Far Rockaway	Harrison	Lynbrook	Point Lookout	Williston Park
Floral Park	Hempstead	Malverne	Port Washington	Woodmere
Flushing	Hewlett	Mamaroneck	Rockville Centre	Yonkers

INSTRUCTIONS

By use of this guide and the current rate chart one may determine the charge for a parcel of known weight mailed in Unit No. 717 to any other post office in the United States or its possessions.

To ascertain the postage for a parcel proceed as follows:

1. Determine the zone of the office of address by reference to the list for that State. (Do not use station or branch names) See index on opposite page. If all the offices in the State are in one zone the index will indicate the zone. Not all post offices in any particular State are listed but the explanation at the beginning of each State will indicate the zones for offices listed and for those not listed.
2. Weigh the parcel - count any fraction of a pound as a full pound.
3. Refer to current rate chart (POD Publication #3, or Chapter 1 of the Postal Manual) which indicates the postage charge by zones and pounds for air parcel post, or surface parcel post.

The local zone applies to all parcels mailed at a post office or on a rural route of that office for delivery at the same office or on a rural route of that office.

For further information regarding postal services, rates and fees call your local postmaster. Copies of this guide may be obtained from Postmaster, New York 1, New York.
