JULY, 1932

The register of money-order offices is published annually. This register includes changes to July 1, 1932. Lists of money-order offices at which the money-order service is subsequently established or discontinued will be published in the monthly supplements of the official postal guide under the heading "money-order changes"

U. S. GOVERNMENT PRINTING OFFICE: 1932

NOTICE

Upon receipt of this Register the postmaster will be careful to observe whether the name of his office is correctly listed herein, and that it is precisely in accordance with the spelling of the name of the office on money-order forms supplied to him and on the M. O. B. stamp furnished for his use. In case the slightest discrepancy is noted between the spelling of the name in this Register and as shown by his money-order forms, or M. O. B. stamp, the postmaster is directed to promptly report the fact to the Third Assistant Postmaster General, Division of Money Orders, and must affix the imprint of his M. O. B. stamp to his letter, that proper steps may be taken by the department to correct the error.

EXPLANATION OF THE ARRANGEMENT OF THIS REGISTER

Offices in bold-face capitals are international.

Offices in roman type are domestic.

Names beginning with "Mc" (McCook) precede all other names beginning with "M." Names beginning with "Saint" take alphabetical position in accordance with the full name (Saint), not the abbreviation (St.). However, in offices listed under Canada names beginning with the abbreviation "St." precede all others beginning with the letter "S."

Offices which have been recently discontinued, local names, etc. (in italics), are followed in this Register by instructions advising postmasters on what office to draw orders.

If the name of an office has been changed during the past year, the word "*late*," in italics—Moffat (*late Norris*)—follows the present name of such office. The italicized words (*late Norris*) are not to be used by a postmaster in drawing an order, but are inserted simply for information.

CLASSIFICATION OF OFFICES

Money-order offices are of two kinds, domestic and international.

Domestic offices are authorized to issue orders payable only in the United States and the countries named in Schedule No. 1 page v; also to pay orders drawn by United States postmasters or postmasters at offices in the countries or places given in Schedule No. 1.

International offices transact the same kind of business as domestic offices, and also issue orders on, and pay orders drawn by, certain foreign countries. All post offices of the first, second, and third classes are money-order offices and transact both domestic and international business. Only the fourth-class post offices named in this Register and in the supplements to the Postal Guide under proper designation are money-order offices. Fourth-class offices authorized to issue money orders on the international form (see Schedule No. 2) are printed in this Register in bold-face capitals preceded by a double dagger (‡).

MONEY-ORDER BUSINESS AT DISTRICT OFFICES

Instructions to district postmasters.—At district offices, that is, offices of the third and fourth class, cash received for the issue of money orders immediately becomes postal funds and may be used to pay the expenses of the office, including the payment of money orders. Paid money orders should be considered as cash at district offices and remitted as such to the central accounting postmaster, either as a deposit of surplus funds or in the purchase of stamp stock. All paid money orders (except those paid from and retained with the fixed-credit stamp account) should be included in the remittance of surplus funds sent from a district office to its central accounting office. The paid orders forming a part of such remittance must be listed on Form 1841, and a total of the list entered in the proper space on the remittance letter. Postmasters must be careful not to include money orders cashed and held pending replies to Forms 6006 and 6126, as credit can not be taken for such orders until satisfactory answers are received from the postmasters addressed. Such orders, however, form a part of the cash on hand. Money orders issued should be recorded in the Register of Orders Issued in the usual manner, and the coupons of the paid orders detached and retained on file.

At some of the larger third-class offices which have been authorized to use the filing system the postmasters are not required to keep the Registers of Orders Issued. They should follow closely the detailed instructions concerning the filing system, so that a record of orders issued and paid may be retained at their offices for use in certifying to applications for warrants or answering inquiries after the applications and paid coupons have been destroyed.

