the line of the International Road was farther opened from Hearne to Rockland, and in April of the same year the H. & G. N. line from Troupe to Mineola. In 1876 the extension of the International line to Austin was completed. To aid the company in completing the road, the bondholders funded a portion of their coupons—four on 1st mortgage, and eight on the others—into 7 per cent. gold bonds, preferred, and which take rank before the original bonds.

The State of Texas granted to the H. & G. N. RR. Co. the usual land subsidy, and to the International RR. Co. a bond subsidy of \$10,000 per mile, for which the land grant, with 25 years' freedom from taxation, was substituted by a subsequent act of the Legislature. The total grant is not less than 5,000,000 acres, and is vested by purchase in the Texas Land Company.

In April, 1878, at the suit of the 2d mortgage bondholders, the road was placed in the hands of a receiver, and was sold to a committee of the bondholders, by whom it was reorganized. By the terms of reorganization, holders of old H. & G. N. bonds received \$1,278.95, and holders of old International bonds \$1,294, for each \$1,000 bond, which amounts were paid, one half in new 1st mortgage 6 per cent. bonds, and one half in new 2d mortgage 8 per cent. income bonds. The total issue of new 1st mortgage bonds to bondholders was \$4,724,000, and for secured debts, \$900,000, or \$5,624,000 in all. Of the new 2d mortgage income bonds, \$4,724,000 were issued to bondholders.

During the year 1881 the International and Great Northern RR. was purchased by the Missouri, Kansas and Texas Ry. Co., the shareholders of the I. & G. N. RR. Co. receiving two shares of the stock of the M., K. & T. Ry. Co. in exchange for each share held by them.

The Galveston, Houston and Henderson RR. is leased for interest on its bonds, and any surplus over interest, taxes, and expenses. Possession was taken of the road on the 1st of January, 1883. The operations of that line are not included in the statements following.

This company was organized under act of Congress, March 3, 1871, and the general railroad laws of the State of Texas. It acquired the properties of the Southern Pacific, the Southern Transcontinental, and the Memphis, El Paso and Pacific RR. Companies. The Southern Pacific RR. Co. was a consolidation of the Vicksburg, Shreveport and Texas, chartered in Louisiana, and the Southern Pacific, organized under the laws of Texas. That portion of the line in Louisiana, about 20 miles, was built by the V., S. & T. Co.; the section from the east line of Texas to Longview, Tex., about 40 miles, by the Southern Pacific Co. The rest of the line in Texas was built by the present company. On January 1, 1882, a junction was formed with the Southern Pacific RR. of California, at a point 523 miles west from Fort Worth, and on the 15th of the same month the road was opened for traffic to El Paso. The New Orleans Division was opened for through traffic on October 15, 1882. Between Sierra Blanca and El Paso, 92 miles, the track is used jointly with the Galveston, Harrisburg and San Antonio RR., this company paying one half taxes, station expenses, and cost of maintenance, and, in addition, 6 per cent. on \$10,000 per mile.

For the construction of the line from Fort Worth west, about 525 miles, the company issued 1st mortgage bonds, dated January 20, 1880, and payable February 1, 1930, with interest at 6 per cent., payable in gold, February 1 and August 1 of each year, at the rate of \$25,000 to the mile of completed road.

By deed dated June 21, 1881, the Texas and Pacific was consolidated under its own name with the New Orleans Pacific Railway, extending from Shreveport to New Orleans, a distance of about 335 miles. By the terms of consolidation, the stockholders of the New Orleans Pacific received an amount of stock of the Texas and Pacific equal to that held by them. The total liabilities of the New Orleans Pacific consist of a 1st mortgage debt of \$20,000 per mile; its stock was \$20,000 per mile.

* Payments from net earnings not reported. † Net payments.

In above table, operations, etc., for years prior to 1882 are for years ending May 31.

Decrease in earnings in 1884 was chiefly owing to the heavy floods in Louisiana, which closed the New Orleans Division for several months, and the failure of the cotton crop in Texas.

Arrangements have been made and are being carried out for the funding of one half of each of nine coupons of the Rio Grande Division and New Orleans Division mortgages, commencing August 1, 1884, and January 1, 1885, respectively, and maturing half-yearly thereafter, into new general mortgage and terminal bonds, secured upon the entire property, subject to prior liens, and by first lien upon the terminal property in New Orleans, the other half coupon to be paid in cash as it matures. Holders of Middle Division bonds are given

the option of funding their coupons in the same manner, or of receiving payment in cash; the company using the terminal bonds as collateral for money borrowed for this purpose, and also to redeem the past due coupons purchased by the Missonri Pacific Ry. Co. in July, 1884. The new general mortgage and terminal bonds are not to exceed the sum of \$6,500,000.

The 1st mortgage Eastern Division bonds are limited to an issue of \$4,192,000, being \$8,000 per mile upon 524 miles of road east of Fort Worth. There is a sinking fund for the bonds now afloat. The consolidated mortgage bonds are a second lien on the 524 miles of road east of Fort Worth, and were issued at the rate of \$25,000 per mile, of which \$8,000 are reserved to retire the 1st mortgage bonds. The income and land grant bonds are a third mortgage on the same road, and a first mortgage on the lands granted by the State of Texas for construction of that division.

LAND GRANT.—By a general law of Texas, this road, in common with others in the State, is entitled to a land grant of 16 sections (10,240 acres) to the mile. Land received and located to December 31, 1884, 5,356,342 acres. Located lands unsold, December 31, 1884, 3,893,794 acres. The greater part of these lands were located west of Fort Smith on the line of or tributary to the Rio Grande Division. Sales during the year ending December 31, 1884, 544,984 acres, at an average price of \$3.07 per acre, realizing \$1,676,184.17. Land securities received, \$731,278.32; land notes received, \$943,297.67; cash, \$1,608.18—total, \$1,676,184.17.

Lines of Road.—

Texas & St. Louis in Missouri & Ark.: Bird's Point, Mo., to Texarkana, Tex...417.80 miles.

 { *Magnolia*: McNeill to Magnolia..... 6.81 miles.
Texas and St. Louis in Texas: Texarkana to Gatesville..... 304.90 miles.

Total length of all lines.....785.21 miles.
 Sidings, etc., 33 miles. Gauge, 3 ft. Rail (steel, 468.40 miles), 35 lbs.

This road was built under the charters of the Texas and St. Louis Ry. Co. in Texas, and the Texas and St. Louis in Missouri and Arkansas.

The former company was organized April 14, 1879, as successor of Tyler Tap RR., and road opened to Trinity, 181 miles, at the close of 1880. Extended to Corsicana, 203 miles, April 1, 1881; to Waco, 260 miles, September 1, 1881, and to Gatesville in 1882. The company in Missouri and Arkansas was formed in May, 1881, by a consolidation of the Little River Valley and Arkansas RR. in Missouri, and the Texas and St. Louis Ry. Co. of Arkansas. The latter line was completed and formally opened for through business August 12, 1883. On May 29, 1882, this company made a traffic alliance with the Illinois Central RR. Co. and the St. L., A. & T. H., commonly known as the Cairo Short Line, by which those companies agreed to interchange business and operate their respective roads as one line. Under this agreement this company will be enabled to run its trains into St. Louis and Chicago. On May 16, 1882, a similar traffic agreement was made with the Arkansas Midland and the Batesville and Brinkley RR. Companies, by the terms of which those companies agreed to change their gauge from 3 ft. 6 in. to 3 ft., and to complete their lines to their respective termini. This will give the T. & St. L. Co. a line into Little Rock and Helena, Ark., and also to Augusta, Newport, Jacksonport, and Batesville, in the White River Valley. Arrangements have also been made to extend this line from Waco to Laredo, and to build a branch from Mt. Pleasant to Dallas.

The 1st mortgage bonds of the Missouri and Arkansas Co. are dated October 1, 1881, due September 1, 1911, and bear interest at the rate of 6 per cent. per annum, payable March and September; the 2d mortgage income bonds are dated

and due same dates, interest not to exceed 6 per cent., payable if earned. The Texas Company's 1st mortgage bonds are dated August 1, 1881, due June 1, 1921, interest 6 per cent., June and November; and the general first land grant and income bonds, dated August 1, 1881, due June 1, 1931, interest (not to exceed 6 per cent. per annum) payable March and September. Interest payable in New York and St. Louis.

The Texas Company has a land grant of 10,240 acres of land to each mile of completed road. About 1,000,000 acres of this land have already been located and secured to the company, and it is expected that about 1,000,000 more will be secured. Upon this grant the land grant and income bonds are a first mortgage, and are in addition a second mortgage upon the road and income. The 1st mortgage bonds cover all the property necessary for railroad purposes. The Missouri and Arkansas Co. has no land grant.

Annual meeting (Texas Company), fourth Wednesday in April. Books close for annual meeting thirty days prior to and reopen day after the meeting. Stock and bonds listed on New York Stock Exchange. Annual meeting, Missouri and Arkansas Co., third Tuesday in October.

On Jan. 16, 1884, the road in Texas was placed in the hands of a receiver on the petition of the Central Trust Co. of New York, trustee of the mortgage. Subsequently the receivership was extended to cover the line in Missouri and Arkansas. The company is now in process of reorganization. The road in Texas is to be sold under foreclosure August 4, 1885.

DENVER AND NEW ORLEANS RAILWAY.

Line of Road.—Denver, Col., *via* Pueblo, to the Canadian River..... 350.00 miles.

Completed: { Denver to Pueblo..... 124.59
 { Franceville Junction to Franceville Coal Mines..... 4.03
 { Manitou Junction to Colorado Springs..... 9.13—137.75 miles.

Sidings, etc., 7 miles. Gauge, 4 ft. 8½ in. Rail (steel, 130 miles), 52 lbs.

Chartered January 25, 1881. Road opened May 3, 1882. This road is being built by the Denver and New Orleans Ry. Construction Co., a corporation organized under the laws of the State of Colorado for that purpose, with a capital stock of \$1,500,000. On February 6, 1882, this amount had been all paid in and expended on construction of 53 miles of track laid with 52-lb. steel rails. To complete the road to Pueblo, a distance of about 70 miles, requiring an additional expenditure of \$1,050,000, the company placed in trust on the 19th of June, 1882, with the Mercantile Trust Co. of New York, the entire property, including the stock and bonds received and to be received for the then completed road, its coal branch, coal mines

east of Colorado Springs, and land owned in and near Denver, for the purpose of securing its promissory notes to the amount of \$1,050,000, payable on or before April 1, 1883, and bearing interest at the rate of 10 per cent. per annum. Stockholders were offered the privilege of subscribing for these notes *pro rata*, paying 50 per cent. down, 25 per cent. March 15, and 25 per cent. April 15. On the 24th of June, 1882, the company executed another deed of trust on same property, to secure additional promissory notes amounting to \$350,000, payable at same date and place, and bearing 10 per cent. interest. On the 1st of April, 1883, the company defaulted in the payment of the above notes, and on September 19, 1883, the Mercantile Trust Co. sold at auction the securities held by it as collateral for these notes, which securities were bought in for account of the company.

When completed, the road will connect with the Fort Worth and Denver City R.R. (which see), forming a through line between Denver and Fort Worth. The contract for that extension was recently let.

Operations for year ending December 31, 1883.—Trains run (passenger, 110,754; freight, 97,959), 208,713 miles. Total engine service, 210,878 miles. Annual meeting, last Monday in April. Trustees of bonds and registrar of stock, Farmers' Loan and Trust Co., New York.

On August 22, 1883, the Farmers' Loan and Trust Co. of New York sold at auction \$412,000 first mortgage bonds and \$458,000 stock of the D., U. & P. Co., which had been deposited by the Denver RR. and Construction Co., as security for its notes amounting to \$182,946, upon which default was made July 1, 1833. These securities were purchased by a committee representing the holders of these notes, who thus became the owners of all the bonds and stock of the Denver, Utah and Pacific RR. Co. On the 29th of April, 1884, the D., U. & P. RR. Co. and the Colorado Northern RR. Co. (owner of a line of 11 miles, which the D., U. & P. operated under lease) were consolidated under the name of the Denver, Utah and Pacific RR. Co. The consolidated company issued stock at the rate of \$20,000 and bonds at the rate of \$18,000 per mile of completed road—two-thirds to holders of old D., U. and P. stock and bonds, and one-third to holders of Colorado Northern stock and bonds. The total amount of securities thus issued, \$618,000 bonds and \$687,000 stock, are pooled with the Farmers' Loan and Trust Co. of New York, under pooling contract (dated April, 1884), until April 1, 1887, with all coupons maturing meantime, and until latter date, cut off.

In June, 1885, the building of an extension of about eleven miles from Longmont to Lyons, at the mouth of St. Vrain Canyon, was begun under contracts requiring its completion within sixty days. In addition to the rails and ties on hand the balance of the cost of this extension is supplied by subscription for about \$110,000 of the bonds issuable upon its completion. It is expected that this extension will develop a large stone, lime and lumber business.

COLORADO NORTHERN RAILROAD (formerly the Denver, Longmont and Western RR.).—Length of main line, 11 miles. Leased to the Denver, Utah and Pacific RR. Co., and on 29th of April consolidated and merged into that company.

