20th Universal Postal Congress

A glimpse at several potential mail delivery methods of the future is the theme of these four stamps issued by the U.S. in commemoration of the convening of the 20th Universal Postal Congress in Washington, D.C. from November 13 through December 14, 1989. The United States, as host nation to the Congress for the first time in ninety-two years, welcomed more than 1,000 delegates from most of the member nations of the Universal Postal Union to the major international event.

2015-2016 Migratory Bird Hunting and Conservation Stamp

The habitats protected with Federal Duck Stamp dollars benefit hundreds of species that need wetlands to feed, breed and rest. In some of the same salt marshes and shallow waters where you'll find ruddy ducks, you may also glimpse the Ridgway's rail, a grayish-brown, chicken-sized bird with a long, curving bill and a conspicuous whitish rump. Once abundant in California's wetlands, the Ridgway's rail fell to near extinction as wetlands were altered or developed. Your Duck Stamp purchase directly helps to protect habitat that is key to the survival of the Ridgway's rail and other rare species.

If applicable, peel and attach to hunting license.

2016-2017 Migratory Bird Hunting and Conservation Stamp

In 1916, the U.S. and Canada signed the first international treaty to protect migratory birds. Overharvest and loss of habitat affected many migratory bird species, prompting important agreements and new laws to conserve shared wildlife resources and leading to cooperative habitat and population management. As we prepare for the next century of conservation, we still face many challenges to migratory bird conservation. But together, we can all do our part to create a bright future for our feathered friends.

Migratory Bird Hunting and Conservation Stamp

Throughout our history, citizen action has accomplished important conservation activities. By buying Duck Stamps, hunters, birders, stamp collectors and many others help provide quality habitat for waterfowl and other wetland-dependent wildlife. Thank you for supporting your natural resources!