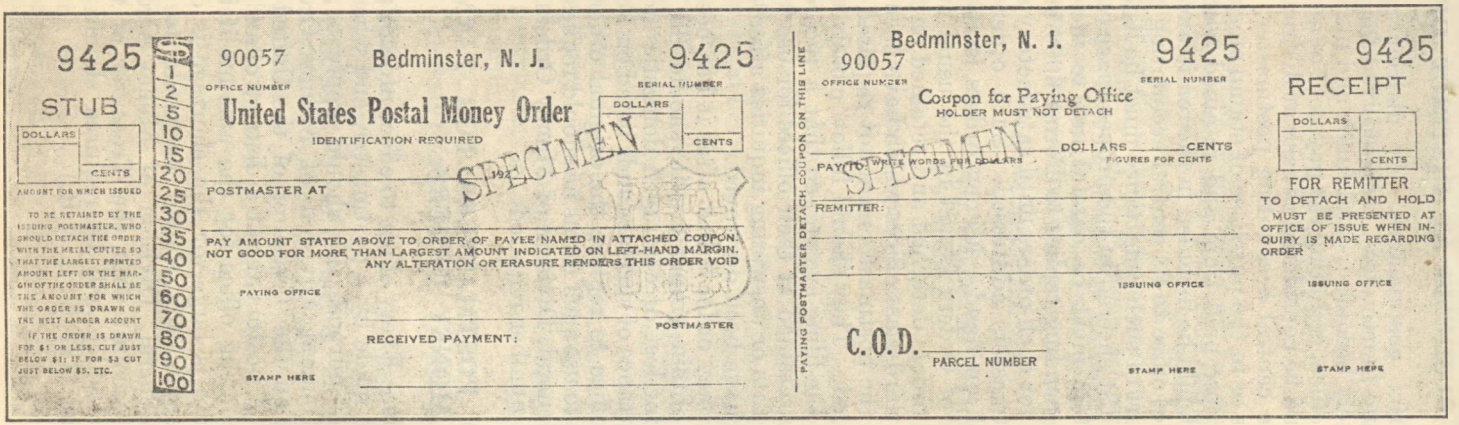

In case a domestic money order is lost after it has been paid, the paying postmaster, to obtain proper credit, should fill out special Form 5048 (certificate for lost or destroyed domestic money order) and forward it as a remittance of surplus funds listed on Form 1841 to his central accounting office to replace the original order. When a postmaster has occasion to use such forms he should request the Third Assistant Postmaster General, Division of Money Orders, to furnish them, naming the exact number required.

FUNDS FURNISHED POSTMASTERS FOR PAYMENT OF MONEY ORDERS

How to apply for funds.—Every effort to effect prompt payment of money orders should be made by a postmaster, and when his funds are insufficient for that purpose, he should apply to the Third Assistant Postmaster General, Division of Money Orders, using Form 6033, for a check on the Treasurer of the United States for the necessary amount. A postmaster at a district office should apply to his central accounting office for the amount if it is small. In a case where the sum is large, or the shortage is of frequent occurrence, however, application should be made to the Third Assistant Postmaster General, Division of Money Orders, for a credit on money-order account with the Treasurer of the United States and the amount which will be required should be stated. (See Secs. 1185, 1186, and 1187, P. L. & R.)

MODEL OF DOMESTIC MONEY-ORDER FORM

For full instructions as to issue and payment of orders of this kind, see Sections 1084 to 1176, Postal Laws and Regulations

The above cut represents the latest edition of this form. The instructions printed on the Stub as to the manner of detaching the order from the Stub at the time of issue should be carefully followed.

If an order is drawn for payment in Newfoundland or St. Vincent, A SEPARATE ADVICE ON FORM 6006a MUST BE DISPATCHED BY THE ISSUING POSTMASTER BY THE FIRST OUTGOING MAIL. In case of Newfoundland, all advices are sent to the office at Sydney, Nova Scotia, Canada, and *not* to St. Johns, Newfoundland. Form 6006a is sent direct to the paying postmaster in St. Vincent.

CAUTION.—Orders issued for payment in the foreign countries named in Schedule No. 2 appearing on the following page must be drawn on INTERNATIONAL Money-Order forms and not on forms of this kind.

Orders issued for payment in the foreign countries named in Schedule No. 2 must be drawn only on INTERNATIONAL money-order forms.

A single money order must not be drawn for a greater amount than $100. However, several orders for the maximum amount may be issued in favor of the same payee.