This company was chartered July 27, 1866, for the purpose of constructing a railroad from the western boundary of the State of Missouri, to the Pacific Ocean, on what is known as the 35th parallel, a distance of about 2,000 miles. To aid in its construction the Govern-

ment of the United States made a grant of 12,800 acres of public lands to the mile in the States, and 25,000 acres to the mile in the Territories. This land grant calls for 42,000,000 acres. The length of line constructed entitles the company to about 16,000,000 acres, a portion of which has been patented. To provide the means for the construction of this portion of the line, first mortgage land grant bonds, at rate of not exceeding \$25,000 to the mile, and income bonds to the amount of \$18,750 per mile, were authorized. Further provision was made for the issue, in case of need, of 2d mortgage bonds to the amount of \$10,000 to the mile, to provide additional means for the construction of the road. The St. Louis and San Francisco and the Atchison, Topeka and Santa Fé Railroad Companies, under the auspices of which the road is being built, "having entered into a traffic agreement with the Atlantic and Pacific RR. Company, pledging the appropriation of so much of the gross earnings derived from traffic interchanged by each with the Western Division of the Atlantic and Pacific RR. Co., up to 25 per cent. of the same, as may be necessary to meet any deficiency in interest upon the 1st mortgage 6 per cent. bonds of that company, issued and to be issued, to the extent of \$25,000 per mile upon said Western Division, extending from the Rio Grande to the Pacific coast. This appropriation is to be in the nature of a loan, to be returned by the Atlantic and Pacific Co. with interest." In addition to the guarantee of the above companies, the Southern Pacific Railroad Company has further guaranteed the interest on the 1st mortgage bonds, agreeing (February, 1882) to contribute 25 per cent. of its gross earnings from business interchanged with this company after a connection is made with the road of that company at the Colorado River, and on the same terms as in the case of the other two companies.

WESTERN DIVISION.—This division has been under construction from Albuquerque to the Colorado River, a distance of 572.30 miles, since May, 1880, and was completed in 1883. Of this, 12.70 miles (Albuquerque to A. & P. Junction) of the A., T. & S. Fé RR. Co.'s track, are used under trackage arrangements. For this division 1st mortgage railroad and land grant bonds to the amount of \$13,128,000, and Western Division income bonds to the amount of \$8,282,000, were issued, as already stated.

On the 1st of October, 1884, the Mohave Division of the Southern Pacific RR. was transferred to this company under a contract of purchase and lease dated August 20, 1884. By the terms of the contract, this company agrees to purchase the Mohave Division when the present mortgage, due in April 1905, is paid off, this company to pay \$30,000 per mile, or \$7,271,000, payable one-sixth part, or \$1,211,850, in cash, and the balance, at the option of this company, either in cash or in this company's 1st mortgage 6 per cent. bonds at par. Until the title is clear, this company leases the road, paying as rental \$436,266 yearly, being \$1,800 per mile, such rental being guaranteed by the Atchison, Topeka and Santa Fé RR. Co. and the St. Louis and San Francisco Ry. Co.

Rolling Stock.—Locomotive engines, 48. Cars—passenger, 10; baggage, mail and express, 4; freight (box, 249; stock, 2; flat, 722; coal, 225; water, 78; way, 15), 1,291—total, 1,305. Also, 1 officers', 1 pay, 1 pile-driver, 1 tie-spotter, and 201 hand and rubble cars.

Operations for year ending December 31, 1884 (Western Division—average, 633 miles).—Train mileage and traffic, not reported. Earnings—passenger, \$239,391.33; freight, \$771,218.88; mail, \$35,512.67; express, \$34,850.40; miscellaneous, \$5,888.90—total, \$1,086,862.18. Expenses—maintenance of way, \$327,714.05; rolling stock, \$130,167.02; transportation, \$622,299.55; other, \$78,832.90—total, \$1,159,013.52. Deficit in operating, \$72,151.34. Other charges: Taxes and insurance, \$51,180.83; rentals leased lines, \$15,547.86; miscellaneous interest, \$1,250.77—total, \$67,979.46. Total deficit, \$140,130.80. There was received from land grant trustees from proceeds of land sales for payment of interest due January 1, 1885, on 1st mortgage Western Division bonds, \$479,340, one half of which, credited construction interest, available for coupon interest accruing between July 1 and October 1, \$233,670, balance paid Western Division 1st mortgage coupons, as above.

CENTRAL DIVISION.—Of this division 34 miles from Seneca to Vinita, Ind. Ter., were completed in 1873. During 1882 the line was extended 63 miles to Tulsa, and completed to that point in Sept., 1882, and further extended to Red Fork, 3 miles, in 1883. Of the total length, 102 miles, 85 miles have been accepted by the Government. Upon this division

\$3,000,000 1st mortgage railroad and land grant bonds have been authorized (at a rate not to exceed \$25,000 per mile). Of this amount, \$1,190,000 have been set apart to retire underlying bonds, the balance to be used in construction. An issue of \$2,250,000 Central Division income bonds, similar to those on the Western Division, has been authorized.

Ample deposits of bituminous coal have been opened on the line of the road 150 miles west of Albuquerque. The development of these mines has reduced the cost of fuel to the company from \$9 per ton to \$2.90 per ton.

Annual meeting, third Thursday in May. Listed on New York Stock Exchange, \$25,000,000 capital stock, and \$14,000,000 1st mortgage, \$10,500,000 income bonds, Western Division.

CALIFORNIA SOUTHERN RAILROAD.

Line of Road.—National City, Cal., to San Bernardino.....129.75 miles.
Sidings, 7.11 miles. Gauge, 4 ft. 8½ in. Rail (steel, 136.86 miles), 50 lbs.

Consolidation, December 28, 1881, of the California Southern RR. Co., chartered October 12, 1880, and the California Southern Extension RR. Co., chartered May 23, 1881. Road opened from National City to Fall Brook, 67 miles, January 2, 1882; to Colton, 126.86 miles, August 21, 1882, and to San Bernardino, September 13, 1883.

An agreement has been entered into with the Atchison, Topeka and Santa Fé RR. Co. for building a connecting road between San Bernardino and the Mohave division of the Atlantic and Pacific RR., under which it is agreed that the present 1st mortgage bonds of this company shall be surrendered, and income bonds issued in their stead, and that a new issue of 1st mortgage 6 per cent. bonds to the extent of \$10,000 per mile upon the whole line be made to the Atchison, Topeka and Santa Fé to an amount sufficient to build the connection and equip the whole line, and to refund advances made to put the road in order. Also to issue stock to the Atchison Co. to an amount equal to that held by the present California Southern stockholders.

Rolling Stock.—Locomotive engines, 7. Cars—passenger, 7; baggage, mail and express, 3; freight (box), 78—total, 88. Also, 20 service cars.

Operations for year ending December 31, 1884.—Owing to damage done by floods in February, 1884, the business of the road was suspended until January, 1885. During the

first three months of 1885 the gross earnings were \$28,694, which compared with the same period in 1883, there having been no earnings in 1884 to compare with, shows an increase of \$7,062.

Financial Statement, December 31, 1884.—Capital stock (authorized, \$4,000,000), \$3,037,600; funded debt, 1st mortgage 40-year 6 per cent. coupon bonds, due 1922, interest January and July (authorized, \$4,100,000), \$3,101,000; bills payable, \$35,000; current accounts, \$380,452.98; profit and loss, \$492,530.20—total, \$7,046,583.18. *Contra:* Cost of road, \$6,640,761.58; equipment, \$203,538.94; other investments, \$18,677.86; materials and fuel, \$87,149.66; bills receivable, \$57,031.16; current accounts, \$35,065.30; cash, \$4,358.68.

The first mortgage bonds are a mortgage on road and equipment.

Annual meeting, first Tuesday in March. Stock and bonds listed on Boston Stock Exchange.

The Central Pacific Railroad Company is a consolidation of the Central Pacific RR. Co., organized October 8, 1864; the California and Oregon, organized June 30, 1868; the San Francisco, Oakland and Alameda, organized October 21, 1861; and the San Joaquin Valley, organized February 5, 1868. The consolidation dates from August 22, 1870. The prior consolidations were as follows:

Central Pacific (chartered June 28, 1861).....	} Central Pacific Western Pacific (consol.) (consol. June 23, Nov. 2, 1869.) 1870.)
Western Pacific (chartered December 13, 1862).....

S. F. and Alameda (organized March 25, 1863).....	
S. F., Alameda & Stockton (organized Dec. 8, 1863).....	(con. Oct. 15, 1868.)

In connection with the Union Pacific Railroad, the Central Pacific forms a continuous line from San Francisco, Cal., to Omaha, Neb., 1,916 miles. Construction was commenced in February, 1863, and the whole line between Sacramento and Ogden opened May 10, 1869. The Union Pacific Railroad was completed on the same day. The Western Pacific RR. between Sacramento and San Francisco was completed at a later date; in the mean time connection was made by steamboats.

The California and Oregon Division is being extended from the temporary terminus at Redding, northward to the State boundary, 100 miles, where it will meet and connect with the Oregon and California RR. early in 1885, so as to form a through line between San Francisco and Portland, Oregon, and Puget Sound.

GOVERNMENT SINKING FUNDS.

The Government of the United States, by Act of Congress approved July 1, 1862, and other acts amendatory thereof, granted to the Central Pacific and other railroad companies subsidies of bonds and lands to aid in the construction of a railroad and telegraph line from the Missouri River to the Pacific Ocean, and to secure to the government the use of the same for postal, military, and other purposes. By the Act of July 2, 1864, the lien of these bonds was made subordinate to the lien of the company's first mortgage bonds. The total amount issued to the Central Pacific Railroad Company was \$25,885,120; to the Western Pacific Railroad Company, \$1,970,560; total to consolidated company, \$27,855,680, the annual interest on which is \$1,671,340.80.

By the Act of 1864, the Government was entitled to withhold one half the charges of transportation on its account, and to receive from the company 5 per cent. of its net earnings, to be applied to the retirement of the principal and interest of the subsidy bonds. By an Act passed May 8, 1878, commonly known as the "Thurman Bill," it was provided that—

"There shall be carried to the credit of the said sinking fund, on the first day of February in each year, the one half of the compensation for services hereinbefore named rendered for the government by said Central Pacific Railroad Company, not applied in liquidation of interest; and in addition thereto the said company shall, on said day in each year, pay into the treasury to the credit of said sinking fund \$1,200,000, or as much thereof as shall make the 5 per centum of the net earnings of its road payable to the United States under said Act of 1862, and the whole sum earned by it as a compensation for services rendered for the United States, together with the sum by this section required to be paid, amount in aggregate to 25 per centum of the whole net earnings of said railroad company, ascertained and defined as hereinbefore provided, for the year ending December 31 next preceding."

COMPANY SINKING FUNDS.

The company has established eight sinking funds for the redemption of its funded debt, as follows:

California State Aid Sinking Fund.....	commencing 1870,	\$50,000 per annum.
Central Pacific 1st mtg. (series A, B, C, D) Skg. Fund.....	commencing 1870,	50,000 per annum.
Central Pacific 1st mtg. (series E, F, G, H, I) Skg. Fund.....	commencing 1872,	50,000 per annum.
Western Pacific 1st mortgage (series A, B).....	commencing 1876,	25,000 per annum.
California and Oregon (series A, B).....	commencing 1876,	100,000 per annum.
San Francisco, Oakland and Alameda.....	commencing 1880,	100,000 per annum.
San Joaquin Branch.....	commencing 1880,	50,000 per annum.
Income Bonds.....	commencing 1875,	10 p. c. per annum.

The amount paid into the company's sinking fund in 1884 was \$1,126,500, and the aggregate at the close, \$7,058,544.17.

The land grant mortgage bonds are redeemable from the proceeds of the sale of the company's land.

Land Subsidy.—Every alternate section of public land designated by odd numbers, to the amount of 10 alternate sections per mile on each side of said road on the line thereof, and within the limit of 20 miles on each side of said railroad, not sold, reserved, or otherwise disposed of by the United States, and to which a pre-emption or homestead claim may not have attached.

Land Grant.—The total amount of lands granted to the Central and California and Oregon Cos., 20 sections to the mile, is estimated at 12,000,000 acres. These lands are covered by the land trust mortgage. The sales to the present time have been as follows: Sales previous to October 1, 1870, 137,307 acres for \$313,508; sales from October 1, 1870, to December 31, 1872, 122,765 acres for \$484,228; in 1873, 58,733 acres for \$410,314; in 1874, 63,847 acres for \$388,824; in 1875, 29,254 acres for \$163,725; in 1876, 36,503 acres for \$275,400; in 1877, 92,647 acres for \$1,203,870; in 1878, 78,100 acres for \$643,776; in 1879, 43,257 acres for \$201,716; in 1880, 114,852 acres for \$344,413; in 1881, 195,253 acres for \$382,225.75; in 1882, 196,472 acres for \$504,533.26; in 1883, 379,787 acres for \$967,613, and in 1884, 398,021 acres for \$712,473.18—total sales, 1,809,498 acres, for \$6,682,249; average per acre, \$3.66.

Total S. P. Road owned January 1, 1884 956.61 miles.

Leased: { *Monterey RR.*: 15.12 miles.
 { *Santa Cruz RR.*: 26.20 miles.

Total length of all lines owned and operated. 997.93 miles.

Projected: Main Line (Gap)—Soledad to Lerdo Junction 160.00 miles.

Sidings, etc. (*Northern Division*, 31.24; *Southern Division*, 76.89), 108.13 miles. Gauge, 4 ft. 8½ in. Rail (steel, *Northern Division*, 104.15; *Southern Division*, 675.23—779.38 miles), 50 and 56 lbs.

Of the above mileage, in round figures, 553 miles were operated under lease during 1884 by the Central Pacific RR. Co., 242 miles, also under lease, by the Atlantic and Pacific RR. Co., and 202 miles by this company.

The Southern Pacific RR. Co. was formed by the consolidation October 12, 1870, of the following companies :

Southern Pacific, chartered December 2, 1865; San Francisco and San Jose, chartered August 18, 1860; Santa Clara and Pajaro Valley, chartered January 2, 1868; and California Southern, chartered January 22, 1870.

