To Postmasters

FOR several years past our Post Office Supply Printing has been crowding us out of our old quarters, and to maintain our position as the Leading House of the kind in the United States more room became a necessity, that we might live up to our profession of promptly furnishing the best of every description of Printed Supplies needed by Postmasters. We have, therefore, during the past year erected a modern printing house and are now located in a building fully equipped with the latest appliances, and with our increased facilities we shall be better able than ever before to meet the wants of our patrons.

Our nineteen years of Post Office Printing, putting us in touch with Postmasters in every state and territory, enables us to offer a line of Printed Supplies that are not to be found elsewhere, and as you look over these pages you will find that there is nothing in the way of Printed Supplies which will help you in conducting your official business that we do not furnish. During these years our constant aim has been to furnish work as nearly perfect as possible, and at the lowest prices. For nine years we have been the only parties authorized by the Post Office Department to supply printed facing slips, and to-day there is no other house so exclusively devoted to Post Office Printing.

The place we have gained in the esteem of the thousands of Postmasters we have served is highly valued and our future efforts will be to prove that we appreciate their patronage and desire its continuance.

Very respectfully,

MORRILL BROTHERS

Messrs. MORRILL BROS., Fulton, N. Y., are the only parties authorized by the Department to print Facing Slips for the fiscal year ending June 30, 1896.

STATIONERY AND SPECIAL SUPPLIES.

In addition to supplying postmasters with facing slips, we make a specialty of office stationery and other supplies adapted to post office use. Our business has put us in touch with a large portion of the postmasters in the United States and given us a better knowledge of their requirements than could be gained any other way.

This, and following pages, contains description and prices of what we have found most desirable and indispensable to postmasters in this line.

FORWARDING CARDS.

Size 3½ x 6 inches, heavy red cardboard, printed both sides, with blanks for orders for forwarding mail. They form the most complete system ever devised for keeping a record of forwarding orders. The manner of using the cards is this : when a forwarding order is received, the postmaster will write on the card the name and address of the person whose mail is to be forwarded ; then, upon the upper right hand corner, the letter in which box the card is to be placed ; thus, should the name be Smith the card will be lettered "S" and placed in the "S" box in the general delivery. Each card holds six names and may be left in the delivery as long as necessary to insure the prompt forwarding of all mail. When matter is forwarded, the blank spaces at the right are filled in, thus making a brief record of the number, date of forwarding, etc., of letters, cards and papers. When a card is filled it may be filed away, each letter in a separate package, and can at any time be easily referred to. We prepay express charges on all our work.

LIBERAL INDUCEMENTS OFFERED

Postmasters or Assistant Postmasters to act as agents and take orders for our Commercial Printing. There is a demand everywhere for first-class printing, and with our attractive samples and reasonable prices, orders can be readily secured and a permanent, paying business established. We have a large number of postmasters in every section of the country acting in this capacity with profit to themselves. We will send a complete line of samples of our Commercial Printing, comprising over 150 different samples of this work, with special net price list to postmasters, order blanks, instructions, etc., on receipt of 15 cents.

TERMS INVARIABLY CASH.

All orders for Post Office Printing must be accompanied by cash for full amount; therefore do not send us orders without the cash and expect them to be filled. We treat all alike in this respect. Our prices are made on a cash basis and will not admit of the extra expense of carrying a large number of small accounts on our books. The fact that we are authorized by the Post Office Department and well known to postmasters all over the United States, is a sufficient guarantee that you run no risk in sending money to us.

INSTRUCTIONS FOR ORDERING.

Make out your orders on the order blanks sent herewith. To avoid errors and save delays write everything plainly, especially names to be printed. We cannot be responsible for mistakes in printing when a plain copy is not furnished. Special care is used in filling and shipping all orders, yet occasionally we make errors, as does every one, which we will gladly correct if you will write us. Try to write us good-naturedly, but if you cannot, write us anyway; we want an early opportunity to correct any mistakes we make.

Always give the name of the express company doing business in or at nearest point to your town. All prices in this catalogue are for work **delivered by express, charges prepaid**. We always prefer to ship by express instead of mail, as the cost is much less, and it is the safer way as *lost packages can be traced*. We will be responsible for all work sent by express but not by mail. If you fail to receive your work after waiting a reasonable time, inquire at your express office. To accommodate any postmaster, however, we will send by mail, provided the extra amount required for postage, as stated in this catalogue, is remitted with the order. The amount required is in all cases only about one-half the actual postage, we paying the balance.

Remit by Money Order, Registered Letter or Express Order. No checks accepted unless ten cents for collection is included. One and two-cent stamps received for amounts of fifty cents or less. Silver can be safely sent by mail if registered.

We aim to furnish everything in the line of Post Office Printed Supplies, and if you need any printing not described in this catalogue, write us for estimates, enclosing sample or copy, state quantity wanted, and we will promptly quote you our lowest prices.

By ordering all of your printed supplies from us you will get more and better work for the money than can be had elsewhere.

A full line of samples of all the Post Office Printed Supplies named in this catalogue sent to any address on receipt of four cents in stamps. These samples should be in every post office in the United States.

Your orders, large or small, will always have our prompt and careful attention.

Every postmaster who has experienced the annoyance and delay in hunting up dates in the ordinary box—and who has not?—will appreciate the advantages of this Holder, which meets a long felt want. It is not only a convenience, but an actual necessity in every well regulated office.

TRY IT AND YOU WILL NOT BE WITHOUT IT FOR TEN TIMES ITS COST.

HUNDREDS IN USE AND HIGHLY ENDORSED.

Price, 40 Cents each, Two for 75 Cents, Three for \$1.00, Post-Paid.

To hold any of the regular sizes of metal dates. Dates are not included with holder.

The Holder consists of a circular tin box three and three-fourths inches in diameter, made of the best material, the interior of which is divided into a series of compartments for the dates and months, and having a revolving cover with an opening arranged to register with the inner compartments. The cut printed above gives a plan view of the Holder, the cover being broken away to disclose the interior construction. The several dates are placed in the Holder in the order shown, after which any date can be removed by turning the cover so that the opening is over the date required, when if the box is turned over, the date will fall out. To change dates: Take the old one from the stamp, replace it in the Holder, which is always open to receive it; turn the cover to next date wanted, etc.

A FAIR OFFER.

To anyone purchasing one of these Holders, and not finding it perfectly satisfactory, or all that we claim, we will cheerfully refund the price paid upon return of the Holder to us in good order.