FOR INSTRUCTIONS CONCERNING THE ISSUE AND PAYMENT OF INTERNATIONAL MONEY ORDERS SEE PAGES 1 TO 32 OF THE "INTERNATIONAL LIST." (FORM XIV.)

[1] The French Levant consists of the States of Syria, Lebanon, Latakia, and Djebel Druze, all of which are under French mandate.

ISSUE AND PAYMENT OF DOMESTIC MONEY ORDERS

Issue.—When request has been made for the issue of an order, the applicant should be asked to fill in the blank form of application (No. 6001). Before issuing the order the postmaster should consult this Register to determine whether a money-order office is in operation at the place named by the intending remitter. If the office is not a money-order office, perhaps the remitter may be able to suggest another office in the neighborhood, convenient to the payee, at which the postmaster is authorized to transact money-order business.

The application.—The application should be examined to insure that all the necessary particulars appear therein, especially whether the name of the payee is legibly written.

How to draw the order.—See cover of book of domestic money-order forms.

Caution.—*Postmasters at domestic money-order offices are not authorized to issue money orders for payment in any foreign country not enumerated in Schedule No. 1.* (See page v.) **When an intending remitter applies at a domestic office for a money order payable in any other foreign country the postmaster should direct him to the nearest international money-order office.** Numerous errors are made in drawing domestic money orders on foreign countries not enumerated in Schedule No. 1, and such mistakes cause serious inconvenience to remitters and payees.

Payment.—A money order is payable to the person named therein, or his indorsee, or his agent or attorney upon his written order, on due presentation thereof at any time within one year from the last day of the month of its issue. A money order drawn in favor of a person residing on a rural route may be paid through the carrier if intrusted to him for collection, with a written request to the postmaster that payment be so made.

Repayment.—A domestic order may be repaid at the office of issue within one year from the last day of the month of its issue.

An international order must not be repaid without special authority from the department.

Identification.—The person who presents an order for payment must be identified if unknown to the postmaster. Possession of letters, receipted bills, a bank deposit book, or jewelry bearing the name of the rightful owner is not conclusive evidence of identity; such things are sometimes stolen with the orders. Thieves even employ photographs, pocket card cases, and printed business cards bearing fictitious names corresponding with forged orders made out on regular money-order forms stolen from post offices. The postmaster who pays a money order upon indorsement to an unknown or irresponsible person without knowing that the signature to the indorsement is the genuine signature of the payee, or without obtaining the signature thereto of some reliable person expressly guaranteeing the indorsement, does so at his own risk. When the payee of a money order is not a resident of the place where payment is to be made, a useful aid to correct identification of the owner may be supplied by a specimen of the payee's signature mailed in advance, under cover of an official penalty envelope, by the issuing to the paying postmaster. That expedient has proved of great value to commercial travelers, actors, etc., but it does not relieve the paying official from exercising additional precautions against wrong payment. (See Sec. 1088, Postal Laws and Regulations.)

Indorsements.—More than one indorsement on a money order is prohibited by law, but the stamp impressions which banks ordinarily place upon orders are not regarded as indorsements within the meaning of the statute which forbids more than one indorsement. Signatures placed on orders for the purpose of identification are not considered as indorsements.

Payable at any money-order office within 30 days after issue.—As a matter of convenience to the traveling public, original domestic money orders issued at and drawn on offices in the continental United States, exclusive of Alaska, are payable on proper presentation at any money-order post office in the United States, exclusive of Alaska, within 30 days from date of issue, after which time they may be paid only at the offices therein designated.

Procedure after payment of order drawn on another office.—Immediately after paying within 30 days from date of issue a money order drawn upon an office other than his own, the postmaster (as provided in amended Sec. 1107, Postal Laws and Regulations) will immediately send to the issuing post office a notice thereof on Form 6126 which shall describe the order by its serial number, the amount, and the dates of issue and payment. On the back of the order and that of the coupon he will stamp the date on which it was cashed, note the dispatch of Form 6126 to the issuing postmaster, and pending receipt of reply, will carry the order as cash on hand. Appended to the Form 6126 there is a detachable printed coupon for use by the issuing postmaster. When five or more money orders drawn on the same office are presented for payment in one day at an office other than that on which drawn, the postmaster cashing the orders should forward them on that day to the office drawn on with a request for reimbursement on Form 6588.