The Southern Pacific Branch RR. Co., chartered December 23, 1872, was consolidated in the Southern Pacific August 19, 1873; and the Los Angeles and San Pedro RR. Co., chartered February 18, 1868, was consolidated therein December 18, 1874. The total length of all these lines, forming the Southern Pacific Railroad, as now constructed, is 997.93 miles.

At present there is an unconstructed gap of 100 miles *via* the San Benito route, or 160 miles *via* the Polonio Pass route, between the Northern Division and the Southern Division of the company's road, the connection being made over the San Joaquin Branch of the Central Pacific.

The road as completed was opened to Fort Yuma (729 miles distant from San Francisco, *via* Lathrop and Goshen) on May 5, 1877. The Sierra Nevada range is crossed at an elevation of 3,964 feet above tide; the Sierra Madre is crossed at Alpina at 2,822 feet, and recrossed at San Geronio Pass, 2,560 feet above tide. The Colorado Steam Navigation Company owns and runs, in connection with the railroad, a line of steamers to points on the Colorado River, viz.: Castle Dome, 35 miles; Ehrenberg, 125 miles; Aubrey Landing, 220 miles; Chima-hueris Ranch, 240 miles; Camp Mohave, 300 miles; and Hardyville, 312 miles from Yuma. From the California boundary eastwardly the road was extended by the Southern Pacific RR. Cos. of Arizona and New Mexico, connection being made by the latter with the Atchison, Topeka and Santa Fé RR. at Deming, N. M., 466.6 miles east of Yuma, and 1,197.5 miles east of San Francisco, March 18, 1881. Subsequently during the same year the line was extended eastward to the Rio Grande River at El Paso, 88 miles. At El Paso connection is made with the Mexican Central, completed during 1883 to the city of Mexico, and with the Galveston, Harrisburg and San Antonio, forming with the latter a through transcontinental line from San Francisco to the Gulf of Mexico at New Orleans. This through line, in which the Texas and New Orleans, Louisiana Western, and Morgan's Louisiana and Texas Railroads form integral parts, was completed and formally opened for business January 15, 1883. On March 1, 1885, it passed under the management of the Southern Pacific Co., as lessee of the Southern Pacific Railroad of California, Arizona and New Mexico, and also of the Galveston, Harrisburg and San Antonio Ry., the Texas and New Orleans and Morgan's Railroad and Steamship lines (see SOUTHERN PACIFIC COMPANY).

By agreement with the Atlantic and Pacific (35th parallel) RR. Co., the Southern Pacific built, during 1882 and 1883, a branch line of 242.51 miles in length, extending from Mojave Junction to a connection with the main line of the A. & P. Co. at the crossing of the Great Colorado River, near The Needles. Track-laying completed on both lines June 1, 1883. The whole line was operated through, *via* Albuquerque and the Atchison, Topeka and Santa Fé RR., upon an agreed traffic basis, until October 1, 1884, when the Colorado Division was transferred to the Atlantic and Pacific RR. Co. under lease, at an annual rental of \$1,800 per mile per annum, with the option of purchase at \$30,000 per mile.

Under the Acts of Congress approved July 27, 1866, and March 3, 1871, the Southern Pacific RR. Co. acquired the right of way (200 feet wide) through the public lands, and 20 alternate sections for each mile of road completed and equipped. These grants cover about 932 miles.

The statements of operations, earnings, etc., following are for the Northern Division of the company's road, the operations of the other divisions and branches being reported in connection with the Central Pacific RR.

Funded debt consists of 1st mortgage 6 per cent. 40-year gold bonds, due July 21, 1921, interest January and July (\$20,000 per mile), \$9,020,000; 2d mortgage 7 per cent. 50-year bonds, payable April 1, 1933, interest April and October (\$10,000 per mile), \$2,610,000.

Annual meeting, second Tuesday in April; books close 30 days prior thereto. Dividends are payable to bearer on coupons attached to each certificate of stock.

This road was formerly leased to the Oregon and Transcontinental Company; but that company failing to pay the interest due July 1, 1884, on the Oregon and California bonds the road was surrendered to its owners, the lessee waiving all claims to the \$400,000 first mortgage and \$110,000 second mortgage bonds due to it for the construction of the last 20 miles of road (which bonds were then used to provide for July interest), and also agreeing to resell to Oregon and California RR. Co. all the second mortgage bonds (\$2,200,000) received by it, for \$446,000, payable without interest January 1, 1885. The Railroad Company agreed on its part to pay all unsettled balances on construction and other accounts.

On December 22, 1884, the stockholders authorized the completion of the road and the issuance of bonds to meet the cost thereof; also to increase the preferred stock to \$15,000,000 and the common to \$10,000,000. Default was made January 1, 1885, in payment of bond-interest, and shortly thereafter a receiver was appointed for the road.

Plans for the leasing or sale of this road to the Central Pacific RR. Co. have been proposed, but none consummated at the time of preparing this statement.

Land Grant.—The company has a Congressional grant, estimated to be under the various charters about 3,250,000 acres, of which there had been disposed of up to the close of the fiscal year about 225,000 acres.

Total length of lines operated December 31, 1884.....656.7 miles.
Sidings owned, 45; leased, 7.8 miles. Gauges, 4 ft. 8½ in. and 3 ft. Rail (steel, 192.8 miles), 30, 35, and 56 lbs.

Chartered June 12, 1879; business commenced July 1, 1879. This company is a consolidation of the Oregon Steamship Co., the Oregon Steam Navigation Co., and the companies owning the railroads built to overcome the rapids of the Columbia River. At its formation the company acquired the following mileage: Portage RR. (at the Cascades, 6; from Celilo to The Dalles, 13), 19 miles; Walla Walla and Columbia River RR., from Wallula to Walla Walla (n.-g.), 33 miles; from Whitman to Weston (n.-g.), 15 miles—total, 67 miles. In 1880 the company began the work of extending its railroad lines. To provide the means for that purpose the stockholders voted, October 20, 1880, to increase the capital stock by \$6,000,000 to \$12,000,000. Subsequent additions to the stock for similar purposes increased it to its present amount, \$24,000,000. On June 30, 1881, track-laying had been completed on 145 miles of new road, and the old narrow gauge lines had been converted to standard width. Since that time and up to the close of the last fiscal year, June 30, 1884, the extensions were rapid, the total mileage at that date being 464.1 miles. Since the close of the fiscal year the completion of the Baker City Branch to Huntington and a connection with the Oregon Short Line added 123.6 miles to the company's system. The completion of the connection with the Oregon Short Line was formally effected November 25, 1884, and on the 1st of December, same year, the fourth transcontinental route between the Atlantic and Pacific Oceans was established.

In April, 1884, the company purchased the outstanding stock and bonds of the Columbia and Palouse RR. Co. for \$2,489,520. The Columbia and Palouse RR. was built by the Oregon and Transcontinental Co. in 1883. It is completed from Palouse Junction, 92 miles, to a point 3 miles east of Colfax, Wash., and is graded to Moscow, Id., 25½ miles farther east.

In addition to its lines of railroad the company operates steamship lines as follows: Ocean line—San Francisco to Portland, 670 miles; Puget Sound lines—between Tacoma, Olympia, Seattle, Victoria, and other Sound points, 238 miles; River lines—on the Willamette, between Portland and Eugene, 172 miles; on the Willamette and Columbia Rivers, between Portland and Astoria, 98 miles, and between Portland and the Lower Cascades, 63 miles; on the Columbia River, between the Upper Cascades and The Dalles, 51 miles, and between Celilo and Priest's Rapids, 205 miles; and on the Snake River, between Texas Ferry and Lewiston, 78 miles—total river lines, 667 miles.

Rolling Stock, June 30, 1884.—Locomotive engines, 76. Cars—passenger, 32; baggage, mail, and express, 10; officers', 5; caboose, 20; freight (box, 832; stock, 27; platform and coal, 524), 1,383—total, 1,450. Also, 4 service cars.

In addition the company owns 6 iron steamships, 31 steamboats, 12 barges, 1 steam launch and 9 wharf boats.

Operations for year ending June 30, 1884 (RR. Division, 420 miles).—Passengers carried, 166,389; carried one mile, 19,489,276; average rate per mile, 3.99 cents. Freight moved, 427,216; moved one mile, 74,531,876 tons; average rate per mile, 3.45 cents. Gross earnings (\$8,416.70 per mile), \$3,535,015.23. Annual meeting, third Wednesday in June. Books close for annual meeting May 18, and reopen June 20. Stock and bonds listed on New York Stock Exchange.

Funded debt consists of 1st mortgage 6 per cent. 30-year bonds, due July 1, 1909, interest January and July, \$5,719,000; debenture 7 per cent. 3-year bonds due April 1, 1887, interest April and October (\$6,000,000 authorized), \$5,000,000. Scrip certificates bear 8 per cent. for 5 years, \$600,000 from November 1, 1880, and \$600,000 from November 1, 1881; issued for 10 per cent. dividend. The debenture bonds were issued to meet cost of constructing the Baker City Branch.

At the time of preparing this statement the negotiations toward a joint lease of this company's lines by the Northern Pacific and the Union Pacific Railway Companies was practically

completed but not officially announced. The lines of the Oregonian Ry. Co., formerly operated under lease by this company, were surrendered to that corporation on November 15, 1884. See statement for Oregonian Ry.

OREGONIAN RAILWAY.—This narrow-gauge road, extending from Ray's Landing to Coburg, 89.7 miles, from Fulquartz to Airlie, 55.7 miles, and from Sheridan Junction to Ballston, 4.3 miles—a total of 149.6 miles—is owned by the Oregonian Ry. Co., Limited, a Scotch corporation, organized in 1879, and having its general office in Dundee, Scotland. The capital stock is £320,000 (par, £10), of which there have been paid £6 per share, or £192,000. There are also two issues of 6 per cent. bonds, dated 1880 and 1881, and in amounts £95,000 and £119,700 respectively. On October 1, 1881, the road was leased to the Oregon Railway and Navigation Co. for 92 years, at an annual rental of £28,000 and £600 for organization expenses. In May, 1884, the lessee repudiated the lease, alleging its invalidity, and refused to pay the rental then due. The question is now in litigation, the first step in which resulted advantageously to the lessor company. On November 15, 1884, the lessee ceased to operate the road, and surrendered to representatives of the Oregonian Ry. Co. In April, 1885, the road was placed in the hands of a receiver on application of the bondholders. To provide the means necessary to establish in the courts the validity of the lease, the company has recently authorized an issue of 10 per cent. preference shares to the amount of £20,000, par value, £1. *Directors.*—T. THE ALABAMA, NEW ORLEANS, TEXAS AND PACIFIC JUNCTION RAILWAYS CO., LIMITED.

This is an English corporation, having a capital stock consisting of £2,500,000 deferred or B shares (of £10 each), and \$1,500,000 preferred or A shares (of £10 each); also, £1,500,000 first 6 per cent. debentures, and £500,000 second 6 per cent. debentures.

The preferred (A) shares are entitled to preference in capital and a cumulative preferential dividend of 6 per cent. over the B shares.

At a meeting held November 20, 1883, it was proposed to issue £200,000 new stock, entitled, in addition to all the rights and privileges held by the "A" shares, to 7 per cent. cumulative dividends, until such time as the net profits of one year become sufficient to pay, in addition to such dividend and arrears thereof, a dividend of 6 per cent. upon the "A" stock, after which the rate shall be reduced to 6 per cent.; and when the "A" stock shall have received, after payment of pre-preferential dividends and all arrears of same, all dividends and arrears of dividends to which it shall be entitled, the right of pre-preference shall cease, and the new shares shall rank thenceforth, in all respects, *pari passu*, with the original "A" shares. It was also proposed to issue second bonds, or debentures, to an amount not exceeding £300,000, and to bear interest at a rate not exceeding 6 per cent.

The company owns a controlling interest in the following railroads in the United States, viz.:

Vicksburg and Meridian RR.....	140 miles.
Vicksburg, Shreveport and Pacific RR.....	189 miles.
New Orleans and Northeastern RR.....	196 miles.
And in the Cincinnati, New Orleans and Texas Pacific Ry. Co., lessee of the Cincinnati Southern RR.....	about 336 miles.
The Alabama Great Southern RR. (separate organization).....	295 miles.

Aggregate mileage controlled by the company..... 1,156 miles.

Whole system is under one management, although the Alabama Great Southern is maintained as a separate organization.

The New Orleans and Northeastern RR. was opened through November 1, 1883; the Vicksburg, Shreveport and Pacific RR. in July, 1884.

During the year 1883, there was issued \$1,000,600 first debentures, but at a considerable discount, so that the proceeds were insufficient to meet the cost of construction and equipment of the company's roads. The directors, therefore, under authority of the resolution passed at the meeting held November 20, 1883, issued £500,000 second debentures, bearing 6 per cent. interest—the new preference stock authorized at the same meeting not having been issued. Of these second debentures £370,000 have been placed at 70 per cent., subject to an option reserved to the stockholder to subscribe for the whole issue at the same price.

There were sold to the Alabama Gt. Southern Ry. Co., during 1883, \$1,000,000 stock of the C., N. O. & Tex. Pac. Ry. Co., in consequence of which the payment of annual subsidy of \$60,000 by the Ala. Gt. So. Co. ceased January 1, 1884.

OREGON AND TRANSCONTINENTAL COMPANY.

The Oregon and Transcontinental Company was organized June 28, 1881, under the laws of the State of Oregon for the general purpose of constructing railroads, to secure harmony of action between the Oregon Railway and Navigation Co. and the Northern Pacific RR. Co., by a purchase of a controlling interest in the stocks of these two companies, and to furnish the means to build and equip branch lines to the Northern Pacific RR. Co. (which that company cannot under its charter construct), in order to increase the value of its lands and its traffic, by developments of the territory tributary to it, and to protect it from the encroachment of rival lines.

