

# “THE STAMPS ARE THE CLUES”

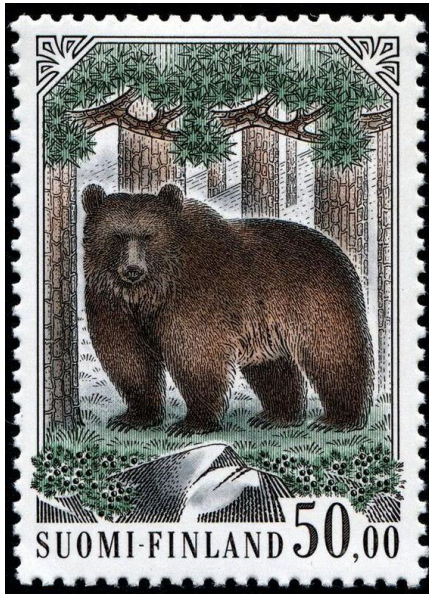

## MAMMALS ON STAMPS

Hidden in this puzzle are 66 mammals on stamps from around the world, excluding Africa. But there is a difference. Instead of a word list, there are images of actual stamps. The subject of each stamp is a word hidden in the puzzle. Images are presented alphabetically as with a normal word list with the left column covering A - M, and the right column M - Z.