Action required of issuing postmaster.—The issuing postmaster upon receipt of notice on Form 6126 should immediately examine his records for the purpose of ascertaining whether an application for a duplicate of the order has been certified. If no such application has been received, he should at once fill out, sign, detach, and mail to the office at which the order has been paid the required acknowledgment of receipt of notice of the payment (reply coupon of Form 6126). At district offices the postmaster should at the same time make a note in his Register of Orders Issued, giving the name of the office at which the order has been paid and the date of its payment, and then file the notice with the application on which the order was issued.

Failure to respond to notice on Form 6126.—If after the lapse of sufficient time the postmaster sending Form 6126 shall not have received a reply, he should mail to the issuing postmaster another such notice, marking it "Second notice"; and if after the lapse of another such period no response shall have been received, he should report the fact to the Third Assistant Postmaster General, Division of Money Orders, giving on Form 6126 a description of the order, with date of payment, and the dates on which the notices were sent.

Exceptions.—A money order presented within thirty days after issue, bearing marks of alteration of date, name, or amount, a duplicate money order, or an order issued in Alaska, Guam, Hawaii, Puerto Rico, Tutuila (Samoa), or the United States Virgin Islands, may be treated as paid only at the office drawn upon or repaid at the office of issue. However, orders issued in Hawaii or Puerto Rico for payment within the territory of issue, if presented for payment before

the expiration of the thirtieth day following the date of issue, may be paid at any money-order office in that territory.

MONEY ORDER CASHED AFTER 30 DAYS AT OFFICE OTHER THAN THAT ON WHICH DRAWN

A United States domestic money order not presented until after 30 days from the date of issue may be treated as paid only at the office on which drawn, or as repaid at the office of issue, but when a mistake has evidently been made by the issuing official in naming the place of payment, it may be *cashed* at any time within the period of its validity at an office other than that therein designated.

Order to be stamped and sent to office drawn on, or to that of issue.—If so cashed, an impression of the M. O. B. stamp of the cashing office should be placed on the back of the order and of the coupon, record of the transaction on Form 6513 placed on file, and the order and coupon should be forwarded with Form 6588 bearing request for reimbursement to the office drawn on or that of issue.

DUPLICATES AND WARRANTS

Lost orders.—When a domestic money order has been lost, the owner by making application through the postmaster at any money-order office, within one year from the last day of the month of its issue, may obtain a duplicate in its stead payable within that period, which, however, will not be issued before 36 days after the date of issue of the original. A duplicate will also be issued for a mutilated money order or one bearing more than one indorsement. If the order accompanies the application the duplicate will be issued without awaiting the expiration of the 36-day period.

Application for duplicate.—An application for a duplicate of an order alleged to have been lost or destroyed may be accepted by the postmaster at any time from the remitter, payee, or indorsee, but it shall not be certified or forwarded by the issuing postmaster from his office until 36 days after the issue of the original order, the period within which he will in all probability receive notice on Form 6126 if payment of the original has been made at an office other than the one on which drawn.

Bonds of indemnity for the issue of duplicate money orders.—A duplicate money order will be issued without regard to the 36-day period, provided the applicant executes a bond of indemnity on Form 6116. If the application is made at the office drawn upon, the bond may be executed there by the applicant (payee, indorsee, or remitter) and forwarded with the application to the issuing office, or it may be executed at the issuing office by the remitter, payee, or indorsee. In either case it should be sent to the department with the application, on which a notation should be made to the effect that it is accompanied by a bond. Postmasters should not exact bonds for the issue of duplicates in any other cases, except when specifically directed to do so by the department.

Invalid orders.—A domestic order which has not been paid within one year from the last day of the month of its issue is invalid, but the owner may secure payment of the amount by applying to the Post Office Department through the postmaster at any money-order office.