To carry out these plans the two companies agreed practically as follows:

"1. That the Oregon and Transcontinental Company should promote and bring about the actual construction, under the ownership of local companies to be specially organized for the purpose, of such branch lines and such only as would be recommended, surveyed, and located by the engineering department of the Northern Pacific Railroad Company from time to time.

"2. That the Northern Pacific Railroad Company should undertake the actual operation of these branch lines under traffic contracts, by the terms of which a minimum net annual income of \$1,400 per mile of operated road should accrue to the branch companies, being equal to 6 per cent. per annum on \$20,000 per mile of bonded indebtedness and a sinking fund charge of 1 per cent. The Northern Pacific, however, not to become liable for such net income for two years after the completion and acceptance of each line, upon proper inspection and recommendation of its engineering department.

"3. That the Oregon and Transcontinental Company should provide the money required for the construction of the branch lines, including interest on the bonds until the same shall be provided for under the traffic contracts as above mentioned.

"4. That the share capital of each branch company constructed by the Oregon and Transcontinental Company should be deposited in trust, so that the Northern Pacific would exercise all the rights of ownership during the continuance of the trust, subject to compliance with the payment of the net income before mentioned, and would become the absolute owner of it upon the extinction of the funded indebtedness of each company by the operation of the sinking fund."

The paid-up share capital of the company at the close of the fiscal year ending June 30, 1882, was \$30,000,000; at the close of the fiscal year 1883, \$40,000,000. The share capital was issued at the rate of 83.3. The money resulting therefrom was expended chiefly in purchasing the shares of the Northern Pacific and Oregon Railway and Navigation Companies. Of the former, at the close of the fiscal year ending June 30, 1883, it held 151,300 shares of the preferred, and 162,792 of the common stock; of the latter, 128,535 shares. No statement was given by the Transcontinental Company of the sums paid for the above stocks, but it is probable that the purchase-money equalled very nearly the amounts received in the sale of the \$40,000,000 of stock sold. The cost of the roads to be built by the Transcontinental was to be defrayed by an issue of bonds on these lines, at the rate of \$20,000 to the mile.

Under the arrangement with the Northern Pacific Railroad Co., the Oregon and Transcontinental appears to have constructed 477.6 miles of line, all of which have been assumed by the Northern Pacific, which see.

OREGON IMPROVEMENT COMPANY.

Organized by parties connected with the Oregon Railway and Navigation Company, in the interest of that company and lines affiliated therewith, for the purposes set forth below.

The properties of the company are divided into three general classes, the steamship property, the coal properties, and the land and miscellaneous properties.

The steamship property embraces the Pacific Coast Steamship Co.'s lines and the Pacific Coast Railway. The Steamship Company is a California corporation of whose 20,000 shares of capital stock this Company owns 19,699 shares. It operates five steamship lines: The British Columbia and Puget Sound Route, from San Francisco to Victoria, Port Townsend, Seattle, and Tacoma; the Alaska route, from Portland to Sitka and other Alaskan ports; the Oregon route, from San Francisco to Portland; the California northern coast route, from San Francisco to Point Arenas, Cuffey's Cove, Little River, Mendocino City, Eureka City, etc.; and the California Southern coast route, from San Francisco to San Diego, including 29 intermediate landings. In its coastwise traffic the company employs 16 steamships. The Pacific Coast Railway was started by the steamship company as a feeder to the steamship lines. It extends from Port Harford to Los Alamos, Cal., 65 miles. Gauge, 3 ft. Rail (steel, 20 miles), 35 and 40 lbs. Locomotives, 5. Cars—passenger, baggage, and mail, 6; freight (box, 18; flat, 40), 58.

Embraced under the head of coal properties are the New Castle Coal Fields, 1,320 acres, located about two miles from the shore of Lake Washington and 22 from Seattle, Wash. Ter.; the Green River Coal Fields, 1,120 acres, situated about 30 miles south of Seattle; the Wilkeson Coal Fields, 1,120 acres, about 31 miles east of New Tacoma—all three lying among the foothills between the Cascade Mountains and Puget Sound; three steam colliers for transportation of coal from Seattle to Portland and San Francisco; the Beale Street Wharf property and the dock property formerly belonging to the Union Lumber Co., in San Francisco; and the Columbia and Puget Sound RR. The main line of the latter is of three feet gauge, 20 miles long, connecting the New Castle mines with Seattle. A branch recently completed, known as the Cedar River Extension, runs from Benton to the McKay Vein on Green River, a distance of 24 miles. The Railway Company owns a coal wharf and bunkers at Seattle and two adjoining wharves, also a large quantity of city property in Seattle, including a saw mill and sash factory. Under a contract between the Columbia and Puget Sound RR. Co. and the Puget Sound Shore RR. Co., ten miles between Seattle and Black River Junction have been built by the latter company, the new line by the terms of the contract becoming practically the joint property of the two companies. The Improvement Company has invested \$220,000 in this extension.

The land and miscellaneous properties comprise the town sites of Prescott, Endicott, and Plainsville; and two flumes, one terminating at Dayton, the other at Milton, on the Oregon Ry. and Navigation Company's road. The lands have been sold to the Oregon Ry. and Navigation Co. (about 130,000 acres at \$4 per acre), leaving nothing but the two flumes.

Annual meeting, third Monday in June. Books close thirty days before, and reopen the day after the meeting. Stock and bonds listed on New York Stock Exchange.

Financial Statement.—Capital stock, \$7,000,000; funded debt 1st mortgage 6 per cent. bonds, \$5,000,000. Floating debt: bills payable, \$321,000; unpaid bills and accounts, \$90,000; due at Seattle, \$30,000; accrued interest on bonds and debt, \$40,000—total, \$981,000. Less, cash on hand, \$67,000; foreign coal on hand, \$100,000; Seattle coal on hand, \$25,000—total, \$192,000. Balance, \$789,000. The earnings for six months to June 1, 1884, were—gross, \$1,653,839; net, \$343,862. The yearly fixed charges amount to \$400,000.

The surplus is thus accounted for: Depreciation account (franchises, patents, etc.), \$1,100,000; income account, \$5,726,478.53.

At a meeting of stockholders of this company, held in Chicago, October 18, 1883, authority was given to increase the capital stock 20 per cent., which increase has been issued and listed on the New York Stock Exchange, making the total outstanding \$15,927,000.

The gross earnings for the five months ending December 31, 1883, were \$2,059,628.39; operating expenses, rentals, dividends, interest, etc., \$1,346,659.12—balance, surplus, \$712,969.27. Deduct proportion of earnings paid railway companies under joint ownership contracts, \$215,195.09—balance, \$497,774.18. Add profits from manufacturing department and from town of Pullman, \$186,067.81—surplus earnings in excess of dividends, etc., \$683,841.99 (exclusive of extra dividend paid November 15, 1883, amounting to \$199,047.00). Surplus earnings in excess of interest, dividends, etc., for the same five months of the previous year, ending December 31, 1882, \$537,558.97. Increase of net surplus for the first five months of the present fiscal year, as compared with the same period of the previous fiscal year, \$146,283.02.

This increase is due to the extension of the business by the contracts for the operation of sleeping and parlor cars, made within the past year. These contracts have required a large number of additional cars, the cost of which is provided by the issue of the additional capital authorized by the stockholders on October 18, 1883, of which the present call is the second and last instalment.

Annual meeting held in Chicago first Thursday after second Saturday in October. Books close for annual meeting ten days prior thereto; for dividends February 1, May 1, August 1, and November 1, dividends being payable on the 15 of same months. Stock listed on New York Stock Exchange. Stocks and bonds also dealt in at Boston and Chicago Stock Exchanges.

RAILROAD EQUIPMENT COMPANY.

Organized August 25, 1879, to sell rolling stock to railroad companies on the "car trust" plan, the purchasing railroad company to pay part in cash, as a margin at the outset, and give its notes, maturing monthly or quarterly, for the balance; such notes to cover both principal and interest, and to be a first lien on the rolling stock until they are paid in full. The payments are arranged to extend over periods running from five to ten years, the railroad company meanwhile using the rolling stock as lessee only, and agreeing to keep it in proper repair, etc., etc. In case of default in any of the payments, or of non-performance of the other provisions of the contract, the lessor has the right to sell the rolling stock, and to apply the proceeds to the payment of any indebtedness arising under the contract. Each car trust

is the basis of a separate issue of bonds by this company, which deposits with a trust company all the securities of such car trust, including the title, contract, promissory notes, and insurance policies for the further security of the bonds.

Financial Statement.—Capital stock (authorized, \$1,500,000) paid in, \$900,000; car-trust bonds outstanding, \$4,690,000. The total issue of car-trust bonds under the various trusts aggregate, \$10,282,000, of which matured and paid off \$5,592,000.

RICHMOND AND WEST POINT TERMINAL RAILWAY AND WAREHOUSE CO.

This company was incorporated by the State of Virginia by an act passed March 8, 1880, with an authorized capital of \$5,000,000. The object of its incorporation was to acquire, in the interest of the Richmond and Danville Railroad Company, railroads and other properties, which the latter by its charter could not directly acquire. The Terminal Co. was authorized to acquire, by purchase or otherwise, stocks and bonds of railroad companies in the States of North Carolina, South Carolina, Tennessee, Kentucky, Georgia, Alabama, Mississippi, and other States, and was vested with all powers necessary to such purposes. Amendments to its charter allowed it to increase its capital stock without limit, to consolidate with other companies, and to change its name, when desired, to that of the "RICHMOND, DANVILLE, AND SOUTHERN RAILWAY COMPANY." The capital stock of the company on July 21, 1881, was \$3,000,000. On December 29, 1881, it was increased to \$5,000,000; and on March 30, 1882, to \$15,000,000—the additional \$10,000,000 in this case being sold to stockholders of the company at \$25 per share, realizing \$2,500,000 on the increase, and making \$7,500,000 as the amount realized on the \$15,000,000 capital stock, which was issued as full-paid stock. Of the present \$15,000,000 capital, the Richmond and Danville RR. Co. owns a majority, or \$7,510,000.

On November 30, 1883, the total mileage owned, controlled, and in operation was 1,696.1 miles. On November 30, 1884, this had been increased to 1,815.8 miles by the extension of the Georgia Pacific Ry. 11 miles, the Western North Carolina, 68 miles, the Chester and Lenoir Narrow Gauge, 14.5 miles, and the Richmond and Mecklenburg RR., 26.2 miles—total, 119.7 miles.

The total mileage of all lines controlled is as follows :

	Miles.		Miles.
Virginia Midland Ry.....	412.7	Laurens Ry.....	30.0
Western North Carolina RR.....	274.0	Spartanburg, Union and Columbia RR.....	68.0
Georgia Pacific Ry.....	313.4	Asheville and Spartanburg RR.....	50.0
Charlotte, Columbia and Augusta RR.....	191.0	Northeastern RR. of Georgia.....	60.8
Chester and Lenoir Narrow Gauge RR.....	99.2	Knoxville and Augusta RR.....	16.0
Chester and Cheraw Narrow Gauge RR.....	29.0	Richmond and Mecklenburg RR.....	31.5
Atlantic, Tennessee and Ohio RR.....	44.0		
Columbia and Greenville RR.....	196.2	Total.....	1,815.8

The reorganization of the Spartanburg and Asheville RR. Co. has been completed under the name of the Asheville and Spartanburg RR. Co., and the extension of its road from Hendersonville to Asheville, N. C., 18 miles, was begun in March, 1885. It is expected that construction work will be completed early in the fall of the current year.

The bonds of the Richmond and Mecklenburg RR. Co., held by the Terminal Co., have been surrendered to the former company under a contract therewith, whereby the road was extended to Clarksville, making a total of 31.5 miles. Under this contract the bonded

issue was to be reduced to \$10,000 per mile, and the proceeds thereof used in the completion of the extension. For its advances to the Richmond and Mecklenburg RR. Co. the Terminal Co. accepts an obligation of the former company, fundable at pleasure of the Terminal Co. into 2d mortgage bonds.

"In November, 1883, the Georgia Pacific Railway was opened from Atlanta to Birmingham and the adjacent coal property, and speedily developed a large traffic, which has increased in a most satisfactory manner. In June, 1884, the second division of that line, from Columbus, Miss., eastward, was completed to the coal fields of the Black Warrior region of Alabama, affording outlet for that district, and the company already finds its large equipment insufficient for the business offered. The completed road has been most carefully and thoroughly constructed. The road has earned, during the past year, the interest upon its first mortgage bonds.

"The construction of the Western North Carolina Railroad has also been prosecuted successfully, and the contract with the State of North Carolina relative thereto, has been fulfilled. That contract required, within the past year, a payment of \$600,000 to the State, a deposit with the State Treasurer of \$30,000 in State bonds, and the cost of construction of 68 miles of railroad from the Pigeon River to the Tennessee River, near the mouth of the Nantihala. The title of the property, held in escrow by the Union Trust Company pending the fulfillment of the said contract, has been turned over to the Railroad Company. This railroad, occupying the only passage at reasonable grade, through the barrier of the Alleghany mountains between the Virginia line and Northwest Georgia, a distance of about four hundred miles, forms a natural highway between the Southern Atlantic States and the Northwest.

"By consent of the Terminal Company, as the only holder thereof, the first consolidated mortgage bonds of the Western North Carolina Railroad Company have been cancelled and replaced by an issue limited to \$12,500 per mile, instead of \$15,000 per mile.

"The Charlotte, Columbia and Augusta, and Columbia and Greenville Railroads, during the past year, have shown a large decrease in earnings.

"The Columbia and Greenville Railroad Company, on July 1st, declined to pay the rental of the Spartanburg, Union and Columbia Railroad, upon the advice of its counsel, but negotiations were subsequently undertaken, which resulted in a satisfactory adjustment between the two companies.

