If you know of a map for which I found no link, please report this to me at the same e-mail address.			**This Portal for the Volumes of the Congressional Serial Set was compiled by Mike Ludeman, using maps found at various Digital Library. Multiple links to some volumes are provided when they are identified, as there may be downloading or access problems from some host sites.**

			These URL links are to entries primarily in the Hathi Trust Digital Library. These were acquired primarily from volumes digitized by Google Books, and many of the pre-1923 volumes can probably be found on Google Books, but the present manner of indexing here is superior to that found at the Google Books Library. The unfortunate part is that these files cannot be downloaded as entire PDF files. One strategy might be to locate the information you want in using these URLS, the search for the equivalent volume on Google Books where you can download or manipulate multiple pages. There appears to be some overlap present.

Many University Libraries have "help" guides for their students. While you cannot actually access the Serial Set volumes without an account, they do identify useful references.