WRONG PAYMENT OF MONEY ORDERS

When a postmaster is notified that wrong payment of a money order has been made, the matter should be brought promptly to the attention of the Third Assistant Postmaster General, Division of Money Orders, and the order and coupon submitted with a statement of the facts in the case. If the order has been dispatched to the department in the usual manner, the coupon should be forwarded and, if the office which made the payment is one of the first or second class, the postmaster should give the "file number" or the sheet, column, and running number of the order in the account in which credit was taken, with a view to locating the order in the files of the General Accounting Office.

MATTERS TO BE BORNE IN MIND

1. Surplus funds must be remitted promptly. For district offices see Section 121, and for direct accounting offices see Section 1192, of the Postal Laws and Regulations.

2. Third and fourth class offices have no money order reserves.

3. Duplicates of lost or destroyed unpaid money orders will be issued by the Department upon proper applications. (See Section 1131, Postal Laws and Regulations.)

4. In case a money order is lost or destroyed after payment, application should be made immediately to the Third Assistant Postmaster General, Division of Money Orders, for Form 5048, on which due credit will be given when properly executed.

5. The amount in figures in an order should be compared with the amount written in the coupon both at the time of issue and before payment is made.

6. Immediately after payment of an order, the date of payment should be stamped on it and the coupon.

7. Postal funds should be used, when necessary, for payment of orders.

8. The supply of money-order forms or ordinary blanks should not be allowed to become exhausted. Postmasters at money-order offices should order domestic and international money-order forms at least 60 days before the supply on hand will become exhausted, as it usually requires about 30 days for the printer to complete orders. Requisition Form 6053c should be used when ordering.

9. A spoiled order should not be destroyed, but treated as provided in Section 1104, Postal Laws and Regulations.

10. Money orders must be paid upon presentation, and if there are not sufficient funds on hand, the central accounting postmaster or the Third Assistant Postmaster General, Division of Money Orders, should be informed at once of the amount desired.

11. The domestic form must not be used for orders drawn for payment in foreign countries, except those named in Schedule No. 1, page v.

12. After carefully studying the preceding pages (II to X, inclusive) and consulting the Postal Laws and Regulations and the annual Postal Guide, if still in doubt, postmasters should write the Third Assistant Postmaster General, Division of Money Orders, for instructions.

Post Office Department

THIRD ASSISTANT POSTMASTER GENERAL

DIVISION OF MONEY ORDERS

Washington

JULY 1, 1932.

Carefully examine names of offices in this Register before issuing a money order. See Section 1084, Postal Laws and Regulations.

In drawing a money order do not abbreviate the name of paying office, and do not fail to enter the name of State in which the paying office is located. The name of the State may be written in full or abbreviated. In this Register the authorized abbreviation for the name of any State will be found inclosed in parentheses immediately after the name of the State which appears at the head of the list of offices in each State.

Money orders for payment in countries with which business is conducted on the domestic basis should be issued on the domestic forms and may be issued at any domestic money-order office.

A list of money-order offices in such countries is given in the back of this book.

For the guidance of postmasters in sending C. O. D. parcels to Mexico all money-order offices in that country are also given in this Register. It must be understood, however, that money orders for payment in Mexico must not be drawn on the domestic form but issued as INTERNATIONAL ORDERS through the exchange offices at El Paso and Laredo, Texas.

F. A. TILTON,
Third Assistant Postmaster General.

MEXICO

Money orders intended for payment in Mexico must be drawn on the international form.

The subjoined list gives the names of such post offices, branches, and stations in Mexico as are authorized to *issue* international money orders, and to which in consequence C. O. D. parcels may be sent. It contains also the names of the postal agencies served by such international money-order offices; to these, likewise, C. O. D. parcels may be sent if they are addressed so as to indicate delivery at the main office.

In *drawing* money orders for *payment* in Mexico, however, postmasters in this country must not attempt to designate the office of payment, but must copy fully the particulars of the payee's address as furnished by the intending remitter, and must not decline to issue a money order if the name of the locality in which the payee lives does not appear in this list. When an order is issued in payment of C. O. D. charges the C. O. D. (Registered) number must be shown on the advice.