"The Virginia Midland Railway Company, by reason of very heavy expenditures for equipment and betterments, declared for the coming year, out of the earnings of the year ending September 30th, 1884, three per cent interest, instead of the usual six per cent., upon its income bonds, payable 1st July, 1885.

"The other properties wherein this company is interested have undergone no material change within the year, excepting that the Richmond and Mecklenburg Railroad has been completed to Clarksville, and will receive the advantage of increased traffic from the territory now opened."

On January 1, 1883, the Terminal Co. issued its obligations in the form of Trust Notes, amounting to \$2,000,000, payable January 1, 1885, bearing 6 per cent. interest, and secured by mortgage upon securities. On the maturity of these notes in January last they were paid off and a new issue was made of two-year seven per cent. notes to the amount of \$2,600,000 secured by a pledge of the collaterals previously mortgaged and upon the new mileage recently added.

WESTERN UNION TELEGRAPH COMPANY.

This company was chartered by the State of New York on the 4th of April, 1856, as the successor of the Mississippi Valley Printing Telegraph Company. The share capital at the time was \$500,000; this was increased from time to time by the acquisition of other lines, and by the payment of stock dividends, until May, 1864, when it reached \$20,133,800. From that time until July 1, 1869, it increased to \$41,063,800 by the following issues:

U. S. Pacific Telegraph Stock.....	3,333,300	Total Capital Stock, July 1, 1869.....	\$41,063,100

In June, 1879, although the stock nominally amounted to the sum named (\$41,063,100) there were in the treasury \$5,978,125; derived from net earnings, which were divided at that time by a scrip dividend to the amount of 17 per cent.

On January 19, 1881, the company was consolidated by purchase with the American Union and the Atlantic and Pacific Telegraph Cos. By the terms of purchase, the W. U. Co. increased its capital stock (by \$38,926,590) to \$80,000,000, with which it paid par for the 100,000 shares stock of the American Union Co., amounting to \$10,000,000, and \$5,000,000 of new stock for a like amount of that Co.'s bonds. The stock of the A. & P. Tel. Co., amounting to \$14,000,000, was purchased at 60 per cent. of its par value, and paid for in new W. U. stock, amounting to \$8,400,000. The balance of stock, \$15,526,590, was issued to holders of old W. U. stock. The transfer of property, etc., of the purchased companies was made February 24, 1881, since which time the entire system has been under one management.

The W. U. Tel. Co. owns a majority of the stock of the International Ocean Telegraph Co., and nearly one half the stock of the Gold and Stock Telegraph Co. During the year 1880-81 contracts were made with the Northwestern Telegraph Co., absorbing by lease for ninety-nine years its lines, properties, and franchises in Wisconsin, Iowa, and Minnesota; and on the Northern Pacific RR., with the Great Northwestern Telegraph Co. of Canada, sub-letting to that company the lines acquired from the Dominion Telegraph Co. west of the Province of New Brunswick, and with said last-mentioned company and the Montreal Telegraph Co., guaranteeing to the latter a fixed revenue from the operation of its lines, undertaken to be operated by the Great Northwestern Co.

Contracts, dating from January 1, 1882, were entered into with the Gold and Stock Tel. Co. and with the International Ocean Tel. Co., by the terms of which this company will operate the lines, properties, and businesses of those companies for a term of ninety-nine years, guaranteeing to the stockholders quarterly dividends at the rate of 6 per cent. per annum, this company being entitled to all the revenues.

On February 10, 1883, the Mutual Union Telegraph Company was absorbed by lease, the rental being the interest at 6 per cent. on \$5,000,000 bonds, and 6 per cent. per annum on \$2,500,000 capital stock.

Gauge, 4 ft. 8½ in. Rail (steel), 56, 60 and 70 lbs.

Incorporated February, 1881, with an authorized capital of \$100,000,000. The charter confers large powers on the company, such as the right of constructing branches along the entire length of line, of establishing steamship lines at its termini, and of constructing and working telegraph lines. The company is subsidized by the Dominion Government to the extent of \$25,000,000 in money and 25,000,000 acres of land; and has had transferred to it by the Government free of cost about 713 miles of railroad, which cost about \$35,000,000. Of the main line, 345 miles, from Montreal to Callander, together with the St. Lin, St. Jerome, St. Eustache, Aylmer, Brockville, and Perth branches, aggregating 98 miles, in all 443 miles, were acquired by purchase.

The capital stock of the company is \$100,000,000, of which \$65,000,000 have been issued. Upon this amount the Dominion Government has guaranteed a minimum dividend of 3 per cent. per annum for 10 years from November, 1883. The company has placed with the government money and securities representing a sum which at 4 per cent. interest provides for this. This dividend, payable half-yearly, was paid in February last, and the company added one per cent. additional thereto, making a total dividend at the rate of 5 per cent. per annum.

During the past year the company took a perpetual lease of the Ontario and Quebec Ry. and its leased lines, the Credit Valley, the Toronto Grey and Bruce and the Atlantic and

Northwest Rys. The company pays 5 per cent. on \$9,590,000 debenture stock and 6 per cent. on \$2,000,000 common stock of the Ontario and Quebec, and a rental of the Toronto, Grey and Bruce Ry. of \$140,000. At Owen Sound connection is made with the western section of the Canadian Pacific line at Port Arthur, by means of three Clyde-built steel steamships belonging to this company.

In the Session of 1884 Parliament authorized a loan to this company of \$22,500,000, due May 1, 1891, with interest at 5 per cent. payable half-yearly, and advanced an additional sum of \$7,380,912 to provide for the guaranteed dividends. Of this loan, \$7,500,000 was paid and applied to the payment of the company's floating debt, the balance of \$15,000,000, together with the remainder of the cash subsidy, amounting to \$12,710,000, or \$27,710,000 in all, to be paid to the company as the work proceeds, in the proportion which the work done, upon which no subsidy has been paid, bears to the work remaining to be done. The company is to proceed with the work of construction, and complete it by the end of May, 1886. A lien was created upon the entire property of the company, including the land grant, subject, however, to the outstanding land grant bonds and to existing mortgages on the line from Callander to Montreal, as security for the repayment of the loan, and of the interest thereon. The government to hold the balance of the company's unissued stock, say \$35,000,000, but by legislation this year (1885) this lien is removed, the company being authorized to issue \$35,000,000 5 per cent. bonds in lieu of the \$35,000,000 stock held by the Government, and which is to be cancelled. The Government accept \$20,000,000 of these bonds as security for a like amount of the loan; and for the balance of the loan, \$9,880,912, have a lien, subject to the outstanding land grant bonds, on the unsold lands of the company, the principal of this balance of the loan and interest thereon being payable out of proceeds of sale of lands. The company pays 4 per cent. interest on the loan, instead of 5 per cent. as before, and receives at once \$5,000,000 in treasury bills for payment of floating debt, to be repaid out of proceeds of sale of bonds. The bonds are to be for a term not exceeding fifty years. They are to be a first charge on the entire property of the company, saving and excepting the land grant.

The amount of funded debt above consists of \$850,000, being the amount necessary with sinking fund to redeem the 1st mortgage 5 per cent. Canada Central bonds, amounting to \$2,433,333 (sinking fund deposited with government, \$1,560,000); \$973,333.33 2d mortgage 6 per cent. ditto; and \$3,500,000 due Province of Quebec for purchase of Q., M., O. & O. Ry.

The Canada Central 1st mortgage bonds are due September 1, 1899; the 2d mortgage bonds November 1, 1910. The mortgage to the government of Quebec is payable March 4, 1902, interest 5 per cent. semi-annually. These mortgages apply only to the purchased lines they cover—the Canada Central and the Q., M., O. & O.—and are not a charge on the Canadian Pacific Ry. proper.

Land Grant.—The company has a land grant from the Dominion Government of 25,000,000 acres, in alternate sections of 640 acres each, within 24 miles of the road on either side from Winnipeg to the base of the mountains. The company has issued \$25,000,000 land grant bonds, \$13,996,000 of which are held by the government without interest—\$5,000,000 under the contract as security for working and maintenance of the railway for ten years after completion; and \$8,996,000 as security under the loan act of 1884—\$7,316,000 have been redeemed by land sales, and the balance, \$3,688,000, are outstanding. Against this balance the company holds \$2,078,286.56 interest-bearing obligations on land sales contracts, and has on hand \$728,500 unsold bonds. The bonds are 5 per cent. 50-year, due October 1, 1931, interest April and October, and are made receivable for lands at ten per cent. premium. Sold to December 31, 1884, 3,730,187 acres; cancelled, 129,924; leaving net, 3,600,263 acres sold. Receipts from lands, \$10,506,234.41; expenses and premium on bonds, \$1,111,947.85; net receipts, \$9,394,286.56. Unsold December 31, 1884, 21,399,737 acres, valued at \$2 per acre.

Annual meeting, second Wednesday in May. Books close in New York and Montreal one week, and in London not less than two weeks before meeting. For dividends, books close in New York and Montreal two weeks, and in London not less than three weeks before payment. Stock listed in New York, London, and Montreal.

On August 12, 1882, the Grand Trunk Railway Co. and the Great Western Ry. Co. were consolidated under the name of the former, the capital stock of the united company consisting of two classes, the Grand Trunk Capital and the Great Western Capital. Under power granted by act of Parliament, entitled the Grand Trunk Railway Act, 1884, and which came into operation July 1, 1884, the Great Western Capital has been converted into 4 per cent. guaranteed stock, and ordinary stock has been issued in extinction of the contingent rights of the Great Western Capital, and of the first, second, and third preference stocks (see MANUAL for 1884).

The stock of the Welland Ry. Co. was acquired during the past year by issue of 4 per cent. debenture stock.

The Grand Trunk Railway Company was chartered in 1851. Opened from Portland to Montreal in 1853; from Richmond to Quebec in 1854. The division from Montreal to Toronto was completed in 1856, and that from Toronto to Sarnia in 1858. The line from Montreal south to the Province Line was brought into use in 1853. The Eastern extension was opened from Chaudière Junction to St. Thomas in 1855; to St. Paschal in 1859; to the Rivière du Loup in 1860. In 1879 the extension to the Rivière du Loup (124.25 miles) was sold to the colonial government, and the transfer made August 12, 1879.

In the same year the Grand Trunk Ry. Co. acquired, by purchase and construction, a line between Port Huron, Mich., and Chicago, Ill., about 330 miles in length. This line comprises the old Chicago and Lake Huron RR. (including the Chicago and Northeastern), 231 miles; the Chicago and Southern RR., 20½ miles; and new construction, 28½ miles. For this acquisition, and other purposes, the company issued 1st mortgage 6 per cent. 20-year bonds to the extent of £1,240,000. The whole line was opened February 8, 1880.

The company also, by subsequent agreements, obtained control and possession of the Port Dover and Lake Huron (63 miles); the Stratford and Huron (27.50 miles); the Montreal and Champlain (23.50 miles); the Michigan Air-Line (36 miles); the Grand Trunk, Georgian Bay and Lake Erie (91 miles); and the Montreal and Champlain Junction (6.50 miles) Rys.

The Great Western Railway Company was chartered March 29, 1845, and the several additional lines as follows: Galt and Guelph February 9, 1852; Hamilton and Toronto Ry. Co. November 10, 1852; the Sarnia Ry. Co. April 26, 1853; the Canada Air-Line (Glencoe Loop) Ry. Co. December 24, 1869; the Allanburg Branch Ry. Co. May 26, 1874. The main line was completed January 27, 1854; the Hamilton and Toronto Ry. was completed December 3, and the Sarnia December 27, 1858. The branch to Galt was opened August 21, 1854, and was extended to Guelph September 28, 1857. It was operated under lease until January 31, 1879. The Air-Line (Glencoe Loop) Railway was opened in 1873, and the Allanburg Branch, which connects it through the Welland Railway with the Suspension Bridge, in 1875.

Total length of lines operated.....1,354.1 miles.
 Gauge, 4ft. 8½ in. Rail (steel), 56 lbs.

This company was incorporated February 25, 1880, under the railroad laws of the State of Massachusetts. In June of the same year construction was commenced at the city of Mexico, under authority of a concession granted by the Mexican Government December 5, 1874, covering the way from the city of Mexico to Leon. On September 8, 1880, a new concession was made to the company, covering the way from Mexico to Paso del Norte, with a branch through Guadalajara to the Pacific coast. The company also purchased of the Guanajuato Ry. Co., for \$428,000 Mexican currency, its concession and 60 kilometres of narrow-gauge railway, which latter was widened and absorbed into the main line. Subsequently the company acquired the concessions of February 14, 1878, May 3, 1879, February 2, 1881, and July 6, 1881, covering the branch from Aguascalientes through San Luis Potosi to the port of Tampico, and those of June 12 and July 9, 1880, relative to that part of the line between Paso del Norte and the city of Chihuahua. All these concessions were consolidated and confirmed to the company by a new concession made April 12, 1883.

The company receives from the Mexican Government a subsidy of \$9,500 per kilometre, payable from custom house receipts (about \$15,200 per mile), a right to import free of duty all materials necessary for construction, maintenance, and operation, and exemption from all taxes, national and local, from the beginning of the enterprise until the expiration of fifty years after the completion of all the lines. It has the right to construct and operate its

railways and telegraph lines for 99 years. It also has small additional subsidies from the State Governments of San Luis Potosi, Guanajuato, and Jalisco. The Government of Mexico has recently suspended the payment of its subsidy.

The main line from the city of Mexico to El Paso was completed March 8, 1884, and opened for business April 10, 1884.

The line of road as projected extends from the city of Mexico, *via* Toluca, Maravatio, Acambaro, Celaya, San Luis Potosi, Saltillo, and Monterey, Mex., to Laredo, Texas; from Acambaro, *via* Morelia and a point near Guadalajara and Colima to Manzanillo, on the Pacific coast; from the city of Mexico to El Salto and Maravatio; with branches from Matamoros to Monterey, from El Salto to Salvatierra; from Irolo to Tlascalala, the *Cintura* (belt) encircling city of Mexico, from San Luis to Zacatecas, and from Zacatecas to Lagos—in all about 2,000 miles of line. The road is being built by the Mexican National Construction Co. under the so-called Palmer-Sullivan concessions, which were amended and consolidated January 10, 1883. These concessions grant a subsidy of \$11,270 per mile of road, payable by 6 per cent. of the government receipts from customs. Five hundred kilometres (about 310 miles) are to be completed each two years, and the whole system in 10 years from January, 1883. The railway company issues up to \$25,000 in bonds and \$25,000 in stock for each mile of road.

The company defaulted in payment of interest on bonds April 1, 1884. The company proposes to pass the next six coupons on both classes of its bonds, and to issue therefor to the bondholders its funding obligations, having ten years to run from April 1, 1884, and bearing interest at the rate of 6 per cent. per annum.

Incorporated October 27, 1870. Right of way granted by Act of Congress passed in 1871. Grading was commenced at Denver in March, 1871, and track laid to Colorado Springs by October 27, 1871. In 1872 the road was opened to Pueblo, 120 miles from Denver, and from

Pueblo up the Arkansas Valley to Cañon Coal Fields, 36 miles; in 1874 it was opened to Cañon City, 8 miles; in 1876 the main line was opened a further distance of 71 miles to La Veta, and 40 miles to El Moro Coal Fields; in 1877 it was carried through the Veta Pass to Garland, 29½ miles; and in 1878 to Alamosa, on the Rio Grande, 29.3 miles, and to the second colliery beyond El Moro, 3½ miles. Total at the close of 1878, 337.3 miles. The line from Cañon City to Leadville, 117.5 miles, was opened July 20, 1880; Leadville to Robinson Mine, 16 miles, December 27, 1880; Malta (Leadville Junction) toward Redcliffe, 9.6 miles, November 22, 1880; Colorado Springs to Manitou, 5.3 miles, August 1, 1880; Antonito down the Rio Grande to Española (25 miles north of Santa Fé), 91.2 miles, December 31, 1880—total, December 31, 1880, 584.50 miles.

In the two succeeding years additional sections of road, to the extent of 247.20 miles, were completed and brought into operation, making the total mileage at the close of 1880, 584.50 miles. Further extensions increased the mileage to 1,065.25 miles, December 31, 1881; to 1,281.80 miles, December 31, 1882, and to 1,317 miles, December 31, 1883, since which time there has been no addition.

Default was made on interest due July 1, 1884, on consolidated mortgage bonds, and a receiver was appointed July 12, 1884. On the 1st of October, 1884, default was also made on 1st mortgage (main line) bonds. Several plans for the reorganization of the company have been proposed, but at the time of preparing this statement none had been carried into effect.

The Denver and Rio Grande Western RR. (Utah Division) was leased for 30 years from August 1, 1883; operated until July 11, 1885, when a separate receiver was appointed.

* For five months and twelve days only, the receipts by the A., T. & S. Fé Co. during first part of the year not being included.

Financial Statement, December 31, 1884.—Capital stock, \$38,000,000; funded debt, \$28,623,000; rolling stock trust certificates, \$3,604,500—total, \$70,227,500. No general balance sheet for 1884 furnished. For the general balance sheet as of December 31, 1883, reference should be had to MANUAL for 1884, page 863.

The capital stock authorized by law is \$50,000,000. The funded debt consisted, December 31, 1884, of—

1st mtge. (main line) 30-year 7 p. c., \$500 and \$1,000 coupon bonds, due Nov. 1, 1900, int. May and Nov. \$6,382,500
 1st consol. mtg. 30-year 7 per cent., \$500 and \$1,000 coupon bonds, due Nov. 1, 1910, int. Jan. and July. 19,740,500
 General mortgage 30-year 5 per cent., \$1,000 coupon bonds, due October 1, 1913, int. April and October. 2,000,000

The company also guarantees the interest on an amount not to exceed \$7,500,000 bonds of the D. & R. G. Western RR. (which see), being at the rate of \$16,000 per mile for each mile of road built and in operation.

The 1st mortgage is a first lien on the main line from Denver to Alamosa and El Moro, 294 miles. The consolidated mortgage is a second lien on said 294 miles, and a first lien upon all subsequently completed. The amount of bonds provided for under the consolidated mortgage is \$30,000,000, of which \$7,422,500 were set apart to retire the first mortgage bonds. The remaining \$22,577,500 were provided for issuance at an average rate of \$12,500 per mile of completed line, with \$2,500 per mile additional, upon all completed line, for equipment, improvements, etc., etc. The general mortgage is for \$50,000,000 and is secured by a lien on all the company's property, including its interest in the lease of the Denver and Rio Grande Western Ry. The bonds issued under this mortgage are at the rate of \$30,000 per mile of completed road, and are convertible into stock at the option of the holder on 60 days' notice.

Of the amount authorized, \$30,000,000 are to be held to retire prior lien bonds. To meet expenditure on leased line and betterments on this company's own line, the directors authorized the issue of \$5,000,000 of these bonds and \$5,000,000 of stock to stockholders of record, September 17, 1883, under the terms of a circular dated October 11, 1883, which provided that stockholders subscribing \$750 cash for each 66 shares owned, should receive \$1,000 five per cent. general mortgage bonds and \$1,000 capital stock under this plan then had been issued December 31, 1884, \$2,000,000 bonds and \$5,000,000 stock.

Annual meeting, first Monday in April. Books close for annual meeting about three weeks prior thereto. Capital stock, first mortgage bonds, and \$16,582,500 consolidated mortgage bonds listed on New York Stock Exchange.

The gauge of the Denver and Rio Grande Railroad, three feet, was adopted as well fitted to the mountainous character of the country through which it was to be built. The highest grade operated is 241.20 feet to the mile. Denver, which may be considered as the initial point in the system, is 5,196 feet above the sea. The highest altitude gained is 11,328 feet above the sea, near the city of Leadville. That city is 10,199 feet above the sea. The steepest grades are worked with ease and facility, showing that the narrow-gauge system, at least, can be carried through every portion of the Rocky and Sierra Nevada Mountains. The weight of the freight locomotive used for mountain service is 35 tons, mostly on 8 driving-wheels. For grades of 75 feet to the mile, or less, 30-ton engines are used, mostly on 8 driving-wheels. The freight cars last adopted have a capacity for 15 tons of useful freight. The weight of passenger engines is 20 to 26 tons. The standard diameter for wheels for freight cars is 26 inches; passenger cars, 28 inches; freight locomotive driving-wheels, 36 inches; passenger locomotives, 45 inches. The size of the journal and axles in all coaches and 10-ton cars is 3½x6; for 15-ton cars, 3¼x6.

The preceding statements for the year ending September 30, 1884, are taken from the report made to the Comptroller of Public Works of the State of Texas, no official statements for the fiscal year of 1884 having been furnished to the MANUAL. On January 1, 1885, default was made in the payment of interest then due on its first mortgage bonds, such of the accruing coupons as were presented being purchased by the Southern Development Co. On

January 10, 1885, a committee of the first mortgage bondholders was appointed to investigate the causes of such default. In a report subsequently made by that committee it is stated that the sinking funds of the first mortgage bonds are in default to the amount of \$2,848,679. In the same report appears the following statement of earnings, etc., for a period of five years, furnished the committee by the General Agent of the Houston and Texas Central RR. Co :

Total	16,360,924	17,136,741	17,571,121	18,031,144	18,978,000

It will be observed that the above statement corresponds with the figures published in preceding numbers of the MANUAL, except in so far as the amounts expended in renewals and betterments affect it. No mention of these expenditures was made in the reports furnished for the MANUAL during these years. On February 14, 1884, the road and property were placed in the hands of receivers on application of the Southern Development Company. An issue of receiver's certificates to the amount of \$150,000 has since been authorized.

The consolidated mortgage, limited to \$20,000 per mile, covers 10 sections, or 6,400 acres, per mile of the land grant. The \$18,500,000 general mortgage is to be used in retiring all outstanding bonds and loans. The lands granted amounted to 5,240,000 acres. This company owns a majority of the stock of the Texas Central RR. Co.

The organization of the existing Wabash, St. Louis and Pacific Railway Company was effected by the consolidation November 7, 1879, of the Wabash and the St. Louis, Kansas City and Northern Railway Companies whose systems were themselves the outgrowth of numerous consolidations. The complete history of the respective organizations is outlined in the appended statements:

NOTES.—(A). Subsequent to the consolidation of June 25, 1856, resulting in the formation of the Toledo, Wabash and Western RR. Co., that company made default in the payment of its interest obligations, and on the 5th and 7th of October, 1858, respectively, the Indiana and Ohio divisions of the consolidated road were sold under foreclosure. Reorganizations having been effected by the formation of the Toledo and Wabash RR. Co. (of Ohio), chartered July 10, 1858, and the Wabash and Western RR. Co. (of Indiana), chartered September 27, 1858, the roads were again consolidated, the new organization taking the name, Toledo and Wabash Ry. Co. (B). On May 29, 1865, the Toledo and Wabash Ry. Co., as above organized, was consolidated with the Great Western RR. Co. of 1859 (of Illinois), whose road at one time belonged to the State of Illinois; with the Quincy and Toledo and the Illinois and Southern Iowa Railroad Companies, the title, Toledo, Wabash and Western Ry. Co. being adopted as its new name. Subsequently this new consolidated company constructed an extension of the Illinois and Southern Iowa RR. to Elvaston, where connection was made with the Toledo, Peoria and Western, whose track was used to Hamilton. In August, 1870, this latter company, the Toledo, Wabash and Western Ry. Company, consolidated with itself without change of name, the Decatur and East St. Louis RR. Co. In 1875 the consolidated company having made default, its road was placed in the hands of a receiver. On June 30, 1875, its outstanding stock was \$16,000,000—\$15,000,000 common and \$1,000,000 preferred; its funded debt, \$20,113,000, and other debt, \$2,701,475.54. Its total length was, as above, 598.90 miles, and in addition it operated under lease the Pekin, Lincoln and Decatur, 67.25 miles, the Hannibal and Naples, 52 miles, the Lafayette, Muncie and Bloomington (Indiana Division), 36.70 miles, and the Lafayette, Bloomington and Mississippi, 80 miles; also using 22 miles of the Chicago, Burlington and Quincy, and 6 miles of the Toledo, Peoria and Warsaw—aggregate length of all, 862.85 miles. In 1876 the road was sold under foreclosure, the Wabash Railway Company succeeding to the property, by reorganization, January 1, 1877. By this sale the several leases were cancelled. The Wabash Ry. Co., on its organization, entered into new contracts with the Hannibal and Naples, the Chicago, Burlington and Quincy, and the Toledo, Peoria and Western, under which it continued to use their lines, as previously.

Statement B.—In this statement is given the history of the several lines forming the St. Louis, Kansas City and Northern Ry. at the time of the consolidation :

NOTE.—(A). Construction begun in May, 1854; road opened to St. Charles, August 2, 1855; to Warrenton in August, 1857; to Mexico in May, 1858; to Moberly, November 30, 1858, and to Macon in February, 1859. During this period of the company's existence it was largely aided by the State of Missouri, which loaned her bonds to the amount of \$4,350,000. Construction was suspended during the war, default occurring in the payment of the interest on the State bonds at about the same time. By the act of 15th of February, 1865, the State allowed the company to issue \$6,000,000 of its own 1st mortgage bonds, to have preference of her own lien, and by the act of the 17th of March, 1868, relinquished her lien on the road for \$200,000 paid in State bonds. (B).—In 1864 the Chariton and Randolph and the Missouri River Valley Railroad Companies were consolidated into the North Missouri. The line of the latter companies was opened from Moberly to Brunswick December 15, 1857; to Carrollton August 15, 1863; to Lexington Junction October 1, 1868; and to the junction with the Hannibal and St. Joseph RR. November 28, 1868.

In November, 1868, the North Missouri Co. issued a second mortgage to secure bonds to the amount of \$4,000,000. This mortgage was foreclosed August 26, 1871, and the road and property of the old company sold to the St. Louis, Kansas City and Northern R.R. Co. When sold, the mortgage debts of the company were \$11,000,000; the unsecured debt, \$2,500,000, and the share capital, \$7,500,000—\$21,500,000 in all. The road was again sold on various judgments obtained against the company, and bought in by it. Upon its final reorganization, the company paid 1st mortgage bonds to the amount of \$6,000,000, \$12,000,000 of preferred and \$12,000,000 of common stock, in adjusting its outstanding liabilities.

Shortly following the consummation of the consolidation agreement the Omaha Extension of the St. Louis, Kansas City and Northern Brunswick, Mo., to Council Bluffs, 225 miles, with branch from Roseberry to Clarinda, 21.5 miles, was completed and opened for traffic.

The total length of lines owned by the consolidated Wabash, St. Louis and Pacific Ry. Co. on the completion of its organization was 1,226.09, of which 599.90 miles and 626.19 miles respectively were contributed by the Wabash and the St. Louis, Kansas City and Northern Ry. Cos., as shown in preceding statements. At the same time there were held under lease railroads whose aggregate length was 297.38 miles, as follows :

Leased to Wabash Ry. Co. :

Hannibal and Naples RR., Naples, Ill., to Hannibal, Mo.	49.60 miles.
Chicago, Burlington and Quincy RR. (trackage), Quincy to Camp Point, Mo.	21.50 miles.
Toledo, Peoria and Western Ry. (trackage), Elvaston to Hamilton	6.48 miles.— 77.58 miles.