In consulting this list for the transaction of C. O. D. business with Mexico, the instructions given in the following paragraphs should be carefully observed:

Collect-on-delivery parcels may be sent to the post offices in Mexico listed in capital letters below, except when these are preceded by an asterisk.

The names of *post-office stations* and *post-office branches* in Mexico to which collect-on-delivery parcels may be sent are printed in small type. The name of the post-office station or post-office branch is followed by the name of the post-office to which the station or branch is attached. (The Spanish word "Estacion" means a station and the word "Sucursal" means a branch office; these are presumed to be similar to the post-office stations and branches which are attached to post offices in the United States.)

A collect-on-delivery parcel mailed in the United States and addressed for delivery to a person residing at a post-office station or at a post-office branch in Mexico listed below must bear, as a part of the address, the name of the post office to which the station or branch is attached.

The names of the *postal agencies* are printed in small letters followed by the name of the post office upon which they depend.

As postal agencies in Mexico are not allowed to issue international money orders or to conduct collect-on-delivery service, it is necessary that a collect-on-delivery parcel from the United States addressed to a person residing at a postal agency in Mexico be delivered through the *post office* upon which the *postal agency* is dependent. For instance: As will be noted by the list below, the postal agency of Abasolo. Nuevo Leon. is dependent upon the post office of San Nicolas Hidalgo, Nuevo Leon. Therefore, a collect-on-delivery parcel mailed in the United States and intended for Jose Reyes living at the postal agency of Abasolo, Nuevo Leon, Mexico, should be addressed as follows:

Jose Reyes,
Abasolo, Nuevo Leon,
Mexico

(Via San Nicolas Hidalgo, N. L.)

When a collect-on-delivery parcel is intended for an addressee residing at a postal agency or at a post-office branch or post-office station in Mexico the name of the post office upon which the agency, branch or station is dependent, as determined from the list printed below, should appear in the address on the parcel.

Until further advised no parcel shall be accepted to be sent collect-on-delivery to Mexico unless the post office, post-office station or post-office branch, or postal agency named in the address is contained in the list below or subsequently added thereto. However, postmasters must not under any circumstances attempt to designate the offices of payment in the issuance of money orders covering C. O. D. parcels mailed in Mexico.

Money orders issued *for payment in Mexico must* be drawn on the international money order form, and therefore postmasters at money order offices in the United States which are not international money order offices must issue a domestic money order for the amount of the C. O. D. charges, plus the international money order fee, drawn on, and payable to, the postmaster at the proper United States international money order exchange office. See paragraph 52 of the instructions for the conduct of the collect-on-delivery service with Mexico published on page 32 of the August, 1925, Postal Guide.

DEPOSITORIES FOR SURPLUS MONEY-ORDER FUNDS

Postmasters at first and second class offices who have not been otherwise instructed are required to deposit their surplus money-order funds (amounts less than $50 need not be remitted) at certain conveniently located post offices called "depositories." As a rule, a selection is made of that depository *from which a certificate of deposit may be received in the shortest time.* If it happens that, owing to changes in registry and railroad schedules, a postmaster finds that he may remit more conveniently to a depository other than that designated, or, if in lieu of remittances in currency, he can arrange to procure, without cost to the department, bank drafts, he should notify the department, and, if necessary, authority to change his depository will be given.

LIST OF MONEY-ORDER OFFICES DISCONTINUED BETWEEN JULY 1, 1931, AND JULY 1, 1932

When a money-order office is discontinued, the department provides for the settlement of outstanding money orders drawn upon the discontinued office; also of such orders as may be drawn thereon after the date of discontinuance, by specially authorizing an office in the vicinity to adjust such cases, according to the instructions given it. The latter office is also charged with the custody of the money-order records of the discontinued office, and in case application is made at any time for the issue of a duplicate in lieu of a lost money order issued at or drawn upon the discontinued office, the postmaster having custody of the records is required to receive the application and after executing thereon the necessary certificate as to nonrepayment or nonpayment of the original order, will forward the application in accordance with Sections 1125 and 1126, Postal Laws and Regulations. Offices marked *, money-order business only discontinued.