Leased to St. Louis, Kansas City and Northern Ry. Co. :

St. Louis, Ottumwa and Cedar Rapids RR., Coatesville to Ottumwa, Ia.	43.30 miles.
Boone County and Booneville RR., Centralia, Mo., to Columbia, Mo.	22.00 miles.
St. Joseph and St. Louis RR., Lexington, Mo., to St. Joseph, Mo.	76.00 miles.
Brunswick and Chillicothe RR., Brunswick, Mo., to Chillicothe, Mo.	36.50 miles.
St. Louis, Council Bluffs and Omaha RR., Chillicothe, Mo., to Pattonsburg, Mo.	42.00 miles.—219.80 miles.

The total length of all lines owned, leased, and operated at the date of the consolidation was 1,523.47 miles.

By the acquirement under lease of the Eel River Ry., and the construction, etc., of sundry small branches, the total mileage at the close of 1879 was brought up to 1,915.48. In the year 1880 the company acquired by lease or purchase the following lines—an addition to the system of 563.92 miles.

1. The Toledo, Peoria and Western, under lease, at an annual rental of 30 per cent, of the gross earnings of the leased line; and in any event to pay: (1) all taxes and insurance; (2) interest at the rate of 7 per cent. on \$4,500,000 1st mortgage bonds; (3) interest at 4 per cent. on so much of \$2,900,000 1st preferred income bonds as should accept conditions of lease, conversion to be at the option of the holders; the W., St. L. & P. Ry. Co. to exchange (at par each) its preferred stock for the 1st preferred income bonds, and its common stock for the 2d preferred income bonds of the lessors; and also to exchange its common stock for the stock of the lessors, at the rate of one share of the stock of the former for three shares of that of the latter. If this exchange could not legally be made, then the W., St. L. & P. Ry. Co. was to pay holders of income bonds 4 per cent. interest the first year, 5 per cent. the second year, 6 per cent. the third, and 7 per cent. thereafter.
2. The Chicago and Strawn and the Chicago and Paducah Railroads, payment therefor made by an issue of 5 per cent. bonds of the W., St. L. & P. Ry. Co., secured by a mortgage on the purchased lines to an amount not exceeding \$4,500,000.

3. The Champaign, Havana and Western Railway, payment therefor made in the 6 per cent. consolidated bonds of the W., St. L. & P. Ry. Co., at the rate of \$12,000 per mile of the purchased line.
4. The Quincy, Missouri and Pacific Railroad, paying a rental therefor as follows: Upon earnings of \$600,000 or more, 30 per cent.; earnings less than \$600,000, and not less than \$400,000, 25 per cent.; earnings less than \$400,000 per annum, 20 per cent. In any event the interest on the bonds is to be paid and charged against the above percentage of earnings, any deficit to be made up by the W., St. L. & P. Ry. Co.
5. The Missouri, Iowa and Nebraska Railroad (October 1, 1880), paying a rental therefor of 30 per cent. of gross earnings, and in any event the interest on the 6 per cent. bonds of the leased line, amounting to \$2,269,000.
6. The Centreville, Moravia and Albia Railroad, paying as rental interest on \$400,000 1st mortgage bonds, guaranteed by the Missouri, Iowa and Nebraska RR. Co.

During the year 1881 the company acquired the following lines: On July 15, the Peoria, Pekin and Jacksonville, 72.9 miles, and the Springfield and Northwestern, 47.2 miles, both by purchase. The Quincy, Missouri and Pacific Road, Milan to Trenton, 31 miles; opened for business August 5, 1881. The Attica and Covington Branch, extending from Attica to Covington, 14.5 miles, built by this company and opened for business September 1, 1881. A branch road from the Chicago Division to the Braidwood Coal Fields, a distance of 12 miles, built by this company. This branch is not now operated. The Des Moines and Northwestern Ry. (narrow-gauge), Des Moines to Jefferson, Iowa, 66.9 miles, by lease.

All these lines were acquired by an issue of general consolidated mortgage bonds to the amount of \$15,000 per mile, with the exception of the Quincy, Missouri and Pacific Extension, for which these bonds to the amount of only \$6,000 per mile were issued, there being bonds issued by the Quincy, Missouri and Pacific Company on the road to the amount of \$9,000 per mile.

In the same year the company acquired the Detroit and Butler Railroad, 112.6 miles, by an issue of divisional bonds to the amount of \$2,052,000; and in addition, common stock and preferred stock of the Wabash, St. Louis and Pacific, each to the amount of \$5,000 per mile; the Indianapolis, Peru and Chicago, 161 miles, by an issue of \$2,000,000 general mortgage bonds, subject to a prior mortgage on a part of the acquired line to the amount of \$1,275,000; the Cairo and Vincennes, 267.3 miles, by an issue on this line of a divisional mortgage to the amount of \$3,857,000, and also by an issue of the common stock of the Wabash, St. Louis and Pacific Ry. Co. to the amount of \$13,000 per mile.

The total mileage acquired during 1881 was 960.3, for which the company issued general mortgage to the amount of \$6,021,000, and divisional bonds, including the underlying bonds, to the amount of \$10,463,000; the total of the two being \$16,484,000; and in addition, stock to the amount of \$3,474,900—the total of stock and bonds being \$19,958,900.

On December 31, 1881, the company owned and operated 3,348 miles of road. During the year 1882 this was increased to 3,518.4 miles, by an addition of 170.4 miles, as follows: The St. Louis, Jerseyville and Springfield RR., from Bates to Grafton, Ill., 71.4 miles; the Des Moines and St. Louis RR., from Albia to Des Moines, Ia., 67.3 miles, built under a lease; an extension of the Des Moines and Northwestern, from Jefferson north to Fonda, Ia., 48 miles; and a branch from Champaign to Sidney, Ill., 11.6 miles—total, 198.3 miles. From this must be deducted 27.9 miles, by which the lengths of other lines were reduced during the year as follows: Main line, 0.3 mile; Quincy line, 1.3 miles; Hannibal line, 1.5 miles; Keokuk line, 24.8 miles. Of the latter, 23 miles were one half of the line between Lafayette, Ind., and the Illinois State line, which was used jointly with the C., I., St. L. & C. Ry. prior to 1882. Net increase in mileage during year, 170.4 miles, as above.

This company also built, in connection with the Chicago, Burlington and Quincy RR., the Humeston and Shenandoah RR., from Humeston, Ia., to Shenandoah, Ia., 113 miles (for the purpose of forming a connection between the Missouri, Iowa and Nebraska RR., and the Council Bluffs Branch), which reduces the distance between Omaha and Chicago nearly one hundred miles, and opens a short and direct line between Omaha and all points East.

On October 1, 1881, this company, in connection with the Missouri Pacific Co., took a lease of the St. Louis Bridge, the terms of which lease are given on page 975.

During 1883 the mileage was increased 28 miles by the revival and adjustment of the mileage table. There was also added 35 miles, being one half of the line from Hannibal to Moberly, operated jointly by Missouri Pacific and Wabash Companies, and taken into the system December 31, 1883. Total increase, 63 miles, less 7.3 miles on account of new line into Detroit, and 7.9 miles (Fairbury to Strawn) taken up. Net increase in mileage, 47.8 miles, making the total on 31st of December, 1883, 3,566.2 miles.

Rolling Stock, December 31, 1884.—Locomotive engines, 588. Cars—passenger, 187; baggage, mail, and express, 146; freight (box, 11,523; stock, 2,058; coal and flat, 5,272; caboose, 313), 19,166—total, 19,499 cars. Also 31 service cars.

Out of surplus of year 1880 a quarterly dividend of 1½ per cent. on preferred stock was paid February 10, 1881, \$306,795; and during the year 1881, further dividends on the preferred stock, as follows: May 15, 1½ per cent.; August 15, 1½ per cent.; and November 15, 1½ per cent.

The rentals of the several lines contained in the tabular statement of page 974 amount to \$662,525. In addition, the company leased a considerable number of short lines and parts of lines belonging to other companies. The principal amounts to be annually paid on such leases are: \$96,000 to the Chicago and Western Indiana Company for an entrance into Chicago; \$48,000 to the Hannibal and St. Joseph Railroad Company for use of bridge at Kansas City; \$30,000 for use of the Burlington bridge and the C., B. & Q. track from Iowa to Burlington; \$2,600 to the C., B. & Q. RR. Co. for track from Camp Point to Quincy; and \$45,000 to the Peoria and Pekin Union RR.

The preferred stock is entitled to dividends not exceeding 7 per cent. non-cumulative, and is also entitled to share *pro rata* with the common stock in any dividend exceeding 7 per cent. of the whole stock of the company, preferred and common.

Leased for 99 years from April 10, 1884, to the St. Louis, Iron Mountain and Southern RR. Co.; rental, net earnings. Receivers appointed May 28, 1884, and lease to Iron Mountain set aside. Default made June 1, 1884, on Indianapolis Division, Havana Division, and general mortgage bond interest, and on July 1, 1884, on Toledo, Peoria and Western bond interest. Other defaults followed in 1884. Default February 1, 1885, on Toledo and Illinois 1st mortgage, Lake Erie, Wabash and St. Louis 1st mortgage, Great Western 1st mortgage, Illinois and Southern Iowa 1st mortgage, Decatur and East St. Louis 1st mortgage and Toledo, Wabash and Western consolidated mortgage bond interest, and on June 1, 1885, on main line bond interest. In 1884, the Quincy, Missouri and Pacific RR., from West Quincy to Milan,

103 miles, was surrendered to the trustees, pending foreclosure. On the 16th of April, 1885, the Cairo Division, from Tilton to Cairo, 155 miles, was surrendered to the trustees of its 1st mortgage. It is now operated as the Cairo, Vincennes and Chicago RR. Following this the Havana, Rantoul and Eastern, the Champaign, Havana and Western, the Toledo, Peoria and Western, the Missouri, Iowa, and Nebraska, and the Indianapolis, Peru and Chicago were also transferred to the trustees of their several mortgages, or had separate receivers appointed for them.

The Centreville, Moravia and Albia is leased in perpetuity; rental, interest on bonds. The Des Moines and Northwestern is leased for 99 years from February 28, 1881; rental, interest on bonds, any surplus of net earnings after such payment to go to stockholders. The Des Moines and St. Louis RR. is leased in perpetuity; rental, interest on bonds. All these roads are practically the property of the Wabash, St. Louis and Pacific RR. Co., and preserve merely a nominal existence.

The amount of collateral trust bonds authorized is \$10,000,000. The bonds unissued at the close of 1883 (\$4,329,000) were held as collateral.

The following is the plan proposed for the reorganization of this company :

1. Foreclose and reorganize under both mortgages.
2. New company to issue debenture mortgage bonds, entitled to 6 per cent. interest, but dependent upon income and not cumulative, of which \$3,500,000 shall be preferred. Bonds to have voting privilege. Whole amount of bonds, \$30,000,000.
3. Into these bonds convert general mortgage bonds..... \$16,000,000
Collateral trust bonds..... 6,000,000
Collateral trust bonds, indorsed debt preference bonds..... 3,500,000
Reserve for stock and bond subscription..... 4,000,000
Reserve for use of the new company..... 500,000

Total..... \$30,000,000

4. The preferred issue for indorsed debt to be redeemable at the option of the company after five years, at any time within twenty years from the date of mortgage.
5. Issue new preferred and common stock, share for share, for old stock, and offer same to old stockholders who will subscribe for the new bonds reserved for that purpose, at the rate of \$8 per share for preferred, and \$6 per share for common. The holder of 100 shares of preferred stock would thus receive 100 shares of the new preferred stock by subscribing for \$800 of the new bonds, and the holder of 100 shares of the common stock would receive 100 shares of the new common stock by subscribing for \$600 of the new bonds.
6. The holders of new bonds to subscribe for the reserved bonds to an amount not exceeding two per cent. of the par value of the amount of bonds issued to them, as above indicated.
7. The cash received from the bond and stock subscription will provide about \$4,000,000, which is to be applied to the payment of the floating debt.
8. The new bonds, or holders thereof, agree to take *pro rata* all stock in default, and pay the subscription thereon, receiving therefor the stock and bonds appropriated to such defaulted stock.

This plan having received the assent of the leading parties in interest, will probably be adopted.

BOSTON, CONCORD AND MONTREAL RAILROAD.—The following statement is for the year ending March 31, 1885, one year later than that on page 18. The road is leased for 99 years from June 1, 1884, to the Boston and Lowell RR. Co. The earnings for the months of April and May, 1884, while the road was operated by the company, were: Passenger, \$43,918.80; freight, \$89,396.70; mail, express and other, \$6,822.80—total, \$140,138.30. Operating expenses, \$125,778.46. Net earnings, \$14,359.84. Received from Boston and Lowell RR. Co., rental for the remaining ten months, \$250,000. Net income, \$264,359.84. Paid coupons, back coupons, interest, etc., \$220,936.48; preferred stock dividends, \$56,544; Pemigewasset Valley RR. dividends, \$30,084. There is no material change in balance sheet.

CENTRAL RAILROAD OF GEORGIA.—The following corrections made by the company are noted: In mileage statement, Eufaula and Clayton RR., 22 miles, transferred from "lines leased" to "lines operated by other companies," reducing the former to 396 miles, and increasing the latter to 442 miles. The company includes in the mileage statement the following "lines operated by separate companies in connection with and net results partially due Central RR.": Georgia RR., 306 miles; Gainesville, Jefferson and Southern RR., 65 miles; Atlanta and West Point RR., 80 miles; Western RR. of Alabama, 138 mile; Rome RR., 20 miles; Port Roy and Augusta Ry., 112 miles; Augusta and Knoxville RR. (leased to Port Royal and Augusta Ry. Co.), 69 miles; Savannah, Griffin and North Alabama RR., 60 miles; Upson County RR., 16 miles; Wrightsville and Tennille RR., 16 miles; Buena Vista RR., 26 miles; Mobile and Girard RR., 85 miles. These are the roads mentioned in the statement on page 432, whose earnings are included under the head of "Bank and Investments." Sidings, 90 miles. Steel rail, 303 miles. Locomotives, 134. Passenger cars, 67; sleeping, 10; combination, 52.

CHATTARO RAILWAY.—*Errata*: *Chief Engineer*, L. S. Johnson, Ashland, Ky., *Auditor and General Passenger and Ticket Agent*, H. B. Butler, Ashland, Ky.; *Gen. Freight Agent*, C. S. CHESAPEAKE AND NASHVILLE RAILROAD.—The Cincinnati, Green River and Nashville RR. Co. was chartered in Kentucky February 23, 1882, to build a railroad from Stanford, Ky., to Nashville, Tenn. By an amendment to the charter passed May 13, 1884, the name was changed to Chesapeake and Nashville RR. Co., and authority granted to connect at Stanford with the Kentucky Central, and to build a branch *via* Lebanon to Louisville, connecting at the latter point with the Chesapeake, Ohio and Southwestern RR. Consolidated March 15, 1885, with a company of the same name, chartered in Tennessee October 6, 1884. The company acquired 32 miles of graded road-bed of the old Cumberland and Ohio RR., between Gallatin, Tenn., and Scottsville, Ky., upon which track is being laid, to be completed during 1885. Two routes have been surveyed, one on either bank of the Cumberland, between Gallatin and Nashville. The City of Nashville has granted right of way and depot grounds, and has voted \$100,000 toward building a bridge across the Cumberland. From Scottsville surveys have been made *via* Columbia to Stanford, and *via* Edmonton to Greensburg, and thence *via* the Lebanon branch of the Louisville and Nashville to Louisville. First mortgage bonds are to be issued on the road to the extent of \$30,000 per mile, constructed or acquired, of which \$5,000 per mile are to be reserved until after completion of the through line, for betterments, equipment, etc. Length of road mortgaged, estimated at 220 miles. Bonds outstanding, in escrow, to cover the first 20 miles, soon to be in operation. *Directors*: J. J. Turner, J. M. Hamilton, R. T. Colburn, A. Evans, Herman Justi, H. E. Huntington, J. M. Sharp, E. Zimmerman, G. Brosbicor. *Officers*: E. ZIMMERMAN, *President*; G. Brosbicor, *Secretary*, Cincinnati, O.; R. T. Colburn, *Vice-Pres.*; I. E. Gates, *Treas.*, New York, N. Y.

CHICAGO, MILWAUKEE AND ST. PAUL.—*Erratum*: The last sentence of the paragraph immediately preceding "General Balance Sheet" on page 700, should read: In April, 1885, dividends of $3\frac{1}{2}$ per cent. on preferred stock, and $1\frac{1}{2}$ per cent. on common stock were made for the last half of 1884, making 7 per cent. on preferred and 5 per cent. on common stock for that year.

"TORNADO" LAMP.

No smoking, flickering, nor rattling of shades and chimneys. The oil-tube of our "Tornado" Lamps is on the inside of air-passage, and thus protected. In other makes it is on the outside and exposed to constant knocks and bruises which cause frequent leakages, when oil escapes and ruins the car furnishings. All parts are held rigidly in place by our improved fastenings.

One, two, three, and four-light center Lamps, Harrison's Patent Canopy Chandelier for Postal Cars, Side Lamps, etc., finished in Bronze, Brass, and Nickel, or Silver Plate. Our lamps embrace the latest and best devices known to the art.

Sec'y and Treas
No. 3 Case Building,
CLEVELAND, O.

Trade Mark Patented—Paint Patented.

Address, IRON CLAD PAINT CO., CLEVELAND, O.

This Company owns and manufactures under WM. GREEN'S several patents, and is the only Company in the world that makes Paint from pure, hard Lake Superior Iron Ore, such as is used in furnaces for making Pig Iron.

The Most Economical, Most Fireproof, Most Waterproof, Most Durable and Most Useful Paint Made.

Used by L. S. & M. S. RY. I. & ST. L. R.R. D. & M. R.R. O. & M. RY. C., C., C. & I. R.R. The K. P. R.R. CO. L., C. & L. R.R. T., W. & W. RY. C., T. V. & W. R.R. ERIE RY. N. O. & MOBILE R.R. MOBILE & OHIO R.R.

Adopted by U. S. Government for Iron Ships' Bottoms, and for Lighthouses.

OFFICE OF PURCHASING AGENT,
LAKE SHORE AND MICHIGAN SOUTHERN RAILWAY,
CLEVELAND, O., February 1, 1878.

IRON CLAD PAINT CO., Cleveland, O.:

Gentlemen: Your "Metallic Paints," known as "Iron Clad Paints," have in the past eleven years been extensively used and thoroughly tested by this Company, as to their covering capacity, durability and resistance to atmospheric changes, latter "paint destroyer," the most difficult to overcome in outside paints. We have used over two hundred and fifty tons of your paints, and can emphatically accord them the highest position over any paint heretofore produced, for Cars, Roofs, Stations, Bridges, etc. The monthly increase of our orders is the best evidence that your paint is constantly growing in favor with our mechanics.

Very respectfully yours,

A. C. ARMSTRONG.

Gen'l Purchasing Agent L. S. & M. S. R'y Co.

BOSTON, MASS., Jan. 14, 1878.

THIS IS TO CERTIFY, That I have given the "Iron Clad Paint," of Cleveland, Ohio (which is claimed by the proprietors superior to "Red Lead," or anything yet discovered for the preservation of iron), a most thorough and testing trial. From the appearance of a piece of iron I have had immersed in salt water for nearly six months, it appears quite free from all matter of such nature as is sure to collect and form on ship bottoms: the surface and body of the paint remains perfectly sound and solid as when first applied. It has been my custom and practice to experiment somewhat extensively with compounds and ingredients furnished by different parties in testing the merits of many articles for the purpose of coating ships' bottoms, both of wood and iron. I can truly state, both in a spirit of justice and feeling of great satisfaction, that the "Iron Clad Paint" is far superior to any mixture I have yet used, and furthermore it seems to be the long-sought-for article needed for the protection of iron from the effects of salt water and foul matter that collects on all iron surfaces exposed in this way.

In conclusion I can only say that I fully believe the "Iron Clad Paint" is the best article yet offered for a protection to iron from the effects of rust and other causes which tend to destroy the same. All of which I cheerfully subscribe to.

J. HOMER EDGERLY,

Foreman Painter, Boston Navy Yard.

Chemical Laboratory of Professor P. B. Wilson, Analytical and Consulting Chemist and Metallurgist, Professor of Chemistry in the Washington University.

No. 30 SECOND STREET, BALTIMORE, MD., Oct 25, 1877.

To the Iron Clad Paint Co., Cleveland, O.:

GENTLEMEN: Inclosed please find analysis of the three samples of your "Iron Clad Paint," which I drew from the original packages. I find an entire absence of anything detrimental, under any circumstances, to either wood or metal (to which you apply either of the varieties) in their composition, and will when combined with linseed oil form an indurated covering for protection against the weather.

Respectfully,

P. B. WILSON.

Elliot's Patent Steel Rail Frogs and Crossings.

Frogs and Crossings made any angle desired. Rails from 30 to 62 lbs. per yard.

Number of Frogs made to Jan. 1, 1885, 21,731.
 " Crossings made to Jan. 1, 1885, 891.

These Frogs and Crossings are made of steel rail, combined with a wrought iron frame and bound together transversely with strong bolts, which gives them great strength and durability without destroying their elasticity. They are connected at all ends by Fish-plate Joints, and lie on the same surface as the running rail without any cutting of ties, thus saving a great deal of time and labor in putting in place in track. There are now over twenty-two thousand of them in use on broad and narrow gauge railroads throughout the country, and are highly recommended by railroad men who have them in use, for their durability and ease to rolling stock in passing over them.

THE "BURRELL LANTERN."

Awarded the "John Scott" Legacy Medal by the Franklin Institute of Philadelphia, 1855, and a First-class Gold Medal by the New Orleans Cotton Centennial Exposition, 1885.

Your attention is called to a recently-invented Railway Lantern for the use of Trainmen, Yardmen, Gatemen, Track-Walkers, and other employes who use lanterns.

This invention has two globes of different colors joined together at the center by bayonet locks and catch. The handle passes through the center of the lantern and is attached firmly to the lamp, forming an axis upon which the lantern may revolve. Only the upper half of the lantern is illuminated, the lower half being darkened by the body of the lamp. The handle catches to the rim of the half that is uppermost.

Thus if a white or clear light is showing, and it is necessary that a signal of danger, or red light, be instantly given, a half revolution of the lantern gives the desired signal. (See cut.)

It greatly reduces the chances of accident, takes the place of two lanterns, and saves one-half the oil, wicking, cleaning, breakage, and cost of repair. Trainmen need not be burdened with so many lanterns. Gatemen need not keep two lanterns burning, one inside their box and one outside; this one takes the place of both. For Station Agents it is convenient; and for Track-Walkers a reliable safeguard.

It has the advantage of a more elevated light, when placed on the ground, than any ordinary lantern; has removable globes, which are also interchangeable, and can be easily cleaned.

They are fitted with globes of clear glass and ruby, or ruby and green, or any two colors, and globes may be purchased of us at any time in quantities as desired.

Lamp and Handle.
 (One fixture.)

Changing the Signal.

Our Company respectfully solicits a trial of this lantern. Address all orders to

THIS is the only System of Electric or other Railway Signals in existence which does not depend upon human agency in its operation.

An English journal, in recently commenting upon the various systems of Railway Signals exhibited in the department assigned thereto, in the Sydenham Crystal Palace Exhibition, after a careful review, stated that they one and all possessed one fatal defect—*i. e.*, that they all depend upon human agency to operate them.

The construction is the simplest possible. One wire, one battery, and common electro-magnets, constituting the entire mechanism and apparatus of this Company's Signal System.

STANDARD "FISHER" RAIL JOINT,

Made by the
FISHER RAIL JOINT WORKS, TRENTON, N. J.

One-fifth of Full Size.

In the Fisher Standard Single **U** Bolt Joint, the rail ends are supported by the long-flanged beam which is secured on two ties by spikes passing through it. They are held *down* to it by the nuts and the two ends of the **U** Bolt passing up vertically through it and through the corners of the rail bases. This **U** Bolt is *one inch* in diameter. The supporting beam is slightly arched upwards, to receive all the load at its middle point, for equal and simultaneous distributions on the two ties.

All the weight of a passing load is carried by the channel beam. The only function of the **U** bolt is to firmly hold the two rail ends *down* to the beam as the wheel approaches to or recedes from them. This tendency to upward movement of the rail ends has not until recently been recognized.

This Joint supports the rail at its weakest point—viz., its extremity—by having the flanged beam slightly arched upward, and so proportioned as to give the *same elasticity* vertically at that point as at other parts of the rail. It has the whole width of rail base for bearing, instead of only the narrow surface of the rail heads hanging on the thin edges of Fish or Angle Bars. It is a well-established fact that the ends of rails cannot be kept up properly by any joint which omits *exterior* support. In the FISHER LONG ARCHED JOINT, both ties receive the load at the same time. *The nuts do not become loose*, and this is because the vertical bolts are not subjected to jarring cross-strains. *No slotting* or punching of either rail, flanges or stem is necessary, the only cutting being a half-inch circular on the corner of the flanges, at the extreme end, for the **U** bolt, which also furnishes with the supporting beam spiked to the two ties, the most effectual stop at both ends of rails against "creeping" of track.

This Fisher Joint permits the use of any section of rail, and therefore the best shape for wear and strength is available with it.

A track laid with 64-pound steel rails, of full pear-shape head, with this Fisher Standard Joint, is more durable and capable of sustaining heavy traffic than if laid with 72-pound rails and Angle Bars—and with very much less cost for repairs.

 They are fully warranted against breakage of any part.

Waterman's "Ideal" Fountain Pen.

It is the only fountain holder that uses a gold or steel pen, and is *always ready and writes continuously without shaking*. It is the simplest (only four parts) and cleanest in use or in the pocket, as well as the readiest. It uses any good ink, and holds enough to write continuously from 10 to 25 hours.

"I find the Waterman 'Ideal Pen' the very best of all the fountain Pens that have been upon the market during the past 35 years."—Rev. THOS. K. BEECHER, D.D., Elmira, N. Y.

"I constantly carry one in my pocket, and would not be without it for ten times its cost."—B. T. BABBITT, Soap Manufacturer, New York.

"Your 'Ideal' Fountain Pen is pretty nearly my ideal also. When I first mastered the worst of the deviltries of the stylographic pen, I thought I was on the high-road to comfort in writing, but I was always liable to make my fingers black and the air blue when I used that machine. Your pen is very perfect; good for the morals. A recording angel could use it and keep his place through successive administrations."—Mr. W. H. BOARDMAN, *Railroad Gazette*, New York.

It is warranted to give satisfaction, or purchase money will be refunded. *Your favorite pen can be fitted*, and the character of your writing preserved. Send for a circular with full price-list and testimonials. Agents Wanted. Mention POOR'S MANUAL.

The Ideal Pen Co., 155 Broadway, New York,

L. E. WATERMAN, *Manager.*

The Ideal Pocket for pens and pencils of all sizes, holds from 1 to 6 securely at the same time. It fastens itself and is easily changed from one vest pocket to another. Price, nickel-plated, 15 cents.
